(1) – 15 Passenger Van with 10' Enclosed Trailer

(1) – Pick-up Truck

(6) – 10/15 Passenger Vans

(1) – 20 Person Shuttle Bus (Sent to Red Cross Volunteer Sight)

(1) - 53' Refrigerated Semi-Trailer

(3) - Electric Pallet Jacks (This includes one that is broken and will be returning to Ionia tomorrow night for repair)

(7) – Hand Pallet Jacks

(6) 6-10 Passenger Vans

All vehicles drivers have 800 MHz Radio Operability (G EVENT 9)

Staffing

There will be 22 staff members on site 21 drivers and an assistant for the Red Cross Transportation Van (w/trailer).

Education (MDE)

MDE is monitoring the situation and coordinating as necessary with other state agencies.

English Language Learners report from Flint Public School District (Flint Community Schools). Results show 338 total with 83% Spanish speakers; 6% Arabic; all others report less than 1%.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities today:
• Facilitated logistics for Michigan Department of Agriculture and Rural Development food establishment inspectors to meet at the local Emergency Operations Center and provide for water test kits for their use.
• Facilitated logistics for bottle delivery and water test kit assembly.
• Coordination with ZeroWater, the Joint Information Center, State Emergency Operations Center staff and Michigan 2-1-1 for clarification for on Total Dissolved Solids meters.
• Coordinated sampling plan with local Emergency Operations Center and DEQ Drinking Water Laboratory for donated drinking water testing.
• Provided write up for definition of NSF/ANSI 53 certification and process to Operations Section Chief and Planning Section.

Human Services (MDHS)

Assist Logistics on obtaining model numbers and additional information regarding the Zero brand 23 cup and 8 cup water pitchers.
Zero 23 cup pitcher– Model #ZD-018
Zero 8 cup pitcher– Model #ZD-013D

Completed the delivery of two cell phones for MCSC to assist with their donation management processes.

Identified 2 conference rooms at Flint Stat Office Building for FEMA to use if they wish

CHECC continues to maintain a Level 2 Activation

Licensing and Regulatory Affairs (LARA)

Updated the LARA Executive Team.

The final two bubblers arrived at a Flint area Home Depot. They were picked up by LARA staff and successfully installed at the Freeman School today (1/19/16). LARA will now coordinate with DEQ to conduct water re-testing at Freeman Elementary.

LARA is continuing to work with DEQ to establish a schedule, for the next several weekends, to complete school water testing.

LARA / MIOSHA communicating with DEQ on possible use of MIOSHA lab and staffing

Military and Veterans Affairs (DMVA)

Last 24 hours:
Distributed water, water filters, water test kits and collected water samples for analysis at five points of distribution Coordinated efforts with Genesee County EOC and Joint Information Center. In-Processed Soldiers to augment distribution operations at 1800 S. outer Drive, Saginaw, MI on 17 January 2016 at 1300 Conducted lodging and operations orientation following in-processing Total of Soldiers on State Active Duty on 17 January 2016. All PODS received pallet jacks for off-loading water pallets. Coordination between FEMA and Selfridge Air Base (SANGB) taking place. Exact terms of agreement of FEMA using SANGB for staging operations have not been identified at this time.

Total of Soldiers on State Active Duty:

Next 48 hours:
Distribute water, water filters, and water test kits and collect water samples for analysis at five points of distribution. Coordinate efforts with Genesee County EOC and Joint Information Center. Relieve Red Cross at PODS, assuming their role of distributing filters. Total of Soldiers on State Active Duty on 17 January 2016. Additional Soldiers will conduct first full day of distribution operation on 18 January 2016. Continue coordination between FEMA and SANGB, a 0800 meeting will be conducted on 18JAN16.

Micheal Shook
CPT, IN, USA

National Weather Service (NWS)

Jim Maczko from NWS Grand Rapids will participate in SEOC morning briefings via phone call and will coordinate support with local forecast office that serves Flint - NWS Detroit/Pontiac. Participation in afternoon SEOC briefings is planned only if significant changes in the forecast occur.

Hand off to NWS Detroit for morning conference call weather forecast in progress. Estimated date when NWS Detroit will begin morning SEOC briefings and MICIMS posts is Tuesday, January 26.

Natural Resources (MDNR)

MDNR LED continues to support its QOL partners with staffing at the SEOC.

Department POC's include.
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging (VAAA) continues to take calls from seniors and caregivers needing access to water and filters. VAAA is providing this information to the local EOC each afternoon for follow-up.

As of Friday, January 15th, VAAA and MDHHS-Adult Protective Services (APS) has provided AASA with over 2,000 addresses of homebound, frail, or otherwise at-risk seniors living in Flint. AASA has in turn forward these addresses to MSP-GIS to overlay their heat map and for local follow-up

VAAA's local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

Contact info for VAAA Executive Director is.
Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

Prior to the State Declaration of Emergency, Valley Area Agency on Aging - Region 5 (VAAA), in partnership with other local community agencies such as the GCARD, Genesee County Health Department and MDHHS, participated in the local ad-hoc response by helping organize local meetings and distributed water and water filters to VAAA Home Delivered Meal recipients VAAA was also an I&A access point for receiving calls from homebound seniors who are not able to pick up water filters or needed assistance installing water filters. VAAA referred seniors needing filters to GCARD for follow-up. Because VAAA is a known and trusted local resource for older adults in Genesee County, they continues to receive calls from seniors needing access to water and filters.

State Police (MSP)

We had 5 police agency teams that were deployed today with 11 Red Cross teams. 2770 homes have been visited today.

National Guard members will be at the Warehouse at 0830 on 1/20/16. Contact was made with Lt. Dehner with the request to have troopers or deputies report to the Warehouse at 4315 N. Clio Road, Flint, at

Lt Dehner has been advised that the SEOC is considering changing the hours of operation for the Water Resource Teams to 1000-1800 beginning on 1/21/16. Working with the recovery branch to coordinate logistics for this adjustment.

**MSP-SEOC-MDSP has submitted a MiCIMS resource request to GIS for this. The resource request number is SEOC – 8951057
Resource request is for the following.
Please prepare a GIS Map for Water Response Team use with the following layers:
Ward/Precinct
"Homes Visited" Resource delivered
Homes Visited, but "No Answer"

Supreme Court

08.50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency. Nothing to report from the Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn: Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

DTMB Mail Services has drivers with trucks assisting in transporting supplies to support point of distribution centers and Flint Water Resource Teams. Five (5) drivers on are available on Wednesday, January 20, six (6) drivers on Thursday, January 21 & Friday, January 22 and three (3) drivers on Saturday, January 23.

DTMB assisted in procuring 72 truck loads of water, 8 trucks per day until Wednesday, January 20.
91 tablets have been provided to the Flint Water Response Teams to record supplies being delivered in the field
Provided 650 credentialing badges for volunteers and 4 temporary fuel cards for the MSP officers driving rented U-Haul trucks.
Warehouse space was procured for 80,000 square feet to hold water, water filters, cartridges and water test kits.
Procured 500 rain ponchos for volunteers and a 40 yard dumpster for use at the warehouse.
Providing printing needs for agencies for volunteers to distribute to city residents.

Providing server monitoring of MiCIMS servers.
Provided wireless router and printer for FEMA staff at SEOC.
Acquired a Verizon Wireless booster for the Clio Road warehouse.
Procured hand warmers for Water Response Teams.
Provided 2 cell phones to DHHS Michigan Community Service Commission to your for donation management.
Contacted Penske Truck Rental and acquired 23 donated trucks for use through Friday for water response teams.
Provided 2 portable bathrooms for use at the Clio warehouse.
Coordinated installation of DirecTV in the Flint State Office Building for the Joint Information Center.
Met with FEMA Logistics Chief to identify office space in Flint State Office Building. Waiting on confirmation from FEMA.

Provided 13 passenger vans for transporting Water Response Teams.

Transportation (MDOT)

MDOT continues to maintain situational awareness and respond to issues regarding equipment and road conditions.

MDOT deployed 12 drivers to assist with door-to-door distribution for Tuesday, 1/19

Update 2/9/16 – 36th Day (35th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- *Denial of Individual Household Program and Category B under the Emergency Declaration* received January 22, 2016. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Attached:

1. Governor's Data Report.
2. Sit Rep #35.
3. Maps: Residential Water Sampling Results – Lead and Copper

Key items for tomorrow to note are: - Teams not comming in till 9.

- 10 American Red Cross Teams scheduled for Monday, February 8, 2016.
- The Kroger warehouse will be operational on Monday, February 8, 2016 and managed by MDOC.

Items to Note Boil water advisory

- 10 ARC Flint Water Response Teams to the field today. ~~Priority for the weekend is homes that did not have contacts during previous sweeps.~~
- State VAL is working on the Category B and Individuals and Households appeal.
- There continues to be a concern that EPA refuses to work with the state teams in addressing the high lead level homes.
- Genesee County EM expressed concerns about lead poisoning in service/companion animals. MDARD has initiated contact with their partners to address this concern.
- 28 addresses have copper testing that exceeds the "action level" (1,300 ppb). DHHS is currently working on messaging regarding this issue, and DEQ is discussing filtering options.

o Long term planning meeting

Unified Coordination Group (UCG):

- Task Forces Health & Medical: working on creating a flow chart for visual of testing results.
- EPA conducted 11 filter grabs yesterday, and will be doing 2 today. This includes up to 33 samples per grab. A grab would be considered a location/residence. They are also following up on the AmeriCorps volunteers (2) that have rashes.

Local EOC

Make sure to ask the group any items to note for governor's report before the meeting ends

Subject: *Request for Press Release Regarding MDEQ Sentinel Monitoring Program*

I shared at the UCG 8:30 am meeting today that DEQ was preparing to begin implementing our "sentinel" site monitoring program next Wednesday. Consensus from the federal and state partners around the table was that we should issue a news release prior to implementing the program because this is good news, and to let folks know the sentinel monitoring teams will include law officers.

Situation Report Process

1. Bullet Point reminder
    a. At 1530 (3:30p) or 1.5 hours before the time bullet points are due send an email to the following reminding them to send bullet points of today's major activities.
        i. List of recipients:
            1. msp-seocopsc@michigan.gov
            2. msp-seoclgc@michigan.gov
            3. plangc@michigan.gov
            4. msp-seocfgc@michigan.gov
            5. msp-seocgis@michigan.gov
            6. msp-seocgis2@michigan.gov
            7. hollanderh@michigan.gov (or local EOC planning contact)

SUBJECT - BULLET REMINDER

* READ RECEIPT

2. Sit Rep Preparation
    a. At 1700 (5:00p) open the MICIMS dashboard for the incident and click on the **Situation Report Process** under the **Menus** section.
    b. In the **Situation Report Process Board** click on the **Situation Report-Step 1-Agency Reports** link.
    c. In the **SEOC Agency Reports** board verify that the Last updated column shows that the agency report has been updated for today (for agencies that are present in the SEOC or have a supporting role).
    d. If they are not up to date please check with the representative and work the report updated prior to continuing in the Sit Rep Builder (the process in MICIMS).
3. Executive Summary
    a. At 1700 (5pm) make a copy of the previous days executive summary and rename it "Sit Rep Executive Summary 2016mmdd" (replace mm with numbers of the month and dd with numbers of the day). This document is located in the s drive in the following location:
        i. Shared>Disaster>2015-10 Flint Water>Sit Reps>Executive Summary

Rename OLD one

    b. Open up the renamed Sit Rep and select all (Ctrl+A) and click highlight (in Home Tab and Font section) to highlight all the text. Then save the document.
    c. As you update the content you will remove the highlighting on the sections to indicate you have updated them.
    d. As you receive the bullet points from the section chiefs and staff by email update the corresponding sections with the information provided. This will require you to copy and paste the bullets and wordsmith the sections as necessary to ensure that they flow well.
    e. Who will send the bullets:
        i. Logistics->Logistics Section Chief.
        ii. JIC->pull information from the twice daily briefings and/or the JIC Sit Rep.
        iii. Recovery Branch-> bullets will accompany the daily numbers for the teams.
        iv. Operations->Operations Section Chief.
        v. Finance-> Finance Section Chief

vi. GIS-> GIS Staff/Section Leader
vii. DTMB-> Pull information from twice daily briefings and/or Agency Sit Rep.
viii. DHHS-CH-> Pull information from twice daily briefings and/or Agency Sit Rep.
ix. DEQ-> Pull information from twice daily briefings and/or Agency Sit Rep.
x. Local EOC-> Local EOC Planning will send bullets.

f. To update the numbers:
    i. Pull information for the following numbers from the following locations:
        1. Recovery
            a. Numbers sent along with bullet points (totals can be obtained by adding today's totals to the previous days count).
        2. Operations
            a. Warehouse Numbers
                i. These numbers will be in the Google Drive Pipeline document around 6:30p every evening.
            b. PODs
                i. These numbers are obtained from the **National Guard Reporting FD PODs 2016-mm-dd.** This is located in the following location on the S: drive.
                    1. SHARED>DISASTER>2015-10 Flint Water>MI CIMS Data for Sit Rep>POD numbers>National Guard Reporting FD PODs 2016-mm-dd.
                    2. Pull the numbers from the **1700 TOTAL NUMBERS** sheet. It will be the numbers in the orange box.

Click update

4. Situation Report Process (in MICIMS)

You can begin this process once all of the state agencies have submitted their Sit Reps (verify using the Sit Rep Preparation process above)

a. In the **Situation Report Process Board** click on the **Situation Report-Step 1-Agency Reports** link.
b. In the board click the **Situation Report-Step-1-Planning Portion** link.
c. In the **Michigan Planning Section** board click the **Edit** button (Top Right of Screen).
d. In the editing page set the **Operation Period Begin and End** to reflect the current operational period (this only changes once a week currently).
e. Change the **Situation Report No.** This number is changed by adding 1 each Sit rep.
f. Change the **SEOC Hours of Operation Begin and End** to current date. These change daily and you should only have to change the date (not the hours).
g. Once you have changed those items click the **Save** button and close the page.
h. Next you will need to click the **Situation Report-Step 2- Send to Planning** link.
i. In this page click the **Send to Planning** button and wait 30 seconds then close the page.
j. Next you will click on the **Situation Report-Step 3-Editing** button.
k. Click on the **Edit** button.

COPY + PASTE Executive Summary FROM WORD DOC INTO ES- section.

l. *Scroll down to the text box below the* ***Incident Response/Recovery Priorities/Objectives.***
    i. Ensure that the objectives are the current objectives from the Incident Action Plan for the current Operational Period (verify with Planning Section Chief if unsure).
    ii. These can be pulled from the following location if they are not current:
        1. SHARED>DISASTER>2015-10 Flint Water>Objectives & Tactics. From here you can pull the most recent objectives.
    iii. If the objectives need to be updated copy and paste them and format them accordingly.

m. Next scroll down to the text box below the **Emergency Declarations** title.
    i. In this section verify that all the declarations are listed in the appropriate sections. If any are missing, copy and paste them from the previous Sit Rep in the following location.
        1. SHARED>DISASTER>2015-10 Flint Water> Sit Reps

n. Next scroll down to the **Weather Conditions, Upcoming Forecast**
    i. In this text box you will need to remove the "Updated xxxx am/pm" from the line so that it only shows the date. Then go to each date in parenthesis and change them from abbreviations to the full name (e.g. Jan to January).
    ii. In this box you will also need to un-capitalize any words that are incorrectly capitalized.

o. Finally scroll through the Agency Sit Reps and remove any extra spaces following the text (at the bottom) in each text box to prevent large blank spaces on the final Sit Rep.

p. Placing the Executive Summary
    i. Once the executive summary has been completed go to the text box below the **Executive Summary** title.
        1. Delete the information currently in the box and copy and paste the text from your finished summary in word.
        2. Once this has been pasted scroll through the summary and place spaces between each section to make the summary easier to read.

q. Have the Planning Section chief review the finished product before printing and distributing with other section chiefs and SMEs.

11. Ensure accurate tracking and accounting of all donations.

5. Continue to maintain adequate staffing to support operational requirements.

10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan. *PLAN*

9. Enhance situational awareness and common operating picture of all activities.

8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).

3. Improve and maintain the public information strategy and process.

6. Develop an overview of possible assistance programs.

4. Develop a long term public health and services plan.

7. Gather, analyze, and disseminate GIS data to develop products for future planning.

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.

2. Ensure accurate tracking and accounting of all commodities.

Situation Report Process

1. Bullet Point reminder
    a. At 1530 (3:30p) or 1.5 hours before the time bullet points are due send an email to the following reminding them to send bullet points of today's major activities.
        i. List of recipients:
            1. msp-seocopsc@michigan.gov
            2. msp-seoclgc@michigan.gov
            3. plangc@michigan.gov
            4. msp-seocfgc@michigan.gov
            5. msp-seocgis@michigan.gov
            6. msp-seocgis2@michigan.gov
            7. hollanderh@michigan.gov (or local EOC planning contact)

SUBJECT - BULLET REMINDER

* READ RECEIPT

2. Sit Rep Preparation
    a. At 1700 (5:00p) open the MICIMS dashboard for the incident and click on the **Situation Report Process** under the **Menus** section.
    b. In the **Situation Report Process Board** click on the **Situation Report-Step 1-Agency Reports** link.
    c. In the **SEOC Agency Reports** board verify that the Last updated column shows that the *agency report has been updated for today (for agencies that are present in the SEOC or* have a supporting role).
    d. If they are not up to date please check with the representative and work the report updated prior to continuing in the Sit Rep Builder (the process in MICIMS).
3. Executive Summary
    a. At 1700 (5pm) make a copy of the previous days executive summary and rename it "Sit Rep Executive Summary 2016mmdd" (replace mm with numbers of the month and dd with numbers of the day). This document is located in the s drive in the following location:
        i. Shared>Disaster>2015-10 Flint Water>Sit Reps>Executive Summary

Rename OLD ONE

    b. Open up the renamed Sit Rep and select all (Ctrl+A) and click highlight (in Home Tab and Font section) to highlight all the text. Then save the document.
    c. As you update the content you will remove the highlighting on the sections to indicate you have updated them.
    d. As you receive the bullet points from the section chiefs and staff by email update the corresponding sections with the information provided. This will require you to copy and paste the bullets and wordsmith the sections as necessary to ensure that they flow well.
    e. Who will send the bullets:
        i. Logistics->Logistics Section Chief.
        ii. JIC->pull information from the twice daily briefings and/or the JIC Sit Rep.
        iii. Recovery Branch-> bullets will accompany the daily numbers for the teams.
        iv. Operations->Operations Section Chief.
        v. Finance-> Finance Section Chief

vi. GIS-> GIS Staff/Section Leader
vii. DTMB-> Pull information from twice daily briefings and/or Agency Sit Rep.
viii. DHHS-CH-> Pull information from twice daily briefings and/or Agency Sit Rep.
ix. DEQ-> Pull information from twice daily briefings and/or Agency Sit Rep.
x. Local EOC-> Local EOC Planning will send bullets.

f. To update the numbers:
   i. *Pull information for the following numbers from the following locations:*
      1. Recovery
         a. Numbers sent along with bullet points (totals can be obtained by adding today's totals to the previous days count).
      2. Operations
         a. Warehouse Numbers
            i. These numbers will be in the Google Drive Pipeline document around 6:30p every evening.
         b. PODs
            i. These numbers are obtained from the **National Guard Reporting FD PODs 2016-mm-dd.** This is located in the following location on the S: drive.
               1. SHARED>DISASTER>2015-10 Flint Water>MI CIMS Data for Sit Rep>POD numbers>National Guard Reporting FD PODs 2016-mm-dd.
               2. Pull the numbers from the **1700 TOTAL NUMBERS** sheet. It will be the numbers in the orange box.

Click update

4. Situation Report Process (in MICIMS)

You can begin this process once all of the state agencies have submitted their Sit Reps (verify using the Sit Rep Preparation process above)

a. In the **Situation Report Process Board** click on the **Situation Report-Step 1-Agency Reports** link.
b. In the board click the **Situation Report-Step-1-Planning Portion** link.
c. In the **Michigan Planning Section** board click the **Edit** button (Top Right of Screen).
d. In the editing page set the **Operation Period Begin and End** to reflect the current operational period (this only changes once a week currently).
e. Change the **Situation Report No.** This number is changed by adding 1 each Sit rep.
f. Change the **SEOC Hours of Operation Begin and End** to current date. These change daily and you should only have to change the date (not the hours).
g. Once you have changed those items click the **Save** button and close the page.
h. Next you will need to click the **Situation Report-Step 2- Send to Planning** link.
i. In this page click the **Send to Planning** button and wait 30 seconds then close the page.
j. Next you will click on the **Situation Report-Step 3-Editing** button.
k. Click on the **Edit** button.

COPY + PASTE Executive Summary FROM WORD DOC INTO ES- section.

l. Scroll down to the text box below the **Incident Response/Recovery Priorities/Objectives.**
    i. Ensure that the objectives are the current objectives from the Incident Action Plan for the current Operational Period (verify with Planning Section Chief if unsure).
    ii. *These can be pulled from the following location if they are not current:*
        1. SHARED>DISASTER>2015-10 Flint Water>Objectives & Tactics. From here you can pull the most recent objectives.
    iii. If the objectives need to be updated copy and paste them and format them accordingly.

m. Next scroll down to the text box below the **Emergency Declarations** title.
    i. In this section verify that all the declarations are listed in the appropriate sections. If any are missing, copy and paste them from the previous Sit Rep in the following location.
        1. SHARED>DISASTER>2015-10 Flint Water> Sit Reps

n. Next scroll down to the **Weather Conditions, Upcoming Forecast**
    i. In this text box you will need to remove the "Updated xxxx am/pm" from the line so that it only shows the date. Then go to each date in parenthesis and change them from abbreviations to the full name (e.g. Jan to January).
    ii. In this box you will also need to un-capitalize any words that are incorrectly capitalized.

o. Finally scroll through the Agency Sit Reps and remove any extra spaces following the text (at the bottom) in each text box to prevent large blank spaces on the final Sit Rep.

p. Placing the Executive Summary
    i. Once the executive summary has been completed go to the text box below the **Executive Summary** title.
        1. Delete the information currently in the box and copy and paste the text from your finished summary in word.
        2. Once this has been pasted scroll through the summary and place spaces between each section to make the summary easier to read.

q. *Have the Planning Section chief review the finished product before printing and distributing with other section chiefs and SMEs.*

Katarsky, Anthony (MSP)

From: Kelenske, Chris (MSP)
Sent: Thursday, January 28, 2016 1:16 PM
To: Katarsky, Anthony (MSP); MSP-SEOCOPSC
Subject: Questions

Planc

Importance: High

The Governor wants a quick reference document. I need by 3:30 answers to the following:

MDCH - Kwahl

How does someone get blood testing done,?

What does a person need to provide to get water or a filter at a POD? Planc

How do people install and use a filter (is there a link)? R-Thcla

When does someone replace a cartridge? Lf

What are the benefits of a filter? J. Wolf

How can a person can get items delivered or installed (seniors, homebound, etc.)? Recovery - Carly G.

What are the requirements for volunteers (walking and lifting requirements, time commitment, etc.)? ARC - P. Spata

How much are we paying for water, filters, cartridges, testing kits, etc. ? ~~Tony K~~ Penny B

Carly

What are we seeing as to the volume of resources going out the door? V Planning

What do we think is happening regarding the disparity between number of filters distributed and number of homes with filters? Tony K.

What is the problem with apartment buildings and the data? GIS - Matt / Jim

What is the data cleanup process? What is the cause and what is the fix? Plan / Matt (GIS)

What are doing regarding the mapping of water lines and the issue of lead lines to the curb? GIS (Matt / Jim)

Who are the non-subscribers with filters and why do they need filters? Could they be subscribers at any time?

GIS

How did we determine the priority of response?

Tony K.

What is the # of potential non-contacted parcels in red zone? GIS

What are our expected future water/filter needs vs expected supply etc.? LOG

What is our inventory management process? LOG

How do we resupply and reorder supplies? LOG

Additional Warehouse Space

Katarsky, Anthony (MSP)

Subject: FW: Questions

Importance: High

What do we think is happening regarding the disparity between number of filters distributed and number of homes with filters?

1. We decided not to apply controls in the distribution process for the following reasons:
    a. The initial response was overwhelming. Checking IDs would have greatly complicated and slowed distribution.
    b. Distrust of authorities was perceived to be a major concern. Requesting identification would have placed a chill factor on distribution.
2. While one filter per home may seem ideal from a cost perspective, it is impractical from a resident's view. Having one filter per residence means a trip to the kitchen (or other selected location) each time someone wants to cook, clean teeth, or get a drink in the middle of the night.
3. A key factor in achieving 100% coverage is that this can only be attained by forced entry to each residence (homes, apartments, etc.) due to the following:
    a. Reluctance to answer the door to government personnel such as undocumented persons or criminals.
    b. Families who have headed south for the winter.
    c. Individuals who work during the hours of Flint Water Response Team operations (9 AM to 6 PM at peak).

How did we determine the priority of response?

From the start of SEOC operations, the mission of the SEOC has been to provide potable water users of the Flint water distributions system to preclude future lead ingestion.

1. The quickest path toward achieving this mission was through distribution of bottled water.
2. Filters provide a simpler long-term solution as faucet water can again be ingested.

Distribution of water, filters, and filter cartridges was initiated by several groups prior to SEOC engagement (HHS offices, GCCARD, and the sheriff department). The SEOC judged that the best mechanism to ensure provision of water, filters, filter cartridges, and test kits was through door to door visit. This process had already begun through the sheriff department by the time state teams were mobilized and deployed. Door to door distribution provided the best mechanism for documenting each residence was reached. Two rounds of distribution have occurred and a third is underway. The first two were intended as distribution en masse. The third round is focused on visits to residences where no contact was made or no filter was known to be in place.

FWRT efforts were targeted on areas of the city with the highest concentration of lead issues as identified on a map of Dr. Mona Hanna-Attisha's work. Coinciding with these efforts, five Points of Distribution were established at Flint City fire stations. Water, filters, filter cartridges, and test kits were provided to citizens with the following guidance provided to workers:

- Distribution was to be limited to 1 case of water per household.
- If multiple individuals per vehicle indicate they are from separate households, provide each a case of water.
- If an individual indicates they have special needs, direct them to call 2-1-1 or request their address so that water can be delivered.
- If an individual insists on taking more than one case, request they stop, but take no further action.
- The JIC issued messaging to emphasize the need to limit taking cases of water from PODS as it may impact others in need of water. They will also note there are no plans to close PODS.

Warehouses priority is to provide supplies to the PODs to ensure they are fully stocked.

PODS started 8 Jan, teams started 12 Jan. ← May want to reorder

2-1-1 was engaged to address all questions and take special requests. If a resident lacked transportation or the ability to travel to a POD or had special needs, they were directed by the JIC to call 2-1-1. 2-1-1 directs resource requests to the local Emergency Operations Center which assigns a Rapid Response Team to provide assistance.

Local Program Conference Call Agenda

February 5, 2016

1. **Welcome and Roll Call**
2. **Distribution Status as of 2/4/16**
    a. Homes visited by FWRT on 2/4: **1,127**
        i. Added were the ARC numbers after 5pm.

We are also tracking that there are 29994 active water subscribers (metered service lines) in the city. When consolidated down and filtering out only residential there are **26,812** residential parcels that have the ability to use the Flint Water System. Of these:

- **22605 84.3%** of the parcels have been confirmed have some form of filter

3. **Distributed on 2/4/16 (PODS & FWRT)**
    a. Water Filters **398** (total 103,004)
    b. Cases of Water **6,342** (total 263,209)
    c. Filter cartridges **1,163** (total 207,413)
    d. Test kits **706** (total 33,750)

4. **Neighborhood canvasing campaign**
        i. 8:30am-5:00pm 10 Red (ARC) (2-4 personnel) teams
        ii. 140 volunteers for 2/4/2016.

Next Call – Saturday, Feb 6 – 8:30 am
Participants:
Genesee County EM
EMHSD District Coordinator
Are we making progress?
What can we do to help?
Anything else we can do?

16 pallets / truck
ext trucks.

From: Kuzera, Michelle (MSP)
Sent: Friday, February 05, 2016 9:32 AM
To: MSP-SEOCOPSC; plangc
Subject: Report Out

I have a meeting today at 9:30

Can you report the below on behalf of the ucg

2/5/16 UCG Notes

Planning day today – Tactics meeting a 11, planning meeting at 2.
Public and External Affairs Taskforce:
• Planning to get out the CDC guidance on blood level testing. Need to coordinate with the state because once released the implementation will fall on the state.
• Coordinating CDC and EPA messaging on 150 ppb, pregnancy, etc.
EPA:
• Meeting with Flint Schools on Chlorine Testing
• Received 2 Phosphate home results – shows that phosphate is starting to coat the pipes, residents should still flush the pipes, will release this information when more data points are collected.
All agencies working on identifying the number of teams in the field.
USDA:
• Working on nutrition education resources
• Request from state for USDA food distribution – food boxes to be distributed high in Vitamin C, Calcium, and Iron to combat lead.
Looking for an American Red Cross Rep to be part of the UCG/Request came from HQ/DC.
Will be reviewing the 48 hour operational period over the weekend and by Sunday will determine if the Ops period can extend.

Michelle Kuzera
PLEASE NOTE: Effective **February 1, 2016**, the **State and Local Support Section** and the **Technical Support & Mapping Section/Emergency Management and Homeland Security Division** are moving.

My new contact information will be:

Phone: 517-284-39
Fax: 517-284-3857
Physical Address:

SEOC SUMMARY OF JANUARY 22, 2016 EVENTS:

Provided DTMB SEOC Rep explanation of expedited costs associated with Jan 18 bottle orders.

Provided Laboratory and DEQ local staff information for todays' bottle shipments to the warehouse and estimated sample delivery to the laboratory.

Requested compiled list of residents who have agreed to participate as a monitoring site from GIS. This list was provided to George Krisztian and Mike Glasgow, City of Flint, WTP.

Redirected school inspections team to the Flint School of the Deaf. Inspection and sampling is to be completed today and tomorrow. This is in response to a request from the State Director due to concern of the Lt.Gov.

Submitted request for lab sample forms to be printed in Spanish and distributed to all distribution points.

Prioritized sample analysis at DEQ lab for MDARD samples relative to residential samples.

Requested MDOC resource of sample pickup and transportation to extend through Friday, January 29.

George Krisztian will provide updated sample counts consecutive with providing to the Governor's Office.

SEOC staff are to report to the new SEOC January 29 7150 Harris Dr., Dimondale, MI

The SEOC hours of operations are 8:00AM – 8:00PM.

- Julia Pieper, Drinking Water Coordinator (517)-335-8076

TEST KIT BOTTLE ORDERS

If orders are needed contact, be sure to request same number of rubber band orders:

Tara Premoe 517-749-0796
Melissa Sambiago 517-930-7866

ALL SHIPMENTS
Dell Warehouse
4315 N Clio Rd
Flint, MI
Shawn (ARC) 563-663-2672

Provide order quantities and expected ship dates to Pam Strobel (Logistics) msp-seoc11@michigan.gov
There is a link on the Internet Explorer Favorite Bar which provides the pipeline report for supplies.

TEST KIT ASSEMBLY

MDEQ has been assigning personnel to manage test kit assembly, this is due to the criticality of assuring quality control of applying the appropriate labels to the appropriate bottles after the lab has assured lot testing is complete.

The test kits are assembled by volunteers at the ARC HQ in Flint. Bottles are transported from the warehouse to the ARC HQ, completed kits are then transported back to the warehouse for distribution via MDOC drivers. Coordination for the driver is through the SEOC DEQ Rep and SEOC DOC Rep.

David Gutierrez <david.gutierrez@redcross.org> is the point of contact at the ARC regarding water test kit assembly.
Currently a box truck is parked at the HQ for storage of bottles and kits.
ARC HQ address: 1401 Grand Traverse, Flint, MI

FILTERS

All Filters and Cartridges must be certified to NSF/ANSI 53 Standards. Research the product upon request and verify on either the NSF website or Water Quality Association (WQA) to determine. If a product lists their certification and Independently Certified it is not certified through NSF and typically is WQA. If unable to locate call the certifying companies and ask, they are very helpful. There may be other independent certification companies....

SCHOOL TEAMS

LARA and DEQ personnel are conducting a free plumbing evaluation program to schools. Jack Schinderle is the coordinator. A plan was submitted to the governor by George Krisztian for the expansion of the program to all charter schools, parochial schools, daycare facilities and similar facilities totaling more than 200. See the School Sampling Overview in the Flint Water folder on the desktop. (If Jack is not available contact Liz Browne)

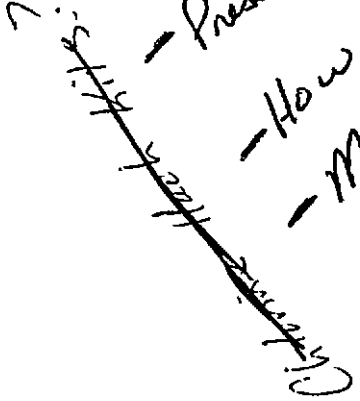
Conversation

Policy Issues into EOC

- Disconnected (SEOC) good job.
- additional needs from SEOC vs. MDEQ.
- Sensitivity (EPA ORDER - compelling us to do things). Pump being down - chlorine emergency.

Types of things to integrate:

- Press Conf. w/ Mayor, Governor, on Wednesday.
- How does info flow
- Ministers - Gen. Vadnais
- nick lyons → no DEQ rep.
- On-line reporting.
- Emergency declaration.
- Raise Issues → needs to get to Gov't
- Keystan



End Goal - citizens of Flint water

- Testing - Neighborhoods
-

RICHARD BENZIE

Plumbing permits w/ Plumbing updates modifications to DIST SYSTEMS.

EOC REQUEST ALSO WATER DIST. & STREET DISTRIBUTION

NATASHA HENDERSON

ADVISE TO NOTIFY EVEN IF NONE OVER 100PPB

Local Program Conference Call Agenda

January 31, 2016

1. **Welcome and Roll Call**
2. **Distribution Status as of 1/30/16** 1,368 9,026
   a. Homes visited by FWRT on 1/30, ~~924~~ (~~7,658~~ total)

There are 29,994 active water subscribers (metered service lines) in the city. There are 26,673 residential parcels able to use the Flint Water System. Of these:

26 379 98.8% • ~~26,363~~ (98.8%) of the parcels have been engaged as part of the response efforts
22229 83.5% • **22,158** (83%) of the parcels have been confirmed to have some form of filter
11169 41.9% • **11,167** (41.9%) of the parcels have volunteered for water testing
• ~~**2,568** (9.6%) of the parcels have not had personal contact (not home or did not visit a POD)~~ JOHNSON YESTERDAY

3. **Distributed on 1/30/16 (PODS & FWRT)**

1182 a. Water Filters ~~**1,218**~~ (total ~~98,614~~) 99,969
7,177 b. Cases of Water ~~7,458~~ (total ~~216,605~~) 227,188
1052 c. Filter cartridges ~~**525**~~ (total ~~202,566~~) 203,937
317 d. Test kits ~~**221**~~ (total ~~31,111~~) 31,512

4. **Neighborhood canvasing campaign**
   a. 8:30am-5:00pm 10 Red (ARC) (2-4 personnel) teams
   b. 120 volunteers for 1/30/16

Next Call – Sunday 1st – 8:30 am
Participants:
Genesee County EM
EMHSD District Coordinator
Are we making progress?
What can we do to help?
Anything else we can do?

Local Program Conference Call Agenda

January 31, 2016

---

1. **Welcome and Roll Call**
2. **Distribution Status as of 1/30/16** 1,368 9,026
   a. Homes visited by FWRT on 1/30, ~~924~~ (~~7,658~~ total)

38,831

There are ~~29,994~~ active water subscribers (metered service lines) in the city. There are ~~26,673~~ residential parcels able to use the Flint Water System. Of these:

37599 96.8

- ~~26,363~~ (~~98.8%~~) of the parcels have been engaged as part of the response efforts

27956 72%

- ~~22,158~~ (83%) of the parcels have been confirmed to have some form of filter

12712 32.7%

- **11,167** (41.9%) of the parcels have volunteered for water testing
- **2,568** (9.6%) of the parcels have not had personal contact (not home or did not visit a POD)

3. **Distributed on 1/30/16 (PODS & FWRT)**

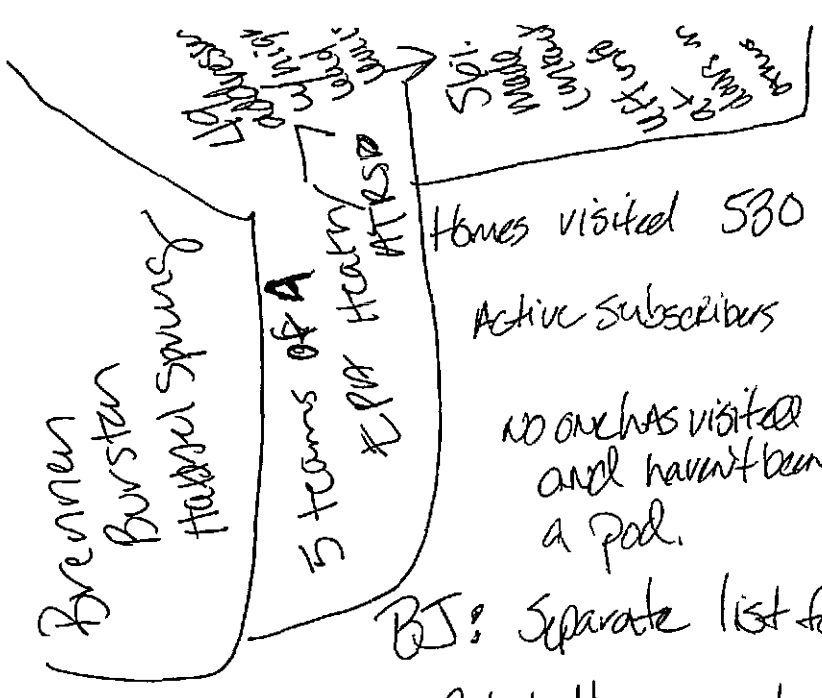
UCG - who is local representation No one from City of Flint involved per Michelle.



Homes visited 530 yesterday

Active subscribers 26500

No one has visited and haven't been to a pod. 1057

BJ: Separate list for condemned houses

Cityhall may not be keeping data current.

PODs from 1 to 5

3pm Mtg w

46 volunteers out yesterday

EM wants meeting w/ Mayor and/or the governor

Does not deal w/ terrorists.

DEQ putting outreach team out in neighborhoods

Miss Henderson problems w/ her

Capt says if she has further questions she can be in touch w/ him.

BJ. trying to solve @ local level

EM looking for medium + long term plan

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/31/16 – 27th Day (26th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Ensure adequate quantities of supplies to support operations.
- Continue investigating a warehousing option for non-palletized donations.
- Continue door to door/Flint Water Response Teams (FWRTs), ARC only.
- Prepare appeal on denial of Category B under the Presidential Emergency Declaration.
- Shift Water Response Teams operations to a targeted effort to provide filters into homes where data shows where filters have not been provided.
- Work on plan for Volunteer Expansion (to increase the utilization of the volunteer force to distribute commodities over the longer term), Ongoing Resourcing, and Long Term Recovery - recovery plan/transition of PODs.

Status on Governor's request letter to the President:

- Appeal denial received on the Major Disaster Declaration. Nothing more can be done on this.
- Denial of Individual Household Program and Category B under the Emergency Declaration received this date. We have 30 days to appeal and EMHSD staff is gathering information for the appeal.

Key items for tomorrow to note are:

- **10 American Red Cross Teams scheduled for Monday, February 1, 2016**
- **City Sections Scheduled Tomorrow***: Franchise Customers, Additional to be determined
  *City sections subject to change based on available data updates. Teams will reach out for additional assignments if entire city section is completed during the operational period.

Items to Note

- 10 ARC Flint Water Response Teams to the field today. RECOVERY
- **City Sections Visited Today:** 28, 17, 11, 27, 29, 30, 31.
- Information reported to the JIC:
  - As of 1/31/16, 4 pm for PODs and 5 pm for FWRT (start date was Tuesday, 1/12/16)

National Guard Reporting FB PODs 2016-mm-dd FWR TABS

DOESN'T CHANGE ANYMORE

- Homes visited by the FWRTs to date.

Phase I	Phase II	Targeted Total	Targeted Canvassing Mission 1/31/2016
30,770	37,844	9,577	551*

*Due to an issue with the iPads in the field not all numbers were captured for today's outreach. The additional residences will be entered tonight by ARC and will be included in the data for tomorrow, per Recovery Branch.

NATIONAL GUARD REPORTING FB PODS 2016-mm-dd 1700 → TOTAL NUMBERS TABS

- Distributed:

Commodity	Total to Date
a. Number of cases of water	234,490
b. Filters	100,593
c. Filter cartridges	204,736
d. Test kits	32,093

- Total number of customers on the Flint water system
  a. 29,994 current water system subscribers
  b. ~45,000 hookups (This is our high end target #)
  c. ~39,000 includes apartment complexes (The is the low end target #)

GIS DOESN'T CHANGE ANYMORE

- Resources purchased:
  a. Cases of water 2,637,324 Liters (additional 996,080 Liters donated)
  b. Filters 165,048
  c. Filter Cartridges 383,282
  d. Test kits 62,701
- Teams going out tomorrow:
  a. 10 American Red Cross Teams scheduled for Monday, February 1, 2016.

Logistic Support Supplies.

ARC

New Standing Information Requirements

National Guard Reporting FD PODs 2016-mm-dd FWRT TAB

1. **Number of homes visited each day:**
   a. 1/31/16, as of 5 pm, 551* homes were visited today
      i. *The numbers are low due to an issue with the iPad input, the additional residences will be inputted tonight and included in tomorrow numbers.
2. **Total number of homes visited:**
   a. Targeted Canvassing Mission: 9,577
3. **Total number of National Guard on the ground:**
   a. 53 DMVA
4. **Total Number of Volunteers each day:**
   a. 236 volunteers on 1/31/2016, per ARC. ARC
5. ***Number of homes with filters:**

	Total Number	Number with filters
Residential parcels	38,831	28,081
Active residential water subscribers	26,673	22,334

DOESN'T CHANGE ANYMORE

GIS

National Guard Reporting FD PODs 2016-mm-dd 1200 TOTAL NUMBERS

6. **Number of Water filters distributed (each day and to date):**
   a. 624 (299 FWRT + 325 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and total distributed to date is 100,593.
7. **Cases of Bottle water distributed (each day and to date):**
   a. 7,302 (426 FWRT +6876 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 234,490.
8. **Number of testing kits distributed (each day and to date):**
   a. 581 (251 FWRT +330 PODs (1700 1/30 to 1600 1/31)) were distributed since this report yesterday and the total distributed to date is 32,093.
9. **Number of people tested for elevated blood levels (kids, adults, total):**
   a. Per CHECC: People tested for Lead 10/1/2015 to 1/22/2016: *3,351
      *this data will not be updated again until Tuesday.
10. **Number of people with elevated blood level (kids, adults, total):**
    a. Per CHECC: These numbers are only updated bi-weekly
       i. Children less than 6 years old ≥ 5 µg/dl since 10/1/2015: 38
       ii. Children 6 to 17 years old ≥ 5 µg/dl since 10/1/2015: 7
       iii. Adults 18 years and older ≥ 5 µg/dl since 10/1/2015: 22
       *This data will not be updated again until Tuesday

Community Health updated weekly

MDEQ Daily

11. **Number of homes with safe drinking water (Not sure whether it's possible right now to provide this number):**
    a. 5,020 water samples out of 5,356 sampled through **January 31, 2016** are at or below the action level of 15 ppb for lead. Note, per MDEQ, this data is from uncontrolled samples provided by residents.

ESTIMATED DISASTER ECONOMIC INJURY WORKSHEET
FOR BUSINESSES

Accurate responses to the questions below will assist in evaluating a request for an economic injury disaster declaration from the U.S. Small Business Administration.

1. Name of Property Owner: Uptown Development

   Name of Property Owner: Cafe Rhema / Joshua Spencer

   Business/Property Address: 432 South Saginaw Street

   Mailing Address: _____

   Telephone Numbers: Business:_____Home:

2. **Estimated Adverse Economic Impact**

   Did the disaster economically impact your business? If so, when did the impact start and end?

   _____ (month/year) to _____ (month/year)

   What were your business' revenues during that period? $_____

   What were your business' revenues during the same period of the prior year? $_____

3. Amount of business interruption insurance received or anticipated, if any: $_____

4. Provide a brief explanation of what adverse economic effects the disaster had on your business:

   It's honestly too soon to judge the negative impact on our sales. We are currently seeing good numbers, but our fear is more what consumers will think after the recent news media. We will know more come spring.

5. How many people did you employ **prior** to the disaster? 10

   How many people did you employ **after** the disaster? 10 (working less hours)

If your business also suffered property damage, answer the following questions:

6. Estimated dollar loss to:

   Real property (building), if owned: We do not yet know if the water has caused any damage to equipment because of being corrosive. $_____

   Contents (machinery and equipment, furniture and fixtures, inventory, leasehold improvements, etc): $_____

7. Insurance recovery received or anticipated for property damages: $_____

Signature of Business Owner/Representative

Subject: Agency Events - MDARD 2/8/16 - 2/12/16

- MDARD is attending the USDA – Natural Resources Conservation Services (NRCS) press conference in Flint today.
- MDARD will be meeting later this week with the Land Bank to discuss the Clean and Green program. The goal will be to obtain a list of community garden information to supplement the data already provided to MDARD by Edible Flint.
- MDARD is working on scheduling a conference call this week with stakeholder groups to discuss plans for testing dogs in Flint for lead.

As dates firm up, we will update the Planning Group.

Subject: RE: Data needed

Zach,
As discussed earlier, please note that these numbers are not perfect.

Can you please pull these numbers for the below inquires for the Governor's office by 6pm today?

- *Total residences in Flint (including apartment units)*
  There are 38,876 parcels we have classified as "occupied"
  We have some apartment data, not complete. The list only says how many units each complex have, and that's only about half complete. This number of units so far is 2383.
  If you add these together, the final number is 40659.

- *Total occupied (including apartment units)*
  34,227 occupied.
- *How many occupied have filters*
  29,654
- *Of the occupied ones without filters, how many have been contacted but no face-to-face contact (left card)*
  1024
- *Of the occupied ones without filters, how many have not been contacted (no one has knocked on door)*
  558

12. develop and implement a long term recovery plan.

11. Ensure accurate tracking and accounting of all donations.

5. Continue to maintain adequate staffing to support operational requirements.

10. Collaborate with local and volunteer agency partners to solidify the Flint Water Operations Plan.

9. Enhance situational awareness and common operating picture of all activities.

8. Maintain coordination between partner agencies and organizations to include FEMA IMAT, FWICC, and the US Department of Health and Human Services Unified Coordination Group (UGC).

3. Improve and maintain the public information strategy and process.

6. Develop an overview of possible assistance programs.

4. Develop a long term public health and services plan.

7. Gather, analyze, and disseminate GIS data to develop products for future planning.

1. Ensure all households within impacted community have required resources and are included in DEQ water sampling plan.

2. Ensure accurate tracking and accounting of all commodities.

2 key items
- 30 day plan for appeal
- ★ go directive w/ mgr on. Cat B #'s
- Transition duties
- USPS
  - mail delivered to homes that are "vacant"
- Filters
  - need opts

Plan
- need people to develop plan
- Planning group
- Brn talks
- provide options
  - w/ pros + cons

Sent: Friday, February 05, 2016 2:12 PM
To: MSP-EOC-MDEQ
Subject: FW: Additional Information RE: URGENT REQUEST FOR GOVERNOR INFORMATION

ADDITIONAL INFORMATION REGARDING THIS REQUEST FOR INFORMATION.

From: Benzie, Richard (DEQ)
Sent: Friday, February 05, 2016 10:53 AM
To: MDEQ-ECC-IMT
Subject: FW: URGENT REQUEST FOR GOVERNOR INFORMATION

Further information from Bryce after Mark confirmed the staffing.

From: Feighner, Bryce (DEQ)
Sent: Friday, February 05, 2016 10:41 AM
To: Ducharme, Mark (DEQ); Benzie, Richard (DEQ)
Subject: RE: URGENT REQUEST FOR GOVERNOR INFORMATION

That makes sense.

The message I have been heard from folks here is that there are:

- 4 EPA teams: 1 strike team (dealing with rashes) and 3 sequential sampling teams
- 1 GCHD team: responding to residences with 150 ppb water sample results and providing public health info and commodities
- 1 DEQ team: as Mark described in the note below

From: Ducharme, Mark (DEQ)
Sent: Friday, February 05, 2016 10:23 AM
To: Feighner, Bryce (DEQ); Benzie, Richard (DEQ)
Subject: RE: URGENT REQUEST FOR GOVERNOR INFORMATION

One Initial Outreach Visit team consisting of 1 DEQ rep (Oeming) and 1 MDHHS rep (Groetsch), supported by 2 team Rubicon, 1 city of Flint PD escort, and 1 Penske truck loaded with commodities.

And

One DEQ rep (Taylor) with EPA High Lead Strike Team.

To: MDEQ-ECC-IMT
Cc: *Hagler, Gary (DNR); Creagh, Keith (DEQ)*
Subject: URGENT REQUEST FOR GOVERNOR INFORMATION
Importance: High

Captain Kelenske spoke with the Governor this morning. Richard Baird has informed the Governor that the DEQ has 5 teams of 4 in Flint now. Please provide clarification ASAP. Our knowledge in the SEOC is DEQ has one team of two (1 DEQ/1 DHHS).

Are there any additional team currently deployed in Flint that we are unaware of?

DEQ REPRESENTATIVE

STATE EMERGENCY OPERATIONS CENTER

MSP-EOC-MDEQ@MICHIGAN.GOV

MSP-EOC-MDEQ

Sent: Friday, February 05, 2016 2:44 PM
To: Wolf, Jennifer (DNR); MSP-EOC-MDEQ
Subject: FW: Document posting through the ECC

FYI

From: Golder, Edward (DNR)
Sent: Friday, February 05, 2016 1:58 PM
To: Holland, Meegan (GOV); Harris, Darlene (DEQ); Shaw, Eric (DEQ); Hawks, Trevor (MSP); Hagler, Gary (DNR); Wieber, Kerry (DNR); Colberg, Nicole (DNR); Creagh, Keith (DEQ); Brown, Melanie (DEQ)
Subject: Document posting through the ECC

All:

In order to ensure timely and compliant document posting under the EPA Order, the DEQ and the ECC are being given the authority to post documents directly to the Flint water website. The following individuals already have administrative access to the website. They will assume responsibility for document posting.

Primary: Darlene Harris (DEQ)
Back-up: Eric Shaw (DEQ)
Second back-up: Trevor Hawks (MSP)

These individuals either have the tools they need to post at various times of day and night as well as on the weekends, or they will be given the tools, including VPN access and cell phones as needed. Their sole responsibility for this purpose will be to post documents to the Flint Water website that comply with the EPA Order. Meegan Holland in the governor's office and her designees are responsible for all other aspects of the website.

Thanks, and please let me know if you have any questions.

Ed Golder

Good Morning Danielle,

Here are the items for today:

1. Note taking:
    a. In the 0830 briefing take notes and capture the following:
        i. Major activities or focuses for the day.
        ii. Any items of concern mentioned by anyone.
        iii. Task assignments issued to local or SEOC.
    b. For the 0930 call take notes either using the template on the shared drive or by hand and type them in following the briefing.
        i. The notes are located in the following location:
            1. SHARED>DISASTER>2015-10 Flint Water>Agency Brief Notes
        ii. Capture as much critical information as possible during the briefing.
            1. Items to capture
                a. Meetings
                b. Critical tasks
                c. Areas of concern
                d. Accomplishments
    c. Have Nick assist you in taking notes to ensure the information is captured.
2. Assist planning section chief
    a. Assist the planning section chief with any assignments as necessary.

If you have any questions you can reach me on my .

Have a great day I will check in with you when I get in around 12:00 and then I will relieve you at 2pm.

Thanks,

Zach

Planning Section Chief:

Daily Battle Rhythm (Except for Monday- see below)

- Battle Rhythm
  - 0830- Local Agency Briefing
  - 0930- State Agency Briefing
  - 1030- Distribution Process Meeting
  - 1600- State Agency Briefing
  - 1700- Agency and Section Chief Sit Reps Due
  - 18:30- Distribution Process Meeting

Daily Meetings:

- 0830 Local Call
  - Attend
- 0930 State Agency Call
  - Planning Section starts call.
  - Polycom system is placed by the State Director's Desk.
  - Dial in number:
    - Make sure to follow the prompts when dialing in.
    - Call in:
      -
      -
  - Turn on the speakers next to the Polycom. Those on the phone will not be able to hear if the speakers are not on.
  - You will need to hold the microphone to the Polycom when those on the phone are speaking
  - Welcome everyone to the call.
  - Go over daily battle rhythm.
  - Introduce Operations Section.
  - From there, Ops. will call on each branch.
  - Assist with passing the microphone to state agencies up top.
  - If Ops. does not close the meeting, then prior to ending the call announce the next state agency call.
- 1030 Distribution Process Meeting
  - Attend
- 1600 State Agency Call
  - Lead, see directions above.
- ~~1900~~ 1930 Distribution Process Meeting
  - Attend

Daily Tasks:

- Ensure battle rhythm is correct at the start of the day.
  - Sunday night or Monday morning will need to be updated to include all the planning day activities (see below).
- Develop agenda for State Agency Call, if not done the night before.
  - S:\DISASTER\2015-10 Flint Water\Agendas
  - Provide Ops. Chief with a copy.
- Assist on daily situation report.
- Review daily situation report once developed by situation unit.
- Work with Recovery Branch, Planning Section and Logistics section (ordering unit) to obtain daily numbers.
  - Provide Ops. Chief with nightly numbers.
- Work with situation unit to obtain approval on sit rep from Ops, Logistics, Command and Peter Manning.
- Check daily numbers against yesterday's numbers for accuracy.
- Update the Governor's Timeline with distributed to date and any high level events from the day.

Note about when this occurs

Nightly Reports

- Develop daily summary notes for Capt. & Tony. If an alternative Deputy State Director is in the SEOC also include them on the email.
    - Template is available on the shared drive S:\DISASTER\2015-10 Flint Water\MI CIMS Data for Sit Rep\PSC titled "Daily Summary" or see sent email for previous day's email.
    - Information for the daily summary report is captured from: S:\DISASTER\2015-10 Flint Water\Sit Reps\Executive Summary. Follow the template above, not all information from the Executive Summary needs to be included, keep it high level.
    - Check daily numbers against yesterday's numbers for accuracy.
    - Attach:
        - *Daily Sit Rep.*
        - Daily Summary of Data
        - Daily Maps (usually lead and copper map and any additional map requested).
    - Prior to sending make sure all maps and Governor's data is attached.
- Once the Daily Summary forward the email to the following contacts:
    - Include the GIS daily parcel data email
    - deborah.fulk@fema.dhs.gov
    - dwayne.huffman@fema.dhs.gov
    - suzanne.ragsdale@fema.dhs.gov
    - Henrik Hollaender
- Send daily Governor's Data sheet to JIC Manager. which one is this?

Planning Day (Monday's):

- Battle Rhythm
    - 0800- Unified Command Objectives Meeting
    - 0830- Local Agency Briefing
    - 0930 Command/General Staff/SEOC Briefing
    - 1030- Distribution Process Meeting
    - 1230- ICS 204 Submissions Due
    - 1330- Tactics Meeting
    - 1600- Planning Meeting/SEOC Briefing
    - *1700- Agency and Section Chief Sit Reps Due*
    - 18:30- Distribution Process Meeting
- Develop objectives for Unified Command Meeting -0800. Sunday?
- Work with branches to develop or update ICS 204 forms.
- Update IAP, org chart, ICS forms (204, 205a, 208, map).
- Hold tactics meeting to review ICS 204 forms.
    - Ops. Section Chief runs this meeting.
- Once tactics meeting is complete and all 204 forms have been updated, print 4 copies of each ICS 204 and IAP.
- Distribute each specific ICS 204 to the appropriate branch directors.
- *Provide Ops, State Director, FEMA copies of ICS form and IAP.*
- Brief updates to IAP during 4 pm State Agency call.
    - Ops Section Chief will read each objective and each agency will read the tactics they have developed for the week.
- Update ICS 204 and IAP based on any requests from the meeting.
- Once all updates have been made, have Ops Chief, State Director, and FCO review and approve IAP.
- Post IAP to MI CIMS in File Library.

Monday Reports:

- As part of the Monday Daily Summary Report also include:
    - Summary of previous week's burn rate.

- Updated Governor's Timeline.
- State Agency Event's for the week.
  - This document provides an overview of important events each state agency will be participating in during the next week.

Hi Tom,

I've forwarded your questions to our operations and planning staff and requested the lists. Myself or Abby Eaton (Thursday and Friday's MDARD SEOC rep) will keep you posted.

Subject: RE: School assessment/water testing question

Hi April,

Is there a list available for the following categories of schools?

1. The parochial/private/charter schools already tested by MDARD and the results.

2. The schools on your list that are being addressed by others.

FYI: DEQ lists seven schools that have been tested. All seven received recommendations for addressing lead and/or other contaminants.

Thanks for your help,

Tom Priest

Subject: Re: School assessment/water testing question

If the school is already being tested and followed up on by DEQ/LARA (ie Flint community schools listed on the deq website there is no real reason for mdard to do these because they are already being told to flush and taps being scheduled for replacement. Some are in our list but they are already being addressed by others.

Other schools not part of Flint Community Schools, ie parochial/private/charter schools, we will do these i believe. Some have already been done

> Hi,
>
> I'm asking a question posed to me from MI Dept of Education from based on your roles as planning and ops. I was asked by MDE if any schools were on MDARD's initial assessments list and if we've taken any water samples were at schools. Some of the reasoning from MDE was that a school would be a *licensed food establishment – likely LHD jurisdiction – but since MDARD is covering LHD establishments,* schools also might be on our list to assess/test.

Subject: RE: Commodities Question

Folks, I don't understand some of the acronyms, but I understand the Steve Johnson's concept of "just in time" inventorying. The SCO, does not like the idea of purchasing a year's supply of commodities and storing it in warehouse. He would like something more like a continuous small supply throughout the year, for just that reason of not ending up a large quantity of unneeded commodities.

I will keep you all posted as the State develops their plan.....

Sam

Subject: RE: Commodities Question

Talked about IDIQ yesterday in a meeting with Dave Grant. The method/means of delivery is gonna depend on the State's operational concept and how they want to deal with costs and risk.

Is there a lifecycle variable in play for any of this? I know there's a storage temperature range that has to be paid attention to

Subject: RE: Commodities Question

If we can determine the burn rate , a iDIQ type contract may be a better tool to allow you to keep a smaller quantity on hand but have a steady flow of product...same as kanban process factories use for resupply of consumables....that strain of JIT supply was perfected in detroit auto industry...we might want to use a third party who does this type of thing..Grainger or a larger industrial supply house who probably already stocks these as OEM distributor.

Just my thought?

Steve

Subject: RE: Commodities Question

Kendal, it's gonna depend on the vendor. Early on I believe we asked Clorox Brita if it would be possible to return unused items and pay a re-stocking fee. And I think they said no. One other approach might be to approach the vendor, propose purchasing items, have the vendor hold them in inventory and then pull forward as needed (Vendor Managed Inventory -- if the State buys items it eliminates some unknowns in the vendor production cycle, and then maybe for a fee the vendor will store/hold the items with the agreement that if they are not called forward the items can be returned to vendor general stock for a refund minus a restock/holding fee. That way it's not a total loss to the State and the vendor can re-stock because the items remained under their control and can then legitimately be (re-) sold.

Just an idea. If you want further insights I'd suggest getting hold of Darrien or Sam.

Vr,

Jeff

Subject: Flint Deployments

DuCharme (Genesee Co EOC Deputy Incident Commander) demobilized January 22, 2016, expected return mobilization on January 25, 2016. DeGrazia mobilized on January 21, 2016 to provide relief for DuCharme and is also assisting Logistics on January 22, 2106. DeGrazia will remain in GC EOC through at least January 25, 2016. VanRiper deployed January 22 and 23, 2016 to lead quality control efforts and ensure test kits are appropriately labeled and instructions are affixed to each test kit bottle, Scheels will deploy on January 23, 2016 to shadow and assist with this effort. Currently, it is too early to determine if resources will be needed on January 24, 2016 to lead quality control and test kit preparation. The rate at which test kits are distributed in the community is expected to significantly decline starting today and the need for continued resource support for this activity is expected to decline or become unnecessary in the near future.

Evaluation of future resource deployments and length of deployments remain under review and will be communicated as soon as possible.

Logistics, Plans, and Liaison continue working to identify and evaluate recycle collection locations, Flechter providing technical assistance with this effort.

Situation reports continue to be posted in MICIMS daily out of the SEOC so the state posts a common operating picture. The GC EOC posts a daily local sit rep in MICIMS. Those can be found in MICIMS Statewide Shared Activities under Henrik Hollaender.

Contact me via email or if you have any questions. Thank you.

Subject: PCARD CYCLE 576 - (TRANSACTIONS POSTED 1-16-16 THROUGH 1-29-16)

Good Morning,

The Transaction Detail Reports (TDR) for Cycle 576 are available. If you have not already done so, please review your report for accuracy.

SPECIAL NOTES/REMINDERS:

SUPERVISORY REVIEW – I have been notified by DTMB of a new Pcard Supervisory Review that each department will be asked to conduct annually. The first review will be conducted in just a few weeks. This review is to ensure that there are signed Supervisory Agreements on file for whomever is signing off on the Transaction Detail Reports (TDR) and logs. Not only is it important that we have the agreements on file, but also that they were in place throughout their approval period. If an approver goes on vacation, TDRs and logs can be signed upon his/her return with a short notation of why it was delayed. If an approver will be out of the office more than (2) weeks, please contact me. Also, please contact me if there are any changes in approvers or if you have any questions or concerns regarding this.

MISSING DOCUMENTATION - Please be sure to submit any late or missing documentation as soon as possible. Within the next few weeks, I will be sending emails to cardholders and to their supervisors regarding any missing documentation.

THANK YOU - I've seen an overall improvement in the quality of pcard documentation and the timeliness of its submission. It is apparent that many of you are referring to the checklist provided each cycle prior to sending your documentation (attached) and I encourage you to continue to do so. Keep up the good work!

February 9, 2016 – The deadline for coding changes.

February 12, 2016 - The deadline for all TDRs, logs and backup documentation to be submitted to LARA Procurement Services.

Please be sure to include a description of the item(s) purchased in the "Purchase Description/Justification" column of the Purchasing Card Log as this information cannot always be determined by the actual receipts.

If sales tax is reflected on any of your receipts, please be sure to contact the vendor immediately to have it credited.

As you know, documentation regarding procurement card transactions is often requested by State Procurement Card Program staff, as well as by various auditors. In order to provide this requested information in a timely manner, it is important that we receive your documentation within the required 14 days after the cycle end date.

To assist you, I've attached a checklist for your review prior to submitting your documentation. Reviewing this list each cycle should serve as a refresher of what items can/cannot be purchased with your card, and also what documentation is required for each purchase/cycle. **Note: you do not need to submit the checklist with your documentation each cycle.** Please be sure your documentation is complete and that your log includes a clear description of the item(s) purchased.

Additional tools such as cardholder and supervisory manuals, current cycle dates, logs, etc. are available on the LARA intranet under FAST, Purchasing and Grant Services, Procurement Card.

Again, thank you for submitting the appropriate information in a timely manner and for adhering to the LARA procurement card program guidelines.

As always, if you have any questions or concerns, please don't hesitate to contact me and I'll be happy to assist.

Thank you and have a nice day!

Information for GCCARD and MDHHS PODS

Current inventory of water at GCCARD: **One Semi load**
How much water has been donated so far at GCCARD: **Two Semi loads from Kroger**
Overall burn rate at GCCARD: **Distribute about 2000 bottles a day to seniors with the meals on meals program.**
What has been distributed so far: **They don't hand out cases of water with filters because they don't have the inventory for it.**

Filters distributed by GCCARD and MDHHS are below

January 1-26, 2016

	Distributed	Total Distributed Oct-Jan 2016
Brita Filters	1,738	13,153
Zero Water Pitchers	240	475
PUR Filters	203	203
Replacement Cartridges - Brita	2,190	3,665
Replacement Cartridges - PUR	511	585
Replacement Cartridges - Zero	291	296

Subject: Today's Numbers

AS OF **February 7, 2016** AT 1700 USING DATA FROM FLINT WATER RESPONSE TEAMS, POD DISTRIBUTIONS, AND GENESEE COUNTY HEALTH DISTRIBUTION DATA.

NOTE: PLEASE REMEMBER THAT PAPER DATA AND DATA ENTRY FROM PREVIOUS DAYS CONTINUES TO COME IN AND WILL BE INCLUDED IN THE TOTALS AS IT IS RECEIVED.

We are tracking **38,876** residential parcels that the City of Flint has identified as non-vacant (including Franchise). Of those:

- **38318 98.6%** of the parcels have been engaged as part of response efforts
- **29654 76.3%** of the parcels have been confirmed have some form of filter
- **11949 30.7%** of the parcels have volunteered for water testing

We are also tracking that there are 30188 active water subscribers (metered service lines) in the city. When consolidated down and filtering out only residential there are **26812** residential parcels that have the ability to use the Flint Water System. Of these

- **26617 99.3%** of the parcels have been engaged as part of response efforts
- **23469 87.5%** of the parcels have been confirmed have some form of filter
- **10464 39.0%** of the parcels have volunteered for water testing

Please let me know if you need anything else.

Hi Kari - can you verify if any of the complexes that GIS could not find an address for have been provided filters?

I see the ARC was assigned some today, and I thought MSHDA had worked on this already.

If you have questions just call.

Thank you!

Please look over the attached spreadsheet.

Here are the issues
1) Some addresses could not be found in the parcel database
2) Found a possible address. Property name and street match but not the address number. Highlighted in yellow.
3) Found matches that have filters and two that do not have filters.

2-01

[FCO In-brief]

- major disaster declaration
- GIS mapping of old water maps
- scope/authority of GM
- Interagency Inc Command

- unique mission, limited role of comm distribution, no more than 90 days
- reality in scope is much larger - more response needed
- 24 hour planning cycle new to everyone - HQ/Region
- RA liked our operation - wanted more communications of successes
- Bring report, weekly story of the successes, some shortcomings
→ Sandy → FCO → RA, cut paste for his reports
→ story line for the story, end of incident → detailed narrative w/ highlights → structured lessons learned
→ first report for friday

[Ops brief]

- State Long Term Distribution task force
- Negotiating Kroger warehousing space
- 10 teams
- Team Rubicon demobing Friday - doing quick turn (tweets re FEMA training Friday)
- Transition plan to NGO pods - deadline by end of week
- last shipment to fulfill RRF - preparing for deliveries last week
- Firming up donations schedule

2-03

- No Regional / ~~State~~ VCG presence at CoGS meeting
- State long term cartridge plan
- Finalizing data
- TR demobing Friday
- POD #s decreasing substantially - get a handle on what VOAD is providing
- 2 #s whats sent to PODs, whats pulled from PODs
- Tech assistance for Kroger contract
- RRF - TA for warehouse at Kroger

- Increase in VAL for community meeting

Feb 5

- Donated water could be ½ what we are doing – major skew
- Filter replacement plan
- 6% not yet reached personnel
- 20 trailers from Detroit?
- Logistics supporting questions on high commodity return (water yes in conditions) — State pays transfer transport fees
  - ↳ support for long-term distribution mission
- Copper testing
- COA for distribution / VAL
- SBA dec for economic injury – M/L next week

Feb 6

- Water 3M Cartridges 208
- 10 ARC teams folded to apartments
- Opening of Kroger - uses Dept Corrections / hard to track, receiving distribution
-

Feb 7

- 959 homes need to be visited, focus for today
- 7132 DEQ water samples, ARC teams
- 2nd warehouse for donations soft open yesterday, getting forklifts / loaders
- strike teams from UM-Flint to look at risks
- 211 getting lots of calls on logistics issues

- ARC VRC – 194v
- developing home outreach plan
- PDD guidance
- VALs scouting subhubs, trying to find new PODs
- Right to keep
- hilary here @ 130 for community w/ mayor
- Kroger/PDD
- FSA 25 trailers, 12 empty, 14 on the road
- Separate
- absorbing donations, extremely low because of donated water
- command decision on copper/Pets / lack of coordination b/w GOA & state teams

- April - Blood test for all kids

Feb 8

- adjusting hours - quit batch under the water
- plan on working Monday as holiday
- 10 water teams, DEQ working with elevated blood levels
- Expanding sub hub spots - time issue
- 32 trailers in yard 447K liters in yard

23 homes

- quiet anywhere day, donations slowing

PIO

- Kroger did not get soft opening - trying to do so today, no forklifts or pallet jacks

- COPPER ☆
- State units handle on long term distribution / donations management (Jobs training PODs → Hubs)

- Companion animals

PODs → Hubs

- PoD Resource guide

- tracking donated $

FEMA IMAT B Status Update for 2-7-16

- GIS:
  - Provided an updated map of the lead levels in water at residences in Flint to the EPA and CDC.
- External Affairs:
  - Draft Intergovernmental Community Outreach courses of action.
  - Update key stakeholders in database.
  - Streamline Public and External Affairs Task Force (PEATF) reports for daily plan and SitRep.
  - Drafter transition plan for incoming staff.
- Operations/Planning:
  - Work with Ops to transition to FEMA 204 listing work assignment by resource rather than traditional ICS 204.

      i. 10 Red (ARC) (2-4 folks) teams----Goal today 100 homes per team

Cyber mission?

5. **National Guard**

   National Guard has demobilized, still be supporting POD mission.
   a. Total number of National Guard on the ground: 65
      i. Number in PODs: 60, Command and Control Staff for NG Personnel: 5

Next Call – Wednesday 27th – 8:30 am
Participants:

Genesee County EM
EMHSD District Coordinator

Are we making progress? yes

What can we do to help?

Anything else we can do? no

5 Businesses 40% or greater loss
SBA declaration

- Rapid Response Team instead of Hot-Shots
- 8 EPA PIOS coming into the JIC

Amway - large quantity filter donation

2:30 - Congressional Leg. Briefing - Capt.
- 1 good new story a day
today - recycling?

Michelle a mtg today @ 1 pm

AG - Bathing in the water - damage control

Capt = water inventory - need it.

need - Michelle - Center for Donations

- Ask Jennifer about Meijer warehouse

Coordination Meeting Agenda

1. Roll Call Kristy, Dave, Jay, Henrik, N.G., Bonnie

LEOC Operations	LEOC Log	LEOC MSP	LEOC OGCS	LEOC NG
LEOC DEQ	LEOC Other	SEOC Operations	SEOC Recovery	SEOC Human Services
SEOC DEQ	SEOC LOG	SEOC Warehouse	SEOC Planning	SEOC MSP
SEOC NG	SEOC DOC	FEMA	Red Cross	Other

2. Today's Priorities
   a. PODS – no complaints of being out — Pallet jacks
   b. ARC sent out 10 teams...progress? Status? iPad down
   c. Have radios been delivered to all drivers for Rapid Response deliveries — Not yet
   d. Blue Pallets – have established correct recipient – save them! They belong to CHEP
   e. Water delivery – 8 trucks today, 8 trucks tomorrow
   f. Alternate warehouse location – Kroger site – temporary hopefully until Target → Call Michelle
   g. Inventory – tomorrow we will go to inventorying liters as opposed to pallets.
3. Tomorrow's Priorities
   a. PODS
   b. ARC teams – 10 more tomorrow
4. Any issues, concerns, coordination needed?
   a. Location of the Penske trucks – have they been returned?

ARC - High Risk area?

- Bob Kinney - 6e yesterday & 4 today

Penske returns > Renee checking on

Businesses - who's the POC? > Carol will create a canned response & file them away

need electric pallet jacks

* - Town Hall mtg in Flint w/ Capt, County, FEMA

1/25/14 7pm

Coordination Meeting Agenda

1. Roll Call

Local EOC, Kristy ARC, Bonnie L, Dave.

LEOC Operations	LEOC Log	LEOC MSP	LEOC OGCS	LEOC NG
LEOC DEQ	LEOC Other	SEOC Operations	SEOC Recovery	SEOC Human Services
SEOC DEQ	SEOC LOG	SEOC Warehouse	SEOC Planning	SEOC MSP
SEOC NG	SEOC DOC	FEMA	Red Cross	Other

2. Today's Priorities
   a. ARC sent out 11 teams...progress? Status? – effective – all use the iPad
   b. PODS – didn't dedicate drivers today, will tomorrow – driver distributed #8
   c. New Hotshot/Rapid Response form
   d. IPads to all drivers for hotshot deliveries

Lt. Rolland resupply pallet jack

3. Tomorrow's Priorities
   a. PODS – dedicated drivers to each POD
   b. ARC teams – 10 more tomorrow
4. Any issues, concerns, coordination needed?

= Arc - backlog 7K need to be entered. - will be entered into the computer.

Jay = iPads - Jay will deliver to warehouse

MCSC = track donated

Kim
- Apartment Complexes need names & #'s
8

Recycling - ?

Orders -

new warehouse

Kristy

last side

1500 residences

-ipads

Station 8 - get heirs

! out service Sunday

- didn't

RRF for pallet jacks

Nat'l Guard

Bonnie

- ARC - door-to-door to provide this weekend

VOADS will coordinate

Dave could handle spontaneous volunteers

5 on Friday

Coordination Meeting Agenda

1. Roll Call - local EOC, Kristy ARC, Dave Bonnie

LEOC Operations	LEOC Log	LEOC MSP	LEOC OGCS	LEOC NG
LEOC DEQ	LEOC Other	SEOC Operations	SEOC Recovery	SEOC Human Services
SEOC DEQ	SEOC LOG	SEOC Warehouse	SEOC Planning	SEOC MSP
SEOC NG	SEOC DOC	FEMA	Red Cross	Other

2. Today's Priorities
   a. PODS – dedicated drivers today ✓
   b. ARC sent out 10 teams...progress? Status? ✓ 230 addresses
   c. New ~~Hotshot~~/Rapid Response form
   d. IPads/radios to all drivers for Rapid Response deliveries > have form w/ them & radio w/ them
   e. Blue Pallets
   f. Water delivery – Michelle

- COORDINATING MESSAGE

Katarsky, Anthony (MSP)

Subject: SEOC Operations Concerns

As we proceed into our fourth week of SEOC operations and distribution of water, filters, filter cartridges, and water test kits, I am becoming concerned for our staff. If any end to our operations was in sight, I would not be as worried. A few thoughts for your consideration...

- We have been running 12 hour shifts for over two weeks. These shifts often go 13.5 hours for many. Adding travel time on both ends leaves little time for recharging. 130 hours for the last pay period is typical. Two individuals are at or near the 160 hour mark.
- When we began operations, we were hoping for a short activation, perhaps a few weeks. With the USHHS engagement, things are only getting busier. We are planning to be in the logistics business for the foreseeable future.
- Our SEOC personnel are performing functions they have never performed. While expectations remain high, logistics problems remain a major concern.

To this end, I am providing the following recommendations.

- We need assistance with logistics. Following are three options:
  - Transition the water/filter logistics to a private sector expert.
  - Request water/filter logistics assistance through EMAC.
  - Obtain additional assistance from other state agencies.
- Reduce SEOC hours of operation. Points of Distribution currently operate from 9 AM to 9 PM. Traffic declines significantly after 6 PM. This would allow us to trim operations to a sustainable level.
- Some individuals resist taking time off. One individual has not had a day off since the beginning of the event; another has had one day off. This is not a good situation.
- Encourage staff to take scheduled vacations. If we cannot operate without one individual for a short period, we have major problems in our organization.
- Rotate personnel to different positions. I have heard the term "Going native" used in reference to personnel based in Genesee County. Changing positions will work wonders for understanding what is happening on the other side of the fence.

Please let me know if you would like to discuss.

Request/Task Details

Mission Name

Troopers/Vehicle for Door-to-Door Operation

Detailed description

Request for troopers to attend training event that will be provide information on filters, replacement filters, water test kits, and operations on Monday, 1 p.m., at the DHHS Office at 4809 Clio Road, Flint 48501. One squad of on-duty troopers are requested to be in attendance in a community service role. Duration of this assignment will be for approximately 1 hour.

Request for four troopers in uniform and trooper vehicle to work with volunteers in a community service role in the affected area beginning Tuesday, Jan 12, 2016. This operation will be ongoing and the end date has not been determined.

Hours of operation will be 8:30am - 5pm daily.

Tasks are being forwarded to MSP Rep, Lt. Amy Dehner at Local EOC.

Subject: Security concerns

People talking about their gangs and showing weapons in their waste bands.

City and county do not have resources to sit cars at the sites.

Is this something Lt. Kish can assist with?

To all,

I spoke with F/Lt. Kish regarding the below security concern. . All personnel working these stations have been instructed to dial 911 if they have a true emergency. 911 will dispatch the closest car to respond to these sites in the event of an emergency. Based on the closest car concept MSP, GCSO or City PD could respond.

Sent: Sunday, January 17, 2016 7:37 PM
To: MSP-SEOCPIO
Subject: RE: Stats as of 1/17/16

Hi Jane,

I think we can work with this, but I will need a little more explanation on what this map is showing Are these residences visited by water resource teams – or are these homes with filters?

Also, do we know how many residences there are total that we are trying to get to? I would like to put our progress in context.

— 30,000 —

Do we need to add a Flint city boundary to the map? Or is the city the entirety of what is represented on the map?

Thanks,
Shanon

- water test results
- number of volunteers

D-R-A-F-T

Flint Water Operations Plan

Phase 1 – Initial distribution

- Canvassing teams initiated by sheriff; fleshed out by MSP, ARC, NG, and volunteers.
- Goal – Touch every residence with water, filters, filter cartridges, and test kits to demonstrate we have attempted to supply all residences with potable water.
- Canvassing based on geographic areas.
- Points of Distribution (PODS) established at 5 Flint fire stations to distribute water, filters, filter cartridges, and test kits; initially ARC staffed, then replaced by NG.
- 2-1-1 used to address all questions and serve as POC for all special needs requests (hot shots).
- Phase 1 complete the morning of January 21 based on feedback from local EOC.

Phase 2 – Saturation - Succes - needs to go well for transition to 3.

Succes other than going through twice criteria for benchmark

- A second round of canvassing teams begins January 21 using NG and ARC personnel augmented by volunteers as judged appropriate.
- Goal – Re-touch every residence with water, filters, filter cartridges, and test kits to demonstrate we made every effort to supply all residences with potable water
- Canvassing based on geographic areas.
- Points of Distribution (PODS) staffed by NG continue at 5 Flint fire stations to distribute water, filters, filter cartridges, and test kits.
- 2-1-1 addressing all questions and serve as POC for all special needs requests (hot shots).
- Phase 2 completion planned for COB January 24; any remainder to be addressed by ARC teams.

Phase 3 – Transition – what does it mean; out of five stations and where at

State managed and run.

What's the capacity of NGO's?

- Goal – Move from manual distribution mechanism to less labor intensive processes.
- Develop messaging for implementation of this phase and transition to next phase (phase out of distribution of water, filters, cartridges, and test kits noting PODS to cease operation on January 31).
- Identify new water only distribution sites operated by faith-based or other volunteer groups.
- Determine and implement best methodology for long-term distribution of filters and filter cartridges.
- Phase 3 complete with close of PODS COB January 31.

Phase 4 – Long Term Support - WV ~~ARC~~

Consider the time it takes to stand up programs

- Goal – Establish long-term, workable processes to sustain provision of potable water to residents.
- Develop messaging for implementation of this phase and transition to next phase.
- Water distribution by the city or faith-based/other volunteer groups.
- Establish long-term filter distribution process using USPS, vouchers, or other measureable program.

Phase 5 – Normal Operations

- Goal – Resume normal operations.
- Develop messaging for implementation of this phase and transition to next phase.
- Analysis complete, solutions implemented and public trust in Flint water reestablished.

Hi, I was informed by Commissioner Curtis, Genesee Co, that since the federal declaration Mark Valachak, Genesee Co Public Health Dept, is requesting to exercise his Mutual Aid Agreement with Community Mental Health, and bring them into the fold. I do not believe they have been active up to this point. Can someone please contact me ref this issue? Thanks, BJ

Subject: Updates from NCOIC on ground (UNCLASSIFIED)

CLASSIFICATION: UNCLASSIFIED

Sir,

I talked to NCOIC on ground (SSG Wedding) he gave the following answers to questions asked from SEOC and other issues on ground:

1) When and individual comes to a station, attempting to get an ID from them is happening, some don't want to give ID or say they don't have water. So, if it is an individual case then they hand it out so no issue is created between locals and soldiers/Red Cross.

2) The Red Cross is handling most of the filters and taking address from civilians. An issue is some addresses come up as vacant or non-existing. The number of locals flowing in does not allow for the checking of addresses right away, it is done later in the day creating this problem.

3) The tablets given to process the addresses cannot have the location turned on, it creates some problem with the imputing of other addresses.

4) No site can fit a 50' trailer. The current delivery vehicles are the largest that can be used.

5) The site storage areas are not large enough to take much more than current load. Site layouts are being made to portray the space available.

6) SSG Wedding did request to talk to our rep at SEOC to go more in depth with these issues. His number is

V/R

Then MI-JOC makes initial distribution in accordance with our pre-approved operating procedures and distribution lists. When authorized, further distribution is the responsibility of the initial recipients and will be based on an identified need-to-know basis and in accordance with DODM 5200.01-Vol1-4.

Local Program Conference Call Agenda

January 16, 2016

1. **Welcome and Roll Call**
2. **Distribution Status as of 1/15/16**
   a. Update of homes visited by FWRT (7474)
3. **Distributed as of 1/15/16 (PODS & FWRT)**
   a. Number of cases of water 18,576
   b. Filters 45,916
   c. Filter cartridges 165,382
   d. Test kits 3,217
4. **National Guard**
   a. National Guard is adding soldiers to the pods to assist (total 58)
5. **Neighborhood canvasing campaign**
   a. 70 volunteers registered for today's canvasing efforts
   b. 8:30am -5:00pm
      i. 10 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
      ii. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Next Call – Sunday 17th – 8:30 am

Participants:

Genesee County EM -

EMHSD District Coordinator

Are we making progress? yes

What can we do to help? ND

Anything else we can do?

Station 6 E Pierson

Safety problem

Traffic Control

Needed items for JIC (maybe on a daily basis) Data is to date (1/15/16 as of 7pm)

1. 7474 homes visited by the FWRTs.

2. Distributed:
   a. Number of cases of water 18,576
   b. Filters 45,916
   c. Filter cartridges 165,382
   d. Test kits 3,217

   } AMANDA / ZACH

3. Total number of customers on the Flint water system
   a. 29,944 paying customers
   b. 45,000 hookups — CONFIRMED WITH TIE CAPTAIN
   c. 39,000 includes apartment complexes (is the number we are using as our goal)

4. Resources purchased:
   a. Cases of water 44,688
   b. Filters 78,520
   c. Filter cartridges 163,081
   d. Test kits 18,761

   > FROM PAM (WHO IS TRACKING ALL THIS)

5. Teams going out tomorrow:
   a. 10 MSP (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
   b. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

ASSIGNMENT LIST (ICS 204)

1. Incident Name:	2. Operational Period:		3. Branch: Division: Group: Staging Area:
Logistics Section (Obj. 2)-2015-10-01-City of Flint-Water Contamination/Shortage	Date From: 01/11/2016	Date To: 01/13/2016	
	Time From.08:00:00	Time To: 08.00:00	

4. Operations Personnel:	Name	Contact Number(s)
Operations Section Chief:	Jackie Hampton	
Branch Director:		
Division/Group Supervisor		

5. Resources Assigned:		# of Persons	Contact (e.g., phone, pager, radio, frequency, etc.)	Reporting Location, Special Equipment and Supplies, Remarks, Notes, *Information*
Resource Identifier	Leader			
Warehouse #1	Michelle Kuzera	1		
Local EOC Donations Management	Ginna Holmes	1		

6. Work Assignments:

Critical Task: Coordinate the ordering, tracking, delivery, and inventory of resources to warehouse operations.

Task (ex):

Find and appoint a warehouse manager (and supporting staff, if necessary)
Develop inventory process.
Ensure staff are properly trained and certified to operate equipment.
Create a Safety plan.
Site safety plan must be followed.
All injuries reported to Safety Officer
Create necessary forms for tracking items coming in and leaving the warehouse.
Create receipts for donated individuals.
Assess training needs/requirements for heavy equipment operation.
Create daily inventory reports
Coordinate with public/private partners and local rep to maintain local donations management.

7. Special Instructions:

DAILY MEETING SCHEDULE

Operational Period (Date/Time)
From: 2015/01/06 0800 To: 2015/01/08 1700

3. Meeting Schedule (Commonly-held meetings are included)

Date/Time	Meeting Name	Purpose	Attendees	Location
2015-01-08 0810	Unified Command Objectives Meeting	Review/ identify objectives for the next operational period.	Unified Command members	Library
2015-01-08 0830	Local Agency Brief	Review/ identify operational objectives with local agencies	Command/General Staff/Local Agency Reps	Library/Conference Call
2015-01-08 0900	Command & General Staff Meeting	IC/UC gives direction to Command & General staff including incident objectives and priorities	IC/UC, Command & General Staff	Library
2015-01-08 0930	State Agency Brief	Daily update of state agency activities and priorities	Command/General Staff, SEMCs	SEOC/Conference Call
2015-01-08 1100	Tactics Meeting	Develop/Review primary and alternate Strategies to meet Incident Objectives for the next Operational Period.	PSC, OSC, LSC, RESL & SITL	Library
2015-01-08 1400	Planning Meeting	Review status and finalize strategies and assignments to meet Incident Objectives for the next Operational Period.	Determined by the IC/UC	Library
2015-01-08 1600	Operations Briefing	Present IAP and assignments to the Supervisors / Leaders for the next Operational Period.	IC/UC, Command & General Staff, Branch Directors, Div/Gru Sups., Task Force/Strike Team Leaders and Unit Leaders	SEOC/Conference Call

5. Prepared by (Situation Unit Leader)	Date Prepared	Time Prepared
Tom Weber	2015-01-07	1400

- maintain activity log
  - be aware of who can see
- Be aware of info materials
  - make sure you know what's in MICTAS
- Lead Pipe replacement program
  - Sun WaIR
- GIS
  - where are bus affected, filters, distribution (can be use effects)
  - use to find/fix gaps
- Reestablish trust in state govt
  - PIO Coord

Dr. Wells - Chief Med Exec. DHHS

- Overview
  - Lead = Neurotoxin
    - infects every system in body
    - Children are very susceptible to Lead poisoning
    - short + Long Term Effects → Cognitive effects, etc.
    - possible gastric distress, coma, seizure, etc
    - 10 mg/dL - action level → dipped to 5 mg/dL - new norm
  - Toxicity
    - it is part of our environment
    - EPA (LTOW) very low dropped levels w/ replacement of infrastructure (environmental)
  - CLIP
    - Children at risk get screened (1+2 yrs of life)

- get Screened by age 6 if not before
- Screening
  - Capillary test (WIC clinic)
    - 4/5 → f/u activated
      - Venous test conducted
        - 75 → Evaluation
- ≥45 mg/dL = immediate hospitalization
- Lead Prev program (Flint, Battle Creek, Detroit)
  - Targeted areas all children screened
  - Case mgmt.
    - risk sources
    - elevated blood lead investigation
    - Environment (child's)
    - Can apply for lead abatement program
    - Water not normally part of this
- Hurley Medical Center (Dr: Mona Tieska)
- Virginia Tech water study
  - documented levels in water
  - documented elevated blood lead levels
  - 3rd quarter 2014 → higher than usual
  - Suspected Flint water Source Crisis
- Sept 24th
  - DHHS responded
    - epidemiologists noticed an increase in two zip codes in Flint last 2014

- DHHS response (cat)
- Collaborated w/ Turkey Dr.
- Lead Levels
- associated w/ water?
- Can't say definitively but possible
- many other sources possible
- Case mgmt
  - can remove them from environment
- Filters
  - educated
  - heavy issues w/ Pure Complete filter, correct usage, understanding
- test every child under age of 6
- long term effects? Impacts?
  - unknown at this time
- Ped. for further surveillance
- Surveillance indicators
  - Oct-Dec. 18
  - 23/)
  - 7/75 (blood lvls)
  - 13/75
- ↑ in hospitalizations for blood lead level
- ↑ investigations by healthy homes
- Test drinking water
- Genesee Co.

more investigation

- MSU, Wayne St Univ
- Filter distribution
  - filters / pitchers
  - 11,415 distributed, 245 pitchers
  - trying to get filter in every household
- Trying to connect w/ distribution
- Toxicology
  - enhanced blood testing protocol
- Short term
  - provider communication / info / w/ distribution
  - Citizen education + trust
  - Filters, SNAP + WIC → nutrition programs,
  - involve primary care provider
- Long term
  - Long term Phys, psych, school Secondary
  - michigan.gov / flint water
  - lots of good info on filters
- How deep checked?
- other toxins?
  - bacteria in pipes, copper (no issues so far)
- Wilsons disease
  - Can not have excess copper
  - filters can capture copper

- How are lasting impacts mitigated?
  - nutrition, early education, less toxic environment
  - reducing toxic stress
    - nutritional + Parental supports

Agency Reports

DEQ
- Merge Division (Flint action plan Coord) Dec 2015 Supervisor response action
- Summary of timeline
- DEQ actions
  - Oct 2015 Flint School primary inspections
  - Water Sampling
    - Start at main and move to faster away from main
    - Concern
      - 25-50 Samples per School
  - Pitting Stress Cor Lead, w/ Coaty Stripped Lines
  - Service lines, fixtures, Lead Solder,
    - Corrosion control Starts but does not treat

1-24

- Resident pgms
- Sue ago well above 100 ppb in her

Q's

Do you have baseline data?
- no data from time ago
- lead/copper levels
- schools by law are exempt (easy to fix this)
- for city Sue historical data exists
- Is this unique to flint?
- No! this may exist in other places as corrosion controls only slows and does not treat this
- This is a growing concern
- Does flint know which lead pipes are?
- They are working on digitizing and keeping all locations of all lead pipes
- Excavation should not occur for locals
- Can correct the problem until lines are replaced

DEPARTMENT OF HEALTH AND HUMAN SERVICES

LANSING

RICK SNYDER
GOVERNOR

NICK LYON
DIRECTOR

FOR IMMEDIATE RELEASE
October 5, 2015

CONTACT: Jennifer Eisner
(517) 241-2112

Water filters available for MDHHS clients in Flint beginning Tuesday

LANSING, Mich. – Free water filters will be available to current Michigan Department of Health and Human Services clients and Flint residents at four locations beginning Tuesday, October 6, at 9 a.m. through a partnership between the MDHHS and the Genesee County Community Action Resource Department. Free National Sanitation Foundation certified water filters are being provided to Flint residents as part of the administration's comprehensive approach to addressing water concerns in the area.

Current MDHHS clients are encouraged to visit either the 125 E. Union St. or 4809 Clio Road MDHHS office location to obtain a free, certified home water filter. Residents who are not currently enrolled in MDHHS assistance programs should visit the Genesee County Community Action Resource Department offices located at 2727 Lippincott and 601 North Saginaw in Flint. Staff will be onsite at all four locations from 9 a.m. to 4 p.m., Monday through Friday, to distribute filters and assist residents who have questions about proper installation.

"Ensuring that families in the Flint area have access to resources that will help reduce the potential for lead exposure is our top priority," said Nick Lyon, director of the MDHHS. "I want to thank our partners who have mobilized to make water filters available – a point that highlights the importance of continued collaboration at the local, state and federal level as we move forward."

MDHHS clients in the city of Flint who are active Family Independence Program (FIP), Food Assistance Program (FAP), Child Development and Care (CDC), State Disability Assistance (SDA), or Social Security Insurance (SSI) recipients should bring valid identification and a copy of their water bill to their local MDHHS office to receive their filter free of charge. Flint residents who are not active MDHHS clients should bring identification and their water bill to the GCCARD location.

Although blood lead levels throughout the city of Flint have remained steady, last week, MDHHS data was found to be consistent with a recent Hurley Children's Hospital study indicating increased blood lead levels in children residing in two Flint ZIP codes after a 2014 change in water source. While lead paint remains the number one cause of lead poisoning in Michigan, the recent data prompted MDHHS to take action to reduce potential lead exposures through water sources.

MDHHS is urging parents in Flint and throughout the state to do their part in preventing elevated blood lead levels in children. For more information about steps you can take now, visit www.michigan.gov/lead, or contact your local health department. For updates on Flint water and available resources, visit www.michigang.gov/flintwater.

###

Blood Lead Levels in Flint Talking Points
October 5, 2015

- Initial analysis of MDHHS data found that blood lead levels (BLLs) of children in Flint have followed an expected seasonal trend; due to small numbers further analysis was initiated.
- While this analysis of blood lead levels in Flint as a whole remains true, after a comprehensive and detailed review down to the zip code level, we have found that the state analysis is consistent with that presented by Hurley.
- Director Lyon is working closely with DEQ and the administration to take active steps to reduce all potential lead exposures in Flint, and across the state.
- Our Chief Medical Executive has been in communication with the lead investigator at Hurley Children's Hospital, and we continue to work with Hurley, the city of Flint, local and state leaders to verify and analyze data trends.
- Zip code-level data does show that there has been an increase in elevated childhood blood lead levels in specific communities.
    - This does not conclusively mean that the water source change is the sole cause of the increase, but data does show an association.
    - There is an increased proportion of children with elevated Blood Levels (ELBs) in several zip codes, particularly 03 and 04. These appear to have increased over the last 1.5 years.
    - Lead exposure can occur from a number of different sources (such as paint, gasoline, solder, and consumer products) and through different pathways (such as air, food, water, dust, and soil).
    - Although there are several exposure sources, lead-based paint is still the most widespread and dangerous high-dose source of lead exposure for young children in the US and Michigan.
- We reviewed MDHHS statewide data using the same methodology used by Hurley, looking at our numbers by zip code and age ranges, and filtering out non-Flint children.
- Routine surveillance of blood lead levels does not analyze data down to the zip code level. Detailed analysis like this occurs when there is reason to focus in on precise locations or populations.
- MDHHS will be working closely with the Michigan Department of Environmental Quality, Hurley Children's Hospital, the Genesee County Health Department, and community organizations to initiate further action steps.
- We understand that cost may be a barrier to following the recommendations of the local health department. We are actively working with public and private partners to make resources available to those who may need assistance.

- Given the questions and concerns regarding the change in water source in Flint, MDHHS authorized the use of emergency services funding to provide water filters for MDHHS clients receiving assistance in the city of Flint.
- This funding will support active Family Independence Program (FIP), Food Assistance Program (FAP), Child Development and Care (CDC), State Disability Assistance (SDA), State Disability Assistance (SDA), or Social Security Insurance (SSI) recipients so that they can obtain filters that are National Sanitation Foundation (NSF) certified to remove lead and ANSI Standard 53.
- MDHHS currently serves approximately 25,000 households in Flint.

Reducing and Removing Lead Exposure

- In housing built before 1978, it can be assumed that the paint has lead unless tests show otherwise.
- Make sure your child does not have access to peeling paint or chewable surfaces painted with lead-based paint.
- Children and pregnant women should not be present in housing built before 1978 that is undergoing renovation. They should not participate in activities that disturb old paint or in cleaning up paint debris after work is completed.
- Create barriers between living/play areas and lead sources. Until environmental clean-up is completed, you should clean and isolate all sources of lead.
    - Close and lock doors to keep children away from chipping or peeling paint on walls. You can also apply temporary barriers such as contact paper or duct tape, to cover holes in walls or to block children's access to other sources of lead.
- Regularly wash children's hands and toys. Hands and toys can become contaminated from household dust or exterior soil. Both are known lead sources.
- Regularly wet-mop floors and wet-wipe window components. Because household dust is a major source of lead, you should wet-mop floors and wet-wipe horizontal surfaces every 2-3 weeks.
    - Windowsills and wells can contain high levels of leaded dust. They should be kept clean. If feasible, windows should be shut to prevent abrasion of painted surfaces or opened from the top sash.
- Take off shoes when entering the house to prevent bringing lead-contaminated soil in from outside.
- Prevent children from playing in bare soil; if possible, provide them with sandboxes. Plant grass on areas of bare soil or cover the soil with grass seed, mulch, or wood chips, if possible.
    - Until the bare soil is covered, move play areas away from bare soil and away from the sides of the house. If you have a sandbox, cover the box when not in

Subject: Walmart Donation
Attachments: image2016-01-11-083518.pdf

In order to finalize our donation to the state for the water filters purchased last week, I need some assistance so that our Foundation can reimburse the store for the purchase. I have attached the receipt for your review:

Can you assist me in providing an official letter for the request/purchase? Below are the qualifications from our Foundation:

a) If the requesting organization is a town, city, or borough, please provide a letter from an official of the town/city/borough, on an official letterhead or containing the official seal, that provides citation to the legislative act creating the town/city/borough and that authorizes the town, city, or borough to apply for funds. Copies of the legislative act are also acceptable.
(a) Acceptable officials include the mayor, city or town clerks, council members, and similar.

Respectfully,

Erik Hingst

Subject: 2-1-1 Flint Water Response for Monday, January 18, 2016

This is the daily 2-1-1 summary on the Flint Water Response for Monday, January 18, 2016

GENERAL INFORMATION:

****** 2-1-1 NEEDS SPECIFIC GUIDANCE ASAP ON WHAT TO TELL CALLERS WITH QUESTIONS ABOUT BOTTLED WATER TESTING POSITIVE FOR LEAD.******

Since 1/14/16 Michigan 2-1-1 has received three direct reports of bottled water testing positive for lead. The attached .wav file has information from a staff member at a group home in Flint. The home tested bottled water received from a fire station and it came back positive for unsafe lead levels. The group home attempted to return the water to the fire station, but the station would not accept it and told them to call 2-1-1. 2-1-1 has contact information for the three callers making reports.

- At 2:30 pm today this request went to Katie Dunkle at DHHS- Office of Public Health Emergency Preparedness (the team that handled health questions while Genesee Health Department was closed this weekend). At 4:23 pm the SEOCOPS Health and Env MDEQ desk is following up with the callers reporting lead in bottled water, but as of 5:14 pm there is no formal guidance on how 2-1-1 should respond to these calls.

- Is there a timeframe for how long bottled water will be distributed? Locals are asking how long this will continue.

☐ One of the top questions is when will canvassers be specific neighborhoods. Callers would like to know so they can arrange their schedules. Is this information available for 2-1-1 to share?

☐ A local minister called 2-1-1 twice over the weekend for assistance because his church was listed as a water distribution site, but no water had been delivered. **Is there a master list of additional community distribution sites, e.g. senior centers, churches? Is there any schedule available showing when water will be delivered to different sites?**

☑ Can 2-1-1 get a calendar of any future furlough closures for Genesee County government so we can properly refer callers? **Jamie Gaskin at United Way of Genesee County verified the only upcoming furlough dates for City of Flint employees are Presidents Day Weekend, Friday Feb. 12 through Monday, Feb. 15.**

CALL VOLUME:

- Weekend call volume was manageable with 2-1-1 partners in SE Michigan and Grand Rapids providing extra capacity to the regular overnight service provided by Gryphon Place in Kalamazoo. There was a spike on Saturday morning and another on Sunday that led to a short periods where answer times hit 10 minutes before additional capacity could be brought online to reduce wait times under two minutes.
  - **326 calls on Saturday 1/16**
  - **244 calls on Sunday 1/17**

- Today (Monday) Gryphon Place brought in 3x normal staffing to handle the holiday volume for Central Michigan, including Flint, along with GP's regular territory in SW Michigan. As of 2:30 pm "Staff have been taking calls non-stop, but wait times are still within two minute goal".

- The health information hotline staffed by DHHS over the holiday weekend received approximately 25 calls over the weekend, including Monday.
  - Is the JIC is monitoring demand on the Genesee Health Department hotline to ensure they have adequate capacity to handle demand? Could DHHS provide additional staffing if needed?

SPECIAL NEEDS/REQUESTS

- Demand from seniors and homebound residents for water delivery remains high. 2-1-1 continues to maintaining this information and is providing daily updates to the Sheriff's Department.

  ☑ 2-1-1 is documenting the tracking homebound residents needing bottled water for medical devices as an unmet water need – the Sheriff's Department is including these with other homebound deliveries as their capacity allows.

☐ Callers are asking about shower heads that can filter water for bathing. 2-1-1 continues to receive reports of rashes attributed to bathing in unfiltered water.

☐ Business owners are asking for water filters. As one said, "What about us?" Over the weekend 2-1-1 received calls from a golf course and a large factory owner. The factory needs "100s of water filters – we got 3". How would the JIC like 2-1-1 to handle inquiries from businesses for assistance?

RUMOR CONTROL

- See first item in today's report on concerns about lead in bottled water.

☐ An unofficial 'Flint Police Operations' Facebook page posted an item telling people to call 2-1-1 if they had large parking lots to host 18 semi-trucks bringing in water to distribute. 2-1-1 was able to coordinate with the EOC to have the post removed within a few hours.

UNRESOLVED

☐ **From 1/13/16:** No solution reported yet for a paralyzed man who needs a water testing kit delivered. He needs a test kit delivered since he is homebound when he does not have an aide available. 2-1-1 has this contact information.

☐ **From 1/14/16:** 2-1-1 continues receiving calls from elderly residents in senior apartment complexes (non-subsidized housing) needing water resources delivered. They cannot carry bottled water with canes or walkers, nor stand in line for extended periods. ***Is the sheriff's office handling these deliveries now?***

☐ **From 1/15/16:** 2-1-1 has heard from several callers expressing concerns law enforcement is either providing or accompanying all deliveries of water resources to qualifying residents. One wheelchair bound man demanded to be removed from the filter delivery list due to fear of the police. 2-1-1 attempted to provide reassurance, but the caller was adamant being removed. **Is there a water delivery option for residents who are concerned about contact with law enforcement?**

☐ **From 1/15/16:** 2-1-1 is trying to identify a resource to pick up test kits from homebound/senior residents who cannot drop off test kits at designated sites.

Historically, the Flint Water Treatment Plant utilized the Flint River as the source for providing drinking water to its customers. In 1967, the city of Flint (City) started to purchase treated water from the Detroit Water and Sewerage Department (DWSD). The DWSD water source is Lake Huron. The Flint River supply infrastructure to the water treatment plant was continuously maintained as an emergency backup source to the system.

Over time, the DWSD source became financially strenuous to the City and in January 2006 discussions ensued regarding utilizing the proposed Karegnondi Water Authority, which was not yet constructed, as an alternative primary long-term water supply for Genesee County and the Flint Water Treatment Plant customers. In 2009, the Lake Huron water supply study for the Karegnondi Water Authority was conducted and an Executive Summary and Preliminary Engineering Report were generated. Due to the financial strains the City was experiencing, they resolved to end their contract with DWSD and temporarily convert the water supply back to the Flint River as the source for the Flint Water Treatment Plant prior to the completion of the Karegnondi Water Authority. In April 2014 the Michigan Department of Environmental Quality (MDEQ) issued the Flint Water Treatment Plant construction permits for full time operation enhancements. In May 2014, the conversion of the source was implemented and the Flint Water Treatment Plant began distributing water to its customers.

To ensure compliance with the federal Lead and Copper Rule requirements for corrosion control, The City commenced two 6-month lead and copper monitoring periods. A first 6-month monitoring period ended on December 31, 2014, and the City's report was due to the MDEQ on January 10, 2015. The results from this report indicated the lead level (90^{th} percentile) was 6 ppb, just over the 5 ppb level deemed as having optimized corrosion control. On March 30, 2015 the MDEQ notified the City of the 6ppb results.

On June 30, 2015, second 6-month lead and copper monitoring period ended. After consultation with the EPA on July 21, the MDEQ notified the City of the results on August 17, 2015. At that time the MDEQ, reported that their analysis indicated a lead level of 11 ppb (90^{th} percentile), and required the City to install corrosion control equipment and begin treatment.

On July 28, 2015 the MDEQ received information from Michigan Department of Health and Human Services (MDHHS) indicating blood lead levels in City of Flint residents were consistent with past years seasonal variations.

On September 24, 2015 Hurley Children's Hospital revealed data indicating elevated blood lead levels in children who reside certain zip codes in the City. This same date the MDHHS reaffirms that their data is more comprehensive than that of Hurley Children's Hospital and remained consistent with past year seasonal variations. On September 25, the City announced a lead advisory regarding the drinking water to its citizens.

On October 1, 2015 the State Chief Medical Officer confirms Hurley Children's Hospital blood lead level data. On this same date the Genesee County Health Department issued the customers of the Flint Water Treatment Plant a "Do Not Drink" advisory. On October 2, the state announces the Governor's Flint action plan. On October 15, 2015 the state legislature authorizes $9.35 million to help fund the City's return to purchasing treated water from the

DWSD, and to fund comprehensive lead evaluations at City schools, provide free water filters for residents, provide free in-home water tests for residents, and provide free blood lead level testing and follow-up services.

On October 16, 2015 the Flint Water Treatment Plant reverted its source back to DWSD. On October 28, 2015 the MDEQ issued a construction permit for additional corrosion control treatment.

The MDEQ is supporting the response with incident management personnel, lead and copper water test kits and analysis and investigative teams. The connection to the Karegnondi Water Authority is scheduled to be completed in mid to late 2016.

MDEQ estimates cost impacts in the amount of $9.55 million. This includes $7.8 million to keep Flint on the Detroit system until January 1. It also includes $250,000 in chemicals needed for Flint to test the new water system once it is in place, and $1.5 million for 10 staff and lab equipment. The staff will be responsible for providing additional school and residential sampling and laboratory testing as well as expertise related to corrosion control and service line verification.

Expires May 31, 2017

RESOURCE REQUEST FORM (RRF)

PAPERWORK BURDEN DISCLOSURE NOTICE

Public reporting burden for this form is estimated to average 20 minutes per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the needed data, and completing and submitting this form. This collection of information is required to obtain or retain benefits. You are not required to respond to this collection of information unless it displays a valid OMB control number. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing this burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 500 C Street, SW, Washington, DC 20472-3100, Paperwork Reduction Project (1660-0047). **NOTE: Do not send your completed form to this address.**

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Critical Task: Assemble, coordinate, and monitor WRTs

OGCS/MSP Process:

1. Assign team leaders, team members, and routes to teams
2. Team Member check in

3. Conduct pre-deployment briefing to include team mission assignments, concept of operations, deployment locations, replenishment process, reporting process, and safety briefings (refer to OGCS_MSP WRT Volunteer Assembly Information V2.0_011816 for detailed information on volunteer processing at LEOC)
   5. Provide training to new team members
   6. Issue vest and badge to team members
   7. Execute morning distribution assignment
   8. Lunch served between 1230-1330
   9. WRT OIC and Team Leaders midday brief
   10. Execute afternoon distribution assignment
   11. Conduct post-deployment debrief with team leaders and members
   12. Collect vest and badge from team members

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
GCSO/MSP	100 Distribution Kits Remaining	Distribution Route: exact location determined by Team Leader	1. Contact warehouse to request replenishment truck 2. Coordinate replenishment location with warehouse 3. Exchange replenishment truck with empty truck
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

Lunch

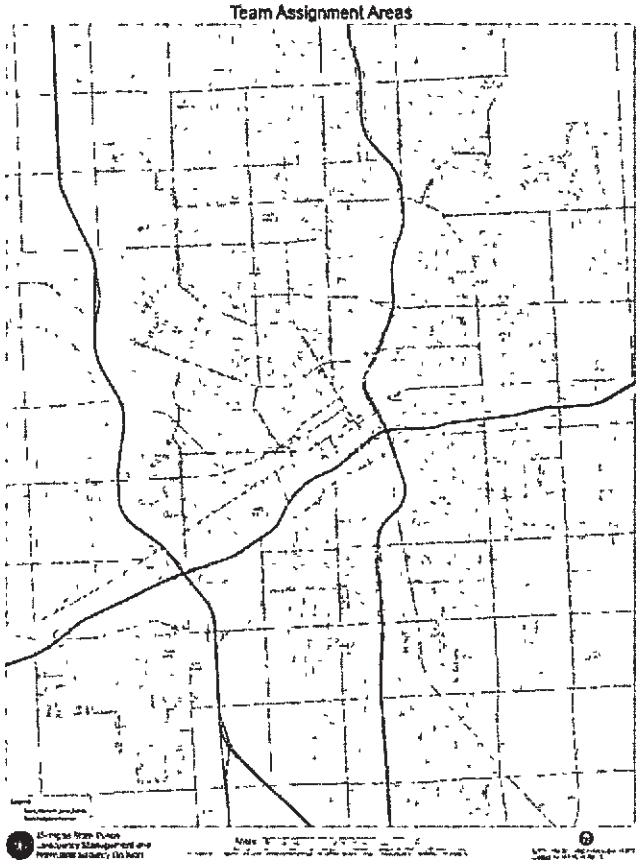
OGCS/MSP WRTs lunches will be provided by the ARC and coordinated by LEOC Logistics.

Reporting:

Tactics:

1. All WRTs will utilize ipads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if ipads fail.

Priority Distribution Areas



MSP-EOC-MDSP

To: Bolger, Matt (MSP); Horhn, Mardella (MSP); Johnson, Michael (MSP); Garland, Mike (MSP)
Cc: Kelly, David (MSP); Operations, Lts, Lieutenants (MSP)
Subject: RE: SEOC MSP Schedule

In order to provide consistent operations in the SEOC, please do the following as you log into the system, then take further action as appropriate:

- Do not log into the computer as yourself. Leave the computer logged in in as MSP-EOC-MDSP and use this email address for SEOC communications. If the computer is not logged in, ask for help from someone from EMHSD.
  - You will need to log into your own email via Internet Explorer, if you wish to use that for anything.
- Click on the MI-CIMS Icon on the lower left of the computer screen
- Log into the incident) in the role of

- Open the **Activity Log** and enter yourself as present at the SEOC as a "new record"
  - Post this activity log entry to be shared with SEOC and Shared with Agency, NOT a Statewide Shared Activity
- Open **Resource Request/Task Assignment** to check for any pending tasks/requests
  - Update those requests, etc. in MICIMS when you have time. If tasking out to Lt. Dehner, she will be logged into the system as MSP Rep. Call her also and let her know there is a request coming her way.
- Any actions taken should be also updated in the Activity Log when you have time. Continue to update the same entry you created at the beginning, do not create a new record.
- At the end of the day, complete the **Agency Situation Report** by selecting "SEOC Situation Report - Agency List," then selecting "State Police (MSP)." Before you leave for the day, "Archive/Other Combined copy and paste the text and email it to Capt. Kelly, F/Lt Johnson, and me.

If you have questions about anything, feel free to call F/Lt. Johnson or me.

Subject: SEOC MSP Schedule

All,

At this time, the SEOC will need to be staffed with MSP personnel from 8:00-5:00 at least through 1/15/16. This need may be extended beyond and we will know more later this week.

Attached is the schedule for this staffing.

The MICIMS incident is
Make sure you are logging into MICIMS in the role of

Our assignment at the SEOC is dual at this time.

1) We are in the Ops Section as the Public Safety Coordinator
2) We are also serving as the Safety Officer for the SEOC

Lt. Amy Dehner, MSP Flint, is the MSP Rep (this is her MICIMS role) and the Safety Officer at the local EOC in Flint. Her cell number is on the schedule.

At the end of each day, do not forget to update the agency situation report. Also, copy and paste that report into an email and send it to Capt. Kelly, me, and F/Lt. Johnson.

For any **overtime hours** (if we go beyond 1/15, we MAY need to use Ops Lts on OT a few days) spent working in the SEOC with the City of Flint Water Contamination/Shortage event, please use the following coding:

Index 28900 with PCA 28670

Hi Lisa

Thanks for bumping up the shipping of 100 cs to 1/19 from 1/21, and the remaining 200 to 1/21. We will let you know as soon as we can whether we will be needing more bottles quickly as we are transitioning to possibly having FEMA ordering supplies. Thanks again!

All,
A little bit of good news. The next 100 have been bumped up to ship on Tuesday, 1/19 and the other 200 will ship on Thursday, 1/21. I will provide PRO #s as soon as I have them. Do you anticipate needing more quickly? If so, we can certainly bring in extra specifically for you.

Subject: Fw: Expediting sample Bottle Shipment from Environmental Express (EE)

Hi Lisa - You should have received a voicemail from one of my colleagues, Mitch Adelman, regarding the 400 cases of 32oz wide mouth bottles BPC1172 we ordered. See email below. I know you gave me an estimate on delivery for 100 shipping immediately, another 100 to ship on 01/21/16 and remaining 200 to be determined. Do you have any ideas on how we can get the remaining 300 cases shipped ASAP. Can you find out for me if there is a bottle manufacturing issue, bottle certification issue, or assembly issue (caps on bottles). We are working under a Federal Emergency. I am not in the office tomorrow, 01/18/16, but will be checking my emails.

Thank you,
Kirby

Hi Kirby

We've been directed to expedite delivery of the remaining 300 cases of the outstanding order from EE. I left Lisa Riley a voice mail message this afternoon, not expecting her to be in today, but hoping she may be working tomorrow. If you have any ideas on how we may seek expedited delivery before we have our 1:00 pm call on Tuesday, please let us know.

Thanks

Mitch

(810) 516-9455 or jvenable@unitedwaygenesee.org

FLINT CHILD HEALTH & DEVELOPMENT FUND WILL PROVIDE SUPPORT TO FLINT CHILDREN EXPOSED TO LEAD

FLINT, MI – A group of concerned community members have created a charitable fund so that people nationwide can contribute to support both short and long term needs of Flint's children exposed to lead. The Fund, established at the Community Foundation of Greater Flint, is a supplemental resource to the ongoing pursuit of additional state and federal funding.

"If there was ever a time to invest in our children, it is now," said Dr. Mona Hanna-Attisha, Hurley Medical Center physician. "Our Flint children deserve every opportunity to be healthy and successful. The creation of this Fund will further ensure that our children are afforded the resources and interventions to overcome this population-wide exposure to lead."

The Flint Child Health & Development Fund will support the delivery of critical public health, medical, and community-based services and interventions that address and mitigate the short and long term impacts experienced by Flint, Michigan children exposed to lead as the result of the 2014-2016 Flint Water Crisis. The Flint Child Health & Development Fund will be used to aid children with interventions that support positive health outcomes for Flint children, including:

- Immediate response
- Optimal child health & development
- Early childhood education
- Continuous access to a pediatric medical home
- Access to infant and child behavioral health services
- Nutrition education
- Healthy food access
- Safe & healthy home environments
- Integrated social services
- Research

Grants from the Fund will be advised by a committee of community members with representation from residents, Hurley Children's Hospital, Mott Children's Health Center, Greater Flint Health Coalition, United Way of Genesee County, and the Community Foundation of Greater Flint.

"The Fund, and its Advisory Committee structure, ensures that donations will be used in the most effective way to help Flint children," said James Gaskin, Chief Executive Officer of United Way of Genesee County. "We extend our deep appreciation to all the donors who have responded generously to this emergency."

The Community Foundation is extremely grateful to the United Way of Genesee County and their CEO, Jamie Gaskin, for the dedication of staff, time and resources in the day to day coordination of the immediate response to this ongoing crisis, said Kathi Horton, President, Community Foundation of Greater Flint. "Together, the Community Foundation and United Way will be working with the fund advisory committee to ensure that the needs of Flint's children are addressed."
Give online to the Flint Child Health & Development Fund at www.flintkids.com.

The below email provides instruction and the attachment is the MSP personnel assignment for the next two days.

Please ensure that all personnel under your command who volunteered and have been assigned receive this information.

I very much appreciate those that volunteered for this assignment.

Additional information will follow on carpooling.

Sent: Wednesday, January 13, 2016 3:40 PM
To: Zarotney, Greg (MSP); Shaw, Jim (MSP); Sands, Thomas (MSP); Arnold, Richard (MSP); Gorski, Gary (MSP); Sible, Shawn (MSP); Bolles, Timothy (MSP)
Subject: Flint Water Detail

Attached is a list containing the names of those approved to participate in the Flint Water detail. In order to minimize travel time, location of the volunteers was considered. Each Bureau is responsible for notifying their respective staff members and arranging for carpooling to Flint.

Attire: Appropriate attire for the weather conditions. Jeans are allowable. MSP uniforms including fatigue uniforms are prohibited. Military Surplus attire or attire that could be mistaken as that of the National Guard shall not be worn.

All individuals assigned to work as the Water Response Team in Flint shall report to the Genesee County EOC by 9 am on Thursday and/or Friday.

Location:
Genesee County Administration Building
1101 Beach St
Flint, MI 48502
In the basement or level "G" if someone used the elevator
Parking is available at Trinity Church, on the corner of Beach and Eighth. It is two blocks southeast of the Admin Building.

Lunch will be served at the EOC, Genesee County Admin. Building.

Each enforcement member should bring their assigned radio.
G Event 9 (primary) and G Event 10 (secondary) have been set up for 800 MHz communications.

iPads	10	10		1/28/16	8:00 am
Hand Warmers	40	40		1/28/16	8:00 am
Distribution Kit	1000	1000		1/28/16	8:00 am

Execution:

Key Locations

ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Team Assignment – Target Areas

Priority – City Sections 3, 9, 11, 17, 19, 20, 23

Secondary – City Sections 2, 10, 28

Map Support

Maps and addresses will be provided daily to provide detailed information on city sections. Teams will target specific homes requiring follow up.

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix.

Lunch

Lunch will be provided by the ARC.

Reporting:

Tactics:

1. All WRTs will utilize iPads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if iPads fail.

RESOURCE REQUEST FORM (RRF)

TRACKING INFORMATION (FEMA Use Only)			
ECAPS/NEMIS Task ID:	Resource Request #	Program Code/Event #	
Received by (Name and Organization)	State	Date/Time Received	☐ Originated as verbal

INSTRUCTIONS

Items on the Resource Request form that are not specifically listed are self-explanatory. Indicate "see attached" in any field for which additional space or more information is required.

I. Who is requesting assistance? Completed by requestor.

II. What needs to be done? Completed by requestor.

Description of Requested Assistance: Detail of resource shortfalls, statement of deliverable, or simply state problem/need.

Priority: The requestor's priority, which may differ from the priority in BOX III.

Site POC: The person at the delivery site coordinating reception and utilization of the requested resources. 24-hour contact information required.

If for Direct Federal Assistance (DFA), State Approving Official: Signature certifies that:

(1) State and local governments cannot perform, nor contract for the performance of the requested work;
(2) Work is required as a result of the event, not a pre-existing condition; and
(3) The State is providing the required assurances found in 44 CFR, Section 206.208.

III. Action Review/Coordination (OPS Section Use Only): Completed by the Operations Section Chief or Resource Capability Branch Director.

Accept/Reject: Operations Section Chief or Resource Capability Branch Director accepts or rejects the request; provide reason if rejection. If request accepted, coordinates with others, i.e., Branch Directors or Group Supervisors, begins to determine best means of fulfilling request. All involved in coordination should check appropriate box and initial or print their name.

Assigned to: Operations Section Chief or Resource Capability Branch Director assigns tasks origination, may indicate the OFA Action Officer. Operations Section Chief may also indicate the Action Officer if known, or tasked organization may make this assignment. This may be Emergency Support Function, internal FEMA Organization (i.e.; Logistics), or other organization.

Date/Time Assigned: Operations Section Chief or Resource Capability Branch Director provides date and time of when sourcing should begin.

IV. Statement of Work (OPS Section Use Only): Completed by the Operations Section Chief or Resource Capability Branch Director.

OFA Action Officer: Ops Section Chief obtains from OFA if request fulfilled by a MA; 24-hr phone/fax required. Information used in eCAPS.

FEMA Project Manager: Provided by Operations Section Chief; a Region PFT; 24-hr phone/fax required. Information used in eCAPS.

Statement of Work: Description of tasks to be performed. Could be to assess a problem and report back, or could be to proceed with a specific action. If 40-1 or MA, this goes in "justification" tab in eCAPS.

V. Action Taken (OPS Section Use Only): Completed by Operations Section Chief, Resource Capability Branch Director, MA Unit or Logistics.

Resource Request Results: Ops Section Chief, Resource Support Section Chief, MA Unit, or LOG should note what type of document the action resulted in by "checking" the appropriate box i.e., Mutual Aid, Donations, Requisition, Procurement, IA, MA, Other. If "Other" is selected write in appropriate response or state "see below" and give detail description in "Disposition" field. "Disposition" field should note steps taken to complete the Action, and personnel, sub-tasked agencies, contracts and other resources utilized.

TRACKING INFORMATION. Completed by Action Tracker. Required for all requests.

PROCLAMATION

DECLARATION OF EMERGENCY

WHEREAS, Section 1 of Article V of the Michigan Constitution of 1963 vests the executive power of the state of Michigan in the Governor; and

WHEREAS, under the Emergency Management Act, Act No. 390 of the Public Acts of 1976, as amended, MCL 30.401 to 30.421, the Governor is responsible for coping with dangers to this state or the people of this state presented by a disaster or emergency or threat thereof, and may issue executive orders, proclamations, and directives having the force and effect of law to implement the Act; and

WHEREAS, under Section 3 of the Emergency Management Act, 1976 Public Act 390, MCL 30.403, the Governor shall, by executive order or proclamation, declare a state of disaster if the Governor finds that a disaster has occurred or that the threat of a disaster exists; and

WHEREAS, on April 25th 2014 the City of Flint Michigan switched to the Flint River as a water source, the deleterious effects of corrosive water struck the city's water infrastructure, causing significant leaching of lead into the water which caused extensive damage to the water system and negative health impacts to the citizens; and

WHEREAS, the area affected includes the entire City of Flint, within the County of Genesee; and

WHEREAS, the damaged water infrastructure and leaching of toxic lead into the city's water caused widespread damage to public and private water infrastructure, elevated blood lead levels in humans and potentially pets, especially in the population of children and pregnant women, and causing an immediate threat to public health and safety and disrupting vital community services; and

WHEREAS, from October 1, 2015 to this date, the County of Genesee and the City of Flint have taken a number of actions to cope with the situation, including but not limited to switching back to ~~Detroit Water and Sewerage~~ on October 16th, declaring local states of emergency and ~~a public health~~ emergency, activating the disaster response and recovery aspects of their

RICHARD D. SNYDER
GOVERNOR

BY THE GOVERNOR:

SECRETARY OF STATE

MICHIGAN STATE POLICE

EMERGENCY MANAGEMENT AND HOMELAND SECURITY DIVISION
DIRECTOR ONE ON ONE

DECEMBER 1, 2015
2:30 P.M.
DIRECTOR'S OFFICE

AGENDA

1. Exercises

NOTES:

- Virtual TTX
  - Dec. 8th at the EMHSTC, 0830 to noon, Long Term Power Outage
- Test mobilization
- Paris/Mumbai style attack TTX
- 2016 Michigan Statewide Interoperable Communications Training Conference - Feb. 22-25, 2016, in TC.
- April 13, 2016 Statewide Tornado Drill

ACTION NEEDED:

2. SEOC Progress Update

NOTES: As of November 23, 2015

- DTMB set up a tour that I will lead for Beth, Dennis, David, and Jarrod. December 8th at 0830.

ACTION NEEDED:

3. Flint Water

NOTES:

- Water filters distributed as of 11/20/15: 14,473.
- The mayor of Flint is looking to get a briefing on the declaration process. The local EM is working to set up a meeting with her if the Sheriff allows her to.
  - I believe it is better for us to meet with the mayor and explain this process if you and the Governor approves.
- No local declaration or requests for state assistance under the Emergency Management Act.
- Howard Croft resigned (Flint Dept. of Public Works).
- Continued filter distributions, lead clinics, and lead education.

ACTION NEEDED:

4. Grants

NOTES:

- HSGP
  - FY14 – August 2016 ends performance period
    - HSGP 14 – Some unallocated amounts due to moving items from 14 to 13.
  - FY15
    - 3 year performance period.
    - Recommend state agencies stay on 2 year cycle with a year to handle any turnback funds.
      - Excludes M&A, personnel, training/exercise.
    - Next HPB meeting we will seek approval for projects – shown last one on one.
- EMPG
  - EMPG 14 has $156K left. Typically we send back as a local supplemental. The locals had a balance remaining of their allocation of approximately $198K, but in the closeout process other EMHSD costs were applied to the grant, leaving $156K.
- 2015 Flood Mitigation Assistance
  - Genesee Township Residential Floodplain Acquisition (1 Severe Rep Loss Property) $78,350.00
  - EMHSD - State Management Costs $7,835.00
  - TOTAL $86,185.00
- 2015 Pre Disaster Mitigation Grant
  - Hazart Mitigation Planning
    - Arenac County Fed/$41,000.00 Local/$14,218.00
  - Bloomfield Township Fed/$10,000.00 Local/$3,366.00
  - Royal Oak Hazard Fed/$74,783.76 Local/$24,934.36
  - University of Michigan Fed/$112,500.00 Local/$37,500.00
  - EMHSD State Management Costs Fed/$23,872.50 Match/$7,957.50
  - TOTAL Federal share $262,156.26 Match $87,975.86

ACTION NEEDED:

5. EM and HS Meetings (National)

NOTES:

- National HS Consortium (Tri-Chair)
  - January 19-22 meeting in CA for Winter meeting.
  - One item will be to look at the cyber web based tool to house cyber information for all disciplines.
  - Numerous speakers on CVE to present.
- GHSAC
  - GHSAC Winter meeting (February 1-3) and Summer meeting (June 6-8).
- NEMA
  - April 3-8 in DC area for annual meeting.
    - I am not attending as I am on vacation.
    - Tony and a few staff will attend.

ACTION NEEDED:

6. Audits

NOTES:

- OIG draft audit received for 4195.
  - Draft report contains grant management finding. Submitted recommended wording changes. Waiting for new draft.
- HUD-OIG
  - OIG interview regarding Michigan Jewish Institute (subrecipient) and potential criminal investigation.
- Requested Jackie Reese to do an audit on EMHSD.

ACTION NEEDED:

Other Items:

NOTES:

- Fusion Center Assessment – Meeting on Novermber 12th.
- CVE – Meeting on November 12th.
- Fusion Center Survey due December 7
- Information, Technology, Cybersecurity and Secure Communications Committee Call, Date: December 17th
- F/U on the Regional Resiliency Assessment Program (RRAP) – I had not heard on the status so I checked with the Program Office and the Michigan RRAP will likely be an FY 2017 initiative. Originally it was a FY15 project but was impacted by issues related to the Federal Budget in 2015 and for 2016 it was pushed for consideration into 2017. The Regional Resiliency Assessment Program (RRAP) Program Office said it is a great nomination and they see no obstacles for 2017. This works well because it will give us time to have a PSA(s) settled into Michigan by then – The PSA will not be Shawn Stallworth.
- December 17th is the next MCCERCC – Can we move to transfer Citizen Corps to Dept of Health and Human Services?
- New EMC for DEQ wants to attend the HPB.
- STEP: 88 schools, 213 classrooms and 5589 Fifth Graders registered (would like to reach 8000)
- Auto Preparedness Kit memo is going through the approval channels. All Admin Cars will be getting one in December.
- New Statewide Tornado Website going live today: www.michigan.gov/miready
- MiReady page has a new look (navigation method): www.michigan.gov/miready
- Taking over oversight of the Michigan Committee for Severe Weather Awareness
- Consumers Training coming in the next week or two (mandatory for all enforcement members, 1 hour) – books going to each post for each patrol car
- Conference Theme: "Anticipating Tomorrow's Threat" or "Preparing today for tomorrow's threats" or something similar.

STATE DEPARTMENT EMERGENCY MANAGEMENT COORDINATORS QUARTERLY MEETING

October 21, 2015
1:00 p.m. – 3:00 p.m.
Collins Road - SEOC

*Unknown is a training issue in the field and we are working to correct it.

MSP

- Personnel from MSP have been coordinating and managing the Flint Water Response Teams since Tuesday.
- Over 100 MSP volunteers have reported and worked on the Flint Water Response teams.
- 25 MSP lieutenants and troopers have been coordinating all operational efforts for the Flint Water Response teams in cooperation with state, county, and local partners.
- MSP is also coordinating with the Red Cross Water Response Teams.

MDOC

- The Michigan Department of Corrections has 26 staff and 14 vehicles dedicated (on site) to the Flint Water Crisis response, additionally three MDOC staff are assigned to the SEOC location.
- The resources requested/dedicated currently is as follows:
- (26) MDOC Employees
- (6) Large Box trucks
- (5) 15 passenger vans
- (2) Pick-up trucks
- (2) enclosed transport trailers
- (1)Handicap Accessible Van
- (1)20 passenger Shuttle Bus
- (1) 53' Refrigerated Semi-trailer
- (4) Pallet Jacks for unloading at storage facility

Michigan National Guard

- The request for Guard support is generated by the executive order issued by Governor Snyder on 12 JAN 16. The Michigan State Police are responsible for coordinating all state efforts, including the Michigan National Guard, to assist the City of Flint and Genesee County.
- Members of the Guard will be staged at the 5 water resource sites at fire stations assisting with operations; there are no plans to go door to door.
- The first group of Michigan Guard arrived Wednesday morning to conduct assessment and get acclimated; the full contingent of approximately 30 Soldiers is due to arrive Friday morning.
- The assistance provided by the Michigan Guard allows other agencies to expand their operations and provide even more support to the citizens of Flint.

Human Services

- Provided procurement, acquisition, delivery, and working on disbursement, of hundreds of thousands of water filtration devices.
- MDHHS have provided staff for Flint Water Response Teams 1/12/16 through 1/15/16.
- Continue to provide two locations as points of distribution sites for water filtration devices.
- Michigan Community Service Commission continues to participate heavily in donation management and volunteer coordination efforts at the local level.
- Continue to provide two dedicated PIOs to the event.
- Have four staff dedicated to this event in the SEOC.
- Local MDHHS staff remains active in human service coordination at the local EOC.
- CHEEC remains active in support to the SEOC and Local Health Dept. regarding this event.

American Red Cross

- Convened meetings of local NGOs
- Provided volunteers for the sheriff's distribution effort
- Provided volunteers to operate PODs at 5 fire Stations
- Stood up a formal Disaster Relief Operation and established headquarters in Flint
- Provided volunteers to operate PODs at 9 churches
- Provided volunteers to manage warehouse and inventory operations
- Established operation to assemble water test kits

- Provided volunteers to assemble water test kits
- Operating a Volunteer Reception Center
- Providing volunteers for the Water Response Teams
- Providing a logistics-planning consultant
- Coordinating and providing meals for the staff and volunteers assigned to the emergency response.

Adult & Aging Services

- Coordinate with Valley Area Agency on Aging (VAAA) who are continuing to take calls from seniors and caregivers needing water or filters. They are providing this information to the local EOC each afternoon for follow-up.

- Provided over 2,000 addresses of homebound, frail, or otherwise at-risk seniors living in Flint. AASA has in turn forward these addresses to MSP-GIS to overlay their heat map and for local follow-up.

- VAAA local Nursing Home Ombudsman continues to monitor Flint area Nursing Homes to ensure residents have access to safe water.

DTMB updates

- Leased warehouse space for supply distribution
- Credentialing badges for volunteers
- Located JIC in Flint State Office Building with equipment
- SMART devices for water response teams (30 to-date additional quantities requested)
- Procurement of trucks, water, water filters, cartridges and plumbing supplies for pilot water program
- Printing and delivery of water analysis test forms and informational palm cards
- Seven drivers with trucks transporting supplies throughout the city
- Temporary fuel cards

Michigan Department of Environmental Quality

- Facilitate supply of water test kits to all Flint Water Treatment Plant customers in collaboration with City and County personnel
- Laboratory services to process samples for lead and copper analysis
- Staffing of SEOC during all operation hours to coordinate agency services, capabilities, activities and respond to resource and information requests
- Staff support at the Joint Information Center
- Coordination and cooperation with various state agencies for sampling plans and implementation strategies for all state regulated facilities to include the provision of resources
- Staffing at the local level to assist with resource and response management
- Verify NSF/ANSI 53 certifications of products delivered to citizens
- Production of a water test sampling video for public guidance

MDARD

- Updated requirements for food establishments using City of Flint water; mailed on 1/14 and includes offer to collect samples for free.
- Visiting food businesses to ensure they understand requirements.
- Will be visiting restaurants, in coordination with Genesee County Health Department
- Reached out to veterinary clinics and coordinated with the Genesee County Animal Control to contact animal related businesses to see what water system they're on and ensured that they were familiar with the Flint water situation.
- Reached out to Flint Food Works / Food Hub and the Food Bank of Eastern Michigan and offered additional assistance.

MDHHS – Health

- Activated the Community Health Emergency Coordination Center (CHECC)
- Staffing a hotline to field calls that were to be sent to the Local Health Department while the LHD is closed for furlough, weekends, and holidays
- Developing a nutritional plan for education and messaging
- *Gathering information in preparation for disaster behavioral health response, if a presidential* declaration is approved.
- Epidemiology branch continues to assist work with local health department on blood lead testing and case management
- Communicating to healthcare providers through WebMD Medscape.
- Coordinating health information messaging with the JIC.

MDLARA

- Ongoing effort to reached out to all licensed Healthcare facilities in the affected area to gather information and access any needs they may have, to include: Child Care facilities, Adult Foster Care, and others.
- LARA and it's Bureau of Construction Codes - Plumbing Division will complete the "Freeman School Faucet Replacement Pilot." This weekend to include:
    - On-site assessment plumbing to identify plumbing components of concern and prioritize sample sites.
    - Identify and replace faucets, lines, connectors with lead free components.
- Re-collect water samples to test and analyze.
- Offered to assist with lab testing, utilizing the MIOSHA Lab and Scientists as appropriate in coordination with DEQ.
- Provided MDHHS with a list of licensed healthcare facilities to coordinate the distribute nutritional information.
- Worked with the Office of New Americans to assist with translation of messaging

MDEQ

- Facilitating supply of water test kits to all Flint Water Treatment Plant customers in collaboration with City and County personnel.
- *Laboratory services are processing samples for lead and copper analysis.*
- Providing staff at SEOC during all operational hours to coordinate agency services, capabilities, activities and response to resource and information requests.
- Providing staff support at the Joint Information Center.

- Coordination and cooperation with various state agencies for sampling plans and implementation strategies for all state regulated facilities to include the provision of resources.
- Staffing at the local level to assist with resource and response management
- Verified NSF/ANSI 53 certifications of products delivered to citizens
- Produced a video of a water test sampling video for public guidance

Water Resource Team: Concept of Operations and Support

Goal: Increase the number of households served per day by the Water Resource Teams through scalable resource optimization

How: Standardize and Support

1. Standardize the team composition and resource requirements
2. Provide end to end support to the Water Resource Teams

Concept of Operations and Support

1. Planning & Prioritization
    a. Plan Components
        i. Team Type: Mission, Resources (Vehicles, Members) Product
        ii. Priority: Wards/Precincts
    b. Accountable: SEOC Recovery Branch Director
    c. Approval: State EM Director
2. Resource Support
    a. Resource Components
        i. Vehicles
        ii. Product
        iii. Personnel
        iv. Lunch
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Logistics, SEOC Warehouse, American Red Cross Volunteer Resource Center
3. Execution
    a. Water Resource Team Daily Distribution
    b. Accountable: MSP
    c. Responsible: MSP Water Resource Commander, American Red Cross OIC
4. Execution Support
    a. Team Replenishment
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Warehouse
5. Reporting
    a. Distribution Reporting
    b. Accountable: MSP Water Resource Commander
    c. Responsible: All Water Resource Teams

Team Typing

	Mission # of Households (HH)	Truck	Truck Driver	Team Members	Chase Vehicle (s)	Chase Driver (s)

From: Katarsky, Anthony (MSP)
Sent: Saturday, January 16, 2016 9:26 PM
To: plangc
Subject: FW: SEOC Update 1/16/16 - Flint Water - Limited Distribution
Attachments: 2015-10-01 City of Flint Water Contamination-Shortage SitRep 11 2016-01-....pdf

Here is new format to send to the SDEMHS at the close of business each day...

Update 1/16/16 – 12th Day (11th Full Day) After Governor's Declaration of an Emergency

Mission focus for the day:

- Receive, store and increase quantities of supplies
- Continue to implement the logistics plan and adjust as needed
- Continue door to door/Flint Water Response Teams (FWRTs)
- Prepare for possible surge in FWRTs utilizing NG personnel
- Work with FEMA personnel to prepare for engagement following the Presidential Emergency declaration

Attached Documents:

- SitRep 11

Status on Governor's request letter to the President:

- Emergency declaration received.

Key items for tomorrow to note are:

- The logistics plan will be fully executed tomorrow with all teams.
  - We will have 10 state agency, type 3 teams (6-9 personnel), with a goal of 300 homes per team.
  - We will have 10 ARC, type 5 teams (2-4 personnel), with a goal of 100 homes per team.
- I will be back on duty Sunday.

Items to Note

- LT Gov visited the local EOC today; discussed local EOC operations.
- Deployed 11 state teams and 10 ARC Flint Water Response Teams to the field today.
- DEQ had concern about testing kits not being with the teams today; test kits were assembled and available at the ARC HQ. This appears to be a disconnect in communications and will be addressed by Logistics.
- SEOC planning is asking if the 800 MHz radio has the event channel that they could communicate with local EOC on ground truth inventory.
- Information reported to the JIC:
  - As of 1/16/16 as of 7pm (start date was Tuesday, 1/12/16)

1. 11,324 homes visited by the FWRTs to date. We believe we have ~24,000 homes with filters; still trying to validate. This is form the data we received from prior to the SEOC activation plus the PODs and door to door operations since activation.
2. Distributed: Base + Recovery team + POD data
   a. Number of cases of water 20,876.
   b. Filters 47,935

Water
16.9 oz/24 bottles
72 cases in a pallet
1,596 cases per truck

Subject: SEOC Update 1/9/16 - Flint Water - Limited Distribution

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/9/16

SitRep 4 attached for more in depth information. The below only contains some items worked on today and while the format in the attached SitRep is not perfect (it is created automatically by MICIMS) it does contain a lot more information you may want to read. I also attached one of our maps. It is our filter distribution map. All filters handed out by anyone working with us feeds into this now. We are continuing to refine these and at this time there is a delay in the upload of address data but we are working on it. We have a ways to go to get filters in every home but this will help direct us to those who need still them. We also are working on identifying abandoned homes.

Key items for tomorrow to note are:

- 9 churches will have ARC volunteers and filters for distribution. Some may also get water.
- 5 fire stations are a distribution point for water, filter systems/replacement filters, and water test kits. While only open today until 4 p.m., tomorrow and until further notice they are open from 9a to 9p.
- Media event will take place on the above tomorrow.

Items to Note

- 211 has some issues with call load but it is being worked on. 2-1-1 Director contacted MDHHS PIO to discuss/resolve caller wait times and messaging. We anticipate an increase in activity tomorrow in 211 calls so we requested and received an increase to staff 211.
- We are shifting tasks the SEOC took on that are handled more effectively and efficiently at the local EOC. We have established command and control in their EOC. We are running things there but that is not being made public. We are doing this in partnership but we are clearly handling the operation with state personnel oversight.
- A 3rd FEMA LNO arrived today upon my request. This has nothing to do with a Presidential request for a declaration but support for some other items I want worked on for long term recovery.
- We continue morning calls with the local EOC leadership and local emergency manager on what our goals for the day are as well as any issues/concerns.
- Five 5 fire stations have received water, water filters, replacement cartridges, and water testing kits with American Red Cross personnel at each location to assist with delivery of resources and collection of addresses receiving

them. These locations will be open from 9a – 9p daily until determined they are no longer needed. Those picking up water testing kits will be advised that they can return the test kits to the fire departments (where they will be picked up and taken to the Flint City Hall), the Flint Water Treatment Plant, or they can take them directly to the Flint City Hall. For those unable to return the kits, 211 can make arrangements for pick up the kits. We understand response to these sites has been positive thus far. The Genesee County EOC will be monitoring these supplies and request replacement of products as needed.
    - A call is going out tomorrow morning to advise this information ... I do not believe it was every resident but Tori Sachs has that info if needed.
- I approved a press release today to advise the public that all levels are working together to ensure delivery of filters, test kits and water; noting that all of these items were delivered to the 5 Flint fire department stations. It was stressed that the public should be aware that the local and state agencies have been working cooperatively to assist the residents - and will continue to do so. This was done to hopefully end or at least minimize the "who can get water and filters out first" when all of this has been connected with the state and coordinated since the state declaration was put in place.
- The arrangement of 2,000 filters, to be taken to 9 local churches on Sunday, January 10, is ongoing. The filters have been secured; they are now in the possession of the DTMB. DTMB will return to Flint on Sunday morning to deliver these to necessary locations. The American Red Cross will be on site at each church to assist with distribution and recording addresses (for GIS). The local EOC is working to ensure these arrangements are complete and run smoothly. Future engagement with the faith based community will occur to assist with additional distribution.
- A Flint City liaison has not been in the EOC but starting Monday this will be in place to keep the Flint Mayor appraised of activities being conducted in the city. She also has been advised she can call me at any time if she needs anything.
- Training has been confirmed for the door-to-door operation scheduled to start Tuesday. Four teams are initially scheduled with more to potentially be put in place. These are the teams that will be handing out water, filter systems/replacement filters, test kits and information. If nobody is home, a door hanger with information is being left. DHHS personnel and one MSP trooper will be on these teams.
    - Training will take place at 1 p.m. on Monday afternoon at the DHHS office on Clio Road. DEQ and DHHS will provide the training.
        - Training is so those going door to door can explain what the filters do, how to install them, if they need install help to call 211 who has a list of people who can install the filters, and answer any other questions versus just handing them the filter.
    - Hours of operation will be Tuesday through Friday from 8:30 a.m. to 5 p.m. AT THIS TIME. I am reevaluating these times to increase contact with someone versus just leaving information.
    - Logistics are being finalized for the teams and trucks to handle stocking and re-stocking of materials during daily operations.
    - GIS maps will provide guidance on deployment locations for these teams and other teams in the field.
- A pilot project at Freeman Elementary with LARA and DEQ has been initiated to see if replacing certain plumbing components in faucets at the school will drop the lead level.

MSP/EMHSD GIS Section Updates

Accomplished Today (January 9):

- Produced a Point of Distribution Map. Contains four types of distribution points; Churches, Water Resource Sites, Filter Distribution Sites, Water Distribution Sites.
- Produced Filter Distribution Map.
- Developed process of how best to handle geocoding the household filter locations, worked on processing the data.
- Worked on map of franchise customers outside of Flint City.
- Produced maps for MDARD on food establishments and Local Health Departments.
- Produced map of Church Filter Distribution map for DTMB.

Local Emergency Operations Center

- The state has deployed 10 personnel to the Genesee County EOC to ensure we have command and control at the local level. On 1/8/15 The state personnel took over the incident management functions of the Genesee County EOC (not public). The arrival of additional staff allowed the local Emergency Management Coordinator to delegate tasks which relieved a tremendous amount of stress.
- Additional Sherriff staff (2-positions) will be shadowing the state incident management team to allow for transition to the county personnel later in the incident when we are comfortable with them handling things. Not sure when that will be but we have secured a direct bill hotel for staff to stay in Flint as long as needed.
- With the additional staff, the Local EOC will be able to take over functions previously handled by the SEOC including:
    - Logistical activities to support church operations.
    - Logistical activities to support fire stations operations.
    - Coordinate Donations Management activities and draft donations management plan
    - Coordinate Volunteer Management activities
    - Identify local storage/staging facilities
    - Overall inventory tracking
    - Tracking of Points of Distribution (PODs)

Chris

INTERNAL USE ONLY – LIMIT DISTRIBUTION TO GOVERNOR'S OFFICE

Update 1/8/16

SitRep 3 attached.

There is a significant difference in what is being presented by the media and what the local EOC is relaying to us at the SEOC. It is also being driven by the media that this is a state versus local response (who is providing more and quicker versus a coordinated effort between all). That said, I advised SEOC personnel that perception is reality in some eyes and we are to move forward to address items that typically are addressed at the local level. I have ordered the SEOC open all weekend due to make the quick wins that we need and continue to get the coordination and collaboration in place that is needed (but make gains on our own as needed).

Items to Note

- Two FEMA LNO's arrived today and are in the SEOC. A third LNO was requested from FEMA due to some unique issues with this event to include having to deploy more or my staff to the local EOC to get more structure and/or find out why there is an issue with the message the media is showing versus what we are hearing from the local EOC.

- We finally received from the local EOC 8 locations (we were told originally early in the week they had 80-90) that are their Points of Distribution (PODs) for water in conjunction with the local food bank. The PODs are not getting water from the food bank even though the food bank has water. We are going to resolve this issue as we can help deliver the water to the PODs but we were not aware of this. 8 PODs is not enough locations if water needs to be distributed to citizens. Speaking with the ARC Regional Administrator later today, I believe ARC got water to those locations but I need to confirm that in the morning. The food bank reported they had 376 cases of water.

- We have learned that a low number of residents are testing their water when DEQ can test 400 kits per day. This is an added focus that we believe can be increased through dissemination of test kits with the filters and any water.

- I found out the Mayor was okay with using fire stations as distribution points for water, filters, and water test kits. While this did not come to me through the local EOC, I advised we needed to get water, filters, and test kits to

these locations for tomorrow. The distribution at 5 Flint Fire Department stations has been coordinated to be in place by 10:00 am tomorrow morning.

- DTMB has provided a truck and driver to pick up water test kits from DEQ lab in Lansing, water from the Food Bank and water filters and replacement cartridges from GCARD in Genesee County.
- 10 American Red Cross (ARC) volunteers will meet the DTMB truck at GCARD at 9:00 am to be provided information about filters. Instructions will be included in water test kits. They will then report to the 5 fire stations to assist in distribution of resources to the public and track addresses of same.
- Residents will be told where they can drop off their water test kits, or that they can return them to the fire station the next day. Coordination will occur on pick up of water test kits daily to be taken to the Flint City Hall, who will then delivery them to the DEQ testing lab.

- STILL FINALIZING - We have made available 2,000 Filters for distribution on Sunday as parishioners leave mass/services. This will be 200 filters for 10 churches in Flint. While this is a small number of churches, we do not want to waste an opportunity to hand out filters and this seems like a quick way to so. The filters will be put on the DTMB truck on Saturday for delivery to TBD locations for distribution. Logistics remain undetermined as I am still waiting on a list of the churches, pastors/reverends/hours or services/etc. The DTMB truck will be returning to Lansing approximately 11:00 a.m. so we need to finalize this quickly on Saturday. We may utilize ARC to assist with this.

- The Recovery branch is working with the JIC to develop a door hanger card. DTMB is working on the printing portion of the hanger card. Recovery will also be finalizing logistics over the weekend for neighborhood canvasing to occur early next week. 40 volunteers have signed up to attend training on Monday afternoon to complete this task. The mission will be to deliver water sample kits along with water filters/replacement cartridges, and water.

- It appears that 211 has become overloaded. DHHS is researching ways to increase capacity for calls.

- A Volunteer Management Coordinator is in the Genesee County EOC as of today.

- A Donations Management Coordinator has been requested and she will be in the Genesee County EOC Saturday.

- DHHS had a conference call with GM today; they indicated they can provide cash, and supplies, but primarily manpower. No commitments were made at this point. We inquired as to availability of warehouse space and trucks. It was left as GM being a major resource pool that we can tap into as we determine missions. Further conversations will occur, but primarily GM just wanted us to know they are there if needed.

- An additional EMHSD staff member was sent to the Genesee County EOC to act as Operations Section Chief and obtain awareness of the situation there.

- GIS staff met with various parts of Genesee County/Flint personnel to try to get a handle on data available.

- GIS continues to work with local GIS personnel with three GIS staff going to Flint today to work with them. GIS staff is working with U of M on how best to proceed with digitizing water lines for long term recovery.

Chris

UPDATE 1/7/16

A summary of some of today's SEOC activities is provided below. Attached is the following:

- Today's SitRep which contains more information than below.
- The resource request/task assignment sheet for your situational awareness. This is how locals request resources as well as how we track resources and any assignments and/or tasks that are to be completed.
- JIC Task Tracking – for your situational awareness on how we are tracking requests and assignments. Once someone is assigned a task or resource request it allows them to document what work has been or will be done as shown at the bottom of the document.

Items to note:

- I received a document this evening from Genesee County which appears to be damage assessment information. Analysis of this will occur tomorrow. It appears to be infrastructure and costs to fix it and no other impacts.
- I spoke with Jamie Curtis, Genesee County Commissioner, this evening. A very good relationship is in place with him, especially with our District Coordinator (DC). I also have our DC working on developing stronger relationships with the Mayor/Mayor's office.
- GIS staff continue to obtain data and work with County and City personnel to get a picture of where resources have been provided, need to be provided, as well as infrastructure locations (pipes) that could be affected.
- Personnel and agencies have been tasked with developing a plan to get people in the community to deliver information, hand out filters, etc. This would target those areas we are showing minimal or no filter distribution based on the data we are collecting. The plan is to get them in the field by Tuesday and the plan will be provided to me tomorrow.
- Filters can be obtained at the following locations:
  - Michigan Department of Health and Human Services office, 125 E. Union St., Flint, MI 48502
  - Michigan Department of Health and Human Services office, 4809 Clio Road, Flint, MI 48504
  - Genesee County Community Action Resource Department office, 2727 Lippincott, Flint, MI 48507
  - Genesee County Community Action Resource Department office, 601 N. Saginaw, Flint, MI 48502
- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Began work to schedule legislative/congressional conference calls. Tentatively scheduled for 2 p.m. Friday.
- JIC continued to develop messaging.
- Provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed two EMHSD/SEOC liaisons to assist the local EOC.
- Published the Incident Action Plan and continued assignment of objectives/tasks.
- FEMA Liaison Officers just arrived in Lansing to assist command and general staff.
- I spoke with Harvey a few times and he should have talking points later tonight or tomorrow a.m. for his use and also for others who may speak to media outside of state government who may benefit from our messaging.
- We held a media round table at 1 P.M. at the SEOC. Dr. Wells and I spoke and answered questions to numerous media outlets.
- Local agencies and NGOs continue to provide water and filters to citizens.
- The website, www.michigan.gov/flintwater, was update with information and links to assistance to include 211. Additional recommendations were provided to include information on the testing water in homes.

EMHSD GIS:

Accomplished Today:

- Reproduced Socio-Economic Status Map
- Reproduced Predicted Affected Populations Map
- Cleansed old data and reports for water filter distributions
- Created draft map of water filter distributions (Refinement needed before releasing final product)
- Scheduled on-site visit with Flint GIS Department and Genesee County GIS Department

- Formatted databases to host content
- Researched service line database creation and scheduled meeting with U of M Flint to discuss timelines and resource needs
- Generated water infrastructure map (does not include building service lines)

Tasks for Tomorrow:

- Meet with Flint City GIS
- Meet with Genesee County GIS
- Meet with U of M Flint GIS
- Finalize water filter distributions map
- Finalize plan for data distribution methods

Chris

UPDATE 1/6/16

A summary of today's SEOC activities is provided below. I tried to distill this as best I could but there has been a lot of activity and discussion to get an accurate assessment of the situation. Attached is the final draft of objectives and tactics for the operational period and agency situation report (SitRep) which has more SEOC agency information. I have *implemented weekly operational periods.*

Advise if you want anyone else copied or off this distribution.

Daily Update

- Set goals for SEOC and identified response/recovery emphasis
- Requested FEMA liaison officers (LNO) from FEMA Region V. Two LNOs will be on site by ~3 p.m. 1/7/16. Both are known contacts to me and some staff and one has worked extensively with me during the SE MI flooding in a command and control position. These personnel have been specifically tasked with this mission. **THEY ARE NOT HERE TO ASSIST WITH A PRESIDENTIAL DECLARATION REQUEST BUT TO ASSIST ME.**
- PIOs from multiple agencies were here and established the Joint Information Center (JIC). News released pushed out on this. I am very happy with the PIO work and movement toward coordinated messaging.
- Held briefing for State Agency Emergency Management Coordinators, which included presentations from DEQ and DHHS subject matter experts to ensure situational awareness and to develop a common operating picture.
    - I opened the briefing by identifying our initial goals, items to think about while subject matter experts were briefing us, and how we are to move forward, find quick wins, and regain trust.
    - **MDHHS – Elevated Blood Lead Levels**
        - Dr. Elizabeth Wells gave an in depth summary of lead poisoning and what has occurred in terms of health monitoring throughout the Flint crisis.
    - **MDEQ – Water Testing Protocols**
        - *Mr. George Krisztian of MDEQ gave an in depth summary of the testing protocols and summary results that as they have developed throughout the emerging crisis.*
- Developed Incident objectives, strategy and tactics (see attached)
- Identified SEOC and state agency staff positions
- Assigned work tasks for SEOC operation period from 0800 January 6, 2016 to 1700 January 8, 2016
- *Reviewed planned actions, prepared final draft Incident Action Plan*
- **Made contact with the Genesee County Emergency Manager first thing in the morning and held a conference call mid-day to discuss roles. Daily 0830 command conference calls with local EOC command staff starts tomorrow. Tomorrows call will include the County Commissioner and the City Administrator (both invited). Topics include the incident action plan objectives and establishing better local coordination,**

command and control to facilitate integration with the SEOC. The local EOC is not functioning as it needs to with personnel and local coordination and we are working on that issue.

- I will be in Flint tomorrow for a 2 p.m. media round table with local officials that was set up by the JIC.
- The attached initial objectives will be updated at least every operational period and as needed. I listed the objectives below but the tactics to accomplish them is in the attached if you want further information.
  1. Activate the State Recovery Task Force (SRTF).
  2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
  3. Obtain and maintain situational awareness and common operating picture of all activities.
  4. Establish SEOC operational period and hours of operations.
  5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
  6. Develop a comprehensive GIS strategy.
  7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
  8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
  9. Provide technical assistance to the local Damage Assessment process.
  10. Establish a Joint Information Center (JIC) and develop a public information strategy.
  11. Monitor MI CIMS for resource requests and address as appropriate.
  12. Establish and disseminate cost center information for the incident.
- Additional tasks include:
  - *Determine what federal agencies are already involved and their status*
  - Identify potential water supplies
  - Determine where affected homes are located, where filters/pitchers (and replacements) were installed/provided, and determine who needs filters, etc.
  - Determine how filter distribution is handled, and if it can be handled more efficiently and effectively
  - Determine what mechanisms are in place for nutrition supplementation

EMHSD GIS Accomplishments:

- Hosted a conference call to begin coordination with Flint City and Genesee County GIS departments and the SEOC
- Established a daily call with county and city GIS personnel to synchronize GIS efforts in support of the Flint water crisis at 8:30 A.M.
- Began consolidating local data from local GIS practitioners into a consolidated database, to include:
  - Water Pipeline Locations
  - Filter Distribution Locations
  - November 25, 2015 Water Monitoring Results (Partial, some data remains to be digitized)
  - Affected School Locations
  - Predictive analysis of blood lead levels for affected area
  - Updated Parcels
  - Demographics
  - Block Groups
- Produced a map for the filter distribution locations
- Began contacting specialists who developed historic maps depicting the Flint Water Crisis to obtain the data

To: Etue, Kriste (MSP); Gorski, Gary (MSP); Smith, Paul (GOV)
Cc: Baird, Richard (GOV); Hollins, Harvey (GOV)
Subject: RE: Update - Genesee County Declaration

I forgot to advise that we have asked key state agency PIOs to be in the SEOC for the briefing.

From: Kelenske, Chris (MSP)
Sent: Tuesday, January 05, 2016 6:06 PM
To: Etue, Kriste (MSP); Gorski, Gary (MSP); Smith, Paul (GOV)
Cc: Baird, Richard (GOV); Hollins, Harvey (GOV)
Subject: Update - Genesee County Declaration

Below are some key points for your situational awareness (FYSA) that have taken place or will take place within the next 15 hours.

- I was on the phone with Sean Kammer, Assistant to the Flint City Administrator, when the declaration hit the news so I advised him immediately. He was going to let the City Administrator know.
- I contacted MSP Lt. Roach, 3rd District Coordinator, who was at the Genesee County EOC and advised her to let the County EM know the declaration status.
- State Emergency Management Coordinators (SEMCs) were notified via our notification system with additional information in an email.
    - This included information on the SEOC activation and a 0900 briefing for SEMCs.
    - Some subject matter experts will provide us an update to establish a common operating picture.
- We have been in contact with FEMA Region V watch desk ... they will be on the call tomorrow and continue to monitor the situation.
- I have been in contact with the FEMA Region V Administrator to keep him updated.
- Operational period for the SEOC will be M-F, 0800 to 1700 at this time.
- Situation Reports (SitReps) will be provided in the evenings.
- An Incident Action Plan will be developed tomorrow.

Call me with any concerns or questions.

Chris

"A PROUD tradition of SERVICE through EXCELLENCE, INTEGRITY, and COURTESY."

MSP/EMHSD GIS Section Update:
Accomplished Today
- Produced Water Point of Distribution Map.
- Produced Filter Point of Distribution Map.
- Met with Genesee County Emergency Manager to discuss POD locations, and hours of operation. He will also be sending us data on new facilities serving as POD's with hours of operations.
- Attempted to geocode list of properties that have received a water filtration system Geocoding encountered a problem due to original database format. We continue to clean up the database.
- Attempted to get data on the zip codes; local contact has not yet responded.
- Met with GIS from Flint to discuss data and methods.
- U of M contacted us to set up a meeting on DATE to proceed with digitizing water lines.
- Received account from City of Flint for their ArcGIS online

Tasks for Tomorrow:
- Finalize updated list on water filter distributions map
- Update Water and Filter POD's with updated information from Genesee County Emergency Manager.
- Establish time to meet with U of M.
- Finalize water filter distributions map.
- Finalize plan for data distribution methods

Volunteer and Donations Management:
- DHHS and SEOC had a call with General Motors about possible donations.

Local EOC Update:
The following actions have been coordinated and supported through the Genesee County EOC since activation:

Genesee County Sheriff's Office:
- Distribute filter and water to affected population (172 attempted contacts with 27 personnel on 01/07/2016).
- Provide security at EOC and incident facilities
- Sheriff Pickell is serving as the PIO for Genesee County.
- Operate EOC and manage incident through Emergency Management & Homeland Security Office.

Genesee County Health Department:
- Developing messaging (health education) for affected population.
- Provide nutritional counseling.
- Elevated blood level case management.
- Provide IT support for filter distribution database and GIS mapping.
- Developing Lead Poison Prevention Plan

Genesee County Equalization Department:
- Provide addresses, demographic, socioeconomic data for incident planning and forecasting
- Provide GIS mapping services.
- Preliminary assessed damages on public and private infrastructure impacts in coordination with City of Flint

Genesee County Community Action Resource Department (GCARD):
- Warehousing/staging of filters for distribution to affected population.
- Distribution of filters to affected population from two locations in the City of Flint.

City of Flint Fire Department:
- 5 Fire stations will serve as PODs for water and filter equipment on Saturday, 01/08/2016, 0900AM to 1600PM.

Flint Community Schools:
- Nothing reported at this time.

Michigan Department of Health and Human Services:
- Filter distribution at one location in the City of Flint.

United Way of Genesee County:
- Receive and manage donations (cash and goods)
- Public information through 211
- Facilitating coordination and control among local agencies

Food Bank of Eastern Michigan
- Warehousing/staging of water for distribution to affected populations.
- Identify and operate PODs for water (8 sites identified by 12.00 noon, 01/08/2016).
- Water inventory by end of day, 01/07/2015.

Food bank has 376 cases of water.

Hurley Medical Center.
- Nothing reported at this time.

The county EOC has issued five resource requests to the SEOC (all in progress) by 12.00 noon on 01/08/2016.

Private Damage Totals

MDHHS is collaborating with the MDHHS PIO in the JIC to provide health related information for the document that will be delivered to all homes in Flint.

Collaborated with LARA to obtain a contact list of all health professionals in Genesee County for distribution of Guidelines for Lead Testing in Children.

Per Genesee County Health Department, all inquiries about lead testing are being referred to 211 or their individual healthcare provider.

Dr. Eden Wells, Chief Medical Executive, participated in the Congressional Briefing

Corrections (MDOC)

Administration for the MDOC has been notified and is updated on current situation There are approximately 75 staff members working in the affected area Potable water has been provided to the offices in the affected area since the beginning of this situation and will continue to be provided. This water is available for people working there and those that have been required to go the office. We will continue to monitor this situation for any developing issues

Environmental Quality (MDEQ)

The Michigan Department of Environmental Quality (DEQ) SEOC staff are participating on the State Recovery Task Force for this incident. The DEQ laboratory is prepared to accept and process 400 water samples pre day, 7 days a week. DEQ Incident Management Team staff are supporting the local Emergency Operations Center with personnel in Incident Command positions.

Human Services (MDHS)

Participated in 9 30 State Agency briefing,
Updated resource requests.
Local MDHHS staff active in local EOC.
Sent MCSC to Genesee Co to coordinate various volunteer efforts.
Helping with donation management efforts at the local level.
Gathering information on water filter acquisition, distribution, installation, life span and replacement.
CHECC remains at Level 1 Activation - Normal Operations

Licensing and Regulatory Affairs (LARA)

Communicating with DEQ regarding additional water testing in Flint schools.

Gathering information from the Plumbing Division regarding plumbing authority within the city of Flint.

National Weather Service (NWS)

Jim Maczko from NWS Grand Rapids participating in morning SEOC bnefings via phone call and will coordinate support with local forecast office that serves Flint - NWS Detroit/Pontiac.

Natural Resources (MDNR)

MDNR is fully participating in all SEOC activities. Situational awareness is being maintained and the department stands ready to assist as needed.
Department POC's include
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging - Region 5 (VAAA), in partnership with other local community agencies such as the Genesee County Health Department and MDHHS, has helped organize local meetings and distribute water and water filters. VAAA is an access point for receiving calls from homebound seniors who are not able to pick up water filters or need assistance installing water filters. VAAA reports they continue to receive calls from seniors who need assistance.

VAAA has distributed 2 bottles of water with each home delivered meal to each HDM client within the City of Flint Water. VAAA also provided water to homebound seniors who needed water to prepare food as they had limited support to pick up bottled water. Congregate meal participants also have access to water and filters as needed Once water filters were installed, VAAA discontinued including water with home delivered meals.

VAAA also contacted the Grandparents Raising Grandchildren program to ensure that they were aware of educational efforts and confirm the program had received water filters to distribute to program participants.

State Police (MSP)

Insp. Bolger is monitoring the incident via MICIMS and participating in State Agency Briefings.

Supreme Court

08 50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency. Nothing to report from the Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn. Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

Provided update to management on morning briefing.
Co-located JIC has been setup for the public information officers, along with a media meeting room. Facilities supervisor assisted with unloading and equipment setup.
Received list of agency public information officers to have access to the Flint Office Building added to their ID cards.
Resource request received for a truck and driver needed to pick-up pallets of water and cartridges within the city and deliver them to five city fire stations on Saturday.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center.

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone.

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions.

Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff by consolidating data from local sources into comprehensive databases and providing mapping services to support incident analysis and forecasting. Data and maps regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, and predictive blood lead levels for affected areas will be made available with demographics.

Before December 16, 2015, $9.35 million was provided by the State of Michigan and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While the source water has been switched back to DWSD, water in the City of Flint is still not safe to drink, unless specifically filtered.

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply and the detection of elevated blood lead levels exceeding governmental standards.

- 5 Fire stations will serve as PODs for water and filter equipment on Saturday, 01/08/2016, 0900AM to 1600PM.

Flint Community Schools:

- Nothing reported at this time.

Michigan Department of Health and Human Services:

- Filter distribution at one location in the City of Flint.

United Way of Genesee County:

- Receive and manage donations (cash and goods).
- Public information through 211.
- Facilitating coordination and control among local agencies.

Foodbank of Eastern Michigan:

- Warehousing/staging of water for distribution to affected populations.
- Identify and operate PODs for water (8 sites identified by 12:00 noon, 01/08/2016).
- Water inventory by end of day, 01/07/2015:
  6 pallets @ 28 cases 6 gallons a case = 1,008 gallons
  2 pallets @ 32 cases 6 gallons a case = 384 gallons
  3 pallets @ 48 cases 40 bottles a case = 5,760 bottles

18 + 32 = 60

8 pallets @ 60 Cases 6 gal

Hurley Medical Center:

- Nothing reported at this time

The county EOC has issued five resource requests to the SEOC (all in progress) by 12:00 noon on 01/08/2016.

3 x 48 = 144
2 x 32 = 64
6 x 28 = 168
376

- ~~MI CIMS password resets~~
- Attempted to get data on the zip codes; local contact has not yet responded.
- Met with GIS from Flint to discuss data and methods.
- U of M contacted us to set up a meeting on best methods to proceed with digitizing water lines
- Received account from City of Flint for their ArcGIS online.

Tasks for Tomorrow:

- Finalize updated list on water filter distributions map
- Update Water and Filter POD's with updated information from Genesee County Emergency Manager.
- Establish ~~Discuss a~~ time to meet with U of M
- Finalize water filter distributions maps.
- Finalize plan for data distribution methods.

Local EOC Update:

The following actions have been coordinated and supported through the Genesee County EOC since activation:

Genesee County Sheriff's Office:

- Distribute filter and water to affected population (172 attempted contacts with 27 personnel on 01/07/2016).
- Provide security at EOC and incident facilities.
- Sheriff Pickell is serving as the PIO for Genesee County.
- Operate EOC and manage incident through Emergency Management & Homeland Security Office.

Genesee County Health Department:

- Developing messaging (health education) for affected population.
- Provide nutritional counseling.
- Elevated blood level case management.
- Provide IT support for filter distribution database and GIS mapping.
- Developing Lead Poison Prevention Plan.

Genesee County Equalization Department:

- Provide addresses, demographic, socioeconomic data for incident planning and forecasting.
- Provide GIS mapping services.
- Preliminary assessed damages on public and private infrastructure impacts in coordination with City of Flint.

Genesee County Community Action Resource Department (GCARD):

- Warehousing/staging of filters for distribution to affected population.
- Distribution of filters to affected population from two locations in the City of Flint.

City of Flint Fire Department:

Since the declaration by the governor the State Emergency Operations Center has been fully activated. The SEOC was activated on Tuesday Jan 5 and has been working with local agencies and State agencies to ensure a coordinated response to the incident. Since the activation the SEOC has activated command staff, state agency EMC's, and implemented the recovery branch under the Operations Section.

SEOC Update:

Accomplished Today:

- Recovery Branch is working to develop a enhanced method for outreach to all individuals
- Working to develop a method for distribution of water.
- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Held first legislative call today.
- JIC continued to develop messaging and has implemented a co-located JIC in the City of Flint.
- Provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed 3 EMHSD/SEOC liaisons to assist the local EOC.
- Worked on developing incident objectives for the next operational period.
- FEMA Liaison Officers are on site at the SEOC and are assisting and providing technical expertise ~~as needed~~.

The SEOC continues to provide:

- Situational awareness
- Common operating picture/objectives
- Coordination with city/county
- Potential coordination with federal agencies
- Incident prioritization
- Coordination of life/health safety measures
- Provide resources
- Public Information Control

MSP/EMHSD GIS Section Update

Accomplished Today:

- Produced Water Point of Distribution Map
- Produced Filter Point of Distribution Map
- Met with Genesee County Emergency Manager to discuss POD locations, ~~times, is supposed to be~~ sending us data on new facilities serving as POD's, ~~as well as~~ with hours of operations
- Attempted to geocode list of properties that have received a water filtration system. Geocoding ~~is a problem~~ encountered is probable in due to original database format. We continue to clean up the database.

Future sample test site	453	301

- Planning Section
  - Lead morning and afternoon state agency conference call.
  - Coordinated logistics of resource tracking.
  - Developed projections based off of reporting and trend analysis.
  - *Published Sit Rep # 11.*

- Operations Section
  - Worked with local EOC and SEOC logistics to clean up distribution quantities at sites to individuals.
  - 91 American Red Cross volunteers are active across operation today.
  - ARC processed 45 volunteers through the Volunteer Reception Center.
  - Warehouse Numbers:
    - Clio St Warehouse (current stock)
      - Replacement Cartridges.
        - 63,866
      - Filters (faucet)
        - 63,003
      - Water (cases)
        - 38,232
  - Point of Distribution Sites- resources handed out (as of 7 pm)
    - Contacts
      - 1047
    - Water (cases)
      - 625
    - Filters (faucet)
      - 772
    - Replacement Cartridges
      - 486
    - Filters (pitcher)
      - 14
    - Test kits
      - 3

- Finance Section.
  - Continuing to track personnel resources located in the SEOC and local EOC for use in spend plan development.
  - Monitoring resource request board and Pipeline Collaboration Document for costs incurred by state agencies for inclusion in spend plan.
  - Booked additional 18 hotel rooms for National Guard.

- *GIS Branch Updates.*
  - Created a GeoForm and Feature Service to handle data from paper forms used in the field and forms used prior to our involvement.
  - Gave training to Red Cross and Sheriff's Office teams on iPad data collection.
  - Provided train-the-trainer training to National Guard on iPad data collection within the Points of Distribution(PODS)
  - Created maps for ARC and MSP of individual team assignment areas, residential Water Sampling Results, precinct/ward wall map and daily team progress map.

DTMB:

- Provided management briefing and information on emergency declaration.
- 60 tablets have been provided to the Flint Water Response Teams to record supplies being delivered in the field.

Executive Summary

SEOC Update:
Accomplished today (January 16):

The SEOC continues to provide:
- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Provide resources.
- Public Information Control.

•Logistics
o Fielded questions about whether to open the multi-pack filter replacement kit and give only one away or keep as a pack. Decision is no, otherwise we are accused of tampering. Request no multi-packs be ordered.
o Hashed out test kit assembly process with DEQ and ARC.
o Hashed out lunch process for the weekend.
o Moved out of GGCard, consolidated to Clio Rd. warehouse.
o Donation deliveries – 10 a.m. – 7 p.m.
o Update ICS 204's.
o Site visits in Flint to local EOC. Warehouse, ARC, and POC's.
o Observed warehouse operations to determine challenges.
o Provided the JIC with one of each filters.
o Discussed volunteer management coordination with MCSC and ARC.
o Requested Verizon boosters for warehouse.
o Requested 100 traffic cones for warehouse to direct traffic.
o Requested MICIMS access for state volunteer coordinator.
o Requested 10,000 nutritional pamphlets from FEMA.

•JIC

o JIC will be requesting daily numbers from the SEOC from the activities of the field teams and PODs.
o Working the emergency declaration and talking points for congressional/legislative conference call.
o FEMA External affairs FEMA will be on site soon.
o Working on inaccuracies from media on the declaration.

• Recovery Branch
o MSP coordinated 11 Flint Water Response Teams with 62 state employees today.
o Continued coordination with Red Cross on volunteers for Sunday and Monday.
o Confirmed team typing for Flint Water Resource Teams.
o Data is for 1/16/16 as of 5:00 pm.
Water Response Teams TOTALS 1/16/2016
Occupied Homes 6,034/2,387
Vacant Homes 2,161/554
Unknown 3,129/909
Total Homes Visited 11,324/3,850
Resources Provided
Door Hangers 4,384/1,745
Water - Cases 2,062/1,253
Water - Gallons (Jugs) 97/9
Filters-Faucet 2,973/1,247
Replacement Filter 2,040/770
Filter Pitchers 29/2
Water test kits 420/102

Total Resources Dispersed 12,005
Future sample test site 453/301

•Planning Section
o Lead morning and afternoon state agency conference call.
o Coordinated logistics of resource tracking.
o Developed projections based off of reporting and trend analysis.
o Published Sit Rep # 11.
o Participated in distribution process meetings.

• Operations Section
o Conducted SEOC Briefing and IAP Tactics meeting
o Worked with local EOC to fix trash issue at the stations.
o Worked with local EOC and SEOC logistics to clean up distribution quantities at sites to individuals.
o 91 American Red Cross volunteers are active across operation today.
o ARC processed 45 volunteers through the Volunteer Reception Center.
o warehouse Numbers:
♣ Clio St Warehouse (current stock)
-Replacement Cartridges 63,866
-Filters (faucet) 63,003
-Water (cases) 38,232
o point of Distribution (as of 7 pm)
♣ Contacts 1047
♣ Water (cases) 625
♣ Filters (faucet) 772
♣ Replacement Cartridges 486
♣ Filters (pitcher) 14
♣ Test kits 3

•Finance Section.

o Continuing to track personnel resources located in the SEOC and local EOC for use in spend plan development.
o Monitoring resource request board and Pipeline Collaboration Document for costs incurred by state agencies for inclusion in spend plan.
o Booked additional 18 hotel rooms for National Guard.

•GIS Branch Updates.
o Created a GeoForm and Feature Service to handle data from paper forms used in the field and forms used prior to our involvement.
o Gave training to Red Cross and Sheriff's Office teams on iPad data collection.
o Gave train-the-trainer training to National Guard on iPad data collection within the Points of Distribution(PODS)
o Created maps for ARC and MSP of individual team assignment areas.
o Created map of Residential Water Sampling Results from data provided by MDEQ.
o Created Precinct/Ward wall map
o Created Daily Team Progress map

DTMB:
• Provided management briefing and information on emergency declaration.
• 60 tablets have been provided to the Flint Water Response Teams to record supplies being delivered in the field.
• Provided 450 credentialing badges for volunteers and 4 temporary fuel cards for the MSP officers driving rented U-Haul trucks.

DHHS-CH
• Maintained coordination and information sharing with CHECC leadership by holding twice daily scheduled calls to report activities and updates.
• A resource request was submitted in the SEOC to logistics to order 10,000 of the EPA provided nutritional pamphlet.
• Discussions took place with the JIC Manager, MDHHS PIOs, and CHECC Disaster Behavioral Health Subject Matter Experts regarding the method for providing Disaster Distress support (i.e. a helpline) for the public and responders.

DEQ
• All available water test kits assembled and available for distribution.
• Provided guidance to City personnel for water sample collection sites.
• GIS map developed for water sampling sites.

Local EOC Update:
• Toured facility and discussed EOC operations with Lt. Governor Calley.
• Provided direction to Operations and Logistics Sections to initiate water sample collection at Fire Station PODs.
• Attended conference call with SEOC and ARC logistics management to clarify supply level tracking and receive further instruction on the issue.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

- Held a media availability at Fire Station #5 where Major General Vadnais announced Michigan National Guard efforts will be doubled to approximately personnel by Monday to assist at water resource sites.
- Governor's Office issued a new release announcing the Presidential emergency declaration approval.
- Answered media calls about the state's resource distribution and activity efforts to date.
- Updated daily talking points to include the state's activity efforts to date and the Presidential emergency declaration.
- Coordinating with FEMA External Affairs to plan a Congressional call on January 17, in additional to a legislative call regarding the Presidential emergency declaration. Preparing talking points for the Congressional and legislative conference calls.

• Issued a news release with today's activity for the water resource sites and water distribution teams, as well as the increase in National Guard personnel.
• Preparing a news release by the American Red Cross and United Way regarding the volunteer resource center and how individuals can volunteer to help.

Agriculture and Rural Development (MDARD)

Saturday Jan 16th update: Primary activities today: coordination with FDA Detroit District on their and MDARD's upcoming activities related to food, inquiry into a possible animal facility requiring follow up; draft of a document outlining federal resources that may be available to assist with broader recovery issues.

American Red Cross (ARC)

Again today, the American Red Cross supplied reduced staffing at the fire station POD's supporting the National Guard mission.
The assembly of water test kits at ARC headquarters resumed today.
We deployed and supported additional teams for neighborhood canvassing (Water Response).
We supplied lunches for the Water Response Teams.
The volunteer reception center (VRC) was in full operation today. The VRC will be in operation from Noon to 5pm on Sunday, and Monday through Friday will operate from 11am to 6:30pm.
We continued warehouse and inventory management efforts.

Civil Rights (MDCR)

Continue to review activities to provide support and assistance to assigned Human Services branch and other SEOC activities.

Community Health (MDCH)

Coordinated with the CHECC to continue working on various projects to include developing a timeline of MDHHS activities as they relate to the Flint Water situation, the ordering of necessary nutritional information materials to be sent to the local health department, identifying a MDHHS representative to serve on the Public Health Group meeting on Tuesday (1/19), and staffing the CHECC hotline for health-related calls the 2-1-1 is unable to answer (since the LHD is closed for the weekend).

Maintained coordination and information sharing with CHECC leadership by holding twice daily scheduled calls to report activities and updates. Will also provide a daily update email to MDHHS Executive Leadership. This update will include the announcement of the Presidential Emergency Declaration issued this afternoon.

In alignment with the ongoing nutritional planning being lead by staff in the CHECC, a resource request was submitted in the SEOC to logistics to order 10,000 of the EPA provided nutritional pamphlet called, "Flight Lead Poisoning with a Healthy Diet," to be shipped directly to the Genesee County Local Health Department. Additional orders for these pamphlets are anticipated; however, the necessary quantity has not yet been determined.

Discussions took place with the JIC Manager, MDHHS PIOs, and CHECC Disaster Behavioral Health Subject Matter Experts regarding the method for providing Disaster Distress support (i.e. a helpline) for the public and responders. This will be discussed further on Tuesday when SMEs are in the CHECC and reach-out to SAMHSA to coordinate.

Updated ICS 204 forms with new and updated tactics and work assignments. Participated in SEOC tactics and planning meeting.

Corrections (MDOC)

Brent Travelbee and Todd Bechler on duty SEOC today. We have filled all requests for vehicles, personnel and warehouse equipment to assist with water distribution; additional request for Hand Operated Pallet Jacks have also been filled. MDOC Director Heidi Washington is providing full support to our assistance efforts. We will continue to staff the SEOC as a full-time partner as we have assets deployed into the field. All resources are documented on the appropriate forms and shared with the SEOC staff. Additional resource requests are coming in frequently and we are working hard to locate the requested resources while still maintaining minimal local facility operational requirements from the providing facility.

The MDOC is dedicating a considerable amount of resources and staff to this effort. We are working closely with the Logistics Chief to locate needed resources and fulfill resource requests in a timely manner. All MDOC resources will be reporting tomorrow Sunday January 17, 2016 as requested.

MDOC RESOURCES PENDING DEPLOYMENT: Sunday, January 17, 2016

Vehicles with Drivers

(2) – 18' Box Trucks
(3) – 20' Box Trucks
(2) - 24' Box Trucks
(1) - 30' Box Truck (Lift gate broken but truck still on site, DTMB repairing)

Box Trucks have power lift gates

(1) – F250 Pick Up Quad Cab with Cap
(1) – 5 Passenger Handicapped Capable Van

(1) – 15 Passenger Van with 10' Enclosed Trailer
(1) – Pick-up Truck with 20' Enclosed Trailer

(4) – 10/15 Passenger Vans

(1) – 20 Person Shuttle Bus (Sent to Red Cross Volunteer Sight)

(1) - 53' Refrigerated Semi-Trailer

(2) - Electric Pallet Jacks

(7) – Hand Pallet Jacks

(5) 6-10 Passenger Vans

All vehicles drivers have 800 MHz Radio Operability (G EVENT 9)

Staffing

There will be 22 staff members on site 21 drivers and an assistant for the Red Cross Transportation Van (w/trailer).

Education (MDE)

School enrollment and staffing spreadsheet added to Mi-CIMS.

MDE is monitoring the situation and coordinating as necessary with other state agencies.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) completed the following activities:
- Sampling of Manley Head Start and Eagles Nest School
- All available water test kits assembled and available for distribution
- Provided guidance to City personnel for water sample collection sites
- GIS map developed for water sampling sites
- Water heater information provided to Department of Labor and Regulatory Affairs and agency Public Information Officer's

Human Services (MDHS)

Staying in communication with 211, addressing human service concerns and delivery of resources to the elderly and disabled.

Review and provide regular 211 updates to SEOC Ops.

Continue to receive water filtration devices and assist in replenishment.

CHECC continues to maintain a Level 2 Activation

Licensing and Regulatory Affairs (LARA)

Manley School, where some DEQ testing was done today, is actually "Manley Early Childhood Center". The facility is a Head Start program and is captured under LARA's licensed Child Care Homes/Centers, it is not a school. DEQ is aware of this

Two bubblers that were supposed to be overnighted and delivered to a Flint area Home Depot today did not arrive. Without these bubblers the Freeman School faucet replacement pilot cannot be completed; all other scheduled work was completed there today. DEQ testing will not be done at Freeman tomorrow, 1/17. DEQ is aware of this. Install could possibly be finished on 1/17 if parts arrive; with testing then being done on Monday since school is not in.

LARA is currently working with DEQ to create a schedule for LARA's Plumbing Division to help DEQ with testing of additional schools in the Flint area.

Military and Veterans Affairs (DMVA)

Last 24 hours:
Distributed water, water filters, and water test kits and collected water samples for analysis at five points of distribution. Coordinated efforts with Genesee County EOC and Joint Information Center.

Total of Soldiers on State Active Duty:
at Genesee County EOC
at Joint Information Center
at PODS

Next 48 hours:
Distribute water, water filters, and water test kits and collect water samples for analysis at five points of distribution. Coordinate efforts with Genesee County EOC and Joint Information Center. In-Process Soldiers to augment distribution operations at 1800 S. outer Dirve, Saginaw, MI on 17 January 2016 at 1300. Conduct lodging and operations orientation following in-processing. Total of 72 Soldiers on State Active Duty on 17 January 2016. Additional Soldiers will conduct first full day of distribution operation on 18 January 2016.

Raymond Stemitz
LTC, IN, USA

National Weather Service (NWS)

Jim Maczko from NWS Grand Rapids will participate in SEOC morning briefings via phone call and will coordinate support with local forecast office that serves Flint - NWS Detroit/Pontiac. Participation in afternoon SEOC briefings in planned only if significant changes in the forecast occur.

NWS support beyond this weekend being coordinated between NWS Grand Rapids and NWS Detroit. Hand off to NWS Detroit for morning conference call weather forecast likely before the end of January.

Natural Resources (MDNR)

MDNR is fully participating in all SEOC activities. Situational awareness is being maintained and the department stands ready to assist as needed.
Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging - Region 5 (VAAA), in partnership with other local community agencies such as the Genesee County Health Department and MDHHS, has helped organize local meetings and distribute water and water filters. VAAA is an access point for receiving calls from homebound seniors who are not able to pick up water filters or need assistance installing water filters. VAAA reports they continue to receive calls from seniors who need assistance.

Contact info for VAAA Executive Director is:

Kathryn C. Boles
President, CEO
Valley Area Agency on Aging
225 E. Fifth Street, Suite 200
Flint, MI 48502
(810) 239-7671
(810) 239-8869 fax

VAAA has distributed 2 bottles of water with each home delivered meal to each HDM client within the City of Flint. Water. VAAA also provided water to homebound seniors who needed water to prepare food as they had limited support to pick up bottled water. Congregate meal participants also have access to water and filters as needed. Once water filters were installed, VAAA discontinued including water with home delivered meals.

VAAA also contacted the Grandparents Raising Grandchildren program to ensure that they were aware of educational efforts and confirm the program had received water filters to distribute to program participants.

On 1/11/16 AASA forwarded to MSP/GIS over 1,400+ NAPIS addresses of Flint seniors who received in-home services in FY15. The NAPIS file was sent encrypted and did not include client names. The NAPIS file included 1,029 HDM, 138 CM, and 30 CCS clients.

VAAA continues to operate as a call center and referral point for area seniors concerned about their drinking water. They've noticed this week that seniors who've had filters installed are beginning to request bottled water again.

AASA's State LTC Ombudsman has checked in with the local Ombudsman in Flint. Local

Ombudsman reports Flint area nursing homes have been taking precautions using bottled water for cooking and drinking. The local Ombudsman remains concern about Nursing Homes' long term need to replace old facility plumbing that may be leaching lead.

State Police (MSP)

Teams have been distributing water all day. 3902 homes have been visited today.

The EOC in Flint advised that Genesee County Sheriff Department did not have the resources to provide security for the resource warehouses in the evening. Lt. Pummill was notified at 9:19 a.m. regarding this issue. Lt. Pummill did not believe this would be an issue because the warehouses are fenced in.

10:24 a.m. - Lt. Pummill advised that Sgt. Keith Sparks, MSP Safety Officer is currently evaluating the security at the resource warehouses for this evening.

1241 p.m. - Sgt. Sparks has completed his assessment of the resource warehouse and he responded with the following; My assessment of the facility is that it is adequate to secure the Red Cross vehicles as long as the vehicles are locked up and the gate is closed and locked. It will also be beneficial for the security of the vehicles when the outdoor lights are brought back into working order. Note: Personnel are currently working on the lights issue. They will know if the light are in working order at the facility by 5:00 p.m. today. I contacted Lt. Pummill at 6:06 p.m. for status on lights at warehouse. Lt. Pummill is having MSP personnel check to see if the lights were repaired. 6:37 p.m. - There are now lights on the south side of the warehouse, per Lt. Pummill. The south side of the building are where the delivery trucks are parked.

1:35 p.m. - MSP was asked for the exact number or state agency volunteers that reported today (Saturday 1-16-16) and to also confirm they went out in 10 teams. This information was forwarded to Lt. Pummill at 1:41 p.m.

2:06 p.m. Lt. Pummill advised 62 volunteers were utilized on 11 teams today.

ICS 208 created for 1/17/16-1/18/16 to include updated weather information provided by the National Weather Service.

We have 114 state of Michigan employee volunteers scheduled for Sunday Jan 17th and 125 scheduled for Monday Jan 18th.

Supreme Court

08:50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency. Nothing to report from the Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn: Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

Provided management briefing and information on emergency declaration.

DTMB Mail Services has seven drivers with trucks assisting in transporting supplies to support

point of distribution centers and Flint Water Resource Teams. Drivers have agreed to work through the end of day Tuesday, January 19.

DTMB assisted in procuring 72 truck loads of water, 8 trucks per day until Wednesday, January 20.
60 tablets have been provided to the Flint Water Response Teams to record supplies being delivered in the field.
Provided 450 credentialing badges for volunteers and 4 temporary fuel cards for the MSP officers driving rented U-Haul trucks.
Warehouse space was procured for 80,000 square feet to hold water, water filters, cartridges and water test kits.
Procured 500 rain ponchos for volunteers and a 40 yard dumpster for use at the warehouse.
Providing printing needs for agencies for volunteers to distribute to city residents.

Transportation (MDOT)

MDOT continues to maintain situational awareness and respond to issues regarding equipment and road conditions.

IS THIS OKAY?

We are looking for talking points on the following two question.

- Is there a reason why we're handing out water by the bottle and not by the jug? We pass out what is donated. Whenever I have asked for donations, I have asked for jugged water. But we take what we get.
- Are there any recycling options for the water bottles? There are discussions but nothing solid.

WE DON'T ANSWER

Update Form

ASSIGNMENT LIST (ICS 204)

1. Incident Name:	2. Operational Period:		3. Branch: Division: Group: Staging Area:
Planning Section (Obj. 2)-2015-10-01-City of Flint-Water Contamination/Shortage Objective: 2: Ensure accurate tracking and accounting of all commodities.	Date From: 01/19/2016 Time From:08:00:00	Date To: 01/26/2016 Time To: 08 00 00	

4. Operations Personnel:	Name	Contact Number(s)
Planning Section Chief:	Tom Weber	-
Branch Director:		
Division/Group Supervisor	Amanda Bresler	

5. Resources Assigned:		# of Persons	Contact (e.g., phone, pager, radio, frequency, etc.)	Reporting Location, Special Equipment and Supplies, Remarks, Notes, Information
Resource Identifier	Leader			
Ordering Unit Lead	Pam Strobel	1		
Resource Unit Lead	Sam Yonker-Burke	1		
4315 Clio Rd. Warehouse	Shawn- American Red Cross	1		
Google Doc Tracking Sheet	Resource Unit	2		

6. Work Assignments:

Critical Task: Coordinate the tracking and inventory or resources on-scene and advise Logistics Section of needs.

Tactics:
1. Develop current situational awareness of inventory of on-scene resources.
2. Work with SEOC (logistics and ordering unit), warehouse staff, and local logistics to identify track daily commodities updates to the resource unit lead per the Logistic Support Plan.
3. Participate in daily distribution process conference call. (10:30 am and 7 pm).
4. Develop daily resource status report.

7. Special Instructions:

Coordinate with Logistics

8. Communications (radio and/or phone contact numbers needed for this assignment):

Name/Function		Primary Contact: indicate cell, pager, or radio (frequency/system/channel)
Tom Weber	/Planning Section Chief	
Sam Jonker-Burke	/Resource Unit Lead

Subject: RE: Request for Volunteer Message - FOR REVIEW

I made one editing change to the second to last paragraph (revised below). Please let us know if you need the JIC's assistance in disseminating this message once the surveys are completed.

As discussed, we are working on an on-line way to capture this information to avoid having to pass information through several hands. As soon as I get the mock-up of the survey, I will send it to you for consideration.

In light of this, below is a revision to the email.

Body:
The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues caused by lead in the city of Flint's drinking water. Teams from the Michigan State Police and the Michigan Department of Health and Human Services have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

Volunteers will begin their assignment at _____, Flint at 9 a.m. and end by 4 p.m. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Subject: FW: Request for Volunteer Message - FOR REVIEW
Importance: *High*

Hi Jane,

Attached is for review by the State Director. This is urgent, as it needs to go Department Directors as soon as possible. Jarrod Agen will send the email to state directors with a copy to department PIOs. We recommend sending the Emergency Management Coordinator list to the state directors so they know who to plug in.

Note - there are two emails to review in the Word document. One is the email directors will send. The other is the email Jarrod would sent to explain this request.

Thank you,
Shanon

- B • Identify current and potential resources for data collection
- C • Contact and coordinate with identified agencies to obtain and centrally locate all data
- D • Provide spatial analytics in support of SEOC

Identify critical resources for acquisition and allocation.

- A • Develop and forward email to all state agencies to identify available resources for deployment and resources

Coordinate response and recovery activities with MIVOAD and identify potential mission areas.

- A • Establish Recovery ~~Unit~~ Branch.
- B • Gather and compile available resources.
- C • Gather and compile available assistance programs.
- D • Determine resources already provided to affected area in response to emergency.

Establish and coordinate routine communication between SME's. and coordinate technical assistance among state agencies and to local agencies. e.g.

- A • ~~Facilitate~~ Identify subject matter experts (Dr. Wells, Dr. Mona Hatta-Attisha, George Krisztian)
- B • Establish and coordinate routine communication between SME's.

Provide technical assistance to the local Damage Assessment process.

- A • Establish Recovery ~~Unit~~ Branch
- B • Provide templates and information as to requirements of damage assessment reports.
- C • Conduct daily conference calls with local emergency manager and EMHSD District Coordinator to assess progress and obtain updates.
- D • Coordinate daily communication with DC, Recovery Unit Lead, GIS Unit Lead to monitor progress and document data. Branch Paul

Establish a Joint Information Center and develop a public information strategy.

- A • State agency PIO's meet to determine needs and strategy for public information dissemination
- B • Determine technical needs for on-site JIC
- C • Coordinate with local (County/City) JIC
- D • Determine need to co-locate state and local JIC
- E • If need identified to relocate JIC, establish location and logistical needs. 17

Monitor MI CIMS for resource requests and address as appropriate.

- A • Logistics Section Chief will monitor and assist with input of resource requests.
- B • Review requests and review with command to receive approval to assign and fill requests.
- C • Track resources provided to date and those provided throughout the course of this event.

Establish and disseminate cost center information for the incident.

- A • Establish Index/PCA
- B • Distribute information to state agencies
- C • Track costs related to this emergency

ASSIGNMENT LIST (ICS 204)

1. Incident Name:	2. Operational Period:		3. Branch: Division: Group: Staging Area:
Logistics Section (Obj.5)-City of Flint-Water Contamination/Shortage	Date From: 01/11/2016	Date To: 01/13/2016	
	Time From:08.00 00	Time To. 08.00'00	

4. Operations Personnel:	Name	Contact Number(s)
Operations Section Chief:	Jackie Hampton	
Branch Director:		
Division/Group Supervisor		

5. Resources Assigned:		# of Persons	Contact (e.g., phone, pager, radio, frequency, etc)	Reporting Location, Special Equipment and Supplies, Remarks, Notes, Information
Resource Identifier	Leader			
Logistics Section Chief	Wendy Galbreath			Logistics Chief rotates, may not always be Wendy

6. Work Assignments:

Objective 5. Ensure adequate staffing to support operational requirements.

Tactic(s)

Develop staffing plan for operational period.
Develop a staffing spreadsheet indicated required positions
Poll Section Chief's for personnel available to work.
Notify selected staff of their assignments.
Send staffing spreadsheet to assigned personnel.
Create a sign-in sheet for SEOC sign-in.
Assess staffing needs in the local EOC.
Deploy state staff to local EOC, if needed.
Ensure all assigned staff check in and are tracked via MiCIMS

Resource Identifier	Leader			
Warehouse #1	Michelle Kuzera	1		

6. Work Assignments:

Critical Task: Identify, staff, and maintain a local warehouse.

Task (ex).
1. Locate facility large enough to hold a large amount of supplies to keep distribution sites stocked. 100,000 sq. ft. or more.
2. Location must be in the city of Flint and close in proximity to distribution sites.
3. Location must be secure.
4 Ensure accessibility to vehicles and pallets
5. Assess resource needs (fork lifts, pallet jacks, packing tape, scissors, etc.)

7. Special Instructions:

1. Ensure staff are properly trained and certified to operate equipment
2. Create a Safety plan.
3 Site safety plan must be followed.
4. All injuries reported to Safety Officer
5. Create necessary forms for tracking items coming in and leaving the warehouse
6. Create receipts for donated individuals.
7. Create daily inventory reports

Water

Today's numbers:

7,824 cases of water arrived today, 1/12/16 (109 pallets)

Ordered:

19,152 cases of water are going to arrive Wednesday, 1/13/16 (266 pallets)

- 1/3 is going to GCard and the rest is going to the new warehouse

12,768 cases to arrive daily beginning Thursday through Saturday (177 pallets a day)

Filters

Today's numbers:

Ordered 1/11/16 – Delivered 1/12/16 direct to GCCARD

2,000 – Brita filter faucet mounts

Filter Replacements

2,400 – Brita filter replacements

8,000 – Brita filter replacements

Ordered 1/12/16 to arrive Wednesday

Faucet Mounts – To be delivering direct to GCCARD on 1/13/16 (Wednesday)

10,000 – PUR Vertical faucet mount

2,500 – PUR Horizontal mount

Replacement Filters – Delivering direct to GCCARD on 1/13/16 (Wednesday)

10,000 – PUR replacement filters

10,000 – PUR replacement filters

PUR Combination Pack – Delivering direct to GCCARD on 1/13/16 (Wednesday)

10,700 – PUR combo packs

To arrive Thursday

Zero Water Pitcher (8 Cup) – Delivering direct to GCCARD on 1/14/16 (Thursday)

1,300 – Zero Water pitchers

Faucet Mounts – Delivering direct to GCCARD on 1/14/16 (Thursday)

11,000 – PUR vertical faucet mount

1,500 – PUR Horizontal faucet mount

5,000 – Brita faucet mount

10,000 – Brita adv faucet mount white

12,000 – Brita adv faucet mount chrome

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	01/06/2016 08:00 00
Operational Period End:	01/08/2016 17.00.00
Situation Report No.	2
SEOC Status:	Full
SEOC Hours of Operation Begin:	01/07/2016 08:00 00
SEOC Hours of Operation End:	01/07/2016 17:00.00

Executive Summary

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center.

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone.

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions.

Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff by consolidating data from local sources into comprehensive databases and providing mapping services to support incident analysis and forecasting. Data and maps regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, and predictive blood lead levels for affected areas will be made available with demographics.
Before December 16, 2015, $9 35 million was provided by the State of Michigan and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While the source water has been switched back to DWSD, water in the City of Flint is still not safe to drink, unless specifically filtered.

On January 5, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County Genesee County requested the Governor's declaration on January 4, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply and the detection of elevated blood lead levels exceeding governmental standards.

MSP/EMHSD GIS Section Update

Accomplished Today:
- Reproduced Socio-Economic Status Map
- Reproduced Predicted Affected Populations Map
- Cleansed old data and reports for water filter distributions
- Created draft map of water filter distributions (Refinement needed before releasing final product)
- Scheduled on-site visit with Flint GIS Department and Genesee County GIS Department
- Formatted databases to host content
- Researched service line database creation and scheduled meeting with U of M Flint to discuss timelines and resource needs
- Generated water infrastructure map (does not include building service lines)

Tasks for Tomorrow:
- Meet with Flint City GIS
- Meet with Genesee County GIS
- Meet with U of M Flint GIS
- Finalize water filter distributions map
- Finalize plan for data distribution methods

Incident Response/Recovery Priorities/Objectives

1. Activate the State Recovery Task Force
2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
3. Obtain and maintain situational awareness and common operating picture of all activities.
4. Establish SEOC operational period and hours of operations.

5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
6. Develop a comprehensive GIS strategy.
7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
8. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
9. Provide technical assistance to the local Damage Assessment process.
10. Establish a Joint Information Center (JIC) and develop a public information strategy.
11. Monitor MI CIMS for resource requests and address as appropriate.
12. Establish and disseminate cost center information for the incident.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was operational at 1 p.m. on Jan. 6 and operational from 8 a.m. to 5 p.m. on Jan. 7. State agencies at the JIC included the Departments of Licensing and Regulatory Affairs, Health and Human Services, Agriculture and Rural Development, Environmental Quality, and Michigan State Police.

During the 8 a.m. to 5 p.m. operational period, Gov. Rick Snyder held a press availability with Flint Mayor Karen Weaver. In addition, a round-table press briefing occurred at 1 p.m. at the 4000 Collins Road facility.

Objectives included:

- Oversaw and managed the state of Michigan public information duties due to emergency declaration.
- Held a 4 p m. conference call with Genesee County PIO Sheriff Robert Pickell and city of Flint PIO Lead Sean Kammer.

Information Gathering
- Created media monitoring reports about the disaster as needed.
- Crafted talking points about the ongoing disaster, including a better description of the emergency declaration process.
- Crafted social media posts about state efforts underway during the disaster recovery process.
- Created graphics for social media efforts.

Information Dissemination
- Answered phones and manage media inquiries in regards to the Flint Water situation.
- Worked to establish a GovDelivery account; post link of website to sign up.
- Finalized details, media invite list and host a media roundtable.

External Affairs
- Worked on planing a conference call between command staff and affected state legislators and congressional Jan. 8, 2015.

Administrative
- Worked on filling staffing for the next operational period.

Logistics
- Worked on fixing email accounts.
- Worked to established a location with Genesee County and the city of Flint for a Unified Joint Information Center by the end of the week.
- Established a conference call line for the media roundtable.

Agriculture and Rural Development (MDARD)

Two areas MDARD is monitoring:
1). Water usage in food processing, food retail, and food service (restaurants). Guidance document has been available since October; MDARD surveyed food processors in October and did not find issues.
2). Water consumption by pets / animals. There has been some evidence of lead toxicity in dogs, and there has been guidance about pets & water included in the Q & A.
Jan 7th 2016 4pm update:
MDARD and Genesee Local Health Dept. agreed to move guidance on water to a regulatory requirement. New language (after JIC approval) will be going out to retail food establishments and restaurants with follow up inspections and sampling. Planning will continue on logistics for sampling.
Animals - call into the Genesee County Animal Control Shelter not yet returned; will try again tomorrow.

American Red Cross (ARC)

The MSP/EMHSD planners asked the American Red Cross to brainstorm and come up with possible ways in which MI-VOAD, the Red Cross and other NGOs might be able to assist in the response and recovery phases of the Flint Water Contamination. We are working on this and calling upon Red Cross colleagues to contribute to it. We've briefed Red Cross Regional and Divisional management on this incident. The Red Cross will provide situational awareness regarding the services related to the water contamination that individual NGOs are providing to Flint residents.

Civil Rights (MDCR)

Monitor and support agencies with issues surrounding outreach and engagement of marginalized populations within the City of Flint impacted by the current water crisis.

Corrections (MDOC)

Approximately 75 staff members are working in the affected area. Potable water has been provided to the offices in the affected area since the beginning of this situation and will continue to be provided. This water is available for people working there and those that have been required to go the office. We will continue to monitor this situation for any developing issues.

Environmental Quality (MDEQ)

The Michigan Department of Environmental Quality (DEQ) staff continue to conduct testing in the Flint Schools.

Human Services (MDHS)

Summary for both Health & Human Services
Participated in 9:30 State Agency briefing,
Attended Recovery Task Force / Recovery Branch meeting.
Coordinating between CHECC and JIC.
Local MDHHS staff active in local EOC.
Participated in MDHHS 12:30 Flint Water Lead Project call
Gathering information on water filter acquisition, distribution, installation, life span and replacement.
Providing update to Executives
CHECC remains at Level 1 Activation - Normal Operations

Licensing and Regulatory Affairs (LARA)

LARA upgraded to a mandatory department for this incident

Attached is a Point of Contact (POC) List

Attached is a Work Report indicating what work LARA has done today in City of Flint

National Weather Service (NWS)

Jim Maczko from NWS Grand Rapids participating in morning SEOC briefings via phone call and will coordinate support with local forecast office that serves Flint - NWS Detroit/Pontiac.

Natural Resources (MDNR)

MDNR is fully participating in all SEOC activities. Situational awareness is being maintained and the department stands ready to assist as needed.

Services to the Aging (OSA)

Valley Area Agency on Aging - Region 5 (VAAA), in partnership with other local community agencies such as the Genesee County Health Department and MDHHS, has helped organize local meetings and distribute water and water filters. VAAA is an access point for receiving calls from homebound seniors who are not able to pick up water filters or need assistance installing water filters. VAAA reports they continue to receive calls from seniors who need assistance.

VAAA has distributed 2 bottles of water with each home delivered meal to each HDM client within the City of Flint. Water. VAAA also provided water to homebound seniors who needed water to prepare food as they had limited support to pick up bottled water. Congregate meal participants also have access to water and filters as needed. Once water filters were installed, VAAA discontinued including water with home delivered meals.

VAAA also contacted the Grandparents Raising Grandchildren program to ensure that they were aware of educational efforts and confirm the program had received water filters to distribute to program participants.

State Police (MSP)

Insp. Bolger is monitoring the incident via MICIMS and participating in State Agency Briefings.

Supreme Court

January 6, 2015:
08:50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency. Nothing to report from the Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn: Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

Provided update to management on morning briefing.
DTMB tasked with finding co-location site for the Joint Information Center within the Flint State Office Building. DTMB conference room is available to be used for the JIC with a media meeting room also available. DTMB Network and Telecommunications Division working on installation of additional telephone and data lines.

Incident

1. Incident name: 2015-10-01 Flint Water

2. Operational Period from: 01/06/2016 08:00:00to: 01/08/2016 17:00:00

3. Objective(s)

1. Activate the State Recovery Task Force
2. Ensure coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate subject matter experts.
3. Obtain and maintain situational awareness and common operating picture of all activities.
4. Establish operational period and hours of operations. ✓
5. Investigate and identify available programs for assistance with direct or related impacts.
6. Develop a comprehensive GIS strategy.
7. Identify critical resources for acquisition and allocation.
8. Coordinate response and recovery activities and identify mission areas with MIVOAD.
9. *Facilitate and coordinate technical assistance among state agencies and to local agencies.*
10. Provide technical assistance and facilitate the local Damage Assessment process.
11. Establish a Joint Information Center and develop a public information strategy.
12. Monitor MI CIMS for resource requests and address as appropriate.
13. Establish and disseminate cost center information for the incident.

4. Operational Period Command Emphasis:

1. Provide regular local and technical briefings
2. Identify life safety issues.
3. Identify priorities.
4. Provide policy direction by observance of SEOC SOPs.
5. *Seek technical guidance from relevant federal agencies.*
6. Provide regular legislative/congressional briefings.

General Situational Awareness:

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels that exceeded past seasonal levels were observed in City of Flint children, and were subsequently confirmed by Michigan Department of Health and Human Services (MDHHS) epidemiologists.

To mitigate the effects of corrosive river water on the infrastructure in the City of Flint, the city switched back to water from DWSD on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a *supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.*

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center. On January 5 Genesee County declared a local state of Emergency and requested a declaration of emergency/disaster from the Governor. On January 6, 2016, Governor Snyder declared a State of Emergency for Genesee County. On January 5, 2016 the State Emergency Operations Center was activated to coordinate the response.

INCIDENT OBJECTIVES (ICS 202)

1. Incident Name:	2. Operational Period:	
2015-10-01 City of Flint Water Contamination/Shortage	Date From:01/06/2016 Time From:08 00.00	Date To:01/08/2016 Time To:17:00.00

3. Objective(s):

1. Activate the State Recovery Task Force (SRTF). (Operations Section Chief)
A. Identify and obtain approval for assignment of Task Force Leader. (Operations Chief)
B. Task Force leader will provide recommendations and obtain approval for Task Force membership. (MDHS SEMC)
C. State Recovery Task Force shall determine mission and establish means to provide support as needed. (MDHS SEMC)

2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts. (Operations Section Chief)
A. Request and establish FEMA LNO in the SEOC to support liaison with other federal agencies (State Director)
B. Establish Recovery Branch within the Operations Section. (OSC)
C. Maintain daily SEOC briefing with state agencies. (PSC)
D. Establish and maintain routine calls with local emergency manager and EMHSD District Coordinator. (State Director)

3. Obtain and maintain situational awareness and common operating picture of all activities. (PSC)
A. Conduct daily briefings with state agency emergency managers. (PSC)
B. Monitor MICIMS. (All)
C. Produce maps to include water filter, pitcher and filter distribution, affected areas and infrastructure, and method of distribution. (GIS)
D. Complete and produce daily situation reports. (PSC)

4. Establish SEOC operational period and hours of operations. (State Director) – Completed.
A. Operation Period has been established as well as SEOC operational hours
B. Review weekly for alteration of same

5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program. (Recovery Branch Director - RBD)
A. Identify agencies to research potential assistance programs (RBD)
B. Named agencies will research programs and determine eligibility guidelines, benefits, application process, contacts, etc. (RBD)
C. Provide written report to Operations Section Chief as to program availability. (RBD)

6. Develop a comprehensive GIS strategy. (GIS)
A. Identify critical needs for maps and overlays. (GIS)
B. Identify current and potential resources for data collection. (GIS)
C. Contact and coordinate with identified agencies to obtain and centrally locate all data. (GIS)
D. Provide spatial analytics in support of SEOC. (GIS)

7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas. (RBD)
A. Establish Recovery Branch. (OSC)
B. Gather and compile available resources (RBD)
C. Gather and compile available assistance programs (RBD)
D. Determine resources already provided to affected area in response to emergency. (RBD)

10. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies. (OSC)
A. Identify subject matter experts (Dr. Wells, Dr. Mona Hatta-Attisha, George Krisztian). (OSC)
B. Establish and coordinate routine communication between SME's. (OSC)

11. Provide technical assistance to the local Damage Assessment process. (RBD)
A. Establish Recovery Branch. (OSC)
B. Provide templates and information as to requirements of damage assessment reports. (RBD)
C. Conduct daily conference calls with local emergency manager and EMHSD District Coordinator to assess progress and obtain updates. (RBD)
D. Coordinate daily communication with the District Coordinator and GIS Unit Leader to monitor progress and document data. (RBD)

12. Establish a Joint Information Center (JIC) and develop a public information strategy. (PIO)
A. State agency PIO's meet to determine needs and strategy for public information dissemination. (PIO)
B. Determine technical needs for on-site JIC. (PIO)
C. Coordinate with local (County/City) JIC. (PIO)
D. Determine need to co-locate state and local JIC. (PIO)
E. If the need to relocate the JIC is identified, establish location and logistical needs. (PIO)

13. Monitor MI CIMS for resource requests and address as appropriate. (LSC)
A. Monitor and assist with input of resource requests. (LSC)
B. Review requests and review with command to receive approval to assign and fill requests. (LSC)
C. Track resources provided to date and those provided throughout the course of this event. (PSC)

14. Establish and disseminate cost center information for the incident. (FSC)
A. Establish Index/PCA. - Complete
B. Distribute information to state agencies. – Complete
C. Track costs related to this emergency. (FSC)

4. Operational Period Command Emphasis:

- why is food an issue? use food as medicine
- what do your short falls
- 50% of people 5/B (600) who did this
  93% 15/B (600 samples) sample
- 211 message that they w/ transportation.

- obj
- ~~UCG~~ should just UCG
- 202 is used as 204 as well
- TASK (MIS/MS ?)

Frequently Asked Questions About

Lead in Flint Water

- Lead is hard to avoid completely. It can be found in old paint, water pipes and brass water faucets, in dirt, at some job sites, and in metal used for some hobbies.
- The amount of lead found in some Flint homes' drinking water could affect kids' health.
    - Even small amounts of lead can harm kids' health because they are little and still growing.
    - Adults are less likely to be harmed by the levels found in the water.
- Filter your drinking water using a National Sanitation Foundation (NSF)-approved filter.
    - You can receive a free a NSF-approved filter if you use City of Flint water.
    - Call 211 to find out where you can pick up a free water filter.
- Some filters can remove up to 99 percent of the lead in water when used properly. To be sure your filter is removing as much lead as it can, carefully follow the instructions that came with it.
    - Run only cold water through the filter.
    - Change the filter cartridge as often as you should.
- Even after changes to the water system, it may take a while before lead levels in your home's water drop.
- There are a number of steps you can take to keep yourself and your family healthy. Use the tips below to learn more about how to stay healthy:

Lead in Water

Although your water may be a different color sometimes, it is not caused by lead. It's important to remember:

- You can't see, smell, or taste lead in water.
- Lead won't change the color of your water.
- The only way to know what your home's lead levels are is by having your water tested.

Lead In Blood

- If your child lives in Flint or goes to school or childcare in the City of Flint, they should be tested for lead poisoning.
- You should contact your doctor about testing.
- Testing is available for free at the Genesee County Health Department. Call 211 if you need help getting there.
- If you are pregnant or nursing, and you have tested negative for lead poisoning, it safe to breastfeed.
- If you are pregnant or nursing and have tested positive for lead poisoning, talk to your doctor about breastfeeding.

Tips to Keep your Home Safe from Lead

Water Filters

Frequently Asked Questions About

Lead in Flint Water

- Get your water tested. It's free. Call 810-787-6537.
- Use a water filter. Call 2-1-1 for a free filter.
- If you do not have a water filter, use bottled water for drinking and mixing formula.
- Use cold, filtered water for cooking.
- Wash fruits and vegetables with filtered water.
- If you must use unfiltered water, run the water for at least five minutes before you use it. To save time and water in the future, it's a good idea to fill up as many containers as you can once you've run your water for five minutes.

Healthy Diet

- Eat foods high in iron, calcium and vitamin C.
    - Good sources of iron include:
        - Lean red meats, fish, and chicken
        - Cereals with added iron
        - Dried fruits (raisins, prunes)
    - Good sources of calcium include:
        - Milk
        - Yogurt
        - Cheese
        - Green leafy vegetables (spinach, kale, collard greens)
    - Good sources of vitamin C include:
        - Oranges, orange juice
        - Grapefruit, grapefruit juice
        - Tomatoes, tomato juice
        - Green peppers
    - Wash hands with soap and warm water before eating.
    - Contact WIC or SNAP if you need fresh and healthy foods. Call 810-237-4537.

Cleaning

- Wash bottles, toys and pacifiers with soapy water.
- Use door mats. Take your shoes off when indoors.
- It is safe to use unfiltered tap water to mop floors and wipe down countertops.
- Vacuuming carpets may pull more lead dust to the surface. Use a non-motorized sweeper to clean carpets.
- Clean windowsills and play areas often with paper towels and soapy water.
- It is safe to wash clothes in your washer and dryer.

In the Bathroom

- Use filtered tap water to brush your kids' teeth.

  - Adults can use unfiltered tap water to brush their teeth.
- You can use unfiltered tap water to shower or bathe, but don't let kids drink the water when they play in the tub.
  - The Centers for Disease Control and Prevention have done studies that look at the amount of lead that can be absorbed through the skin.
  - Based on the way lead is absorbed into the body, parents can safely continue normal bathing habits.
  - Bath time should be used for bathing only, rather than allowing children to play in the water for extended periods of time.
- Lead will not cause rashes or other skin problems. However, if chlorine levels or other cleaners are high in the water, it may cause itchy or dry skin (similar to what can happen when you swim in a pool).

Caring for Pets

- Use filtered tap water for your family pets' water bowls.
- You can use unfiltered tap water to bathe your pets.
- If you notice your pet acting differently than normal, contact your vet.

Other Sources of Lead in Your Home

Lead Paint

- Homes built before 1978 likely have lead paint, both inside and outside.
- Old paint is the most common way that kids are exposed to lead.

Dirt

- If you live in the city, there may be lead in the dirt outside your home.
- Before 1996, gas and the exhaust from cars contained lead. More lead will be found in dirt in busy traffic areas.

Dust

- The dust in your home can have tiny amounts of lead from paint and dirt.

Hobbies and Jobs

- Solder, fishing sinkers, bullets, and stained glass framing materials are some items that may contain lead. You could also track home lead dust from your job site.

Have Questions?

For more information about protecting yourself and your family from lead, visit www.michigan.gov/flintwater

Frequently Asked Questions About

Lead in Flint Water

To find out where you can get a free water filter, call 211.

For a free or low-cost water test, call the Flint Water Department at 810-787-6537.

For more information about lead in your home and what you can do, call the Michigan Department of Health and Human Services at 1-800-648-6942.

DEPARTMENT OF HOMELAND SECURITY
FEDERAL EMERGENCY MANAGEMENT AGENCY

OMB No. 1660-0009 Expires March 31,2016

REQUEST FOR PRESIDENTIAL DISASTER DECLARATION MAJOR DISASTER OR EMERGENCY

1. Request Date Jan 14, 2016

Burden Disclosure Notice

Public reporting burden for this form is estimated to average 9 hours per response. The burden estimate includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and submitting the form. This collection of information is required to obtain a benefit. You are not required to respond to this collection of information unless it displays a valid OMB control number. Send comments regarding the accuracy of the burden estimate and any suggestions for reducing the burden to: Information Collections Management, Department of Homeland Security, Federal Emergency Management Agency, 500 C Street SW, Washington, DC 20472, Paperwork Reduction Project (1660-0009). **NOTE: Do not send your completed form to this address.**

Completion of this form including applicable attachments satisfies legal requirements for emergency and major disaster declaration requests under 42 U.S.C. §§ 5170 and 5191, respectively, as implemented at 44 C.F.R.. §§ 206.35 and 206.36. Failure to use this form may result in a failure to meet these requirements and/or a delay in processing the request.

2a. Name of State (as defined in Stafford Act 102, 42 U.S.C. § 5122) or Indian tribal government requesting declaration.	2b. Population (as reported by 2010 Census) or estimated population of Indian tribal government's damaged area(s).
Michigan	9,883,640

3. Governor's or Tribal Chief Executive's Name	4. Designation of State or Tribal Coordinating Officer upon declaration (if available) and phone number
Richard D. Snyder	Captain Chris A. Kelenske Office: 517-333-5042 Cell:

5. *Designation of Governor's Authorized Representative or Tribal Chief Executive Representative upon declaration (if available) and phone number*

Mr. Anthony Katarsky Office: 517-336-2686 Cell:

6. Declaration Request For: ☐ Major Disaster (Stafford Act Sec. 401) ☒ Emergency (Stafford Act Sec. 501(a))

7. Incident Period: Beginning Date _____ End Date _____ or ☒ Continuing

If requesting a "continuing" incident period, enclose an official statement from a qualified Federal Government agency acknowledged as a national authority in a specific incident field (e.g., United States Geological Survey for seismic incidents, the National Weather Service for flooding).

7b. Type of Incident (Check all that apply)

☐ Drought ☐ Earthquake ☐ Explosion ☐ Fire ☐ Flood ☐ Hurricane ☐ Landslide ☐ Mudslide

☐ Severe Storm (rain, high water, wind-driven rain, hail, lightning) ☐ Snowstorm (Must include Enclosure D: Historic and Current Snowfall Data) ☐ Straight-Line Winds

☐ Tidal Wave ☐ Tornado ☐ Tropical Depression ☐ Tropical Storm ☐ Tsunami ☐ Volcanic Eruption ☐ Winter Storm

☒ Other (please specify) Public Health

8. Description of damages (Short description of impacts of disaster on affected area and population). Include additional details in enclosed Governor's or Tribal Chief Executive's cover letter.

In early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer. Based on the 2010 U.S. census data, the population of the City of Flint is 99,002. Census data puts the percentage of the total population under the age of 5 at 8% or approximately 8,200. Children in under 6 are high-risk stage of growth for lead exposure. Approximately 2,182 residents have been tested for lead blood levels as a result of this incident with 43 exhibiting EBL. The 2010 census data identifies 40,017 households and 51,321 housing units within the City of Flint. All of these households obtain their potable water from the city.

9. *Description of the nature and amount of State and local or Indian tribal government resources which have been or will be committed.* Include additional details in enclosed Governor's or Tribal Chief Executive's cover letter.

All appropriate local, regional and state resources were used to their maximum in responding to and recovering from this public health emergency. This included equipment, personnel, materials and supplies, facilities, technical expertise (including emergency contracting, as appropriate), and financial resources. When local and regional resources (including partner voluntary relief organizations and other community-based organizations) were not sufficient to address incident conditions, or very specialized resources were required to perform specialized response and/or recovery functions, State of Michigan resources were activated to address capability shortfalls. State agencies actively involved in the response and recovery activities in the SEOC and/or field include the Michigan Departments of State Police, Agriculture and Rural Development, Attorney General, Civil Rights, Corrections, Education, Environmental Quality, Health and Human Services, Insurance and Financial Services, Licensing and Regulatory Affairs, Military and Veterans Affairs, Natural Resources, and Talent and Economic Development. Details are in the cover letter.

1. Incident Name 2015-10-01 City of Flint-Water Contamination/Shortage	
2. Operational Period from: 01/19/2016 08 00.00 to: 01/26/2016 08 00 00

Subject: Talking Points
Importance: High

We are looking for talking points on the following two question.

- Is there a reason why we're handing out water by the bottle and not by the jug? We pass out what is donated. Whenever I have asked for donations, I have asked for jugged water. But we take what we get.
- Are there any recycling options for the water bottles? There are discussions but nothing solid.

Subject: JIC update and 3:30 bullets

Hi Jane,

Here are the requested updates, as well as our 3:30 p.m. bullet points of accomplishments from today:

- Rumor trends from 211 - Not so much rumors, but below are questions they are receiving that we need answers to:
  - Can apartment complexes pick up supplies for their residents or have them distributed? County advises the city is keeping a list of apartment complexes, but we are not clear on what phone number the apartment complexes should call to get on the list. We are going to try to contact the city PIO to find out.
  - Also receiving questions about impacts on water heaters. 211 is using their normal talking points they use when people call for assistance in replacing appliances.
  - Citizens are indicating the snow is not plowed well at the fire stations making access difficult, especially carrying bottled water to their vehicles.
- Are local POC's in the JIC? - Yes. We have a PIO from 2-1-1, Genesee County Sheriff, and we had a PIO from Red Cross stop by and will be returning later today.
- Any recent issues or concerns? - JIC will need information on how we will respond to the non-JIC/SEOC announcement made by the Governor this afternoon which will result in media calls to the JIC. We also need to be able to confirm how much water, filters, kits, etc. the state has purchased and distributed, the number of water response teams in the field, and the number of homes the teams have visited to date. We have pending media inquiries on this and need an answer from the SEOC. If this information cannot be provided publicly, we need the SEOC to provide us with a statement we can give the media explaining why this information cannot be provided. We have pending inquiries from the Detroit News, Rachel Maddow Show, and the Wall Street Journal, to name a few that are due by 4 p.m.

Subject: Teams tomorrow

Importance: High

- Matt - GCCard taking our inventory & reporting to someone?

Okay, I'm getting all the questions for the teams and I know nothing about them. Since I'm logistics on the state side, I should probably know. So, here are a few questions...

1. How many teams?
2. How many volunteers on a team?
3. Where are they reporting to?
4. Who do they report to?
5. Do you have enough transport vehicles?
6. Do you have enough supply vehicles?
7. Do you need all the DOC crews back tomorrow?
    a. Here are all the resources they had today and they are mirroring it tomorrow. (If this is not what is needed, this needs to be stated in the resource request. Nothing is getting updated.)

    Today we had 21 staff and 15 vehicles dedicated (on site) to the response, additionally we have 4 pallet jacks, one refrigerated semi-trailer and three MDOC staff assigned to the SEOC location. Information is as follows:

    (6) Large Box trucks
    (5) 15 passenger vans
    (2) Pick-up trucks
    (2) enclosed trailers
    (1)Handicap Van
    (1)20 passenger Van
8. If you do need them, where are they reporting? I would like 2 for the GCCard Hot shots operation please.
9. If we are expecting 100+ people, I think it's a good idea to have the Penske trucks? Especially to offset the DOC crews, since we are paying them and the Penske are free.
10. How much ~~material~~ Supplies is needed for the teams? each? (Kids)

Please advise ASAP!

Subject: RE: EMERGENCY REQUEST: Weekend Operational Period

We have an additional box truck that will be sent up tomorrow morning
The plate number on the truck is 10-2181

The drivers for this truck will be:

Saturday: Steve Curtis

Sunday and Monday: Anthony Gwaltney

The other Drivers; Bob Warner, Rob Baum, Bob Kinney Have all committed to Saturday, Sunday, & Monday.

We will be leaving some of the vehicles there overnight and carpooling back to Jackson.

The truck coming up for the weekend needs to be returned at the end of the day Monday so we can use it for warehouse deliveries on Tuesday.

Subject: EMERGENCY REQUEST: Weekend Operational Period
Importance: High

Hi Eames,

The American Red Cross has requested the Pickup truck, employee driver and the 20' enclosed trailer over the weekend operational period.

The weekend operational period will be:

Saturday, January 16, 2016 – 0800-1700 hours
Sunday, January 17, 2016 - 0800-1700 hours
Monday, January 18, 2016 – 0800-1700 hours

Due to the Disaster Declaration signed by Governor Snyder, Director Washington has authorized all resources and necessary overtime for this emergency assistance request.

Please respond at your earliest opportunity to confirm that the resource will be made available.

Additionally, I will need the name and contact number of the assigned employee.

Thank you very much for your attention and assistance in filling this emergency request sir.

If you have any questions please feel free to call Mike Farmer at

iPads (2 per team)	20	20		01.15.16	2330
Product Each	1000	X		01.15.16	2330

Execution:

Team	Assembly Area	Hours of Operation	
MSP	LEOC 1101 Beach St, Flint	0900-1700	
ARC	ARC 1401 S Grand Traverse St, Flint	0730-Dusk	
Warehouse	4315 North Clio Road, Flint	0700-1900	

Critical Task: Assemble, coordinate, and monitor Water Resource Teams (WRT)
Tactics:

1. Assign team leaders, team members, and routes to teams
2. Conduct pre-deployment briefing to include team mission assignments, concept of operations, deployment locations, replenishment process, reporting process, and safety briefings
3. Issue boxed lunch if available
4. Issue vest and badge to team members
5. Provide training to new team members
6. Conduct post-deployment debrief with team leaders and members
7. Collect vest and badge from team members

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
MSP	100 Distribution Kits Remaining	Distribution Route: exact location determined by Team Leader	1. Contact warehouse to request replenishment truck 2. Coordinate replenishment location with warehouse 3. Exchange replenishment truck with empty truck
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

Lunch

MSP WRTs will be issued lunch prior to team departure if available. If not, WRTs will return to LEOC to receive lunch

Reporting:

Tactics:

1. All WRTs will utilize ipads as primary reporting method and paper tracking as seconday method if ipads fail

Target Area Prioritization Map

Key

MSP	Black 1-7
ARC	Blue 1-6

SINCE TUESDAY — THE WATERS 7,000 HOMES

LANSING, Mich. – Beginning on Saturday, January 16, water distribution efforts will expand with more than 20 water response teams going door-to-door to distribute safe water resources to the homes of Flint residents. ~~To date~~, SINCE THIS PART nearly 7,500 Flint homes have received bottled water, filters, replacement cartridges and water testing kits.

TOMORROWS
The water response teams will consist of state personnel and American Red Cross volunteers, including approximately 250 State of Michigan employees who will volunteer Saturday through Monday.

All members of the water response teams will be wearing official credentialed badges with a State of Michigan seal hologram so they can be easily identified.

"Additional water response teams will greatly enhance our efforts to ensure every Flint home receives the safe water resources they need," said Capt. Chris Kelenske, Deputy State Director of Emergency Management and Homeland Security and commander of the Michigan State Police Emergency Management and Homeland Security Division.

Since January 9, the following resources have been distributed to residents, both at the water resource sites and by the water response teams:

- More than 18,500 cases of water
- Nearly 46,000 filters
- More than 3,200 water testing kits

In addition to donated supplies, the State of Michigan has purchased the following resources, since January 5, which will continue to be delivered to Flint over the coming days:

- Nearly 45,000 cases of water
- Nearly 79,000 filters
- Nearly 19,000 water testing kits

MORE

Flint residents can continue to visit the water resource sites to receive free bottled water, filters, replacement cartridges and water testing kits. The sites are open daily from 9 a.m. to 9 p.m. and are located at:

Fire Station #1
310 East 5th St.
Flint, MI 48502

Fire Station #3
1525 Martin Luther King Ave.
Flint, MI 48503

Fire Station #5
3402 Western Road
Flint, MI 48506

Fire Station #6
716 West Pierson Road
Flint, MI 48505

Fire Station #8
202 East Atherton Road
Flint, MI 48507

The state of Michigan continues to coordinate response efforts in partnership with the city of Flint, Genesee County and local community organizations.

Additional information is available at www.michigan.gov/flintwater or by calling 211.

Execution:

Team	*Assembly Area*	*Hours of Operation*
MSP	LEOC 1101 Beach St, Flint	0900-1700
ARC	ARC 1401 S Grand Traverse St, Flint	*0730-Dusk*
Warehouse	4315 North Clio Road, Flint	0700-1900

Critical Task: Assemble, coordinate, and monitor Water Resource Teams (WRT)
Tactics:

1. Assign team leaders, team members, and routes to teams
2. Conduct pre-deployment briefing to include team mission assignments, concept of operations, deployment locations, replenishment process, reporting process, and safety briefings
3. Issue boxed lunch if available
4. Issue vest and badge to team members
5. Provide training to new team members
6. Conduct post-deployment debrief with team leaders and members
7. Collect vest and badge from team members

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	*Replenishment Trigger*	*Replenishment Location*	*Process*
MSP	100 Distribution Kits Remaining	Distribution Route: exact location determined by Team Leader	1. Contact warehouse to request replenishment truck 2. Coordinate replenishment location with warehouse 3. Exchange replenishment truck with empty truck
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

Lunch

MSP WRTs will be issued lunch prior to team departure if available. If not, WRTs will return to LEOC to receive lunch

Reporting:

Tactics:

1. All WRTs will utilize ipads as primary reporting method and paper tracking as seconday method if ipads fail

Target Area Prioritization Map

DIRECTOR

MEMORANDUM

DATE: January 7, 2016

TO: Lt. BJ Roach, Michi

CC: Jamie Curtis
Robert Pi
Karen Wea.

FROM: Peggy L. Nolde,

SUBJECT: *CITY OF FLINT – ... ASSESSMENT*

This memo is being drafted to give an ov ...mpile data for the City of Flint water emergency. There were conv ...ntatives of the City, as well as county personnel who worked diligently to ... for this DAMAGE ASSESSMENT report.

The possibility of lead in water service lines to reside...ces is of major concern to the City of Flint. Natasha Henderson and I met and discussed this issue and she stated the homes built up to 1986 were the homes that had the most potential for lead in service lines. Genesee County Equalization Department has the BS&A assessing software databases for all local units as supplied by them. Most often within those databases, a "year built" and / or effective age is given in order to depreciate residences for valuing purposes. I queried the City of Flint 2016 database and found what appears to be reliable "year built" estimates on 39,027 residential properties. Of those, it was narrowed to all properties that were built 1985 and prior where a year built was in the parcel. We then removed the "demo list" parcels (63) from the properties to be estimated as it was deemed those properties would not fairly represent a need to have replacement service lines. Mike Glasgow, Utilities Administrator for the City of Flint supplied documentation for the estimates to replace the private service water lines. It was determined that 60 feet would be a fair average for lineal feet and a one (1) inch service line would also be an average. The city had replaced some lines at a cost of approximately $1,600.

Local Program Conference Call Agenda

January 16, 2016

Phone Number:

1. **Welcome and Roll Call**
2. **Distribution Status as of 1/15/16**
    a. Update of homes visited by FWRT (7474)
3. **Distributed as of 1/15/16 (PODS & FWRT)**
    a. Number of cases of water 18,576
    b. Filters 45,916
    c. Filter cartridges 165,382
    d. Test kits 3,217
4. **National Guard**
    a. National Guard is adding soldiers to the pods to assist (total 58)
5. **Neighborhood canvasing campaign**
    a. 70 volunteers registered for today's canvasing efforts
    b. 8:30am -5:00pm
        i. 10 State (6-9 folks) type 3 teams---Goal tomorrow 300 homes per team
        ii. 10 ARC (2-4 folks) type 5 teams----Goal tomorrow 100 homes per team

Next Call – Sunday 17th – 8:30 am

Participants:

Genesee County EM

EMHSD District Coordinator

- Planning for logistics at food. Received 2 of 3 maps requested. Next week will have a list of animal's locations.

- **ARC:**
  - **0930**
    - Sent volunteers to support sheriff's distribution.
    - Will have at least two individuals today and tomorrow at each fire station.
    - Disaster Relief Operation started yesterday. DRO number is 608-16.
    - Looking for additional volunteers based on the number of sites for tomorrow.
    - Will begin to work with local Red Cross at County EOC to coordinate volunteers.
  - **1200**
    - Formal resource request for 20 volunteers, working with Chad at the local level to fulfill the request.
    - Looking to have a public affairs person available soon for the JIC.
- **MDEd:**
  - ***0930***
    - High level national organizations have inquired on the current events.
    - Engaged national level organizations with the JIC.
    - Contacted each child nutrition program and provided information forwarding them to the website.
  - **1200**
    - Sent a list to DEQ of open public schools and private schools. MDEd wants to make sure they are tested. Will update in MI CIMS with information.
- **DEQ:**
  - **0930**
    - Has mobilized DEQ staff to assist in Incident Command at the EOC, as state resources.
    - IAP established at local level through Monday.
    - Field employees are aware of current safety concerns.
  - **1200**
    - DEQ has identified that there is an issues with forms stating there is a fee. Clear messaging needs to be conveyed that there is no testing fee associated for residents or business in the affected area. The City will be distributing a copy of the sample report back to all home owners and businesses. Fee-free information will be on the door hanger.
    - Working on plan for on a plan with LARA for the faucet replacement program at Freeman Elementary School. Will be providing testing of the water before and after the replacement.
    - Identified a trainer for DHHS/DEQ Recovery Team training on Monday.
- **LARA:**
  - **0930**
    - Coordinating with DEQ on additional water testing at the schools,

        - Working on a faucet replacement plan with DEQ; will be developed this morning.
    - **1200**
        - Approval on faucet replacement program. Working with DEQ and hoping to get it going next week.
- **DTMB:**
    - 0930
        - Driver onsite in flint picked up water, filters, and cartridges to drop at the fire stations today. Will be available to deliver materials to churches tomorrow.
        - Making last delivery- amount for testing and volunteers are asking what do they do with the water samples- Per local EOC, fire stations, City Hall or Water Treatment plan for drop off the next day
    - **1200**
        - Have 8 addresses and contacts, and needs to know when he start the deliveries tomorrow.
        - Searching for a location for large media location, contacted U of M Flint.
- **MSP:**
    - **0930**
        - Enroute to SEOC for safety officer.
    - **1200**
        - Local safety officer identified (Lt. Amy Dehner), currently onsite.
        - Working on resource request for four for community distribution to be in marked cars and uniforms.
- **DHHS (Human Services):**
    - **0930**
        - Deployed community service commission for volunteer coordination and donations management.
        - Recruited staff for Door to door operations. Conference room confirmed and set up at Clio Rd office for training on Monday of the 40 volunteers.
        - Obtained 1,000 filters for fire stations, 2,000 churches, ordered another 5,000 filters to be delivered Wednesday. An additional 10,000 filters and 10,000 cartridges to be delivered in the near future.
        - Working to identify current funding levels.
    - **1200**
        - Monday morning training is confirmed.
        - Working to updated resource requests.
- **DHHS (Community Health) –**
    - **0930**
        - CHEEC currently activated at level 1.
        - Developed health care provides list for the county.

- Working to streamline the 211 process. Working on messaging to ensure that all questions from the citizen should be directed to 211 and local health care providers Sent information to JIC for finalizing door hanging.
- Request has been sent to Linda Dykema, Division Director of Epidemiology, to have two individuals for ETC Lead Investigator working on the environmental investigations be housed onsite at the Genesee County Health Department's Burton site, starting on Monday, January 11, 2016, until the lead investigations being conducted are complete. Resource request was submitted by Genesee County Health department to Genesee County EOC.

  - **1200:**
    - Was able to get in contact will the Director of 2-1-1. Provided contact information for PIO.
    - Has not had any contact back on the resource request for Lead Investigator at the local level.

- **Logistics Section:**
  - **0930**
    - Working with Red Cross to recruit volunteers at churches.
    - Address cards have been developed and distributed to Flint Fire Department for tracking. Information from the address card is continuously being entered by MDHHS employee. Updates will be sent to SEOC Human Services POC throughout the day.
    - Make sure information is being entered into MI CIMS.
    - Logistics is working with DTMB to get the door-to-door flyers printed.
  - **1200**
    - Need to get the cards over the churches
    - Resource request for supply truck
    - Need to update POD boards from the local EOC, any resources should be requested from the SEOC.
    - Continue to request resources in MI CIMS.
- JIC:
  - **0930**
    - Working on getting together door hanger, single page sheet similar to the website with additional information.
    - Setting up emails for internal JICmanager@michigan.gov and external JICnews@michigan.gov
  - **1200**
    - 1 PM news release, citizens can get resources.
    - Looking to have a media briefing at a local fire station at 3.
    - F/Lt Dave Kaiser will be the onsite PIO.
    - Door-hangers working to developed, need to know how many should be printed, homes and churches.

- After press release social media, 2-1-1, and Flint PIO will be provided updates on distribution locations.
- Information for individuals that want to volunteer to push out the message.
- Water resource sites for fire stations, is there a plan is they run out? How long is it going to last? How many resources are going to each site?
- Churches tomorrow, just for parishioners or open to everyone? Just filters right now. Discussion with Red Cross will locally coordinated water if requested at the local level, no decision has been made.
- Working with FEMA on external affairs for consistent messaging.

- **Recovery Branch:**
  - **0930**
    - On the ground operations will begin Tuesday morning.
    - Working to develop a request for vehicles for to transport people and resources during the community distribution. Is researching the possibility of the vehicle requests being filled through the public/private partnerships-possibly with GM.
    - GIS provided a list of current locations that have received resources.
    - Staff is working to develop a process for field team to report contact or distribution of resources during daily neighborhood canvas.
  - **1200**
    - Developing plan for teams next week.
    - Training DHHS office: Will be educating teams on water filters and kits, along with protocol and distribution of water, if needed. Staff will be given details on how to install/change filters. Recovery Teams will need to find out issues people are having with changing them to help ensure we do not need to send out individuals to install.
    - Updated list with addresses of all affected residents.
    - Weather and safety concerns for the teams, need to ensure that is being taken care of.
    - Hours of operations for Recovery Teams are currently: 8:30-5:00 PM Tuesday-Friday
    - Meeting at GCCARD Facility on Tuesday morning. They will be going out to be in the similar area. A truck will be in the area to support. Will be working with local EOC identify the area to start in.
    - There is a check box on the form for abandoned homes, to help identify canvas areas.
- **Planning Section:**
  - SIT report from agencies and Section Chiefs by 3:30 for daily situation report.
- **NWS:**
  - 0930
    - Winter storm coming in to night, 1 pm webinar and call in. Overnight from up 40 to lower 20s, 3-5am snow starting in the Flint area. Snow will continue on and off all day, travel will be very hazardous. Monday-Thursday 15-20 will lows at 10, wind

1. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and subject matter experts. (Operations Section Chief)
    A. *Request and establish FEMA LNO in the SEOC to support liaison with other federal agencies (State Director)*
    B. Establish Recovery Branch within the Operations Section. (OSC)
    C. Maintain daily SEOC briefing with state agencies. (PSC)
    D. Establish and maintain routine calls with local emergency manager and EMHSD District Coordinator. (State Director)
    E. Daily Subject Matter Experts coordinating call (OSC)

2. Obtain and maintain situational awareness and common operating picture of all activities. (PSC)
    A. Conduct daily briefings with state agency emergency managers. (PSC)
    B. Monitor MICIMS. (All)
    C. Produce maps to include bottled water, water filter, and pitcher, filter distribution, affected areas and infrastructure, and method of distribution. (GIS)
    D. Complete and produce daily situation reports. (PSC)
    E. DEQ planning liaison to local EOC (DEQ/LSC)

3. Develop operational framework – State Director
    A. Develop operational period and hours of operation-State Director
    B. Revise operational period and hours as necessary-State Director

4. *Research possible sources of assistance.* (Recovery Branch Director - RBD)
    A. Identify agencies to research potential assistance programs (RBD)
    B. Named agencies will research programs and determine eligibility guidelines, benefits, application process, contacts, etc. (RBD)
    C. Provide written report to Operations Section Chief as to program availability. (RBD)
    D. Investigate the federal Lead Pipe Replacement Program (DEQ)
    E. Investigate possible state assistance programs (FSC/MSHDA)
    F. Investigate Non-Stafford Act Assistance Programs (LNO/RBD)

5. Develop a comprehensive GIS strategy. (GIS)
    A. Identify critical needs for maps and overlays. (GIS)
    B. Identify current and potential resources for data collection. (GIS)
    C. Contact and coordinate with identified agencies to obtain and centrally locate all data. (GIS)
    D. Provide spatial analytics in support of SEOC. (GIS)
    E. Map food establishments and licenses. (GIS/MDARD)
    F. Coordinate with SME at UM-Flint regarding the digitization of City of Flint water infrastructure. (GIS)

6. Develop a Recovery Plan. (RBD)
    A. Establish Recovery Branch. (OSC)
    B. *Gather and compile available resources.* (RBD)
    C. Gather and compile available assistance programs. (RBD)
    D. Determine resources already provided to affected area in response to emergency. (RBD)
    E. Identify potential mission areas for MIVOAD and other NGO's. (RBD)

7. Develop communication structure amongst SME's. (OSC)
    A. Identify subject matter experts (Dr. Wells, Dr. Mona Hatta-Attisha, Dr. Richard Sadler (MSU-Mapping), George Krisztian). (OSC)
    B. Establish and coordinate routine communication between SME's. (OSC)

8. Provide technical assistance to the local Damage Assessment process. (RBD)
    A. Establish Recovery Branch. (OSC)
    B. Provide templates and information as to requirements of damage assessment reports. (RBD)
    C. Conduct daily conference calls with local emergency manager and EMHSD District Coordinator to assess progress and obtain updates. (RBD)
    D. Coordinate daily communication with the District Coordinator and GIS Unit Leader to monitor progress and document data. (RBD)

9. Develop a public information strategy for the incident. (PIO)
    A. State agency PIO's meet to determine needs and strategy for public information dissemination. (PIO)
    B. Determine technical needs for on-site JIC. (PIO)
    C. Coordinate with local (County/City) JIC. (PIO)
    D. Determine need to co-locate state and local JIC. (PIO)
    E. If the need to relocate the JIC is identified, establish location and logistical needs. (PIO)
    F. Develop and distribute door hangers for public information. (PIO)

10. Monitor MI CIMS for resource requests and address as appropriate. (LSC)
    A. Monitor and assist with input of resource requests. (LSC)
    B. Review requests and review with command to receive approval to assign and fill requests. (LSC)
    C. Track resources provided to date and those provided throughout the course of this event. (PSC)

11. Develop a financial structure for this incident. (FSC)
    A. Establish Index/PCA. - Complete
    B. Distribute information to state agencies. – Complete
    C. Track costs related to this emergency. (FSC)

12. Develop a public nutrition strategy for the incident.
    A. Identify activities to date and provide coordination in development of strategy. (MDARD)
    B. Increase public nutrition education in the affected area. (MDHHS)
    C. Maximize participation in existing Child Nutrition Programs. (MDE)

13. Develop a plan for water testing all impacted water service customers.
    A. Identify distribution points. (MDEQ)
    B. Coordinate public outreach. (MDEQ/PIO)

14. Develop an incident safety structure.
    A. Ensure safety at worksites and safe work practices. (MSP Safety Officer)
    B. Prepare weather briefings for any severe and adverse weather that will impact the incident and travel. (NWS)

15. Develop an incident distribution process.
    A. Coordinate all participating agencies and NGOs. (Local EOC/Logistics/MCSC)
    B. Develop coordinated plan for warehousing and distribution. (Local EOC/MDHHS)
    C. Warehousing. (Genesee County Food Bank)
    D. Distribution. (Local EOC/MCSC/ARC/NGOs)
    E. Donations. (2-1-1)
    F. Ensure adequate distribution and supply levels (Local EOC, GIS)

Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn: Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

Provided update to management on morning briefing
Co-located JIC has been setup for the public information officers, along with a media meeting room. Facilities supervisor assisted with unloading and equipment setup
Received list of agency public information officers to have access to the Flint Office Building added to their ID cards.
Resource request received for a truck and driver needed to pick-up pallets of water and cartridges within the city and deliver them to five city fire stations on Saturday
Resource request received to locate warehouse space within the city to act as a distribution and intake site for donated water, cartridges and filters. DTMB Real Estate Division contacting resources within the city for available locations

SEOC Hours of Operation End:	01/8/2016 17 00 00

Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015 A public health emergency was declared by the Genesee County Health Department on October 1, 2015

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015 Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected children, and provide health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff, consolidate data from local sources into comprehensive databases, and providing mapping services that support incident analysis and forecasting. Data and maps will be made available regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, predictive blood lead levels for affected areas, demographics, etc.

Before December 16, 2015, $9.35 million were provided by the State of Michigan, and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While drops in lead levels have been observed since reconnecting to the DWSD system, water in the City of Flint is still not safe to drink, unless specifically filtered

Incident Response/Recovery Priorities/Objectives

TBD

Emergency Declarations

Local Declarations

The American Red Cross will be standing up a 'limited' Disaster Relief Operation by the end of today. This will enable us to provide a more comprehensive response to community needs in Flint as they are made known. We will now be more readily able to bring in resources from outside the Flint area.

Civil Rights (MDCR)

Monitor and support agencies with issues surrounding outreach and engagement of marginalized populations within the City of Flint impacted by the current water crisis.

Community Health (MDCH)

MDHHS is collaborating with the MDHHS PIO in the JIC to provide health related information for the document that will be delivered to all homes in Flint.

Collaborated with LARA to obtain a contact list of all health professionals in Genesee County for distribution of Guidelines for Lead Testing in Children.

Per Genesee County Health Department, all inquiries about lead testing are being referred to 211 or their individual healthcare provider.

Dr. Eden Wells, Chief Medical Executive, participated in the Congressional Briefing.

Corrections (MDOC)

Administration for the MDOC has been notified and is updated on current situation. There are approximately 75 staff members working in the affected area. Potable water has been provided to the offices in the affected area since the beginning of this situation and will continue to be provided. This water is available for people working there and those that have been required to go the office. We will continue to monitor this situation for any developing issues.

Environmental Quality (MDEQ)

The DEQ laboratory is prepared to accept and process 400 water samples pre day, 7 days a week. DEQ Incident Management Team staff are supporting the local Emergency Operations Center with personnel in Incident Command positions.

Human Services (MDHS)

Participated in 9:30 State Agency briefing,
Updated resource requests.
Local MDHHS staff active in local EOC.
Sent MCSC to Genesee Co to coordinate various volunteer efforts.
Helping with donation management efforts at the local level
Gathering information on water filter acquisition, distribution, installation, life span and replacement.
CHECC remains at Level 1 Activation - Normal Operations

Licensing and Regulatory Affairs (LARA)

Communicating with DEQ regarding additional water testing in Flint schools.

Gathering information from the Plumbing Division regarding plumbing authority within the city of Flint.

National Weather Service (NWS)

Jim Maczko from NWS Grand Rapids participating in morning SEOC briefings via phone call and will coordinate support with local forecast office that serves Flint - NWS Detroit/Pontiac.

Natural Resources (MDNR)

MDNR is fully participating in all SEOC activities. Situational awareness is being maintained and the department stands ready to assist as needed.
Department POC's include:
Chief Gary Hagler, F/Lt Jennifer Wolf, F/Lt Steven B Burton

Services to the Aging (OSA)

Valley Area Agency on Aging - Region 5 (VAAA), in partnership with other local community agencies such as the Genesee County Health Department and MDHHS, has helped organize local meetings and distribute water and water filters. VAAA is an access point for receiving calls from homebound seniors who are not able to pick up water filters or need assistance installing water filters. VAAA reports they continue to receive calls from seniors who need assistance.

VAAA has distributed 2 bottles of water with each home delivered meal to each HDM client within the City of Flint. Water. VAAA also provided water to homebound seniors who needed water to prepare food as they had limited support to pick up bottled water. Congregate meal participants also have access to water and filters as needed. Once water filters were installed, VAAA discontinued including water with home delivered meals.

VAAA also contacted the Grandparents Raising Grandchildren program to ensure that they were aware of educational efforts and confirm the program had received water filters to distribute to program participants.

State Police (MSP)

Insp. Bolger is monitoring the incident via MICIMS and participating in State Agency Briefings.

Supreme Court

08:50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency. Nothing to report from the

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center.

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone.

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions.

Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff by consolidating data from local sources into comprehensive databases and providing mapping services to support incident analysis and forecasting. Data and maps regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, and predictive blood lead levels for affected areas will be made available with demographics.

Before December 16, 2015, $9.35 million was provided by the State of Michigan and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While the source water has been switched back to DWSD, water in the City of Flint is still not safe to drink, unless specifically filtered.

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply and the detection of elevated blood lead levels exceeding governmental standards.

Since the declaration by the governor the State Emergency Operations Center has been fully activated. The SEOC was activated on Tuesday Jan 5 and has been working with local agencies and State agencies to ensure a coordinated response to the incident. Since the activation the SEOC has activated command staff, state agency EMC's, and implemented the recovery branch under the Operations Section.

SEOC Update:

Accomplished Today:

- Recovery Branch is working to develop a enhanced method for outreach to all individuals.
- DHHS is working to develop a method for distribution of water.
- Conducted briefing with local EOC and county executive.
- Conducted briefing with state agencies (daily updates).
- Held first legislative call today.
- JIC continued to develop messaging and has implemented a co-located JIC in the City of Flint.
- SEOC staff provided input to local EOC regarding best methods of identifying health and non-structural impacts for damage assessment process.
- Deployed 3 EMHSD/SEOC liaisons to assist the local EOC.
- Worked on developing incident objectives for the next operational period.
- FEMA Liaison Officers are on site at the SEOC and are assisting and providing technical expertise as needed.

The SEOC continues to provide:

- Situational awareness.
- Common operating picture/objectives.
- Coordination with city/county.
- Potential coordination with federal agencies.
- Incident prioritization.
- Coordination of life/health safety measures.
- Provide resources.
- Public Information Control.

MSP/EMHSD GIS Section Update

Accomplished Today:

- Produced Water Point of Distribution Map.
- Produced Filter Point of Distribution Map.
- Met with Genesee County Emergency Manager to discuss POD locations, and hours of operation. He will also be sending us data on new facilities serving as POD's with hours of operations.
- Attempted to geocode list of properties that have received a water filtration system. Geocoding encountered a problem due to original database format. We continue to clean up the database.

- Attempted to get data on the zip codes; local contact has not yet responded.
- Met with GIS from Flint to discuss data and methods.
- U of M contacted us to set up a meeting on best to proceed with digitizing water lines
- Received account from City of Flint for their ArcGIS online.

Tasks for Tomorrow:

- Finalize updated list on water filter distributions map.
- Update Water and Filter POD's with updated information from Genesee County Emergency Manager.
- Establish time to meet with U of M.
- Finalize water filter distributions map.
- Finalize plan for data distribution methods.

Volunteer and Donations Management:

- DHHS and SEOC had a call with General Motors about possible donations.

Local EOC Update:

The following actions have been coordinated and supported through the Genesee County EOC since activation:

Genesee County Sheriff's Office:

- Distribute filter and water to affected population (172 attempted contacts with 27 personnel on 01/07/2016).
- Provide security at EOC and incident facilities.
- Sheriff Pickell is serving as the PIO for Genesee County.
- Operate EOC and manage incident through Emergency Management & Homeland Security Office.

Genesee County Health Department:

- Developing messaging (health education) for affected population.
- Provide nutritional counseling.
- Elevated blood level case management.
- Provide IT support for filter distribution database and GIS mapping.
- Developing Lead Poison Prevention Plan.

Genesee County Equalization Department:

- Provide addresses, demographic, socioeconomic data for incident planning and forecasting.
- Provide GIS mapping services.
- Preliminary assessed damages on public and private infrastructure impacts in coordination with City of Flint.

Genesee County Community Action Resource Department (GCARD):

- Warehousing/staging of filters for distribution to affected population.
- Distribution of filters to affected population from two locations in the City of Flint.

City of Flint Fire Department:

- 5 Fire stations will serve as PODs for water and filter equipment on Saturday, 01/08/2016, 0900AM to 1600PM.

Flint Community Schools:

- Nothing reported at this time.

Michigan Department of Health and Human Services:

- Filter distribution at one location in the City of Flint.

United Way of Genesee County:

- Receive and manage donations (cash and goods).
- Public information through 211.
- Facilitating coordination and control among local agencies.

Foodbank of Eastern Michigan:

- Warehousing/staging of water for distribution to affected populations.
- Identify and operate PODs for water (8 sites identified by 12:00 noon, 01/08/2016).
- Water inventory by end of day, 01/07/2015:
    - Food bank has 376 cases of water.

Hurley Medical Center:

- Nothing reported at this time.

The county EOC has issued five resource requests to the SEOC (all in progress) by 12:00 noon on 01/08/2016.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center.

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone.

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions.

Local nonprofit organizations have provided potable water to Flint residents. Local Damage Summary

- There are still plenty of 8 cup water pitchers for distribution. Please contact: **Anthony M. Sitko** – Director of Shared Services, Flint Community Schools,) or tsitko@flintschools.org or Matt Purcell at GCARD, MPurcell@co.genesee.mi.us.

- With regards to water filter distribution, it was suggested by Genesee County Health Department Community Health Director, Tamara Brickey that we as agencies need to go where residents congregate: churches, clubs, senior cents, etc. to distribute water filters.

Subject: Genesee County Health Department- EOC 1/4/16

This is an informational update and the Genesee County Health Department will provide these updates on a daily basis after 4 pm. We are asking all partners included in this email to provide any pertinent updates **DAILY** to Hilda McShane by 2:00pm. If you have nothing new to share, please inform Hilda that you have no updates at this time.

- In an upcoming broadcast, abc 12 will reinforce the need for water filters, availability of replacement filters and distribution locations:
  MDHHS, 125 E. Union Street, Flint, 48501
  MDHHS, 4809 Clio Road, Flint, 48504
  GCCARD, 601 N. Saginaw Street, Suite A, Flint 48502
  GCCARD, 2727 Lippincott Blvd, Flint, 48507
  Flint City Hall, 1101 South Saginaw Street, 48502

- In partnership with Flint Community Schools and Molina Health Care, Genesee County Health Department will work with these organizations to host a lead screening event on January 12, 3:00 pm at Freeman Elementary school. Freeman Elementary school is located at 4001 Omega Avenue, Flint, MI 48507.

- As of January 4, 2016 **23,879** water filters have been distributed to residents in the City of Flint, Burton and Flint Township.

Michigan Department of Health and Human Services Water Filter Distribution As of December 31, 2015

City of Flint Water Update
Friday Jan 8, 2015

- Water distribution sites and hours
  - Bolton and James Neighborhood, 512 Leith St, Flint, 48505
  - Christ Enrichment Center, Inc., 322 E. Hamilton Ave, Flint, 485005
  - Christian Love Faith Center, 3202 Flushing Rd, Flint, 48504
  - Foss Avenue, 1159 E. Foss Ave, Flint, 48505
  - Greater Flint Outreach Mass, 1114 University Dr, Flint, 48503
  - Metro Baptist Tabernacle, 930 E. Myrtle Ave, Flint, 48505
  - Salvation Army-Beecher Corp, 1475 W Coldwater Rd, Flint, 48505
  - St. Luke's Catholic Church 3115 Lawndale, Flint, 48505
- Water filter distribution sites and hours
  - MDHHS, 125 E Union Street, Flint, 48501
    - M-F 9a-4p
  - MDHHS, 4809 Clio Rd, Flint, 48504

  - Flint City Hall, 1101 South Saginaw Street, Flint, 48502
    - M-F 9a-4p

From DHHS:

"If your agency would like an updated list of water distribution sites, please contact Dan at 396-0222 or dfilipovich@feedingamerica.org"

GIS Update

- Geocoded water filters by address (people who went and picked up a filter filled out an address sheet). Map is on front wall. (Completed)
- We were sent another list that is slightly larger, we are trying to filter out sites already mapped, and processing takes time but is in progress. Addresses needed revision, and it takes a while, very time intensive.
- Water Points of Distribution. Started with 8 sites as listed by the emergency manager, this list will be expanded upon throughout the day, will update as information comes in. Information will be directly forwarded to us from the EM of Genesee Co.
- Filter Distribution Sites. Richard Thelan gave us a list with 5 filter distribution sites, will begin mapping this now.

- Produced a map of the city water pipelines and color-coded them by material (most of the city is Cast Iron). Also included the parcel data, coded by whether the parcel is vacant or contains a structure.
- We have a block group layer that contains census demographics, has not yet been used in a finished map. Using this data set we can find block groups with the largest concentration of children under 5, and other age, ethnicity, income groups. There are 2 block groups that have the most children under 5, they are usually in apartment buildings and trailer parks (according to this data).
- We have the dataset from Dr. Mona Hanna-Attisha and Dr. Sadler (MSU) doing a blood level prediction.
- Water monitoring points from 11/25/2015 showing whether lead levels at test sites are above or below accepted levels.
- We are currently trying to process the updated water filter distribution, but it will take a while (I know I mentioned this, but it will take some time).

- Genesee County Health Department distributed 100 PUR water filters to Hurley Children's Hospital for its first lead focused cooking class at the Flint Farmers' Market this past Saturday. The cooking classes were hosted by the MSU extension. Waiting is the plan after all testing? Using the recommendations from DEQ, which includes labor and staff overtime. Super will use recommendations. We don't funding so we are creating the plan.
-

ASSIGNMENT LIST (ICS 204)

1. Incident Name:	2. Operational Period:		3. Branch: Division: Group: Staging Area:
Obj. 7-PSC-City of Flint-Water Contamination/Shortage	Date From: 01/11/2016	Date To: 01/13/2016	
	Time From:	Time To	

4. Operations Personnel:	Name	Contact Number(s)
Operations Section Chief:	F/Lt. Gabe Covey	517 927
Branch Director:		
Division/Group Supervisor		

5. Resources Assigned:		# of Persons	Contact (e.g., phone, pager, radio, frequency, etc.)	Reporting Location, Special Equipment and Supplies, Remarks, Notes, Information
Resource Identifier	Leader			

6. Work Assignments:

Objective 7: Develop an approved GIS Strategy

Task.
Example Identify all necessary mapping for GIS operation

A Identify critical needs for maps and overlays (ongoing). (GIS)
B. Identify current and potential resources for data collection (GIS)
C Contact and coordinate with identified agencies to obtain and centrally locate all data. (GIS)
D. Provide spatial analytics in support of SEOC (GIS)
E. ✓Map food establishments and licenses (GIS/MDARD)
F. Coordinate with SME at UM-Flint regarding the digitization of City of Flint water infrastructure. (GIS)

7. Special Instructions:

8. Communications (radio and/or phone contact numbers needed for this assignment):

Name/Function		Primary Contact: indicate cell, pager, or radio (frequency/system/channel)
	/	
	/	
	/	
	/	

9. Prepared by: Name. Zachary Baker	Position/Title. Documentation Unit	Date/Time: 01/10/2016 10:48:54

Tasks accomplished during the operational period included.
- Finished coordinating and held a media event for Sunday, Jan. 10 at Flint Fire Station No. 1.
- Sent a media advisory for the Sunday, Jan. 10, media event at Fire Station No. 1.
- Drafted and sent JIC News Release No. 3 about deploying water resource teams in the city of Flint.
- Created social media posts about the water distribution sites and the Flint water website.
- Continued development of a door hanger for the community outreach efforts beginning next week.
- Continued developing a public service announcement.
- Updated the www.michigan.gov/flintwater website.
- Staffed for the next operational period.
- Conducted a media monitoring report.

Agriculture and Rural Development (MDARD)

Jan 10th - 1/10/16 - Briefed Director Clover Adams after a.m. call. MDARD goals over the next few days. 1) Food - identification and prioritization of food service and food retail businesses and coordination with Genesee Co. Health Department on notification and inspection related to water usage; 2) Animals - continue outreach and education to animal facilities, in coordination with Genesee Co Animal Control, 3) Review history and look at opportunities for assistance/guidance related to nutrition, including possible support through donations management.

American Red Cross (ARC)

Today the American Red Cross provided volunteers to staff 14 distribution sites (5 fire stations, 9 churches). The church sites distributed water and water filters while the fire station sites additionally distributed filter cartridge replacements and water testing kits.
To facilitate distribution the ARC delivered water filters and bottled water to the church distribution sites. Throughout the day we have maintained representation at both the Genesee County EOC and Michigan's SEOC.

Early in the day we noted that there had been no instructions with the water testing kits delivered to Fire Station #6 Our plan to fix this by making photo-copies from instruction sheets delivered to another station were delayed due to some logistical issues which have been resolved Copies are now in progress for both station #6 and station #8 (station #8 ran out of instructions today).

ARC headquarters has made plans and assignments to assure that we continue to staff the distribution sites at the 5 fire stations from 9 am to 9 pm. each day through next Sunday (1-17-16) We are committed to deliver 6 pallets of bottled water, supplied by our Grand Rapids office, to G-CARD tomorrow (Monday, 1-11-16)

Civil Rights (MDCR)

Monitor and support agencies with issues surrounding outreach and engagement of marginalized populations within the City of Flint impacted by the current water crisis. Provide background on LEP/Bi-lingual and bi-cultural needs and resource obligations as well as resource and referral list qualification.

Community Health (MDCH)

Spoke to MDHHS PIO regarding the issue of water sampling test kit instructions not being provided with the test kits given out on 1/09/16 at one resource site location. DEQ confirmed with American Red Cross that local volunteers are making photocopies of the instructions to ensure adequate supply going forward.

Spoke to LEOC logistics regarding potential state facility resources available via MOUs between the private sector and MDHHS. The status of this resource request is on hold.

MDHHS EMC for ESF#8 was appointed as Health Branch Director in the SEOC. Branch consists of MDEQ, MDARD, and MDHHS (health side only).

Spoke with the JIC and MDHHS leadership to determine the need for a 24/7 phone line for questions regarding health and Flint water. It was determined by MDHHS, the JIC, and LHD that the message would instead be to call 2-1-1 or contact their primary care provider, rather than setting up a separate toll free number.

Confirmed with the JIC and the LEOC in Genesee County that updates to 2-1-1 on water resource sites that are listed on the pre-recorded 2-1-1 message will be provided to 2-1-1 daily by the JIC.

Confirmed with Tom Page, Executive Director of 211, that the 211 pre-recorded message for Monday, January 11, 2016, will include a listing of the water resource sites by zip code in Genesee County.

Held a conference call with CHECC leadership and MDHHS ESF#6 EMC to discuss the CHECC level of activation

Corrections (MDOC)

Administration for the MDOC has been notified and is updated on current situation. There are approximately 75 staff members working in the affected area. Potable water has been provided to the offices in the affected area since the beginning of this situation and will continue to be provided. This water is available for people working there and those that have been required to go the office We will continue to monitor this situation for any developing issues.

Education (MDE)

MDE is monitoring the situation and coordinating as necessary with other state agencies.

Kyle Guerrant, Deputy Superintendent, was on-site at the SEOC; January 10, 0915-1425

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) Laboratory (lab) provided 1000 water test kits for stock at Flint points of distribution. 500 kits have been prepared for MDARD inspectors for pickup Monday morning 1000 additional kits will be prepared for pickup Monday for supply for the teams scheduled to begin on Tuesday. 3000 kits are being ordered Monday morning to

Weather Conditions

Watches/Warnings

Upcoming Forecast
* Break from significant snow through Monday Night
* Snow returns Monday night and continues through Tuesday with very hazardous travel expected
* Very cold through the entire week. The cold could limit ability to remove ice from road surfaces
* Time to Frostbite from exposed skin will be 15 to 30 minutes all week
* Bottled water stored outside or not in temperature controlled locations will freeze due to temperatures well below freezing through the week

Through Monday (Jan 11):
On and off light snow with no significant accumulation expected. Icy roads expected for Monday morning and Monday evening commutes.

Monday Night (Jan 11) through Tuesday (Jan 12)
Snow and Blowing Snow will create hazardous driving conditions in very low visibility and icy road surfaces. Could see 2-4 inches of accumulation in the Flint area. This snow event will impact all of the lower peninsula, so transportation to and from the Flint area will be very hazardous Monday night through Tuesday

Wednesday (Jan 12) through Saturday (Jan 16)
Very Cold with a Few Snow Showers. High Temperatures around 20-25 degrees, Low Temperatures around 10-15 degrees

SEOC Hours of Operation End:	01/10/2016 17.00:00

Executive Summary

On January 6, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply, and the detection of elevated blood lead levels exceeding governmental standards. These conditions exist in the City of Flint, which declared a local State of Emergency and activated local response plans and their Emergency Operations Center on December 15, 2015. A public health emergency was declared by the Genesee County Health Department on October 1, 2015.

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source. The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Elevated blood lead levels were observed in a significant sampling of young children in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the negative effects of corrosive river water on the water infrastructure in the City of Flint, the city switched back to DSWD as their primary water source on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone. MDHHS has increased surveillance of blood lead levels in children, addresses water issues in environmental investigations facilitated to identify lead sources in the environment of affected children, and provide health education and information to residents, health care providers and daycare/educational institutions. Local nonprofit organizations have provided potable water to Flint residents MSP/EMHSD GIS staff is supporting county and local GIS staff, consolidate data from local sources into comprehensive databases, and providing mapping services that support incident analysis and forecasting. Data and maps will be made available regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, predictive blood lead levels for affected areas, demographics, etc.

Before December 16, 2015, $9.35 million were provided by the State of Michigan, and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While drops in lead levels have been observed since reconnecting to the DWSD system, water in the City of Flint is still not safe to drink, unless specifically filtered

Incident Response/Recovery Priorities/Objectives

State Declarations

replacement plan.

DEQ and DNR staff are supporting state and local activities where needed.

Human Services (MDHS)

Participated in AM & PM State Agency briefings.
Updated resource requests.
Volunteer Coordinator at local level coordinated with ARC on FD staffing for extended hours of 9:00 - 21 00
Confirmed filter allocation is still at adequate level for estimated resource requests
Worked with Recovery on Door to Door plan. Confirmed MDHHS will have volunteers next T- F for door to door work.
Late last night ordered 30,000 additional filters and replacement cartridges. ETAs coming
Ordered 93 pallets of water from South Carolina. ETAs coming
Appointed Human Services Branch Director, Branch includes MDHHS including Aging & Adult Services, MDE, MDCR,& ARC
Brought in Human Services EMC backup.
CHECC remains at Level 1 Activation - Normal Operations

Licensing and Regulatory Affairs (LARA)

LARA's proposal for a pilot faucet replacement program for Freeman Elementary School was approved.

Working on putting together a list of what the next steps are with tasks to be completed

Coordinating with DEQ to complete additional testing at Flint schools.

National Weather Service (NWS)

Jim Maczko from NWS Grand Rapids will staff SEOC Monday, Jan 11. Otherwise, will participate in SEOC briefings via phone call and will coordinate support with local forecast office that serves Flint - NWS Detroit/Pontiac.

Natural Resources (MDNR)

MDNR is fully participating in all SEOC activities Situational awareness is being maintained and the department stands ready to assist as needed.
Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging - Region 5 (VAAA), in partnership with other local community agencies such as the Genesee County Health Department and MDHHS, has helped organize local meetings and distribute water and water filters. VAAA is an access point for receiving calls from homebound seniors who are not able to pick up water filters or need assistance installing water filters VAAA reports they continue to receive calls from seniors who need assistance

VAAA has distributed 2 bottles of water with each home delivered meal to each HDM client within the City of Flint. Water VAAA also provided water to homebound seniors who needed water to prepare food as they had limited support to pick up bottled water. Congregate meal participants also have access to water and filters as needed. Once water filters were installed, VAAA discontinued including water with home delivered meals.

VAAA also contacted the Grandparents Raising Grandchildren program to ensure that they were aware of educational efforts and confirm the program had received water filters to distribute to program participants.

State Police (MSP)

A resource request was received to staff a Capitol Security Officer at the Collins Rd. facility from 0730 hrs until 1800 hrs on 1/10/16 only. An officer arrived at 1025 hrs and the facility will be staffed until 1800 hrs. This request was fulfilled

A resource request was made to determine if the door to door operational hours should be expanded Based on information received from Lt. Dehner it was determined the hours would remain 8:30 AM - 5 PM Additionally, the Troopers assisting on this detail are to be used for security only.

A resource request was received to provide a security/safety briefing to the Water Resource Teams during the training scheduled at 1 p.m. on Monday, Jan 11 at DHHS Office. Specific items to include would be team safety, weather concerns, and any items determined important by MSP. Daily deployment briefings will be needed at 0830 at the GCCARD facility for all teams to include safety, security, and daily work assignments The Recovery Branch Director will provide the daily work assignment to Lt. Dehner by 0800 hrs. Lt. Dehner will be responsible to assign one of the field personnel assisting the door to door operations to brief the group at the GCARD facility each morning This resource request was assigned to the MSP REP.

The ICS 208 Safety Message/Plan was reviewed and driving information was added.

A safety briefing was provided to EOC and SEOC personnel during the briefing meetings.

Technology, Management and Budget (MDTMB)

Worked with University of Michigan Flint PIO for an area on the campus to conduct press briefings. Chancellor contacted and onboard with the state using their facilities as needed. Provided contact information to the JIC.

DTMB Real Estate Division located a warehouse facility within the city with 100,000 square feet that may be used.

DTMB Mail and Delivery Services drivers delivered water filters to drop off sites within the city. Drivers remained in the city and assisted with transporting of water throughout the day. DTMB has a driver and truck scheduled on Monday to pick-up additional

- Continued developing a public service announcement
- Updated the www.michigan.gov/flintwater website.
- Staffed for the next operational period.
- Conducted a media monitoring report.

Agriculture and Rural Development (MDARD)

Jan 10th - 1/10/16 - Briefed Director Clover Adams after a m. call. MDARD goals over the next few days: 1) Food - identification and prioritization of food service and food retail businesses and coordination with Genesee Co. Health Department on notification and inspection related to water usage; 2) Animals - continue outreach and education to animal facilities, in coordination with Genesee Co Animal Control; 3) Review history and look at opportunities for assistance/guidance related to nutrition, including possible support through donations management.

American Red Cross (ARC)

Today the American Red Cross provided volunteers to staff 14 distribution sites (5 fire stations, 9 churches) The church sites distributed water and water filters while the fire station sites additionally distributed filter cartridge replacements and water testing kits
To facilitate distribution the ARC delivered water filters and bottled water to the church distribution sites. Throughout the day we have maintained representation at both the Genesee County EOC and Michigan's SEOC.

Early in the day we noted that there had been no instructions with the water testing kits delivered to Fire Station #6. Our plan to fix this by making photo-copies from instruction sheets delivered to another station were delayed due to some logistical issues which have been resolved. Copies are now in progress for both station #6 and station #8 (station #8 ran out of instructions today).

Monitor and support agencies with issues surrounding outreach and engagement of marginalized populations within the City of Flint impacted by the current water crisis Provide background on LEP/Bi-lingual and bi-cultural needs and resource obligations as well as resource and referral list qualification.

Community Health (MDCH)

Spoke to MDHHS PIO regarding the issue of water sampling test kit instructions not being provided with the test kits given out on 1/09/16 at one resource site location. DEQ confirmed with American Red Cross that local volunteers are making photocopies of the instructions to ensure adequate supply going forward

Spoke to LEOC logistics regarding potential state facility resources available via MOUs between the private sector and MDHHS. The status of this resource request is on hold.

MDHHS EMC for ESF#8 was appointed as Health Branch Director in the SEOC. Branch consists of MDEQ, MDARD, and MDHHS (health side only)

Spoke with the JIC and MDHHS leadership to determine the need for a 24/7 phone line for questions regarding health and Flint water. It was determined by MDHHS, the JIC, and LHD that the message would instead be to call 2-1-1 or contact their primary care provider, rather than setting up a separate toll free number.

Confirmed with the JIC and the LEOC in Genesee County that updates to 2-1-1 on water resource sites that are listed on the pre-recorded 2-1-1 message will be provided to 2-1-1 daily by the JIC.

Confirmed with Tom Page, Executive Director of 211, that the 211 pre-recorded message for Monday, January 11, 2016, will include a listing of the water resource sites by zip code in Genesee County.

Held a conference call with CHECC leadership and MDHHS ESF#6 EMC to discuss the CHECC level of activation.

Corrections (MDOC)

January 8, 2015:

Administration for the MDOC has been notified and is updated on current situation. There are approximately 75 staff members working in the affected area. Potable water has been provided to the offices in the affected area since the beginning of this situation and will continue to be provided This water is available for people working there and those that have been required to go the office. We will continue to monitor this situation for any developing issues.

Education (MDE)

MDE is monitoring the situation and coordinating as necessary with other state agencies

Kyle Guerrant, Deputy Superintendent, was on-site at the SEOC; January 10, 0915-1425

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) Laboratory (lab) provided 1000 water test kits for stock at Flint points of distribution. 500 kits have been prepared for MDARD inspectors for pickup Monday morning. 1000 additional kits will be prepared for pickup Monday for supply for the teams scheduled to begin on Tuesday. 3000 kits are being ordered Monday morning to supplement stock. DEQ lab staff are scheduled to provide training to the teams in Flint on Monday afternoon Contracts are being identified and examined to possibly expand vendor capabilities for providing additional resources.

DEQ staff are coordinating with Licensing and Regulatory Affairs (LARA) for the implementation of the Freeman Elementary faucet

Upcoming Forecast

-Forecast Update for Flint, MI Area: January 10, 2016
- Break from significant snow Sunday afternoon through Monday late afternoon.
- Snow returns Monday night and continues through Tuesday with very hazardous travel expected.
- Very cold temperatures expected through the entire week. The cold could limit ability to remove ice from road surfaces.
- Time to frostbite from exposed skin will be 15 to 30 minutes all week
- Bottled water stored outside or not in temperature controlled locations will freeze due to temperatures well below freezing through the week.

-Sunday (Jan 10):
- Heaviest snow coming to an end around 12pm. Around 1 inch of additional accumulation possible before snow ends Some periodic light snow after 12pm, no significant additional accumulation expected. Hazardous travel likely with icy roads and blowing snow

-Sunday afternoon (Jan 10) through Monday evening (Jan 12).
- On and off light snow with no significant accumulation expected. Icy roads likely for Monday morning and Monday evening commutes.

-Monday evening (Jan 11) through Tuesday (Jan 12)
- Snow and blowing snow will create hazardous driving conditions, very low visibility, and icy road surfaces. Could see 2-4 inches of accumulation in the Flint area. This snow event will impact all of the Lower Peninsula, so transportation to and from the Flint area will be very hazardous Monday night through Tuesday

-Wednesday (Jan 12) through Saturday (Jan 16)
- Very cold with a few snow showers. High temperatures around 20-25 degrees, low temperatures around 10-15 degrees.

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was operational from 8 a.m. to 5 p.m. on Jan. 10 State agencies at the JIC included the Governor's Office, Health and Human Services, and Michigan State Police.

Tasks accomplished during the operational period included:
- Finished coordinating and held a media event for Sunday, Jan 10 at Flint Fire Station No. 1.
- *Sent a media advisory for the Sunday, Jan. 10, media event at Fire Station No. 1.*
- Drafted and sent JIC News Release No. 3 about deploying water resource teams in the city of Flint.
- Created social media posts about the water distribution sites and the Flint water website.
- Continued development of a door hanger for the community outreach efforts beginning next week.

o Genesee County IMT Coordinator.
o Genesee County Planning Section Chief
o Genesee County Logistic Section Chief.

• Need Additional Information: 0

Task Assignments

• Assigned: 5
o Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies.
o Activate JIC plans.
o Create GovDelivery topic for public information.
o Establish method for routine communication of resource inventories and distribution amounts.

• Cancelled: 2
o Activate the State Recovery Task Force (2 requests).

• Complete: 16
o Volunteer Management Team.
o GIS Support Staff
o Research West Virginia Emergency Recycling.
o Genesee County Healthcare Provider Contact Information.
o JIC Email Accounts.
o Provide technical assistance to the local Damage Assessment process.
o Establish SEOC operational period and hours of operations.
o Safety Officer.
o Activate donations Management Team
o Coordinate response and recovery activities with MIVOAD and identify potential mission areas

• In Progress 26
o Monitor MI CIMS (2 assignments).
o Establish and maintain coordination between city, county, state, federal and subject matter experts.
o Obtain and maintain situational awareness and common operating picture of all activities (2 assignments).
o Technical assistance for local damage assessment.
o Volunteer assignment to assist at churches
o Development of four Recovery Teams.
o Identify a collocated facility for JIC.
o Coordinate response and recovery activities with MIVOAD and identify potential mission areas
o Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program.
o Develop a comprehensive GIS strategy
o Establish and disseminate cost center information for the incident
o Two additional positions for JIC.

• Mobilized 1
Establish and maintain coordination between city, county, state, federal and subject matter experts

Incident Response/Recovery Priorities/Objectives

1. Ensure all households within impacted community have required resources
2. Ensure accurate tracking and accounting of all commodities.
3. Improve and maintain public information strategy.
4. Develop a long term public health and services plan.
5. Ensure adequate staffing to support operational requirements.
6. Identify possible assistance programs.
7. Develop an approved GIS strategy
8 Maintain coordination between partner agencies and organizations.
9 Enhance situational awareness and common operating picture of all activities
10. Develop a comprehensive Recovery Plan

Weather Conditions

Watches/Warnings

MSP/EMHSD GIS Section Updates
Accomplished Today (January 10)
- Submitted report on total number of filters, pitchers, and replacement cartridges to Logistics.
- Printed map of wards for the City of Flint with Points of Distribution overlaid.
- LARA maps of Health Facilities and Active Facilities in progress
- Geocoding water filter distribution addresses.
- Devise a method for measuring water filter distributions throughout the city. We will sum filter distribution by city block and produce distribution maps by block
- DDACS Crime map overlay onto distribution map.

DTMB.
- Jeanette Doll at SEOC. Spoke to driver who is in Flint at first delivery church.
- Obtaining 3 quotes for printing of flyers for the churches this morning.
- Sent flyer to printer, provided Michelle with pickup information. Should be ready within the hour.
- DEQ requesting assistance with water bottle contract as vendor is running out of bottles and money ran out on contract. DTMB procurement director will work with DEQ on solution
- Flyer ready for pickup shared information with logistics and Michelle.
- Spoke with DTMB Telecom director who confirmed that phones in co-located JIC will be ready in the larger room for Monday morning.
- Spoke with DTMB Mail Services on truck availability. Four trucks with drivers are available beginning Monday morning if needed.
- Coordinated contact with U of M Flint for use of media rooms
- 4 cube trucks and drivers are available Tuesday.

DHHS-CH
- Appointed as Health Branch Director in the SEOC. Branch consists of MDEQ, MDARD, and MDHHS (health side only).
- Confirmed with the JIC and the LEOC in Genesee County that updates to 2-1-1 on water resource sites being listed on the pre-recorded 2-1-1 message will be provided to 2-1-1 daily by the JIC.
- Confirmed with Tom Page, Executive Director of 211, that the 211 pre-recorded messages for Monday, January 11, 2016, will include a listing of the water resource sites by zip code in Genesee County

DEQ
- DTMB contacted to advise of POTENTIAL vendor / contract issues Contingencies are currently being developed.
- Requested water kits be palletized and pre-staged on loading dock for PM tomorrow To lab director.
- Update on water test tubes.
  MDARD- 500 1/11/16
  Sent out- 1000 1/8/16
  On hand- 500 1/11/16
  Lab to order 3,000 on 1/11/16. Lab ordered 1,000 on 1/8/16.
- Location secured for shipment of additional test bottles as the GCCARD. Info relayed to Lab Director.

Local EOC Update:

- Working to coordinate resources at the local level to maintain distribution of supplies at all PODs.
- Seeing supplies rapidly disappear from PODs today. Working to make sure POD managers are notifying us when they start running low.
- Working to establish a warehouse for local resource storage
- Deploying additional District Coordinator tomorrow (Lt. Mark Russo).
- Working to establish minimum trigger points for resources at PODs.

Request/Task Assignment Definitions
- Assigned: Currently waiting for review by Logistics Group Chief and designation to appropriate agency.
- Cancelled. Item or task is no longer requested.
- Complete: Resource or task assignment has been fulfilled.
- In Progress: Being reviewed by appropnate agency.
- Mobilized Resource is currently being delivered to local area.
- Need Additional Information. Agency is working with requestor to obtain further information on task or resource.
- On-Scene. Resource is currently on site for use/distribution

Resource Requests

- Assigned: 1
o Box trucks for water resource teams.

- In progress 13
o Additional water filter resources (7 requests total).
□ 30,000 additional filters.
□ 20,000 bottles of water.
o Long term storage.
o Truck transport.
o Environmental Testing and Consulting (ETC) Lead Investigator.
o Data Collection Cards
o MDARD sampling kits- 500 requested.

- Cancelled. None

- Complete: 5
o JIC Set Up.
o 1,000 Water Filters/Cartridges.
o Water supply at Fire Department.
o Water Filters for Churches.

- On-Scene: 4
o Genesee County Section Chief.

o Box trucks to assist with the door-to-door operation.
o Purchasing more replacement filters.
o Door hangers.
o Extra staffing for Brianna needed + assigned to begin Mon a m

• JIC
o Flyer for churches approved – going to Logistics. (waiting for black and white version) ~done
o Door hanger's ready for teams tomorrow – may need to be picked up.
o Media availability went very well, great coverage.
o Sheriff still operating the strike team and coordinating with local EOC.
o Requested PSA on the radio. Media has been approved and working with MAB
o Received good press on PODs.
o Working on developing signage for PODs.
o 211 advised about influx of calls – let JIC know if issues arise.
o Social media messaging continuing.
o Finalizing JIC Battle Rhythm.
o News release likely going out tomorrow regarding canvassing in neighborhoods.
o Tuesday – embed state PIO with one of the canvassing teams to liaison with media.
o Google PR offered any available assistance, mapping-warehousing-transportation.
o JIC moving tomorrow to Flint, likely need hotels, media room requirements to DTMB.
o Materials being transferred into bi-lingual (Spanish) using Civil Rights resources.
o Planning media avail tomorrow

• Recovery Branch
o Expanded operational hours for canvassing.
o Working with the EOC to find most impacted areas for canvassing.
o Working with F/Lt. Mike Johnson for developing a strategy for teams in the field Tuesday.
o Training tomorrow will provide training on filters, strategy, safety, and water testing kits.
o Getting additional staffing tomorrow.

• Planning Section
o Objectives have been updated and SitRep will be distributed today.
o Facilitated three SEOC agency and local EOC briefs.
o Worked with FEMA LNOs on planning cycle and draft objectives.
o Completed Sit Rep and draft IAP and summary bullets for command
o Completed draft ICS forms for branch chiefs to use to track tasks.

• Operations Section
o Ensured the delivery of water and filters to the 9 churches in the Flint area.
o Discussed strategies for community outreach (door to door).
o Worked on facility safety at Collins Road (gate issues/lighting).
o Manage Task assignments for the SEOC (Press avail/door hangers/rules for water pickup).
o Requested a second DC to assist in Region 3 (Lt Russo), start time TBD.
o Requested product information required to design signs for the fire stations to make it visibly apparent to the public Awaiting feedback from fire stations (through Lt Roach).
o Developed Branch Directors within the SEOC to reduce span of control (specifically Human Services Branch/Richard Thelen) and Health and Environmental Branch (Jennifer Lixey-Terrill).
o Worked to identify a storage location within the City of Flint for water and supplies. G-CARD is identified as temporary location.
□ GCCard is large enough, centrally located and comes staffed. We will use this sight temporarily until a logical long-term storage option can be found. GCCard has 75,000 sq. ft. with warehouse managers to assist with tracking resources coming in and out.
o Distributed to date (1/8/16). Logistics has asked GIS to provide us daily updates of how much was distributed each day.
□ 12,386 filters
□ 1,985 replacement filters
□ 354 Pitchers
□ 2500 Lead Testing Kits
o Local EOC was asked to identify someone to enter the information collected on address cards from all the distribution sites as essential for the GIS tracking and reporting.
o Fire stations were initially established for 9-4 operations; this has been extended to 9-9 operation. Volunteers were located to accommodate these operations. This will continue as long as the need is realized.
o Logistics is in process of locating additional replacement filters.
o Establishing and tracking of resources is a priority. Staffing has been assigned to get a good handle on these to ensure distribution sites maintain an appropriate level of inventory.

• Finance Section
o Continuing to track personnel resources located in the SEOC and local EOC for use in spend plan development;
o Located hotel in the Flint area for staff on travel status to stay and have bill send directly to SEOC;
□ Holiday Inn – Flint
5353 Gateway Centre Drive
Flint, MI
810-232-5300
□ Contact Finance Group Chief or appropriate State EM to set up initial stay and billing information.
o Monitoring resource request board for costs incurred by state agencies for inclusion in spend plan.

The SEOC continues to provide:
• Situational awareness.
• Common operating picture/objectives.
• Coordination with city/county.
• Potential coordination with federal agencies.
• Incident prioritization
• Coordination of life/health safety measures.
• Provide resources.
• Public Information Control.

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	01/11/2016 08:00:00
Operational Period End:	01/13/2016 08 00.00
Situation Report No.	5
SEOC Status:	Full
SEOC Hours of Operation Begin:	01/10/2016 08 00:00
SEOC Hours of Operation End:	01/10/2016 17 00:00

Executive Summary

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center.

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015 Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply

For the mitigation of potential health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone.

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions.

Local nonprofit organizations have provided potable water to Flint residents. MSP/EMHSD GIS staff is supporting county and local GIS staff by consolidating data from local sources into comprehensive databases and providing mapping services to support incident analysis and forecasting Data and maps regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, and predictive blood lead levels for affected areas will be made available with demographics.
Before December 16, 2015, $9 35 million was provided by the State of Michigan and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While the source water has been switched back to DWSD, water in the City of Flint is still not safe to drink, unless specifically filtered.

On January 5, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County. Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply and the detection of elevated blood lead levels exceeding governmental standards.

Since the declaration by the Governor on January 5th, the State Emergency Operations Center (SEOC) has been fully activated and working with local and state agencies to ensure a coordinated response to the incident. Since the activation, the SEOC has activated command staff, state agency EMC's, and implemented the Recovery Branch under the Operations Section.

SEOC Update:
Accomplished today (January 10):

• Logistics
o Worked on figuring out a long-term storage option. Because GCCard is large enough, centrally located and comes staffed, we are going to use this for a while until a logical long-term storage option can be found GCCard has 75,000 sq. ft. and has warehouse managers to assist with tracking resources coming in and out.
o Requested an inventory of what has been distributed so far. Determined that the local health department wouldn't staff anyone during the weekend, so the only numbers we could obtain have not been updated since 1/8/16.
o Assigned someone at the local EOC to find anyone to enter the address cards collected from all the distribution sites. In order to determine what areas are in greater need, these address cards are essential for the GIS tracking and reporting.
o Determine water quantities in Flint.
o Worked with recovery on needs for door-to-door operation.
o Completed 204's for 3 objectives
• Assigned requests
o Extra volunteers for the added fire department hours (MDHHS – Thelen)
o There was an extra church that was added. A request went through to ensure they received supplies and volunteers. (Local EOC)
o Flyers were created, printed and distributed to the 9 churches (JIC, DTMB and Local EOC)
o Gate Operations for the broken SEOC Gates. (MSP)
o More cards for churches & FD's (Logistics)
o Locate replacement filters in the Flint area (Local EOC)
o Deliver 6 pallets of donated water to GCCard (ARC)
o Develop re-stock plan for distribution sites. (local EOC)

	/	
	/	
9. Prepared by: Name: Zachary Baker	Position/Title: Documentation Unit	Date/Time: 01/10/2016 11:36:56

ASSIGNMENT LIST (ICS 204)

1. Incident Name:	2. Operational Period:		3. Branch: Division: Group: Staging Area:
Health and Environment Branch (Obj. 4)-2015-10-01-City of Flint-Water Contamination/Shortage	Date From: 01/11/2016	Date To: 01/13/2016	
	Time From:08:00:00	Time To: 08:00.00	

4. Operations Personnel:	Name	Contact Number(s)
Operations Section Chief:	F/Lt. Gabe Covey	-
Branch Director:	Jennifer Lixey	
Division/Group Supervisor		

5. Resources Assigned:		# of Persons	Contact (e.g., phone, pager, radio, frequency, etc.)	Reporting Location, Special Equipment and Supplies, Remarks, Notes, Information
Resource Identifier	Leader			
CHECC Duty Officer				

6. Work Assignments:

Objective 4: Develop a long term public health and human services plan.

Task(s):

Coordination through the Community Health Emergency Coordination Center (CHECC) to identify priorities for long term public health planning and tactics.
-Coordinate with local health department to determine what has been accomplished to date.
-Communicate with the healthcare providers regarding blood testing.
-Support local health with case management.

7. Special Instructions:

8. Communications (radio and/or phone contact numbers needed for this assignment):		
Name/Function		Primary Contact: indicate cell, pager, or radio (frequency/system/channel)
Nicole Lisabeth	/JIC PIO Lead	
Jane Yount	/SEOC JIC Liaison	
	/	
	/	
9. Prepared by: Name: Zachary Baker	Position/Title: Documentation Unit	Date/Time: 01/10/2016 11:32.17

ASSIGNMENT LIST (ICS 204)

1. Incident Name:	2. Operational Period:		3. Branch: Division: Group: Staging Area:
Public Information (Obj.3)-2015-10-01-City of Flint-Water Contamination/Shortage	Date From: 01/11/2016	Date To: 01/13/2016	
	Time From:08:00:00	Time To: 08:00 00	

4. Operations Personnel:	Name	Contact Number(s)
Operations Section Chief:	Jackie Hampton	
Branch Director:		
Division/Group Supervisor		

5. Resources Assigned:		# of Persons	Contact (e.g., phone, pager, radio, frequency, etc.)	Reporting Location, Special Equipment and Supplies, Remarks, Notes, Information
Resource Identifier	Leader			

6. Work Assignments:

Objective 3: Improve and maintain public information strategy.

Task(s):
-Continue promotion of water resource sites.
-Announce water resource teams beginning Tuesday, and ongoing efforts
-Issuing news release to reiterate information shared throughout operational period
-Established an opt-in email citizens can subscribe to receive for daily updates on the state's response. Opt-in added to the website and first email being sent today.
-Plan and conduct daily media avails to provide ongoing actions.
-Work with MAB to air radio Public Service Announcements with information on how to get water resources. MDHHS PIO taking the lead.
-Identify and distribute information to churches, distribution points: post to the website, hand out at media avails, and continue to share with stakeholders.
-Print 5,000 door hangers for water resource teams to distribute
-Print additional door hangers to disseminate, as needed.
-Establish JIC in Flint. Hotels have been secured. Lunch will be provided.
-Develop contact list daily and provide to SEOC.
-Issue social media content across agency accounts to share new information.
-Develop and print bilingual handouts in Spanish
-Determine JIC staffing needs for this week.
-Arrange a PIO to be embedded with a media resource team beginning on Tuesday.
-Identify a photographer to take photos of resource teams in the field.

7. Special Instructions:

1. Incident name: 2015-10-01 Flint Water

2. Operational Period from: 01/06/2016 08:26:20to: 01/06/2016 08:26:20

3. Objective(s)

13. Establish and disseminate cost center information for the incident.
12. Monitor MI CIMS for resource requests and address as appropriate. develop
11. Establish a Joint Information Center and ~~identify~~ a public information strategy.
10. Provide technical assistance and facilitate the local Damage Assessment. needs
9. Facilitate and coordinate technical assistance among state agencies and to local agencies.
8. Coordinate response and recovery activities and identify mission areas with MIVOAD.
7. Identify critical resources for acquisition and allocation.
6 Develop a comprehensive GIS strategy.
5. Investigate and identify available programs for assistance with direct or related impacts.
4. Establish operational period and hours of operations. ~ Completed
1. Activate the State Recovery Task Force.
2 Ensure coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate ~~medical~~ subject matter experts.
3. Obtain and maintain situational awareness and common operating picture of all activities.

4. Operational Period Command Emphasis:

1. Provide regular local and technical briefings.
2. Identify life safety issues.
3. Identify priorities.
4. Provide policy direction by observance of SEOC SOPs.
5. Seek technical guidance from relevant federal agencies
6. Provide regular legislative/congressional briefings.

General Situational Awareness:

Soften

In April 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as a temporary water source. Untreated corrosive river water in the city's water infrastructure caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels, and as a result elevated blood lead levels in young children were observed in the City of Flint, and confirmed by the State Chief Medical Officer.

To mitigate the ~~negative~~ effects of corrosive river water on the infrastructure in the City of Flint, the city switched back to water from DWSD on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 5th, 2015 and activated their Emergency Operations Center. On January 5th, Genesee County declared a state of Emergency and requested a declaration from the Governor. On January 6, 2016, Governor Snyder declared a State of Emergency for Genesee County. On January 6, 2016 the State Emergency Operations Center was activated to coordinate the response.

supplement stock DEQ lab staff are scheduled to provide training to the teams in Flint on Monday afternoon. Contracts are being identified and examined to possibly expand vendor capabilities for providing additional resources.

DEQ staff are coordinating with Licensing and Regulatory Affairs (LARA) for the implementation of the Freeman Elementary faucet replacement plan.

DEQ and DNR staff are supporting state and local activities where needed

Human Services (MDHS)

Participated in AM & PM State Agency briefings,
Updated resource requests.
Volunteer Coordinator at local level coordinated with ARC on FD staffing for extended hours of 9:00 - 21:00
Confirmed filter allocation is still at adequate level for estimated resource requests.
Worked with Recovery on Door to Door plan Confirmed MDHHS will have volunteers next T- F for door to door work
Late last night ordered 30,000 additional filters and replacement cartridges. ETAs coming
Ordered 93 pallets of water from South Carolina ETAs coming
Appointed Human Services Branch Director, Branch includes MDHHS including Aging & Adult Services, MDE, MDCR,& ARC
Brought in Human Services EMC backup
CHECC remains at Level 1 Activation - Normal Operations

Licensing and Regulatory Affairs (LARA)

LARA's proposal for a pilot faucet replacement program for Freeman Elementary School was approved.

Working on putting together a list of what the next steps are with tasks to be completed.

Coordinating with DEQ to complete additional testing at Flint schools

National Weather Service (NWS)

Jim Maczko from NWS Grand Rapids will staff SEOC Monday, Jan 11. Otherwise, will participate in SEOC briefings via phone call and will coordinate support with local forecast office that serves Flint - NWS Detroit/Pontiac

Natural Resources (MDNR)

MDNR is fully participating in all SEOC activities. Situational awareness is being maintained and the department stands ready to assist as needed
Department POC's include:
Chief Gary Hagler, F/Lt Jennifer Wolf, F/Lt. Steven B Burton.

Services to the Aging (OSA)

Valley Area Agency on Aging - Region 5 (VAAA), in partnership with other local community agencies such as the Genesee County Health Department and MDHHS, has helped organize local meetings and distribute water and water filters VAAA is an access point for receiving calls from homebound seniors who are not able to pick up water filters or need assistance installing water filters. VAAA reports they continue to receive calls from seniors who need assistance

VAAA has distributed 2 bottles of water with each home delivered meal to each HDM client within the City of Flint. Water. VAAA also provided water to homebound seniors who needed water to prepare food as they had limited support to pick up bottled water. Congregate meal participants also have access to water and filters as needed Once water filters were installed, VAAA discontinued including water with home delivered meals.

VAAA also contacted the Grandparents Raising Grandchildren program to ensure that they were aware of educational efforts and confirm the program had received water filters to distribute to program participants

State Police (MSP)

A resource request was received to staff a Capitol Security Officer at the Collins Rd. facility from 0730 hrs until 1800 hrs on 1/10/16 only. An officer arrived at 1025 hrs and the facility will be staffed until 1800 hrs. This request was fulfilled.

A resource request was made to determine if the door to door operational hours should be expanded Based on information received from Lt. Dehner it was determined the hours would remain 8:30 AM - 5 PM. Additionally, the Troopers assisting on this detail are to be used for security only.

A resource request was received to provide a security/safety briefing to the Water Resource Teams during the training scheduled at 1 p m. on Monday, Jan 11 at DHHS Office. Specific items to include would be team safety, weather concerns, and any items determined important by MSP. Daily deployment briefings will be needed at 0830 at the GCCARD facility for all teams to include safety, security, and daily work assignments. The Recovery Branch Director will provide the daily work assignment to Lt. Dehner by 0800 hrs. Lt. Dehner will be responsible to assign one of the field personnel assisting the door to door operations to brief the group at the GCARD facility each morning. This resource request was assigned to the MSP REP.

The ICS 208 Safety Message/Plan was reviewed and driving information was added.

A safety briefing was provided to EOC and SEOC personnel during the briefing meetings.

Supreme Court

08.50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency. Nothing to report from the Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn. Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

Worked with University of Michigan Flint PIO for an area on the campus to conduct press briefings. Chancellor contacted and onboard with the state using their facilities as needed. Provided contact information to the JIC.

DTMB Real Estate Division located a warehouse facility within the city with 100,000 square feet that may be used.

DTMB Mail and Delivery Services drivers delivered water filters to drop off sites within the city. Drivers remained in the city and assisted with transporting of water throughout the day. DTMB has a driver and truck scheduled on Monday to pick-up additional 1,000 water test kits in Lansing and deliver to Flint Mail and Delivery Services has four trucks/drivers available on

DTMB Telecom assisted in moving joint information center in the Flint Office Building telephones to larger room

Printed 2,000 water informational flyers on Sunday morning to provide to churches. Purchased filters and replacement cartridges to ensure availability until large order arrives.

Position	Name	Phone	Date/Time	Comment	Details
SEOC OPS Recovery Branch Director	Brianna Briggs	517-230-2949	01/12/2016 12:35:57	Information has been received from DEQ. Currently awaiting submission from other state agencies with a due date of Friday, Jan 15.	Update

Recovery Branch – 1/11/16 3:30 pm

- Request was submitted to contact City of Flint Water Department for neighborhood routes for teams. County EOC working on routes and hot spots for Day 1.
- Deployed 2 Suburbans and 2 Crew Cab Trucks from HazMat Training Center to GCCARD in Flint.
- Requested NWS to provide hourly updates or as needed to Lt. Dehner at the county EOC.
- Held training at 1:00 in Flint for DHHS teams being sent to neighborhoods. About 50 people trained along with the Officer in Charge. They are ready for tomorrow.
- Coordinated iPad distribution for distribution tracking for neighborhood canvassing teams. Local GIS will train the MSP trooper of each team on iPad.

ASSIGNMENT LIST (ICS 204)

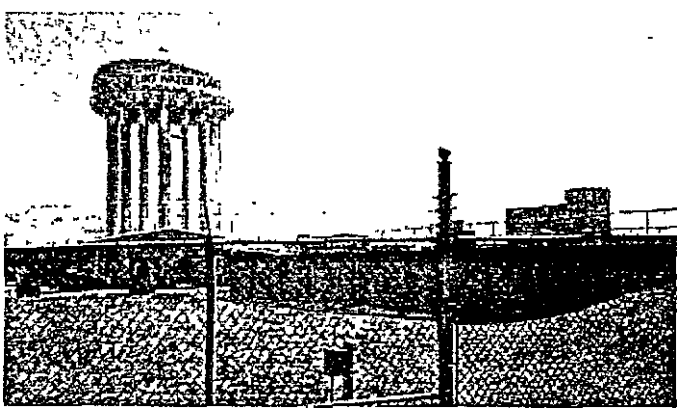
Incident Action Plan



4. Prepared by: Zachary Baker Date / Time: 01/10/2016 18:58 25

Incident

1. Incident name: 2015-10-01 City of Flint-Water Contamination/Shortage
2. Operational Period from: 01/11/2016 08:00:00to: 01/13/2016 08:00:00

3. Objective(s)

1. Ensure all households within impacted community have required resources.
2. Ensure accurate tracking and accounting of all commodities
3. Improve and maintain public information strategy.
4. Develop a long term public health and services plan
5. Ensure adequate staffing to support operational requirements.
6. Identify possible assistance programs.
7. Develop an approved GIS strategy.
8 Maintain coordination between partner agencies and organizations.
9. Enhance situational awareness and common operating picture of all activites.
10. Develop a comprehensive Recovery Plan.

4. Operational Period Command Emphasis:

1. Provide regular local and technical briefings
2. Identify life safety issues
3. Identify priorities.
4. Provide policy direction by observance of SEOC SOPs.
5. Seek technical guidance from relevant federal agencies.
6. Provide regular legislative/congressional briefings.

General Situational Awareness:

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center.

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015 Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions

Local nonprofit organizations have provided potable water to Flint residents MSP/EMHSD GIS staff is supporting county and local GIS staff by consolidating data from local sources into comprehensive databases and providing mapping services to support incident analysis and forecasting. Data and maps regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, and predictive blood lead levels for affected areas will be made available with demographics
Before December 16, 2015, $9 35 million was provided by the State of Michigan and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While the source water has been switched back to DWSD, water in the City of Flint is still not safe to drink, unless specifically filtered.

2015-10-01 City of Flint-Water Contamination/Shortage		Time From: 08:00:00	Time To: 08:00:00

3. Safety Message/Expanded Safety Message, Safety Plan, Site Safety Plan:

All personnel should be aware of personal safety risks in the community. A daily safety briefing will be conducted by MSP prior to morning departure from the GCCARD for delivery operations. Door to door operations in the community will be accompanied with law enforcement escort.

Exposure to sub freezing temperatures and strong winds can lead to cold exposure and hypothermia. Wear appropriate winter clothing to cover exposed skin to mitigate against the affects of cold exposure. Wear appropriate footwear and ensure solid footing to mitigate against slip, trip, and fall hazards related to snow and ice covered ground surfaces.

The National Weather Service states on and off snow showers with gusty winds continue through Wednesday evening. An additional inch of accumulation is expected. Thursday (Jan 14) through Saturday (Jan 16) will bring slight warming of temperatures to near 30 degrees during the day, with temperatures in the teens still expected at night. Off and on snow showers to continue into the weekend. Best chance for additional accumulating snow looks to be Friday afternoon (Jan 15) through Saturday night (Jan 16).

When driving in poor weather conditions keep a safe distance between your vehicle and the vehicle in front of you. Allow extra stopping distance as the roads may be snow covered and icy. Reduce travel speeds as appropriate and be aware that stopping and turning on snow and ice covered roads will not be as responsive as on dry roads. Ensure your vehicle contains an ice scraper, extra windshield wiper fluid, and an emergency road kit.

4. Site Safety Plan Required? Yes ☐ No ☑

Approved Site Safety Plan(s) Located At:

Position	Name	Phone	Date/Time	Comment	Type
SEOC OPS Recovery Branch Director	Brianna Briggs	[redacted]	01/12/2016 10 57.24	Hours of operation for the teams has been established and will remain 8:30 a m. to 5 p.m. Local GIS has provided iPads and software for tracking distribution in the field. A tracking sheet has been developed and printed for use in the field if software issues occur. Training was developed and conducted for the teams currently scheduled to be in the field Tuesday through Friday MSP is currently developing a strategy for canvassing of the entire affected area. Teams were deployed into the field as of 1000 Tuesday, Jan 15. Weather conditions and media avail at GCCARD prevented start time at 0830. MSP continues to monitor any safety and security concerns for the teams EMHSD staff delivered the four vehicles being used for canvassing to the GCCARD facility on Monday, Jan 11. All related requests are currently being worked on and monitored by Recovery Branch staff. Additional requests are being considered in order to expand operations of the teams in the field. Training was conducted for the current teams Daily deployment briefings will be conducted. The first briefing occurred Tuesday, Jan 12.	Update

USE FILTERED TAP WATER

- Drinking, cooking
- Washing fruits and vegetables
- Brushing teeth
- Pet water bowls

USE UNFILTERED TAP WATER

- Cleaning
- Bathing

BLOOD LEAD LEVEL TESTING

All Flint children less than six years of age should have their blood lead levels tested. Contact your primary care provider or call 2-1-1.

NUTRITION

Did you know that some foods will help keep lead from being stored in a child's body? These are foods with a lot of calcium, vitamin C and iron.

FREE WATER TESTING

Flint residents who are concerned about their water can obtain free water testing kits at the water resource sites.

USE WATER FILTERS & CARTRIDGES

Water filters can reduce lead and other contaminants by 99 percent when installed correctly. Free water filters are available at the water resource sites.

FOR IMMEDIATE ASSISTANCE

DIAL 2-1-1

State Agency Briefing
1/9/2016 0930

- **Priorities:**
  - JIC Messaging- press releases, community flyers, door hangers, and streamline the 211 process.
  - Gathering and distribution of resources (filters, water, replacement cartridges) throughout Flint. Ensure coordination between Logistics Group Chief, resource unit and GIS to track resources locations and amounts.
  - Identify church distribution sites and volunteers for Sunday.
  - Assemble recovery teams to canvas and distribute resources in the community, starting Tuesday.
- **Genesee County EOC:**
  - **1200**
    - Working on identifying resources needed/available to distribute to churches tomorrow, working with logistics at local level. Find GCCARD resource status level- Ops cleared up that the resources have been picked up by DTMB truck for tomorrow; SEOC logistics need locations where to take them. BJ/DTMB will coordinate with driver for Church drop locations and times.
    - 8 churches have been identified at this time; currently the SEOC is still planning to have 10 locations. Final two churches will be identified by the SEOC and report to the local EOC by the end of the day.
    - Now that footprint is established in the local EOC, the logistics will be taking over the processes for distribution of resources.
    - Local EOC is working to identify if volunteers are needed or church staff will be taking care of the distribution process and data collection. Red Cross volunteers have been identified, if requested.
    - Sheriff teams are established and working to canvas neighborhoods. The local EOC is working to establish a neighborhood priority for to ensure the recovery teams are not over lapping what the Sheriff teams have completed. POC from Sheriff is currently at the EOC. They will be updating activity log, updating data for GIS to develop a community grid and color coating the maps.
    - EOC is working to ensure the consistency of forms the current teams are using and what teams will be using on Tuesday.
    - EOC is initiating the process for volunteers and donations management, the local level is requesting further direction from the state on this process. The Red Cross has identified a location for a volunteer reception, but has questions on how to activate and is working to coordinated with the state plan.
    - SEOC DHHS Human Services staff had a conference call with Jenna (donations management) and Chad (volunteer management); they will be meeting Tuesday will

all local resources to have an idea of what the community groups are currently doing. Currently canvasing the groups.
    - United Way with support to help in the donations management process. Request by Michelle to have both individuals (donations and volunteer management staff) in the local EOC until sites are set up.
    - Continue to ensure the local level is coordinating with the SEMC. Any information request coming from the SEOC to local level is per Capt./Executive Office.
    - Identified a back log on updating who has received a kit the data base, unsure on how many outstanding forms are at City Hall. Per DHHS, local health department has been updating based upon information they have received. Resource might be needed to collect forms from city hall, fire stations, and water treatment plant.
- **Operations:**
    - **0930**
        - Five fire departments will be established as site for distribution of water, filters, and cartridges, Red Cross is on site to assist, at least two volunteers per station.
        - 2000 kits are available for distribution at 10 local churches on Sunday. SEOC is currently working on logistics to identify church locations and Red Cross volunteers.
        - Working to identify safety officer from MSP.
        - Food Pantry not in a great location for citizens to get to.
    - **1200**
        - Five fire stations have water and testing kits, hours 9-4 daily. Will work with local EOC to provide resource status at each location throughout the day.
        - Red Cross tasked to provide volunteers until Friday.
- **OSA:**
    - 0930
        - Nothing new
    - 1200
        - Not on Call
- **MDARD:**
    - **0930**
        - Working with health department for guidance on regulatory requirements.
        - New language (after JIC approval) will be going out to retail food establishments and restaurants with follow up inspections and sampling. Planning will continue on logistics for sampling.
        - Shelter Director Paul Wallace has obtained some documents to help ascertain what entities (that are not tracked via licensing and registration) that would be housing animals. Shelter Director is also pulling the possible animal holding/gathering facilities in reference to that listing which will provide the rest of the contacts. MDARD will be getting copies of all of these lists.
        - MDARD and DHHS provided information on nutrition for JIC message.
    - **1200**

Damage Assessment and Emergency Status Report

Incident: 2015-10-01-City of Flint-Water Contamination / Shortage

Operational Period

Operational Period Begin:	01/11/2016 08:00 00
Operational Period End:	01/12/2016 17 00 00
Situation Report No.	4
SEOC Status:	Full
SEOC Hours of Operation Begin:	01/09/2016 08.00 00
SEOC Hours of Operation End:	01/09/2016 17:00:00

Executive Summary

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center.

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015 Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of potential health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint. Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions

Local nonprofit organizations have provided potable water to Flint residents MSP/EMHSD GIS staff is supporting county and local GIS staff by consolidating data from local sources into comprehensive databases and providing mapping services to support incident analysis and forecasting Data and maps regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, and predictive blood lead levels for affected areas will be made available with demographics.
Before December 16, 2015, $9 35 million was provided by the State of Michigan and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes While the source water has been switched back to DWSD, water in the City of Flint is still not safe to drink, unless specifically filtered

On January 5, 2016, Governor Snyder declared a State of Emergency for the City of Flint and Genesee County Genesee County requested the Governor's declaration on January 5, 2016, following the declaration of a State of Emergency in the county in response to the presence of lead in the public water supply and the detection of elevated blood lead levels exceeding governmental standards

Since the declaration by the Governor on January 5th, the State Emergency Operations Center (SEOC) has been fully activated and working with local and state agencies to ensure a coordinated response to the incident Since the activation, the SEOC has activated command staff, state agency EMC's, and implemented the Recovery Branch under the Operations Section

SEOC Update:
Accomplished today (January 9)

- Logistics
  - o Worked with Red Cross to recruit volunteers at churches (obtained 2 per site).
  - o Obtained church addresses and passed them on to the county, DTMB, DHHS and GIS
  - o Address cards have been developed and distributed to Flint Fire Department for tracking Information from the address card is continuously being entered by MDHHS employee. Updates will be sent to SEOC Human Services POC throughout the day
  - o Logistics is working with DTMB to get the door-to-door flyers printed. Once these are done, will work on getting those to Flint and distributed to teams.
  - o Printed cards for churches were provided to the DTMB drivers to deliver with the materials to each church on Sunday
  - o Assigned various requests: supply truck to follow teams, trucks to transport teams and materials, security officer for EOC and for each team, long and short term storage options, plan for individuals not able to drive to return test kits, determine locations in Flint that already have large surplus of water on hand and have them deliver to food bank for distribution, identify method for getting address cards back from churches to EOC, and individuals at storage sites to serve as warehouse managers
  - o Need to update POD boards from the local EOC, any resources should be requested from the SEOC
  - o Set up direct bill at hotel in local area.
  - o Make sure information is being entered into MI CIMS
  - o Reiterate to continue to request resources in MI CIMS

- JIC
  - o Developed a door hanger with state agency PIO's and DHHS SME's for canvassing.
  - o Developed a single page sheet similar to the website for distribution.

NOTES ON BACK

1/9/16

o Released a press release today at 1pm establishing location of water resource sites
o Tentative media briefing tomorrow at 2pm at Flint fire station.
o Trevor Hawks is working with the JIC on the door hanger.

• Recovery Branch
o Currently working on the overall plan for the door-to-door operations.
o Training has been confirmed for Monday to train teams deploying for the door-to-door operations scheduled to start Tuesday
o Training will take place at 1 p m on Monday afternoon at the DHHS office on Clio Road. DEQ and DHHS will provide the training
o Recovery Team hours of operation will be Tuesday through Friday from 8 30 a m to 5 p m
o Logistics are being worked out for the teams and trucks to handle stocking and re-stocking of materials during daily operations.
o Will begin working with the local EOC first thing tomorrow to determine the areas of Flint to focus our efforts and work out the remaining details.

• Planning Section
o Objectives have been updated and SitRep will be distributed today
o Facilitated three SEOC agency and local EOC briefs.
o Worked with FEMA LNOs on planning cycle and draft objectives.
o Completed Sit Rep and draft IAP and summary bullets for command
o Completed draft ICS forms for branch chiefs to use to track tasks

• Operations Section
o A third FEMA LNO arrived today to provide technical assistance.
o A 10 45 conference call was held with the Genesee County EOC, specifically state personnel, to discuss processes for the upcoming days
o At this time, all 5 fire stations have received water, water filters, replacement cartridges and water testing kits with American Red Cross at each location to assist with delivery of resources and collection of addresses receiving them (data collection cards delivered by F/Lt. Gabe Covey)
o The arrangement of 2,000 filters, to be taken to 9 local churches on Sunday, January 10, is ongoing Working on outreach for 1 additional church.
o A 3 30 briefing was conducted in the SEOC to provide status updates.
o As we advised you at 3 50, the County EOC has no support from the City of Flint. For smooth operations and the ability to serve the residents of Flint, a liaison is necessary in the EOC This is also important to keep the Flint Mayor is appraised of activities being conducted in the city.

• Finance Section
o Continuing to track personnel resources located in the SEOC and local EOC for use in spend plan development,
o Located hotel in the Flint area for staff on travel status to stay and have bill send directly to SEOC.
□ Holiday Inn – Flint
5353 Gateway Centre Drive
Flint, MI
810-232-5300
□ Contact Finance Group Chief or appropriate State EM to set up initial stay and billing information.
o Monitoring resource request board for costs incurred by state agencies for inclusion in spend plan

The SEOC continues to provide.
• Situational awareness.
• Common operating picture/objectives.
• Coordination with city/county
• Potential coordination with federal agencies
• Incident prioritization
• Coordination of life/health safety measures
• Provide resources
• Public Information Control.

MSP/EMHSD GIS Section Updates

Accomplished Today (January 9)·
• Produced a Point of Distribution Map. Contains four types of distribution points; Churches, Water Resource Sites (Fire Departments), Filter Distribution Sites, Water Distribution Sites
• Produced Filter Distribution Map
• Developed process of how best to handle geocoding the household filter locations, worked on processing the data
• MI CIMS password resets.
• Worked on map of franchise customers outside of Flint.
• Produced maps for MDARD on food establishments and Local Health Departments.
• Produced map of Church Filter Distribution map for DTMB

Tasks for Tomorrow (January 10)·
• Update Distribution Map with new information.
• Update Filter Distribution map by Household.
• Complete Franchise Customers outside of Flint by zip code.
• Discuss a time to meet with U of M.
• Finalize plan for data distribution methods

DTMB
• Reached out to local EOC to find out what space is available for large media briefings.
• DTMB has truck and driver scheduled to pick up water kits on Monday at noon from the State Lab.
• Scheduled two drivers to assist in the delivery of water filters to churches on Sunday morning
• Reached out to DTMB Real Estate for additional information on the warehouse facility.

DHHS-CH

• 2-1-1 Director successfully contacted. Has been put in contact with MDHHS PIO to discuss/resolve caller wait times and messaging.
• Spoke to Genesee County Emergency Preparedness Coordinator for situational awareness. Reiterated the importance of messaging at this time, from the calls that the LHD has received from the public regarding ongoing water and filter distribution
• Had conversation with donation management coordinator for local EOC They will be in route to local EOC, estimated arrival 3 00PM They will check in with local logistics

DEQ
• IMT will be arrived at EOC today
• DEQ Laboratory personnel will coordinate with LARA on the Freeman Elementary faucet replacement plan
• The lab will have 1000 narrow mouth bottles ready for pick up by Noon on Monday (1/11) Coordinating with DTMB and Recovery on pickup, delivery and staging area.
• LARA will need to coordinate the school testing and Freeman Installation/Testing with DEQ Steve Busch 517-643-2314, buschs@michigan gov and George Krisztian.
• Briefing provided to Chief Hagler days operations.

Local EOC Update

• Identified resources needed/available to distribute to churches tomorrow, working with logistics at local level. Find GCCARD resource status level- Ops cleared up that the resources have been picked up by DTMB truck for tomorrow, SEOC logistics need locations where to take them District Coordinator and DTMB will coordinate with driver for church drop locations and times
• 9 churches have been identified at this time; currently the SEOC is still planning to have 10 locations. The last church will be identified by the SEOC.
• Red Cross volunteers will be utilized for church distribution as needed.
• Sheriff teams are established and working to canvas neighborhoods The local EOC is working to establish a neighborhood priority for to ensure the recovery teams are not over lapping what the Sheriff teams have completed. POC from Sheriff is currently at the EOC. They will be updating activity log, updating data for GIS to develop a community grid and color coating the maps.
• EOC is working to ensure the consistency of forms the current teams are using and what teams will be using on Tuesday.
• EOC is initiating the process for volunteers and donations management, the local level is requesting further direction from the state on this process
• SEOC DHHS Human Services staff had a conference call with local donations management and volunteer management POCs; they will be meeting Tuesday will local resources to develop understanding of what community groups are currently doing.
• United Way with support to help in the donations management process. Request by state staff in local EOC to have both individuals (donations and volunteer management staff) in the local EOC until sites are set up
• Continue to ensure the local level is coordinating with the SEMC Any information request coming from the SEOC to local level is per Capt./Executive Office
• Identified a back log on updating who has received a kit in database. Per DHHS, local health department has been updating information when received
• Donations Management to draft idea of plan (currently onsite), hopefully to have a plan today.
• DC working with ARC on the church drop off plans tomorrow. Working to have Red Cross in place prior to drop off
• Have a request for water drop off at the churches as well Do have access to water at Flint schools if the schedule drop off does not arrive
• Working on the logistics plan in at the local level.
• Reception at the fire stations has been great, working on finalizing a logistics plan to do resupply if resources are depleted midday.

Request/Task Assignment Definitions
• Assigned. Currently waiting for review by Logistics Group Chief and designation to appropriate agency.
• Cancelled: Item or task is no longer requested.
• Complete Resource or task assignment has been fulfilled.
• In Progress. Being reviewed by appropriate agency
• Mobilized Resource is currently being delivered to local area
• Need Additional Information' Agency is working with requestor to obtain further information on task or resource
• On-Scene' Resource is currently on site for use/distribution

Resource Requests
• Assigned: No current outstanding assessments
• In progress: 12
o Additional water filter resources (7 requests total)
□ 30,000 additional filters
□ 20,000 bottles of water
o Long term storage
o Truck transport
o Environmental Testing and Consulting (ETC) Lead Investigator
o Data Collection Cards
o MDARD sampling kits- 500 requested
• Cancelled None
• Complete 4
o JIC Set Up
o 1,000 Water Filters/Cartridges
o Water supply at Fire Department
o Water Filters for Churches
• On-Scene. 4
o Genesee County Section Chief
o Genesee County IMT Coordinator
o Genesee County Planning Section Chief
o Genesee County Logistic Section Chief
• Need Additional Information 1
o Water testing kit staging for 3,000 kits

Task Assignments
• Assigned: 2
o Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies

o Activate JIC plans
• Cancelled- 2
o Activate the State Recovery Task Force (2 requests)
• Complete- 10
o Volunteer Management Team
o GIS Support Staff
o Research West Virginia Emergency Recycling
o Genesee County Healthcare Provider Contact Information
o JIC Email Accounts
o Provide technical assistance to the local Damage Assessment process
o Establish SEOC operational period and hours of operations.
o Safety Officer
o Activate donations Management Team
o Coordinate response and recovery activities with MIVOAD and identify potential mission areas
• In Progress- 15
o Monitor MI CIMS (2 assignments)
o Establish and maintain coordination between city, county, state, federal and subject matter experts
o Obtain and maintain situational awareness and common operating picture of all activities (2 assignments)
o Technical assistance for local damage assessment
o Volunteer assignment to assist at churches
o Development of four Recovery Teams
o Identify a collocated facility for JIC
o Coordinate response and recovery activities with MIVOAD and identify potential mission areas
o Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program
o Develop a comprehensive GIS strategy
o Establish and disseminate cost center information for the incident
o Two additional positions for JIC
• Mobilized – 1
o Establish and maintain coordination between city, county, state, federal and subject matter experts

Incident Response/Recovery Priorities/Objectives

1. Activate the State Recovery Task Force
2 Ensure coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate subject matter experts
3 Obtain and maintain situational awareness and common operating picture of all activities
4 Establish operational period and hours of operations.
5 Investigate and identify available programs for assistance with direct or related impacts
6 Develop a comprehensive GIS strategy.
7 Identify critical resources for acquisition and allocation
8 Coordinate response and recovery activities and identify mission areas with MIVOAD.
9 Facilitate and coordinate technical assistance among state agencies and to local agencies.
10. Provide technical assistance and facilitate the local Damage Assessment process.
11 Establish a Joint Information Center and develop a public information strategy
12 Monitor MI CIMS for resource requests and address as appropnate
13 Establish and disseminate cost center information for the incident.

Damage Assessment Summary

Agency Summaries

Joint Information Center / Public Information Officer

The Joint Information Center (JIC) was operational from 8 a.m. to 5 p.m. on Jan. 9. State agencies at the JIC included the Governor's Office, Departments of Licensing and Regulatory Affairs, Health and Human Services, Environmental Quality, and Michigan State Police.

Tasks accomplished during the operational period included:
- Issued JIC News Release No. 2 about the water distribution sites at select Fire Stations in the city of Flint.
- Managed inquiries on the JIC hotline about the ongoing situation, covering topics ranging from FEMA in the State Emergency Operations Center to where people or companies can submit donations.
- Began coordinating a media event for Sunday, Jan. 10, at one of the Flint Fire Station water distribution sites, including local officials.
- Drafted a media advisory for the Sunday, Jan. 10, media event, possibly at Fire Station No. 1.
- Created social media posts about the water distribution sites and the Flint water website.
- Continued development of a door hanger for the community outreach efforts beginning next week.
- Continued developing a public service announcement.
- Updated the www.michigan.gov/flintwater website.
- Staffed for the next operational period.
- Conducted a media monitoring report.

Agriculture and Rural Development (MDARD) — REPORT WITH NATIONAL

Two areas MDARD is monitoring: — CLOSED STORES
1) Water usage in food processing, food retail, and food service (restaurants). Guidance document has been available since October; MDARD surveyed food processors in October and did not find issues.
2) Water consumption by pets / animals There has been some evidence of lead toxicity in dogs, and there has been guidance about pets & water included in the Q & A.
Jan 7th 2016 4pm update:
MDARD and Genesee Local Health Dept. agreed to move guidance on water to a regulatory requirement New language (after JIC

approval) will be going out to retail food establishments and restaurants with follow up inspections and sampling. Planning will continue on logistics for sampling.
Jan 8th 2016 4pm update:
Animals - Shelter Director Paul Wallace has obtained some documents to help ascertain what entities (that are not tracked via licensing and registration) that would be housing animals: 1) All the City of Flint street (physical) addresses that are on City of Flint water, 2) All the "Out-County" (physical) addresses that are on City of Flint water. The Shelter Director is also pulling the possible animal holding/gathering facilities in reference to that listing which will provide the rest of the contacts. MDARD will be getting copies of all of these lists soon. Other shelters are not on City of Flint water.
Jan 9th 2016 4pm update:
MDARD has received maps created by the SEOC GIS that locate the food service establishments.
MDARD is identifying activities to date and providing coordination in development of strategy for a plan for public nutrition, education and availability together with MDHHS, MDE, and the Genesee Health Department. MDARD together with MDHHS identified a brief nutrition message to be included on the door-to-door hangtag being developed by the JIC.

American Red Cross (ARC) — 9 CHURCHES — MOVING WATER / FILTERS.

Yesterday (Friday, 1-8-16) volunteers from the American Red Cross did accompany and support the sheriff's distribution team as requested. We also initiated a formal Disaster Relief Operation (DRO 608-16) before the end of the day yesterday. The DRO headquarters is established at the Red Cross offices in Flint at 1401 S. Grand Traverse and is activated

Today (Saturday, 1-10-16) our volunteers are staffing distribution sites established at 5 Flint fire stations where supplies of water, filters, and water testing kits are available for residents to pick up. We were not requested to support the sheriff's distribution team today. Our DRO headquarters is working today to arrange to have volunteers at each of (up to) 10 churches where filters are to be distributed tomorrow. This will be in addition to continuing to staff the distribution points at the 5 fire stations.

AuxComm K — PIO ON WITH JIC — CHAD IN LOCAL EOC.

Advised Red Cross, who were concerned about the number of available volunteers, that ARES in Genesee County may be able to help.

Civil Rights (MDCR)

Monitor and support agencies with issues surrounding outreach and engagement of marginalized populations within the City of Flint impacted by the current water crisis

Community Health (MDCH)

CHECC remains at Activation Level 1 - Normal Operations, with 24hr Duty Officer — LEAD INFO

Request from GCHD for lead investigators working on environmental health investigations has been forwarded to State Epidemiologist/Administrator and Environmental Health Division Director.

Spoke to Genesee County Emergency Preparedness Coordinator for situational awareness.

Tom Page, 2-1-1 Director, was successfully contacted he was put into contact with MDHHS PIO to discuss/resolve caller wait times, prompting, and messaging

Corrections (MDOC)

Administration for the MDOC has been notified and is updated on current situation There are approximately 75 staff members working in the affected area Potable water has been provided to the offices in the affected area since the beginning of this situation and will continue to be provided. This water is available for people working there and those that have been required to go the office We will continue to monitor this situation for any developing issues.

Education (MDE) — SCHOOLS DON'T USE WATER —

MDE is monitoring the situation and coordinating as necessary with other state agencies.

Environmental Quality (MDEQ)

The Department of Environmental Quality (DEQ) Laboratory (lab) provided 1000 water test kits for stock at points of distribution . 500 kits have been prepared for Department of Agriculture and Rural Development inspectors for pickup Monday morning. 1000 additional kits will be prepared for pickup Monday for supply for the teams scheduled to begin on Tuesday. Additional supplies continue to be ordered to provide for testing kits. DEQ lab staff are scheduled to provide training to the teams in Flint on Monday afternoon.

DEQ staff are coordinating with Licensing and Regulatory Affairs (LARA) for the implementation of the Freeman Elementary faucet replacement plan.

F/Lt Wolf continues to fully support the State Emergency Operations Center as the DEQ representative coordinating department resources and capabilities and other duties as assigned by the State Director. DEQ staff are supporting local activities where needed.

Human Services (MDHS)

Participated in AM & PM State Agency briefings,
Completed 5 and updated the remaining resource requests
Local MDHHS staff remain active in local EOC as human service lead.
MCSC serving as local volunteer coordinator.
MCSC serving as local donation management coordinator.
Confirmed avenue for people to volunteer.
Confirmed avenue for people to donate.
Confirmed filter allocation is still at adequate level for estimated resource requests.

4 - 9pm VOLUNTEERS @ 5 STATIONS.

500 FILTERS.

— 93 PALLETS OF WATER

— TONS OF FILTERS.

Worked with Recovery on Door to Door plan. Confirmed MDHHS will have at least 10 volunteers next T- F for door to door work. CHECC remains at Level 1 Activation - Normal Operations

Licensing and Regulatory Affairs (LARA)

LARA's proposal for a pilot faucet replacement program for Freeman Elementary School was approved.

Working on putting together a list of what the next steps are with tasks to be completed.

Coordinating with DEQ to complete additional testing at Flint schools.

National Weather Service (NWS)

Jim Maczko from NWS Grand Rapids will participate in morning SEOC briefings via phone call and will coordinate support with local forecast office that serves Flint - NWS Detroit/Pontiac.

Natural Resources (MDNR)

MDNR is fully participating in all SEOC activities. Situational awareness is being maintained and the department stands ready to assist as needed.
Department POC's include:
Chief Gary Hagler, F/Lt. Jennifer Wolf, F/Lt. Steven B. Burton.

Services to the Aging (OSA) — NOTHING TO REPORT.

Valley Area Agency on Aging - Region 5 (VAAA), in partnership with other local community agencies such as the Genesee County Health Department and MDHHS, has helped organize local meetings and distribute water and water filters. VAAA is an access point for receiving calls from homebound seniors who are not able to pick up water filters or need assistance installing water filters VAAA reports they continue to receive calls from seniors who need assistance.

VAAA has distributed 2 bottles of water with each home delivered meal to each HDM client within the City of Flint Water VAAA also provided water to homebound seniors who needed water to prepare food as they had limited support to pick up bottled water Congregate meal participants also have access to water and filters as needed. Once water filters were installed, VAAA discontinued including water with home delivered meals.

VAAA also contacted the Grandparents Raising Grandchildren program to ensure that they were aware of educational efforts and confirm the program had received water filters to distribute to program participants.

State Police (MSP) — TILL 6PM - VOLUNTEER / 6PM - WITH GATE

Resource Request Received to establish a Safety Officer at the Genesee County EOC. Lt. Amy Dehner has been assigned by 3rd District Command and has reported to Local EOC.

Request for troopers to attend training event that will be provide information on filters, replacement filters, water test kits, and operations on Monday, 1 p m , at the DHHS Office at 4809 Clio Road, Flint 48501 One squad of on-duty troopers are requested to be in attendance in a community service role. Duration of this assignment will be for approximately 1 hour. This request is being coordinated by Lt. Dehner at Local EOC. Troopers have been identified and contacted directly by Lt Dehner and provided with information for this request

Request for four troopers in uniform and patrol vehicle to work with volunteers in a community service role in the affected area beginning Tuesday, Jan 12, 2016. This operation will be ongoing and the end date has not been determined. Hours of operation will be 8 30am - 5pm daily. Meeting place will be GCCARD at 2727 Lippincott Boulevard, Flint 48507. This request is being coordinated by Lt Dehner at Local EOC

MSP Public Affairs has activated MSP PIO F/Lt Dave Kaiser as the MSP PIO at the Local EOC.

Supreme Court

08.50 - State Judiciary EMC John Ort reported to the SEOC regarding the Flint water emergency Nothing to report from the Judiciary regarding the emergency. DEQ website resources shared with our State Court Administrative Office (attn: Region II) in case our Genesee County courts have any questions regarding the emergency.

Technology, Management and Budget (MDTMB)

Provided update to management on morning briefing. (2) TRUCKS IN FLINT / PRINTING FILTERS.

PIO requested that the co-located JIC at the state office building phones be moved to the larger meeting room and they will use the smaller room to meet with media when needed. DTMB Telecom will make the switch Monday morning. PIO also requested a large space in the city to conduct large scale media briefings. Contacted UM Flint Campus's facilities director for possible options.

Facility found (3,000 Sq. Ft.) that could be used as a distribution point for water, filters and cartridges if needed. MSP to provide guidance next week if space will be needed

DTMB Mail and Delivery Services driver picked up pallets of water, filters, cartridges and testing kits and made deliveries to fire stations on Saturday. Two drivers will report back to Flint on Sunday to deliver the remaining filters to churches for distribution DTMB to provide a driver and truck to pick-up an additional 1,000 water test kits in Lansing and deliver to Flint on Monday.

Unified Command Group Meeting

January 10, 2016

water testing

Brianna/Wendy 1. Ensure all households within impacted community have required resources. → 3 - teams Warehouse PODS

Wendy/PK 2. Ensure accurate tracking and accounting of all commodities. - resource fulfillment - resource inventory/tracking

PIO – 3. Improve and maintain public information strategy. - media avd. outside meetings.

DCH/DEQ 4. Develop a long term public health and services plan. - long term recovery group

Log/[illegible] 5. Ensure adequate staffing to support operational requirements.

Brianna? 6. Identify possible assistance programs. - Recovery

Jim (7) Develop an approved GIS strategy.

Jackie 8. Maintain coordination between partner agencies and organizations.

Dani 9. Enhance situational awareness and common operating picture of all activities.

Long term. 10. Develop a comprehensive Recovery Plan.

- addiction subject matter experts to help develop plan
- Work with state agencies to identify projected long term impacts

INC. Map IAP

- GCCARD
- Warhouse
- Churches
- fire stations
- Teams

> field activity based on waste OC PODS

I got word that some test kits went out today without instructions. ARC made copies to tide us over. Should I mention that the locals need to make sure those make it into the shipments? DEQ should've reported on this. JIC probably should know

SEOC OPS Recovery Branch Director	Brianna Briggs		01/08/2016 14:01:27	A. Agencies identified (TED, MSP/EMHSD, LARA, DHHS, MDARD, DEQ, Education, Aging). B. Solicited research to commence 1/8/16, with a return date of COB Friday, January 8. Will compile a report once all have been received.
SEOC OPS Recovery Branch Director	Brianna Briggs		01/08/2016 10:49:15	A. Working to determine applicable state agencies/federal programs for research to commence.

Objectives

Activate the State Recovery Task Force.
Ensure coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts.
Obtain and maintain situational awareness and common operating picture of all activities.
Establish SEOC operational period and hours of operations.
Investigate and identify all available programs for assistance with direct or related impacts, including the Federal Lead Pipe Replacement Program. Hard c
Develop a comprehensive GIS strategy.
Identify critical resources for acquisition and allocation.
Coordinate response and recovery activities with MIVOAD and identify potential mission areas.
Facilitate and coordinate technical assistance among state agencies and to local agencies.
~~Provide~~ technical assistance to the local Damage Assessment process.
Establish a Joint Information Center and develop a public information strategy.
Monitor MI CIMS for resource requests and address as appropriate.
Establish and disseminate cost center information for the incident.

Command Emphasis

Provide regular local and technical briefings.
Identify life safety issues.
Identify priorities.
Provide policy direction by observance of SEOC SOPs.
Seek technical guidance from relevant federal agencies.
Provide regular legislative/congressional briefings.

Brainstorm Ideas for Possible VOAD/NGO Support in Flint Water Contamination 1/06/16 Version

The MSP/EMHSD planners asked the Red Cross [ARC] to brainstorm and come up with possible ways in which MI-VOAD, the Red Cross and other NGOs might be able to assist in the response and recovery phases of the Flint Water Contamination. When reviewing the ideas which follow, please keep in mind these considerations:

1. We cannot speak for MI-VOAD and recommend that MI-VOAD be convened so that the members can be briefed and discuss these ideas.
2. NGOs seek funding to implement programs which align with their missions. None of them are funded to conduct recovery efforts for the Flint Water Contamination and would likely need financial support to do so.
3. These ideas are not task assignments or commitments.

POSSIBLE NGO SUPPORT ACTIVITIES

a) NGOs can help educate Flint residents about water filters and ways to mitigate lead exposure in children through nutrition and early childhood education. (Leveraging the Red Cross' Home Fire Prevention Campaign, ARC volunteers could provide education materials, water filters and replacement cartridges when they visit homes to install smoke alarms. Discussions are currently underway to do this.)

b) The ways in which educational information is disseminated may provide an opportunity to rebuild trust in government. If those efforts engage trusted organizations such as faith-based groups and the Red Cross, the positive perceptions may be extended to government.

c) NGOs' places of business could be used as points of distribution for water and filters. In addition to space, the NGOs may be able to provide people to staff them. Perhaps some NGOs could provide the water and filters, but not all. Such arrangements would need to be time limited.

d) Some NGOs can provide language interpretation and translation for those residents who need it and for translation of educational materials.

e) In Flint, Child Care Network trains providers of early childhood education.

f) Some Flint residents affected by the water contamination may benefit from crisis counseling. People who work on the recovery (agency staff and volunteers) may also. There are NGOs which provide such counseling.

g) Some homes contain lead pipes, faucets or related infrastructure. Perhaps some NGOs (Habitat for Humanity?) could install new ones. However, this may require specific licenses or permits.

h) If it's determined that food will be distributed to improve nutrition, NGOs may be able to assist

i) There may be NGO services available directly to those children who evidence disabilities as a result of lead exposure.

j) There are local agencies which have been and continue to address the needs of Flint residents. Because the recovery may be long term, the capacity of these agencies may be taxed. It's possible that NGOs could support them by providing workers (staff and/or volunteers) to help, depending on their needs (including answering phone calls and responding to email.)

k) Some of the MI-VOAD member agencies may be able to act as liaisons with local government and non-profit agencies.

SAFETY MESSAGE/PLAN (ICS 208)

1. Incident Name:	2. Operational Period:	Date From: 01/13/2016	Date To. 01/15/2016
2015-10-01 City of Flint-Water Contamination/Shortage		Time From: 08.00.00	Time To: 08:00:00

3. Safety Message/Expanded Safety Message, Safety Plan, Site Safety Plan:

All personnel should be aware of personal safety risks in the community. A daily safety briefing will be conducted by MSP prior to morning departure from the GCCARD for delivery operations. Door to door operations in the community will be accompanied with law enforcement escort.

Exposure to sub freezing temperatures and strong winds can lead to cold exposure and hypothermia. Wear appropriate winter clothing to cover exposed skin to mitigate against the affects of cold exposure. Wear appropriate footwear and ensure solid footing to mitigate against slip, trip, and fall hazards related to snow and ice covered ground surfaces.

The National Weather Service states on and off snow showers with gusty winds continue through Wednesday evening. An additional inch of accumulation is expected. Thursday (Jan 14) through Saturday (Jan 16) will bring slight warming of temperatures to near 30 degrees during the day, with temperatures in the teens still expected at night. Off and on snow showers to continue into the weekend. Best chance for additional accumulating snow looks to be Friday afternoon (Jan 15) through Saturday night (Jan 16).

When driving in poor weather conditions keep a safe distance between your vehicle and the vehicle in front of you Allow extra stopping distance as the roads may be snow covered and icy. Reduce travel speeds as appropriate and be aware that stopping and turning on snow and ice covered roads will not be as responsive as on dry roads. Ensure your vehicle contains an ice scraper, extra windshield wiper fluid, and an emergency road kit.

4. Site Safety Plan Required? Yes ☐ No ☑

Approved Site Safety Plan(s) Located At:

3. Obtain and maintain situational awareness and common operating picture of all activities.
4. Establish operational period and hours of operations.
5. Investigate and identify available programs for assistance with direct or related impacts.
6. Develop a comprehensive GIS strategy.
7. Identify critical resources for acquisition and allocation
8. Coordinate response and recovery activities and identify mission areas with MIVOAD.
9. Facilitate and coordinate technical assistance among state agencies and to local agencies.
10 Provide technical assistance and facilitate the local Damage Assessment process.
11. Establish a Joint Information Center and develop a public information strategy.
12. Monitor MI CIMS for resource requests and address as appropriate.
13. Establish and disseminate cost center information for the incident.

4. Operational Period Command Emphasis:

1 Provide regular local and technical briefings
2 Identify life safety issues.
3. Identify priorities.
4. Provide policy direction by observance of SEOC SOPs.
5. Seek technical guidance from relevant federal agencies.
6. Provide regular legislative/congressional briefings.

General Situational Awareness:

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to the Flint River as their primary water source The corrosive river water caused the leaching of lead from lead pipes into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders Elevated blood lead levels that exceeded past seasonal levels were observed in City of Flint children, and were subsequently confirmed by Michigan Department of Health and Human Services (MDHHS) epidemiologists.

To mitigate the effects of corrosive river water on the infrastructure in the City of Flint, the city switched back to water from DWSD on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center. On January 5 Genesee County declared a local state of Emergency and requested a declaration of emergency/disaster from the Governor. On January 6, 2016, Governor Snyder declared a State of Emergency for Genesee County On January 5, 2016 the State Emergency Operations Center was activated to coordinate the response.

INCIDENT OBJECTIVES (ICS 202)

1. Incident Name:	2. Operational Period:	
2015-10-01 City of Flint Water Contamination/Shortage	Date From:01/06/2016 Time From:08:00:00	Date To:01/08/2016 Time To:17:00:00

3. Objective(s):

1. Activate the State Recovery Task Force (SRTF). (Operations Section Chief) — no
A. Identify and obtain approval for assignment of Task Force Leader. (Operations Chief)
B. Task Force leader will provide recommendations and obtain approval for Task Force membership. (MDHS SEMC)
C. State Recovery Task Force shall determine mission and establish means to provide support as needed. (MDHS SEMC)

2. Establish and maintain coordination between the City of Flint, Genesee County, state and federal agencies, and appropriate medical experts. (Operations Section Chief)
A. Request and establish FEMA LNO in the SEOC to support liaison with other federal agencies (State Director) done
B. Establish Recovery Branch within the Operations Section. (OSC) done
C. Maintain daily SEOC briefing with state agencies. (PSC) done
D. Establish and maintain routine calls with local emergency manager and EMHSD District Coordinator. (State Director) done
Run to Run with SMEs Wells get DCH Public Health Advisory

3. Obtain and maintain situational awareness and common operating picture of all activities. (PSC)
A. Conduct daily briefings with state agency emergency managers. (PSC)
B. Monitor MICIMS. (All)
C. Produce maps to include water filter, pitcher and filter distribution, affected areas and infrastructure, and method of distribution. (GIS)
D. Complete and produce daily situation reports. (PSC)
daily EOC stmts DEQ rep in EOC? potable water

4. Establish SEOC operational period and hours of operations. (State Director) – Completed.
A. Operation Period has been established as well as SEOC operational hours
B. Review weekly for alteration of same

5. Investigate and identify all available programs for assistance with direct or related impacts, including the federal Lead Pipe Replacement Program. (Recovery Branch Director - RBD)
A. Identify agencies to research potential assistance programs (RBD)
B. Named agencies will research programs and determine eligibility guidelines, benefits, application process, contacts, etc. (RBD)
C. Provide written report to Operations Section Chief as to program availability. (RBD)

6. Develop a comprehensive GIS strategy. (GIS)
A. Identify critical needs for maps and overlays. (GIS)
B. Identify current and potential resources for data collection. (GIS)
C. Contact and coordinate with identified agencies to obtain and centrally locate all data (GIS)
D. Provide spatial analytics in support of SEOC. (GIS)

7. Coordinate response and recovery activities with MIVOAD and identify potential mission areas. (RBD)
A. Establish Recovery Branch. (OSC) - d
B. Gather and compile available resources. (RBD)
C. Gather and compile available assistance programs. (RBD)
D. Determine resources already provided to affected area in response to emergency. (RBD)

10. Establish and coordinate routine communication between SMEs and coordinate technical assistance among state agencies and to local agencies. (OSC)
A. Identify subject matter experts (Dr. Wells, Dr. Mona Hatta-Attisha, George Krisztian). (OSC)
B. Establish and coordinate routine communication between SME's. (OSC)

11. Provide technical assistance to the local Damage Assessment process. (RBD)
A. Establish Recovery Branch. (OSC)
B. Provide templates and information as to requirements of damage assessment reports. (RBD)
C. Conduct daily conference calls with local emergency manager and EMHSD District Coordinator to assess progress and obtain updates. (RBD)
D. Coordinate daily communication with the District Coordinator and GIS Unit Leader to monitor progress and document data. ~~(RBD)~~ Planning

12. Establish a Joint Information Center (JIC) and develop a public information strategy. (PIO)
A. State agency PIO's meet to determine needs and strategy for public information dissemination. (PIO)
B. Determine technical needs for on-site JIC. (PIO)
C. Coordinate with local (County/City) JIC. (PIO)
D. Determine need to co-locate state and local JIC. (PIO)
E. If the need to relocate the JIC is identified, establish location and logistical needs. (PIO)
need JIC liaison for EOC Logistic

13. Monitor MI CIMS for resource requests and address as appropriate. (LSC)
A. Monitor and assist with input of resource requests. (LSC)
B. Review requests and review with command to receive approval to assign and fill requests. (LSC) as needed
C. Track resources provided to date and those provided throughout the course of this event. (PSC)

14. Establish and disseminate cost center information for the incident. (FSC)
A. Establish Index/PCA. - Complete
B. Distribute information to state agencies. – Complete
C. Track costs related to this emergency. (FSC)

4. Operational Period Command Emphasis:
General Situational Awareness
5. Site Safety Plan Required? Yes ☐ No ☐ **Approved Site Safety Plan(s) Located At:**

7. Prepared by:	Name: Tom Weber	Position/Title: Planning Section Chief
8. Approved by Incident Commander:	Name:	Date/Time: 01/06/2016 18:06:15

- Produced a map of the city water pipelines and color-coded them by material (most of the city is Cast Iron). Also included the parcel data, coded by whether the parcel is vacant or contains a structure.
- We have a block group layer that contains census demographics, has not yet been used in a finished map. Using this data set we can find block groups with the largest concentration of children under 5, and other age, ethnicity, income groups. There are 2 block groups that have the most children under 5, they are usually in apartment buildings and trailer parks (according to this data).
- We have the dataset from Dr. Mona Hanna-Attisha and Dr. Sadler (MSU) doing a blood level prediction.
- Water monitoring points from 11/25/2015 showing whether lead levels at test sites are above or below accepted levels.
- We are currently trying to process the updated water filter distribution, but it will take a while (I know I mentioned this, but it will take some time).

City of Flint Water Update
Friday Jan 8, 2015

- Water distribution sites and hours
  - Bolton and James Neighborhood, 512 Leith St, Flint, 48505
  - Christ Enrichment Center, Inc., 322 E. Hamilton Ave, Flint, 485005
  - Christian Love Faith Center, 3202 Flushing Rd, Flint, 48504
  - Foss Avenue, 1159 E. Foss Ave, Flint, 48505
  - Greater Flint Outreach Mass, 1114 University Dr, Flint, 48503
  - Metro Baptist Tabernacle, 930 E. Myrtle Ave, Flint, 48505
  - Salvation Army-Beecher Corp, 1475 W Coldwater Rd, Flint, 48505
  - St. Luke's Catholic Church 3115 Lawndale, Flint, 48505
- Water filter distribution sites and hours
  - MDHHS, 125 E Union Street, Flint, 48501
    - M-F 9a-4p
  - MDHHS, 4809 Clio Rd, Flint, 48504
    - M-F 9a-4p
  - GCCARD, 601 N. Saginaw St, Suite A, Flint, 48502
    - M-F 9a-4p
  - GCCARD, 2727 Lippincott Blvd, Flint, 48507
    - M-F 9a-4p
  - Flint City Hall, 1101 South Saginaw Street, Flint, 48502
    - M-F 9a-4p

From DHHS:

"If your agency would like an updated list of water distribution sites, please contact Dan at 396-0222 or dfilipovich@feedingamerica.org"

GIS Update

- Geocoded water filters by address (people who went and picked up a filter filled out an address sheet). Map is on front wall. (Completed)
- We were sent another list that is slightly larger, we are trying to filter out sites already mapped, and processing takes time but is in progress. Addresses needed revision, and it takes a while, very time intensive.
- Water Points of Distribution. Started with 8 sites as listed by the emergency manager, this list will be expanded upon throughout the day, will update as information comes in. Information will be directly forwarded to us from the EM of Genesee Co.
- Filter Distribution Sites. Richard Thelan gave us a list with 5 filter distribution sites, will begin mapping this now.

Ahhh, here's where the rumor is coming from. See this video: On Twitter: Caution-https://twitter.com/nayyirahshariff

I can understand the confusion: At first I think we were asking for IDs, so I don't want to blame this National Guardsman.

Subject: [Non-DoD Source] Question from the JIC / Flint water

Maj. Cannon,

Capt. Brolsma suggested I contact you to find out if people are being asked for ID or Flint water bills at the fire stations. A media outlet has heard that we're turning away immigrants (presumably because they don't have ID). I'm hearing that

we don't ask for ID - we are giving out water to those who need it, and only document addresses if the person asks for a water filter so we can ensure every household has a filter.

I also left you a voicemail. Can you call or email me on whether people are being asked for ID or a water bill before getting resources? And if they want a filter, and have no way to show an address, are we denying them a filter?

Thank you.

Meegan Holland

Subject: RE: [Non-DoD Source] RE: Question from the JIC / Flint water
Importance: High

Meegan,
All Fire Stations are asking for ID or alternate proof of residence for data logging purposes only. If a person does not have either form we have been asking them to report their address...again for data logging. I have 4 out of my 5 PODs giving filters regardless of proof. I did have one station (Firestation 5) report that they have turned away a (approx. 20-30/day) people for not producing proof of residence and we have since clarified the process to them to still distribute regardless. We have also had folks claiming to be landlords asking for several filters without proof of residence and we are not giving them filters, but asking them to have the tenants/residents come in and get their own filter. In the case where a landlord or person is asking on behalf of an elderly person or someone confined to their home, again we want them to provide proof of that person they are representing before we give them one.

If this is not the intent, please clarify guidance to the SEOC so that we can receive a formal tasking guidance as to how to proceed. Let me know if you need any more information. Thanks!

v/r

Water POD #5 Flint City Hall	BJ Roach			1101 South Saginaw Street, Flint, 48502 Monday - Friday 0900 - 1600
Local EOC Logistic	Jay Eickholt			
Resource Unit Lead	Amanda Bresler			

6. Work Assignments:

Disburse water to the impacted commmunity through points of distribution. Hours of operation: M-F 0900-1600

Tasks:
Identify and report resource shortfalls and limitations.
Coordinate redistribution of supplies
Identify location POC and contact info
Report inventory numbers to local EOC logistics at determined daily times
Report information to SEOC resource unit.

7. Special Instructions:

ASSIGNMENT LIST (ICS 204)

1. Incident Name:	2. Operational Period:		3. Branch: Division: Group: Staging Area:
Planning Section (Obj. 7)-City of Flint-Water Contamination/Shortage	Date From: 01/11/2016	Date To: 01/13/2016	
	Time From:	Time To:	

4. Operations Personnel:	Name	Contact Number(s)
Operations Section Chief:	Jackie Hampton	
Branch Director:		
Division/Group Supervisor		

5. Resources Assigned:		# of Persons	Contact (e.g., phone, pager, radio, frequency, etc.)	Reporting Location, Special Equipment and Supplies, Remarks, Notes, Information
Resource Identifier	Leader			
GIS Unit Leader	James Tchorzynski	1		

6. Work Assignments:

Objective 7: Develop an approved GIS Strategy

A Identify critical needs for maps and overlays (ongoing) (GIS)
B. Identify current and potential resources for data collection. (GIS)
C Contact and coordinate with identified agencies to obtain and centrally locate all data (GIS)
D. Provide spatial analytics in support of SEOC. (GIS)
E Coordinate with SME at UM-Flint regarding the digitization of City of Flint water infrastructure. (GIS)

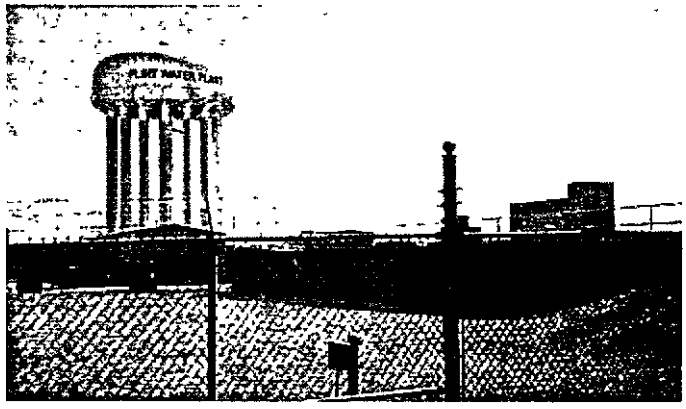
7. Special Instructions:

1. Incident Name: 2015-10-01 City of Flint-Water Contamination/Shortage	2. Operational Period to be covered by IAP (Date / Time): From: 01/11/2016 08:00:00 To: 01/13/2016 08:00:00	IAP Cover Sheet

3. Approved by:

FOSC:	
SOSC:	
RPIC:	
State SEOC Director	Capt. Chris Kelenske

Incident Action Plan



4. Prepared by: Zachary Baker Date / Time: 01/10/2016 12.32.16

Incident

1. Incident name: 2015-10-01 City of Flint-Water Contamination/Shortage
2. Operational Period from: 01/11/2016 08:00:00to: 01/13/2016 08:00:00

3. Objective(s)

1. Ensure all households within impacted community have required resources.
2. Ensure accurate tracking and accounting of all commodities.
3. Improve and maintain public information strategy.
4. Develop a long term public health and services plan.
5. Ensure adequate staffing to support operational requirements.
6 Identify possible assistance programs.
7. Develop an approved GIS strategy.
8 Maintain coordination between partner agencies and organizations.
9 Enhance situational awareness and common operating picture of all activities.
10. Develop a comprehensive Recovery Plan.

4. Operational Period Command Emphasis:

1 Provide regular local and technical briefings
2 Identify life safety issues.
3 Identify priorities
4. Provide policy direction by observance of SEOC SOPs.
5. Seek technical guidance from relevant federal agencies.
6. Provide regular legislative/congressional briefings.

General Situational Awareness:

By early May 2014, the City of Flint switched from the Detroit Water and Sewerage Department (DWSD) to water from its own water treatment plant drawn from the Flint River as its primary water source. The different characteristics of the water resulted in leaching of lead from lead pipes in the city's water infrastructure into the water supply. Increased exposure to lead can cause immediate negative health effects. However, the main health concerns are long-term effects in children such as developmental and cognitive delays, and behavioral disorders. Increased water lead levels and elevated blood lead levels in young children were observed in the City of Flint and confirmed by the State Chief Medical Officer.

On October 1, 2015 the Genesee County Health Department declared a Public Health Emergency due to the elevated blood lead levels in citizens. In response to this the City of Flint declared a local State of Emergency on December 15, 2015 and activated their Emergency Operations Center

To mitigate the effects of the new source of water on the infrastructure in the City of Flint, the city switched back to DWSD water on October 16, 2015. Funding to reconnect to DWSD was provided from the City of Flint, the Charles Stewart Mott Foundation, and the State of Michigan. Water is now treated with a supplemental phosphate addition to rebuild the protective layer in the distribution system and reduce the leaching of lead into the water supply.

For the mitigation of negative health effects, over 24,000 water filters and replacement cartridges have been distributed to residents in the City of Flint Approximately 13,000 water filters, water pitchers and replacement cartridges were distributed by the Michigan Department of Health and Human Services (MDHHS) in the timeframe of October 1 to December 31, 2015 alone.

MDHHS has increased surveillance of blood lead levels in children and is addressing water issues in environmental investigations to identify lead sources in the environment of affected children and provide health education and information to residents, health care providers, and daycare/educational institutions

Local nonprofit organizations have provided potable water to Flint residents MSP/EMHSD GIS staff is supporting county and local GIS staff by consolidating data from local sources into comprehensive databases and providing mapping services to support incident analysis and forecasting. Data and maps regarding the location of water pipes, affected schools, filter distribution locations, water monitoring results, and predictive blood lead levels for affected areas will be made available with demographics
Before December 16, 2015, $9 35 million was provided by the State of Michigan and $6 million by local agencies and nonprofit partners to manage the effects of the corroded pipes. While the source water has been switched back to DWSD, water in the City of Flint is still not safe to drink, unless specifically filtered.

5. Site Safety Plan Required?

Yes ☐ No ☑

Approved Site Safety Plan(s) Located at:

To: Easterbrook, Wendy (MSP)
Cc: Smith, Sydney (MSP)
Subject: RE: State of the State - Public Safety Data

Hi Wendy.

I have verified all of the previous years and they are correct. All of these counts are from our year end totals. The preliminary total for 2015 is 5,728. Please remind them this number is provisional and will change as we are still receiving 2015 crash data. The "A – Suspected Serious Injury" count was pulled from the Traffic Crash Reporting System (TCRS) database and the "K – Fatal Injury" count was pulled from the Michigan Fatality Analysis Reporting System (MFARS) database. We will not have the 2015 year end reports ready until the end of March/beginning of April at the earliest.

Please let me know if you need anything else.

Hi Linda,

I've been working on this since last Friday when Nicole sent it to me. I'm verifying 2008 through 2012. I have already verified the 2013 numbers last year when I provided the 2014 Public Safety Dashboard statistics to Nicole.

I'm having to perform the calculations all over again to verify these numbers. I am hoping to have this completed by this afternoon. I've asked Amanda Heinze to provide and proof the Crash statistics.

I'll be in touch once I have the numbers completed and verified by staff.

From: Cwiek, Linda (MSP)
Sent: Monday, January 11, 2016 8:37 AM
To: Easterbrook, Wendy (MSP)
Cc: Jenkins, Monica (MSP); Waldren, Jessica (MSP); Lisabeth, Nicole (MSP)
Subject: FW: State of the State - Public Safety Data

Hi, Wendy:

Nicole Lisabeth is tied up with the Flint water issues this week, so she asked me to follow up on this request from the Governor's Office. I'm not sure where we're at, so I thought I'd touch base with you.

The Governor's Office had originally asked for this by Thursday, but they now need it by tomorrow. I've attached the spreadsheet from the public safety dashboard that I believe Frank's violent crime and property crime numbers came from – although the numbers he has listed for 2008 are not accurate so he must have pulled this from a file somewhere rather than the current dashboard. (The numbers in parentheses appear to reflect Michigan's national ranking).

The traffic accident numbers appear to have come from the Infrastructure dashboard: https://midashboard.michigan.gov/Infrastructure-Dashboard/Traffic-Injuries-and-Fatalities/xisv-dctn which indicates the numbers came from the MSP Traffic Crash Reporting System. I wasn't aware that we provided these numbers to the Governor's Office. I have a message in to Nicole Lisabeth to confirm (I'm wondering if they come from MDOT?). Either way, if this is something you can verify, that would be great.

Please give me a call or email me if you have any questions.

Thanks.

Importance: High

The department has been directed to provide copies of all records in our possession related to the Flint water matter to the Governor's office. You are receiving this email because you have been identified as an individual who may have records that must be produced. If there are any department members who you think may be in possession of records related to Flint water, please forward this message to those members.

Records include memos, handwritten notes, emails and attachments, and text messages in your possession, regardless of who produced the record. Be sure when you search your email messages that you look in your inbox, sent box, and trash. In preparation for the production, you must estimate the number of records you have in your possession and provide that estimate to Ms. Lori Hinkley no later than 2:00 PM on Friday, February 12, 2016.

You must then provide a copy of each record in your possession to the Legislative and Legal Resources Section no later than close of business on Thursday, February 18, 2016.

Members who work at Headquarters must provide paper copies to F/Lt. Chris Hawkins in the Office of the Director. Members who work at the State Secondary Complex must provide a paper copies Ms. Lori Hinkley. Ms. Hinkley is located on the second floor of the new Headquarters building. Department members who work outside of these worksites may send copies of records in their possession via e-mail to MSP-FOIAProject@michigan.gov.

In addition to this initial production of records, the department is required to provide copies of newly created records on an ongoing basis. Until further notice, copies of all newly created records shall be forwarded to MSP-FOIAProject@michigan.gov.

REMINDER: Public records can only be disposed of consistent with an approved retention schedule. As it applies to emails and text messages related to the Flint water matter, please use the retention schedule in place for general correspondence which is two years. Please save all emails and text messages for at least two years. Prior to expiration of the two year period you will have an opportunity to re-evaluate the content of the messages to determine if an additional retention period is necessary. If you have issues with accommodating emails based on your mailbox size, please archive them. Do not print and file them as the metadata must be retained as well.

If you have any questions with these instructions, please contact Ms. Lori Hinkley.

Subject: Assistance to the City of Flint
Importance: High

Good afternoon all,

PCA 28670 has been established to track the OT worked assisting with the City of Flint with the water contamination. Please continue to use Project # FLTWAT and Phase 16 to track non-OT hours to that are spent assisting with this issue, as this will help us when asked the overall impact of assisting the City of Flint.

If for some reason you run into an issue where meals, lodging, supplies, etc. are necessary for this assistance, please contact me so that I can make a decision on how to handle that cost.

Please let me know if you have any questions.

Thanks,
Dave

MSP Flint City Water Detail

Genesee County EOC – MSP State Security Officer SITREP

DATE/TIME:

1/17/2016 1900 HRS

Prepared by Lt. Patrick Young

AGENCIES PRESENT:

MSP EMHSD/ Flint Post Personnel, DEQ, American Red Cross, Genesee County local emergency manager, Genesee County Sheriff, Genesee County Health Department, Michigan Community Service Commission, and the Michigan Army National Guard.

ACTIVITY SUMMARY:

- Distribution teams totaling roughly 104 volunteers have returned to the EOC and or left for the evening. This does not include personnel from the MSP, MDOC, GCSO, or truck drivers.
- We are currently coordinating loading procedures for 15 trucks.
- 22 iPad have been turned back in, secured in the EOC and are charging for tomorrow's mission.
- Gas cards have been obtained to resolve local level re-fuel issues of distribution vehicles.
- It has been reported that the 10 ARC teams have returned and are clear.
- The ARC is reporting 1732 residential contacts for the day.
- The numbers for this day's residential contacts for MSP/GCSO have yet to be determined.

SAFETY ASSESSMENT:

Local access shows 13 Degrees Fahrenheit with a light wind. The streets are icy in spots. The National Weather Service reports are being monitored.

NEXT ANTICIPATED SITREP PUBLISH TIME:

1000 HRS 01/18/2016 from Lt. Patrick Young.

Subject: Genesee County EOC Relief-Next Week

All,

I'd like to begin a rotation for Water Team Commander/OIC for the Flint Water Emergency. This is being done to help provide relief to the Flint Post lieutenants. This is a great opportunity to also get some experience with emergency management operations if you haven't had that much experience with it. Let me say, I appreciate the support and offers for assistance I've already received. Lt. Amy Dehner is the Safety Officer for the MSP at the EOC. She has prepared a checklist of items that will require your attention on a daily/hourly basis. These documents are attached to this e-mail. This isn't a difficult task, and it is a role primarily of leadership and communication. Starting next Tuesday, we will begin a rotation of outside personnel to support and sustain this ongoing operation. Have no fear, Lt. Dehner will assist you with tasks and will walk you through the daily routine next week. The intent is to get each of our commanders familiar with this operation so that weeks down the road, you would be knowledgeable enough to come in and fly the operation solo from the left seat with confidence. We want to train up out of area sergeants as well to assume the Safety Officer position to support you when you are the OIC. This is a process that will begin the week of January 25th. The hours are generally 8:00 am until 5:00 pm in the EOC. The address for the Genesee County EOC is 1101 Beach St., Flint right across from City Hall. The EOC is located in the basement or on level G if the elevator is used. This is truly a unified command with the Genesee County Sheriff who has been a valued partner on the operation along with the Red Cross, Genesee County Health Department, and others. As we've gained experience, we've also gained some efficiency. We do have a solid handle on this incident. This is a zero fail mission.

<u>District Lieutenant Rotation:</u>
Tuesday 1/19: John Julin
Wednesday 1/20: (Chris Luty, tentative/Pummill as alternate)
Thursday 1/21: Shannon Sims
Friday 1/22: Chris Luty

I am attaching the task lists and other documentation for your review. I'd suggest you keep these copies handy for your rotation in the EOC. You may call myself or Lt. Dehner with additional questions. Also, look at your calendars and begin scheduling a day each week for the next month you can come down and pull a shift in the EOC. What I suggest also is if

a sergeant is available to join you, we can offer the training to both of you at the same time. Eventually this could evolve into a primarily sergeant led operation with some lieutenant support.

F/Lt. Thomas Kish
Commander
Michigan State Police-Flint Post
G 4481 Corunna Rd

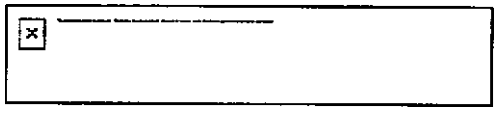
"A PROUD tradition of SERVICE through EXCELLENCE, INTEGRITY, and COURTESY"



MSP Flint City Water Detail

Genesee County EOC – MSP State Security Officer SITREP

DATE/TIME:

1/15/2015 1400 HRS

Prepared by Lt. Amy Dehner

AGENCIES PRESENT:

MSP EMHSD/ Flint Post Personnel, DEQ, American Red Cross, Genesee County local emergency manager, Genesee County Sheriff, Genesee County Health Department, Michigan Public Service Commission, Michigan Army National Guard

ACTIVITY SUMMARY:

- MSP/DHHS/GCSO Distribution teams (170 personnel/10 Teams/10 vehicles) continue to conduct operations in 5th and 7th Wards; this is an increase in 2 teams from Thursday's model and was a decision made on the ground this morning due to an unanticipated increase in personnel and distribution vehicles
- Supply issues continue to remain a challenge with maintaining water on distribution vehicles due to a supply conflict with firehouses.
- iPad issues related to a technology upgrade prevented the real time capture of data for the first 2 hours of operation. This information was captured by hand, and will need to be manually uploaded.
- Gas cards have been obtained to resolve local level re-fuel issues of distribution vehicles.
- Volunteer (state employees) numbers are at apx. 50-75 personnel for Saturday, Sunday and Monday. The expected hard numbers will be passed down by the SEOC this evening. At present, we have sufficient trooper and deputy staffing to meet these anticipated numbers.

SAFETY ASSESSMENT:

MCU reported a non-fatal shooting in the area of Tuxedo and Alvord Streets in the City of Flint at around 10am. This was passed to distribution teams, who advised they we all working a significant distance from this south part of the City.

NEXT ANTICIPATED SITREP PUBLISH TIME 01/15/2016:

1700 HRS 01/15/2016 / by Relief Officer, Lt. Pat Young

Beckner, Jessina (MSP)

From: Kish, Thomas (MSP)

To: Luty, Christopher (MSP); Sims, Shannon (MSP); Simon, David (MSP); Mapes, Todd (MSP)
Cc: Dehner, Amy (MSP); Pennell, Ryan (MSP)
Subject: FW: MSP Troopers for Water Emergencyn-CLARIFICATION

Importance: High

Lieutenants,

After meeting with the NG and consulting with the SEOC the reporting hours for your troopers have again been modified to an earlier start and end time. Please make the adjustment and notify your people. Again, we appreciate your flexibility with this fluid situation. As you can imagine, it is difficult to anticipate all of the changes when we have this many players in the game.

Start time at the Genesee EOC

Tom

From: Dehner, Amy (MSP)
Sent: Wednesday, January 20, 2016 9:27 AM
To: Kish, Thomas (MSP); Sparks, Keith (MSP)
Subject: RE: MSP Troopers for Water Emergencyn-CLARIFICATION

I just spoke to the SEOC (Insp. Bolger) and confirmed with MAJ Cannon from the NG. We are planning to operate We'd need to adjust that slighty on the front end to allow our troops to have time to get briefed and do map familiarization in the morning – so if we changed their report time to I think that would cover it.

From: Kish, Thomas (MSP)
Sent: Wednesday, January 20, 2016 9:23 AM
To: Dehner, Amy (MSP)
Subject: FW: MSP Troopers for Water Emergency

Amy

I've been talking with Keith this morning about the schedule for Saturday and Sunday. He told me that he is awaiting clarification from you about start times for the troops. As you can see below from Insp. Bolger the operational hours are designated as . Keith had been informed by Rick that there were still going to be earlier morning deployments going on where troopers are providing security. As soon as practical could you let him know if early morning security is still needed? *I guess the question is, do we need an OT shift that includes both a start time and a start time?*

We will defer to the EOC operational need and your requirements. If we need staggered start times, no problem just let Keith know. If we are completely moving to the start time, just give him that clarification so he can start lining up the troops.

Thanks!

Tom

Inspector,

With the (proposed)deployment schedule moving to an , this will have significant impacts upon trooper availability for the water emergency from our post. Is this a necessary change? Is it possible to spot check residences on

an "as needed" basis We could probably make that accommodation. At this point, I'm not sure that completely changing the schedule that has been so effective up to this point is really necessary.

Subject: Revised: Volunteers needed for water resource teams in Flint

Note: Dates are January 14 and January 15.

The department is soliciting volunteers from within the department, both enlisted and civilian, to join water resource teams working to hand out bottled water, water filters, replacement cartridges, and water testing kits at homes in the city of Flint. This effort is part of the state's response to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.

Teams are being assembled for shifts on Thursday, January 14 and Friday, January 15. Volunteers will begin their assignment in Flint at 9 a.m. and end by 4 p.m. Volunteers can be available for one or both days. Lunch will be provided.

Employees chosen for this assignment are considered to be working on-duty; this assignment would be considered their scheduled work day. Overtime or compensatory time is not authorized for this assignment.

Transportation will be provided using state vehicles; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

Interested employees should obtain the approval of their supervisor. **Supervisors must forward the names of approved volunteers and their email addresses through the chain of command to bureau with the date(s) available by 1 p.m. tomorrow, Wednesday, January 13.**

Confirmation of selected employees, along with additional logistical details, will be made via email by 5 p.m. on Wednesday, January 13.

For questions, please contact Insp. Scott Marier at 517-373-7761.

Commanders;

Ref the state of emergency response to the Flint water crisis – additional MSP resources are being requested. Currently the Flint Post is supplying a squad of troopers for security and traffic control for the water/filter distribution trucks that have been deployed in the neighborhood.

Effective Saturday, January 16th and continuing through Friday January 22- additional Third District troopers will be utilized to supplement the Flint post for this operation.

The time frame of this request is January 16th and tentatively through January 22. (may end sooner or may go longer)

This will require a arrival at the Flint operations center and curtail around in the above listed dates.

Lt. Amy Dehner is the POC for this project and she can be reached at cell She can provide you with further reporting details and requirements of this assignment.

Note: Please staff with ON-DUTY personnel. If overtime is needed for staffing or end of shift hold overs, this will come from YOUR POST overtime line – with reimbursement down the road (hopefully!)- so do your best to staff with personnel working already.

SCP (Flint and Saginaw) overtime CAN NOT BE USED for this operation.

Lt. Dehner has PCA/INDEX for tracking purpose (not overtime) of those assigned – she can provide you with further on time accounting.

By noon on Thursday, January 14, please send the name of your assigned trooper to Lt. Dehner with a cc to me.

Thanks.

Steve

MSP Flint City Water Detail

Genesee County EOC – MSP State Security Officer SITREP

DATE/TIME:

1/18/2016 1800 HRS

Prepared by Lt. Patrick Young

AGENCIES PRESENT:

MSP EMHSD/ Flint Post Personnel, DEQ, American Red Cross, Genesee County local emergency manager, Genesee County Sheriff, Genesee County Health Department, Michigan Community Service Commission, and the Michigan Army National Guard.

ACTIVITY SUMMARY:

- Distribution of 12 teams totaling roughly 110 volunteers have returned to the EOC and or left for the evening. This does not include personnel from the MSP and the GCSO.
- We are currently coordinating loading procedures for 16 trucks.
- 22 iPad have been turned back in, secured in the EOC and are charging for tomorrow's mission.
- It has been reported that the 10 ARC teams have returned and are clear.
- The ARC did not report residential contacts for the day.
- The numbers for this day's residential contacts for MSP/GCSO have yet to be determined.
- Working on deployment operations for tomorrow along with support vehicles and personnel.

SAFETY ASSESSMENT:

Local weather access shows 17 Degrees Fahrenheit with a wind chill of 0 degrees. The streets are icy in spots. The National Weather Service reports are being monitored.

NEXT ANTICIPATED SITREP PUBLISH TIME:

1000 HRS 01/19/2016 from Lt. Amy Dehner or Lt. Julin.

I just spoke to the SEOC (Insp. Bolger) and confirmed with MAJ Cannon from the NG. We are planning to operate We'd need to adjust that slighty on the front end to allow our troops to have time to get briefed and do map familiarization in the morning – so if we changed their report time tc n, I think that would cover it.

From: Kish, Thomas (MSP)
Sent: Wednesday, January 20, 2016 9:23 AM
To: Dehner, Amy (MSP)
Subject: FW: MSP Troopers for Water Emergency

Amy

I've been talking with Keith this morning about the schedule for Saturday and Sunday. He told me that he is awaiting clarification from you about start times for the troops. As you can see below from Insp. Bolger the operational hours are designated as Keith had been informed by Rick that there *were still going to be earlier morning deployments going on where troopers are providing security.* As soon as practical could you let him know if early morning security is still needed? *I guess the question is, do we need an OT shift that includes both a tart time and c tart time?*

We will defer to the EOC operational need and your requirements. If we need staggered start times, no problem just let Keith know. If we are completely moving to the 1000 start time, just give him that clarification so he can start lining up the troops.

Thanks!

Tom

Subject: Revised: Volunteers needed for water resource teams in Flint
Reply-To: "MichStatePolice@govsubscriptions.michigan.gov" <MichStatePolice@govsubscriptions.michigan.gov>

Note: Dates are January 14 and January 15.

The department is soliciting volunteers from within the department, both enlisted and civilian, to join water resource teams working to hand out bottled water, water filters, replacement cartridges, and water testing kits at homes in the city of Flint. This effort is part of the state's response to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.

Teams are being assembled for shifts on Thursday, January 14 and Friday, January 15. Volunteers will begin their assignment in Flint at 9 a.m. and end by 4 p.m. Volunteers can be available for one or both days. Lunch will be provided.

Employees chosen for this assignment are considered to be working on-duty; this assignment would be considered their scheduled work day. Overtime or compensatory time is not authorized for this assignment.

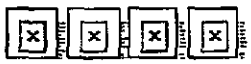
Transportation will be provided using state vehicles; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for

walking.

Interested employees should obtain the approval of their supervisor. **Supervisors must forward the names of approved volunteers and their email addresses through the chain of command to bureau with the date(s) available by 1 p.m. tomorrow, Wednesday, January 13.**

Confirmation of selected employees, along with additional logistical details, will be made via email by 5 p.m. on Wednesday, January 13.

For questions, please contact Insp. Scott Marier at 517-373-7761.



This email was sent to swalesm@michigan.gov using GovDelivery, on behalf of: Michigan State Police 333 S Grand Ave P O Box 30634 · Lansing, MI 48933

Subject: Carry Mobilization Gear on patrol Saturday - day shift
Importance: High

Commanders;

Please have all day shift personnel carry their mobilization gear tomorrow – Saturday, October 3, 2015. The Flint Post is assisting with troopers at the University of Michigan – Flint Campus with water filter distribution for those affected with high lead levels in their water. The emotions are running high in Flint over the use of river water and the problems associated with it. Tomorrow the State/ Gen Co Health Dept., is giving out 5,000 water filters – which is not enough for the demand right now. MDEQ held a press conference today and about 30 protestors showed up.

Amy

I've been talking with Keith this morning about the schedule for s
He told me that he is awaiting clarification from you about start times for the troops. As you can see below from Insp. Bolger the operational hours are designated as . Keith had been informed by Rick that there were still going to be earlier morning deployments going on where troopers are providing security. As soon as practical could you let him know if early morning security is still needed? *I guess the question is, do we need an OT shift that includes both a start time and a start time?*

We will defer to the EOC operational need and your requirements. If we need staggered start times, no problem just let Keith know. If we are completely moving to the start time, just give him that clarification so he can start lining up the troops.

Thanks!

Inspector,

With the (proposed)deployment schedule moving to , this will have significant impacts upon trooper availability for the water emergency from our post. Is this a necessary change? Is it possible to spot check residences on an "as needed" basis on : We could probably make that accommodation. At this point, I'm not sure that completely changing the schedule that has been so effective up to this point is really necessary.

Gentlemen,

Warner and Thompson, you have been assigned to the Flint Water Emergency Detail. It will start this Saturday, 1/16/16. All surrounding posts have to supply Unless something changes, you have to be in Flint by Basically, you will be following behind emergency management personnel as they distribute water filters door to door. It is not the most exciting duty but it all pays the same. If you have a conflict (court, sickness, emergency), then let Sgt. Mathews or myself know as soon as possible. If overtime is incurred, the post has to eat it so keep it reasonable. Make sure you carry your MSP cell phones or give them your personnel number when you get there. I will attach some of the emails below. The Operations Center is 1105 Beech St, Flint. F/Lt. Kish provides directions below. If a lunch isn't provided, you will have to voucher it so keep your receipts.

Good Luck
LT

Wednesday	Jan 20	Tpr. Andrew Warner #3352
Thursday	Jan 21	Tpr. Andrew Warner #3352
Friday	Jan 22	Tpr. Daniel Thompson #3343

Tpr. Warner –
Tpr. Thompson –

Lts.,

The address for the Flint Emergency Operations Center is 1105 Beach St. This is a county owned building. It is directly across the street from Flint City Hall and the EOC is located in the basement, or level "G" if you use the elevator. Once you exit the elevator, you will see an old cafeteria to the left. Walk past the cafeteria and the EOC is down the hall on the right. The door is labeled Emergency Operations Center. BJ Roach is the EMHSD coordinator for the incident. Her cell phone number is Please include Sgt. Keith Sparks at our post as to whom you will be sending. We are putting together paper squads for this response.

Parking is available behind the sheriff department which is one building north of the county building or there is a parking ramp available off 7th street.

We appreciate all the assistance.

F/Lt. Thomas Kish
Commander
Michigan State Police-Flint Post
G 4481 Corunna Rd
Flint, MI 48532
(810)732-1111

Commanders;

Ref the state of emergency response to the Flint water crisis – additional MSP resources are being requested. Currently the Flint Post is supplying a squad of troopers for security and traffic control for the water/filter distribution trucks that have been deployed in the neighborhood.

Effective Saturday, January 16th and continuing through Friday January 22- additional Third District troopers will be utilized to supplement the Flint post for this operation.

The time frame of this request is January 16th and tentatively through January 22. (may end sooner or may go longer)

This will require a 7:30am arrival at the Flint operations center and curtail around 5p on the above listed dates.

Lt. Amy Dehner is the POC for this project and she can be reached at cell She can provide you with further reporting details and requirements of this assignment.

Note: Please staff with ON-DUTY personnel. If overtime is needed for staffing or end of shift hold overs, this will come from YOUR POST overtime line – with reimbursement down the road (hopefully!)- so do your best to staff with personnel working already.

Sir

I was looking over the below schedule and I noticed you have Warner working on Monday the 18th . This should be Warners day off and I also seen you mentioned to consider overtime. Just wondering if this was a misprint because that is one of the days I work.

Amy

I've been talking with Keith this morning about the schedule for . He told me that he is awaiting clarification from you about start times for the troops. As you can see below from Insp. Bolger the operational hours are designated as *Keith had been informed* by Rick that there were still going to be earlier morning deployments going on where troopers are providing security. As soon as practical could you let him know if early morning security is still needed? *I guess the question is, do we need an OT shift that includes both a tart time and a tart time?*

We will defer to the EOC operational need and your requirements. If we need staggered start times, no problem just let Keith know. If we are completely moving to the start

time, just give him that clarification so he can start lining up the troops.

Thanks!

Amy

I've been talking with Keith this morning about the schedule for He told me that he is awaiting clarification from you about start times for the troops. As you can see below from Insp. Bolger the operational hours are designated as Keith had been informed by Rick that there were still going to be earlier morning deployments going on where troopers are providing security. As soon as practical could you let him know if early morning security is still needed? *I guess the question is, do we need an OT shift that includes both a start time and a start time?*

We will defer to the EOC operational need and your requirements. If we need staggered start times, no problem just let Keith know. If we are completely moving to the start time, just give him that clarification so he can start lining up the troops.

Thanks!

Tom

Inspector,

With the (proposed)deployment schedule moving
this will have significant impacts upon trooper availability for the water emergency from our post. Is this a necessary change? Is it possible to spot check residences on an "as needed" basis

We could probably make that accommodation. At this point, I'm not sure that completely changing the schedule that has been so effective up to this point is really necessary.

Lieutenants,

After meeting with the NG and consulting with the SEOC the reporting hours for your troopers have again been modified to an earlier start and end time. Please make the adjustment and notify your people. Again, we appreciate your flexibility with this fluid situation. As you can imagine, it is difficult to anticipate all of the changes when we have this many players in the game.

Start time
End time: 3

Amy

I've been talking with Keith this morning about the schedule for . He told me that he is awaiting clarification from you about start times for the troops. As you can see below from Insp. Bolger the operational hours are designated as . Keith had been informed by Rick that there were still going to be earlier morning deployments going on where troopers are providing security. As soon as practical could you let him know if early morning security is still needed? *I guess the question is, do we need an OT shift that includes both a tart time and a start time?*

We will defer to the EOC operational need and your requirements. If we need staggered start times, no problem just let Keith know. If we are completely moving to the ;tart time, just give him that clarification so he can start lining up the troops.

Thanks!

Inspector,

With the (proposed)deployment schedule moving to an ; this will have significant impacts upon trooper availability for the water emergency from our post. Is this a necessary change? Is it possible to spot check residences on an "as needed" basis

We could probably make that accommodation. At this point, I'm not sure that completely changing the schedule that has been so effective up to this point is really necessary.

Subject: Revised: Volunteers needed for water resource teams in Flint

Note: Dates are January 14 and January 15.

The department is soliciting volunteers from within the department, both enlisted and civilian, to join water resource teams working to hand out bottled water, water filters, replacement cartridges, and water testing kits at homes in the city of Flint. This effort is part of the state's response to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.

Teams are being assembled for shifts on Thursday, January 14 and Friday, January 15. Volunteers will begin their assignment in Flint at 9 a.m. and end by 4 p m. Volunteers can be available for one or both days. Lunch will be provided.

Employees chosen for this assignment are considered to be working on-duty; this assignment would be considered their scheduled work day. Overtime or compensatory time is not authorized for this assignment.

Transportation will be provided using state vehicles; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

Interested employees should obtain the approval of their supervisor. **Supervisors must forward the names of approved volunteers and their email addresses through the chain of command to bureau with the date(s) available by 1 p.m. tomorrow, Wednesday, January 13.**

Confirmation of selected employees, along with additional logistical details, will be made via email by 5 p.m. on Wednesday, January 13.

For questions, please contact Insp. Scott Marier at 517-373-7761.

Commanders;

Ref the state of emergency response to the Flint water crisis – additional MSP resources are being requested. Currently the Flint Post is supplying a squad of troopers for security and traffic control for the water/filter distribution trucks that have been deployed in the neighborhood.

Effective Saturday, January 16th and continuing through Friday January 22- additional Third District troopers will be utilized to supplement the Flint post for this operation.

The time frame of this request is January 16th and tentatively through January 22. (may end sooner or may go longer)

This will require a n arrival at the Flint operations center and curtail around on the above listed dates.

Lt. Amy Dehner is the POC for this project and she can be reached at cell . She can provide you with further reporting details and requirements of this assignment.

Note: Please staff with ON-DUTY personnel. If overtime is needed for staffing or end of shift hold overs, this will come from YOUR POST overtime line – with reimbursement down the road (hopefully!)- so do your best to staff with personnel working already.

SCP (Flint and Saginaw) overtime CAN NOT BE USED for this operation.

Lt. Dehner has PCA/INDEX for tracking purpose (not overtime) of those assigned – she can provide you with further on time accounting.

By noon on Thursday, January 14, please send the name of your assigned trooper to Lt. Dehner with a cc to me.

Thanks.

All,

In continuing State of Emergency water filter distribution operations in the City of Flint, you have been tasked to support security operations tomorrow for MSP volunteers, Thursday January 14, 2016. Please ensure those under your command have been notified about their report time and location, as there are resources being utilized outside that of the Flint Post. Below is operational assembly information that is critical for you to read as this is very short notice:

MISSION:
Providing water filter escort/traffic control/security for 120 MSP and DHHS volunteers (broken into 10 distribution teams) who will be distributing water and filters door to door tomorrow in the City of Flint. . This mission is being sustained in coordinated support with deputies from the Genesee County Sheriff's Office,

TIME:
. Briefing
. Release to home post assignment

LOCATION:
Genesee County Administration Building (Directly across from Flint City Hall)

Emergency Operations Center (EOC)
1105 Beach Street
Basement Level

PARKING:
Parking is available on Saginaw Street directly in front of the county building (east side), or in the adjacent church parking lot on Beach Street

NOTABLE EQUIPMENT REQUIREMENTS:

RADIO CHANNELS:

MEALS:
Lunch will be provided at noon at the EOC

GROUND OPERATION OIC(s):
Tpr. Rick Jones - (3582)

EOC COMMANDERS FOR FRIDAY JANUARY 14, 2016:
Lt. Amy Dehner
(Relief Officer) Lt. Pat Young
F/Lt. Tom Kish

OTHER INFORMATION:
This is a high-visibility event for the public and media as well. Please expect members of Executive Council to attend and participate, and/or possibly want to ride along with you in your patrol car.

If there are any questions about this assignment, please contact any of the above EOC Commanders for Friday, January 14, 2016.

Lt. Amy Dehner

All,

We need to sustain (and slightly add) to our current trooper strength now through Sunday 1/24. Some end-game discussions have already begun. I am requesting the continued use of troopers from Lapeer , Tri-City , and Caro You'll see that I am asking for from Lapeer and Tri-City to support the expected National Guard soldiers arriving. Again, our mission is one of security to the water team deliveries. The hours have changed and will be . Reporting location remains the same at the EOC in Genesee County.

Thank you for your contributions to this critical MSP effort. Call myself or Lt. Dehner with questions.

Tom

Commanders;

FYI - we still do not know our commitment level.

We will send out as soon as the request from SEOC is released.

Subject: Troopers for water delivery in Flint

Commanders,

I'm trying to gauge our ability to increase trooper strength by another . This is already in addition to the troopers you are supplying now.

How many additional off duty troopers could you muster for shifts in Flint? Pass along what you think you might realistically be able to send - starting Wednesday morning.

NOT PUBLIC KNOWLEDGE.

Send me a response by noon tomorrow

All,

We need to sustain (and slightly add) to our current trooper strength now through Sunday 1/24. Some end-game discussions have already begun. I am requesting the continued use of troopers from Lapeer , Tri-City and Caro You'll see that I am asking for to support the expected National Guard soldiers arriving. Again, our mission is one of security to the water team deliveries. The hours have changed and will be each day. Reporting location remains the same at the EOC in Genesee County.

Thank you for your contributions to this critical MSP effort. Call myself or Lt. Dehner with questions.

Subject: Revised: Volunteers needed for water resource teams in Flint

Note: Dates are January 14 and January 15.

The department is soliciting volunteers from within the department, both enlisted and civilian, to join water resource teams working to hand out bottled water, water filters, replacement cartridges, and water testing kits at homes in the city of Flint. This effort is part of the state's response to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.

Teams are being assembled for shifts on Thursday, January 14 and Friday, January 15. Volunteers will begin their assignment in Flint at 9 a.m. and end by 4 p.m. Volunteers can be available for one or both days. Lunch will be provided.

Employees chosen for this assignment are considered to be working on-duty; this assignment would be considered their scheduled work day. Overtime or compensatory time is not authorized for this assignment.

Transportation will be provided using state vehicles; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

Interested employees should obtain the approval of their supervisor. **Supervisors must forward the names of approved volunteers and their email addresses through the chain of command to bureau with the date(s) available by 1 p.m. tomorrow, Wednesday, January 13.**

Confirmation of selected employees, along with additional logistical details, will be made via email by 5 p.m. on Wednesday, January 13.

For questions, please contact Insp. Scott Marier at 517-373-7761.

This email was sent to mapest@michigan.gov using GovDelivery, on behalf of Michigan State Police · 333 S. Grand Ave P O Box 30634 Lansing, MI 48933

Subject: Trooper Staffing for Flint Water Emergency Situation

Importance: High

Commanders;

Ref the state of emergency response to the Flint water crisis – additional MSP resources are being requested. Currently the Flint Post is supplying a squad of troopers for security and traffic control for the water/filter distribution trucks that have been deployed in the neighborhood.

Effective Saturday, January 16th and continuing through Friday January 22- additional Third District troopers will be utilized to supplement the Flint post for this operation.

The time frame of this request is January 16th and tentatively through January 22. (may end sooner or may go longer)

This will require a arrival at the Flint operations center and curtail around 5p on the above listed dates.

Lt. Amy Dehner is the POC for this project and she can be reached at cell . She can provide you with further reporting details and requirements of this assignment.

Note: Please staff with ON-DUTY personnel. If overtime is needed for staffing or end of shift hold overs, this will come from YOUR POST overtime line – with reimbursement down the road (hopefully!)- so do your best to staff with personnel working already.

SCP (Flint and Saginaw) overtime CAN NOT BE USED for this operation.

Lt. Dehner has PCA/INDEX for tracking purpose (not overtime) of those assigned – she can provide you with further on time accounting.

By noon on Thursday, January 14, please send the name of your assigned trooper to Lt. Dehner with a cc to me.

Thanks.

All,

In continuing State of Emergency water filter distribution operations in the City of Flint, you have been tasked to support security operations tomorrow for MSP volunteers, Thursday January 14, 2016. Please ensure those under your command have been notified about their report time and location, as there are resources being utilized outside that of the Flint Post. Below is operational assembly information that is critical for you to read as this is very short notice:

MISSION:
Providing water filter escort/traffic control/security for 120 MSP and DHHS volunteers (broken into 10 distribution teams) who will be distributing water and filters door to door tomorrow in the City of Flint. . This mission is being sustained in coordinated support with deputies from the Genesee County Sheriff's Office,

TIME:
HRS Briefing
IRS Release to home post assignment

LOCATION:
Genesee County Administration Building (Directly across from Flint City Hall)
Emergency Operations Center (EOC)
1105 Beach Street
Basement Level

PARKING:
Parking is available on Saginaw Street directly in front of the county building (east side), or in the adjacent church parking lot on Beach Street

NOTABLE EQUIPMENT REQUIREMENTS:

RADIO CHANNELS:

MEALS:
Lunch will be provided at noon at the EOC

GROUND OPERATION OIC(s):
Tpr. Rick Jones - (3582)

EOC COMMANDERS FOR FRIDAY JANUARY 14, 2016:
Lt. Amy Dehner
(Relief Officer) Lt. Pat Young
F/Lt. Tom Kish

OTHER INFORMATION:
This is a high-visibility event for the public and media as well. Please expect members of Executive Council to attend and participate, and/or possibly want to ride along with you in your patrol car.

If there are any questions about this assignment, please contact any of the above EOC Commanders for Friday, January 14, 2016.

Lt. Amy Dehner
Assistant Post Commander
Michigan State Police - Flint Post

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Subject:	Assistance to the City of Flint
Importance:	High

Good afternoon all,

PCA 28670 has been established to track the OT worked assisting with the City of Flint with the water contamination. Please continue to use Project # FLTWAT and Phase 16 to track non-OT hours to that are spent assisting with this issue, as this will help us when asked the overall impact of assisting the City of Flint.

If for some reason you run into an issue where meals, lodging, supplies, etc. are necessary for this assistance, please contact me so that I can make a decision on how to handle that cost.

Please let me know if you have any questions.

Thanks,
Dave

Subject: Water Emergency Staffing

All,

IF YOU ARE SCHEDULED TO WORK THIS DETAIL ON SATURDAY, JANUARY 23, AND/OR SUNDAY, JANUARY 24 – PLEASE SHOW UP AND WORK ON THOSE DATES AS PREVIOUSLY SCHEDULED!

However:

Beginning Monday, January 25th, 2016, we will be drastically scaling back our involvement with the distribution of water and water purification supplies to the city residents in Flint.
That being said, if you volunteered for either Monday the 25th or Tuesday the 26th, please be advised that we are "standing down"...

I am sending this to everyone, even if you did not volunteer, so that the word can be spread amongst those who may not have had an opportunity to access their emails.
Please assist with spreading the aforementioned information when/if the opportunity arises.

Thank you, to all who volunteered to work the Emergency Water Situation. I appreciate your willingness to step up to the plate.

"A PROUD tradition of SERVICE through EXCELLENCE, INTEGRITY, and COURTESY"

Genesee County EOC – MSP State Security Officer SITREP

DATE/TIME:

01/19/16 at 1030 HRS

Prepared by Lt. Amy Dehner

AGENCIES PRESENT:

MSP EMHSD/ Flint Post Personnel, DEQ, American Red Cross, Genesee County local emergency manager, Genesee County Sheriff, Michigan Army National Guard, Michigan Public Service Commission

ACTIVITY SUMMARY:

- The distribution teams for today's operations were comprised of GCSO Deputies and MSP Troopers only. Based on the lack of state level volunteers (there were none on ground as of , the decision was made to utilize Deputies as distribution personnel and MSP units as marked patrol presence. , teams were pushed out at .
- It is anticipated that these teams will complete delivery to all identified residences on the GIS maps available. As of this morning, a second wave push is being identified, possibly using National Guard soldiers to re-visit homes identified as "no answer" in the initial delivery attempt. This is being discussed at the SEOC level, and is not yet public knowledge.
- At noon today, National Guard personnel are anticipated to arrive at the EOC to act as a force multiplier for the teams currently conducting distribution. A decision may be made locally after their arrival, to create an additional teams to assist with afternoon delivery operations. Otherwise they will be absorbed into existing teams that conducted morning distribution.

SAFETY ASSESSMENT:

The National Weather Service has issued a Winter Weather Advisory affecting (wind chill based) Tuesday morning commutes, and creating hazardous cold weather exposure, working conditions

MSP RESOURCES REQUESTED THIS DATE/STATUS:

-A request is pending for Wednesday 1/20/16, for the addition of an additional) MSP troopers to augment National Guard teams soldiers total, who will begin distribution operations at HRS on 1/20/16.

NEXT SITREP PUBLISH TIME / SECURITY OFFICER for 01/12/2016:

1500 HRS 01/19/2016 / Lt. Amy Dehner

Subject: Flint Water Emergency Detail

Gentlemen,

Warner and Thompson, you have been assigned to the Flint Water Emergency Detail. It will start this Saturday, 1/16/16. All surrounding posts have to supply from 1/16-1/22. Unless something changes, you have to be in Flint by Basically, you will be following behind emergency management personnel as they distribute water filters door to door. It is not the most exciting duty but it all pays the same. If you have a conflict (court, sickness, emergency), then let Sgt. Mathews or myself know as soon as possible. If overtime is incurred, the post has to eat it so keep it reasonable. Make sure you carry your MSP cell phones or give them your personnel number when you get there. I will attach some of the emails below. The Operations Center is 1105 Beech St, Flint. F/Lt. Kish provides directions below. If a lunch isn't provided, you will have to voucher it so keep your receipts.

Good Luck
LT

Tuesday	Jan. 19,	Tpr. Daniel Thompson #3343
Wednesday	Jan 20	Tpr. Andrew Warner #3352
Thursday	Jan 21	Tpr. Andrew Warner #3352
Friday	Jan 22	Tpr. Daniel Thompson #3343

Tpr. Warner –
Tpr. Thompson –

Lts.,

The address for the Flint Emergency Operations Center is 1105 Beach St. This is a county owned building. It is directly across the street from Flint City Hall and the EOC is located in the basement, or level "G" if you use the elevator. Once you exit the elevator, you will see an old cafeteria to the left. Walk past the cafeteria and the EOC is down the hall on the right. The door is labeled Emergency Operations Center. BJ Roach is the EMHSD coordinator for the incident. Her cell phone number is . Please include Sgt. Keith Sparks at our post as to whom you will be sending. We are putting together paper squads for this response.

Parking is available behind the sheriff department which is one building north of the county building or there is a parking ramp available off 7th street.

We appreciate all the assistance.

F/Lt. Thomas Kish
Commander
Michigan State Police-Flint Post

G 4481 Corunna Rd
Flint, MI 48532
(810)732-1111

Commanders;

Ref the state of emergency response to the Flint water crisis – additional MSP resources are being requested. Currently the Flint Post is supplying a squad of troopers for security and traffic control for the water/filter distribution trucks that have been deployed in the neighborhood.

Effective Saturday, January 16th and continuing through Friday January 22- additional Third District troopers will be utilized to supplement the Flint post for this operation.

The time frame of this request is January 16th and tentatively through January 22. (may end sooner or may go longer)

This will require a arrival at the Flint operations center and curtail around 5p on the above listed dates.

Lt. Amy Dehner is the POC for this project and she can be reached at cell ' She can provide you with further reporting details and requirements of this assignment.

Note: Please staff with ON-DUTY personnel. If overtime is needed for staffing or end of shift hold overs, this will come from YOUR POST overtime line – with reimbursement down the road (hopefully!)- so do your best to staff with personnel working already.

Subject:	Flint Water Informational e-mail

Good Morning

I am sending this as an informational e-mail.

Currently, the Flint Post and 3rd HST are fulfilling the SEOC - requests for personnel and coordination command to the Flint Water Situation. With over 125 volunteers scheduled today and tomorrow, troopers are providing security to volunteer teams handing out water and filters, street-by-street and house-by-house.

Today we have the following enlisted numbers in place:

F/Lt. assigned to the Joint Information Center (JIC) has and continues to work with local and national media, for MSP, and other agencies.
- F/Lt. as the Water Response Team Commander.
- Lt. as the logistics – Distribution Coordinator.
- Sgt. as the EOC – Safety Officer.
- Sgts. As Ground Operation Coordinators.
- Troopers providing security to the teams.

There are many assignments that fall under this portion of the overall operation and the Response Commander reports to command within the EOC.

I will send these out periodically as there may be a request to up our commitment based on the number of volunteers and supply of filters over the next weeks.

Thank you
Gene

Importance: High

All,

In continuing State of Emergency water filter distribution operations in the City of Flint, you have been tasked to support security operations tomorrow for MSP volunteers, Thursday January 14, 2016. Please ensure those under your command have been notified about their report time and location. Below is operational assembly information that is critical for you to read as this is very short notice :

MISSION:
Providing water filter escort/traffic control/security for 60+ MSP volunteers (broken into 3 distribution teams) who will be distributing water filters door to door tomorrow in the City of Flint. . This mission is being sustained in coordinated support with deputies from the Genesee County Sheriff's Office,

TIME:
- HRS Briefing
- HRS Release to home post assignment

LOCATION:
Genesee County Administration Building (Directly across from Flint City Hall)
Emergency Operations Center (EOC)
1105 Beach Street
Basement Level

PARKING:
Parking is available on Saginaw Street directly in front of the county building (east side), or in the adjacent church parking lot on Beach Street

NOTABLE EQUIPMENT REQUIREMENTS:

RADIO CHANNELS:

MEALS:
Lunch will be provided at noon at the EOC

GROUND OPERATION OIC(s):
Tpr. Rick Jones – Security Group One (3582)
Sgt. Duane Zook (3512)

EOC SITE SAFETY OFFICER:
Lt. Amy Dehner (3504)

OTHER INFORMATION:
This is a high-visibility event for the public and media as well. Please expect members of Executive Council to attend and participate, and/or possibly want to ride along with you in your patrol car.

SECURITY GROUP ONE:

Tpr. Gooch (3573) –
Tpr. Poyhonen (3528) –
Tpr. Lutz (3578)
Tpr. Easlick (3581)
Tpr. Cairnduff (3045)
Tpr. Stickel (3042)
Tpr. Kramer (3548)
Tpr. Brown (3546)

SECURITY GROUP TWO:
Tpr. Martin (3044)
Tpr. Hessling (3043)
Tpr. Dhooge (3513)
Tpr. Hutchinson (3574)
Tpr. Swales (3350)
Tpr. Richter (3535)
Tpr. Faucette (3529)

Subject: Revised: Volunteers needed for water resource teams in Flint

Categories: CJIC

Note: Dates are January 14 and January 15.

The department is soliciting volunteers from within the department, both enlisted and civilian, to join water resource teams working to hand out bottled water, water filters, replacement cartridges, and water testing kits at homes in the city of Flint. This effort is part of the state's response to the ongoing health and safety issues caused by lead in the city of Flint's drinking water.

Teams are being assembled for shifts on Thursday, January 14 and Friday, January 15. Volunteers will begin their assignment in Flint at 9 a.m. and end by 4 p.m. Volunteers can be available for one or both days. Lunch will be provided.

Employees chosen for this assignment are considered to be working on-duty; this assignment would be considered their scheduled work day. Overtime or compensatory time is not authorized for this assignment.

Transportation will be provided using state vehicles; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

Interested employees should obtain the approval of their supervisor. **Supervisors must forward the names of approved volunteers and their email addresses through the chain of command to bureau with the date(s) available by 1 p.m. tomorrow, Wednesday, January 13.**

Confirmation of selected employees, along with additional logistical details, will be made via email by 5 p.m. on Wednesday, January 13.

For questions, please contact Insp. Scott Marier at 517-373-7761.

Subject: Flint Volunteer Efforts

Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director

The department has been directed to provide copies of all records in our possession related to the Flint water matter to the Governor's office. You are receiving this email because you have been identified as an individual who may have records that must be produced. If there are any department members who you think may be in possession of records related to Flint water, please forward this message to those members.

Records include memos, handwritten notes, emails and attachments, and text messages in your possession, regardless of who produced the record. Be sure when you search your email messages that you look in your inbox, sent box, and trash. In preparation for the production, you must estimate the number of records you have in your possession and provide that estimate to Ms. Lori Hinkley no later than 2:00 PM on Friday, February 12, 2016.

You must then provide a copy of each record in your possession to the Legislative and Legal Resources Section no later than close of business on Thursday, February 18, 2016.

Members who work at Headquarters must provide paper copies to F/Lt. Chris Hawkins in the Office of the Director. Members who work at the State Secondary Complex must provide a paper copies Ms. Lori Hinkley. Ms. Hinkley is located on the second floor of the new Headquarters building. Department members who work outside of these worksites may send copies of records in their possession via e-mail to MSP-FOIAProject@michigan.gov.

In addition to this initial production of records, the department is required to provide copies of newly created records on an ongoing basis. Until further notice, copies of all newly created records shall be forwarded to MSP-FOIAProject@michigan.gov.

REMINDER: Public records can only be disposed of consistent with an approved retention schedule. As it applies to emails and text messages related to the Flint water matter, please use the retention schedule in place for general correspondence which is two years. Please save all emails and text messages for at least two years. Prior to expiration of the two year period you will have an opportunity to re-evaluate the content of the messages to determine if an additional retention period is necessary. If you have issues with accommodating emails based on your mailbox size, please archive them. Do not print and file them as the metadata must be retained as well.

If you have any questions with these instructions, please contact Ms. Lori Hinkley.

Categories: EMHSD

In order to provide consistent operations in the SEOC, please do the following as you log into the system, then take further action as appropriate:

- Do not log into the computer as yourself. Leave the computer logged in in as MSP-EOC-MDSP and use this email address for SEOC communications. If the computer is not logged in, ask for help from someone from EMHSD.
    - You will need to log into your own email via Internet Explorer, if you wish to use that for anything.
- Click on the MI-CIMS Icon on the lower left of the computer screen
- Log into the incident **(2015-10-01-City of Flint-Water Contamination/Shortage)** in the role of **SEOC OPS Public Safety MSP**
- Open the **Activity Log** and enter yourself as present at the SEOC as a "new record"
    - Post this activity log entry to be shared with SEOC and Shared with Agency, NOT a Statewide Shared Activity
- Open **Resource Request/Task Assignment** to check for any pending tasks/requests
    - Update those requests, etc. in MICIMS when you have time. If tasking out to Lt. Dehner, she will be logged into the system as MSP Rep. Call her also and let her know there is a request coming her way.
- Any actions taken should be also updated in the Activity Log when you have time. *Continue to update the same* entry you created at the beginning, do not create a new record.
- At the end of the day, complete the **Agency Situation Report** by selecting "SEOC Situation Report - Agency List," then selecting "State Police (MSP)." Before you leave for the day, "Archive" the record and copy and paste the text and email it to Capt. Kelly, F/Lt Johnson, and me.

If you have questions about anything, feel free to call F/Lt. Johnson or Insp. Bolger

Subject: Heads up - water test kits

FYI – Please be aware that we are hearing that at least two water response teams that they are low on water testing kits today. One team advises they were only instructed to give the test kits to homes with children; the other only has a total of 7 kits and is only giving them out, if asked.

Captain Kelenske is aware.

Water Response Team: Concept of Operations and Support

Mission: Distribute filters and additional resources to all households within the impacted area

Concept of Operations and Support

1. Planning & Prioritization
    a. Plan Components
        i. Team Type: Mission, Resources (example: Vehicles, Team Members, Product)
        ii. Priority: Priority locations for distribution within the impact area
            1. Priority locations are determined based on 3 projections: lead concentration, locations of vulnerable populations, and previous distribution locations
    b. Accountable: SEOC Recovery Branch Director
    c. Approval: State EM Director
2. Resource Support
    a. Resource Components
        i. Vehicles
        ii. Product
        iii. Personnel
        iv. Team Support (example: lunch, rain ponchos)
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Logistics, SEOC Warehouse, American Red Cross Volunteer Resource Center
3. Execution
    a. Water Resource Team Daily Distribution
    b. Accountable: Genesee County Sheriff Office (GCSO)/Michigan State Police (MSP)
    c. Responsible: Water Response Team Officer In Charge (OIC), American Red Cross OIC
4. Execution Support
    a. Team Replenishment
    b. Accountable: SEOC Logistics Section Chief
    c. Responsible: SEOC Warehouse
5. Reporting
    a. Distribution Reporting
    b. Accountable: Water Response Team OIC
    c. Responsible: All Water Response Teams

Execution:

Key Locations

Team	Assembly Area	Hours of Operation
GCSO/MSP	LEOC Genesee County Administration Building 1101 Beach St, Flint	0830-1600
ARC	ARC 1401 S Grand Traverse St, Flint	0730-1600
Warehouse	4315 North Clio Road, Flint	0700-1900

Critical Task: Assemble, coordinate, and monitor WRTs

GCSO/MSP Process:

1. Assign team leaders, team members, and routes to teams
2. Team Member check in
3. Conduct pre-deployment briefing to include team mission assignments, concept of *operations, deployment locations, replenishment process, reporting process,* and safety briefings (refer to GCSO_MSP_Volunteer Assembly Information_V1.0_011716 for detailed information on volunteer processing at LEOC)
5. Provide training to new team members
6. Issue vest and badge to team members
7. Execute morning distribution assignment
8. Lunch served between 1230-1330
9. WRT OIC and Team Leaders midday brief
10. Execute afternoon distribution assignment

11. Conduct post-deployment debrief with team leaders and members
7. Collect vest and badge from team members

Sample Script for Team Members:

We're here to make sure you have all the resources you need. We have bottled water, a faucet and replacement filter, and a water test kit. Your water sample will assist in monitoring the lead and copper in the water system. Make sure to submit the water sample. The instructions are included here with the bottle, but make sure to submit within 14 days. If you need assistance or have other questions, you can call 211.

Execution Support:

Product Replenishment Process:

Team	Replenishment Trigger	Replenishment Location	Process
GCSO/MSP	100 Distribution Kits Remaining	Distribution Route: exact location determined by Team Leader	1. Contact warehouse to request replenishment truck 2. Coordinate replenishment location with warehouse 3. Exchange replenishment truck with empty truck
ARC	0 Distribution Kits Remaining	Clio Warehouse	Replenish ERV at warehouse

Warehouse

Tactics:

1. Load a minimum of 2 trucks in preparation for replenishment requests with product loads corresponding to Team Typing Matrix

Lunch

GCSO/MSP WRTs lunches will be provided by the ARC and coordinated by LEOC Logistics.

Reporting:

Tactics:

1. All WRTs will utilize ipads as the primary reporting method and the WRT Distribution Tracking Tool as a secondary method if ipads fail. Refer to WRT Distribution Tracking Tool_V1.0_011716

Priority Distribution Areas

Subject: Survey Monkey Instructions to obtain Volunteer Information

All,

Please use the Survey Monkey link below to access the Volunteer information.

https://www.surveymonkey.com

Username:
Password

On Saturday, Sunday ,and Monday at 4:30 PM log into the Survey Monkey and check statistics so you can advise on the number of meals needed based on the number of volunteers for the next day. Communicate that to the local EOC (Kish and Dehner at 4:30 PM).

At 5 PM on Saturday, Sunday, and Monday log into Survey Monkey and click on the appropriate link for the specific day you need and click on Analyze Results (top right of field). Then go to the Export All buttons and in the drop down please select all individual responses, then click export to Excel (not advanced), and save to the desktop.

Please provide the Excel spreadsheet for that day to the following email addresses:

MSP-EOC-MDSP
MSP-SEOCOPSC
MSP-seoclgc
FEDERALSEOC
MSP-SEOC5
F/Lt. Tom Kish
Lt. Amy Dehner
Lt. Paul Pummill
Lt. Pat Young
Sgt. Keith Sparks

Please remember to enter this information in the SEOC Agency Situation Report and in the Activity Report.

If you have any questions please call Insp. Bolger or F/Lt. Johnson.

Thank you!

Completed 1-18-16

Water Resource Team Coordination Meeting 011616

Goal: Increase the # of households served per day by the Water Resource Teams through scalable resource optimization
How: Standardize and Support

1. Standardize the team composition and resource requirements
2. Provide end to end support to the Water Resource Teams

Bottom Line: All teams start day with all resources necessary to meet their assigned mission. Should a team exceed their daily mission with sufficient time to continue canvassing, resupply will come to you. *These are planning considerations and WILL NOT negate the authority to adjust team composition,* routes resides with Water Resource Team Commander and Red Cross OIC

Concept of Operation and Support

Subject: RE: Teams tomorrow

Local Water Response Team manager is F/Lt. Tom Kish. He can answer the ones I do not have answers for:

5 MSP 5 RdCross 100 hours

1. How many teams? Kish
2. How many volunteers on a team? Kish
3. Where are they reporting to? Local EOC
4. Who do they report to? Kish
5. Do you have enough transport vehicles? Yes
6. Do you have enough supply vehicles? Yes - NO - 4 Short Box Trucks - resource request has been updated
7. Do you need all the DOC crews back tomorrow?
   a. Here are all the resources they had today and they are mirroring it tomorrow. (If this is not what is needed, this needs to be stated in the resource request. Nothing is getting updated.)

Today we had 21 staff and 15 vehicles dedicated (on site) to the response, additionally we have 4 pallet jacks, one refrigerated semi-trailer and three MDOC staff assigned to the SEOC location. Information is as follows:

(6) Large Box trucks
(5) 15 passenger vans
(2) Pick-up trucks
(2) enclosed trailers
(1)Handicap Van
(1)20 passenger Van

This is related to other operations - not Water Response teams - Red Cross, carry teams, ect.

8. If you do need them, where are they reporting? I would like 2 for the GCCard Hot shots operation please.
9. If we are expecting 100+ people, I think it's a good idea to have the Penske trucks? Especially to offset the DOC crews, since we are paying them and the Penske are free.

4 we have reported go to L EOC

Please advise ASAP!

State Emergency Operations Center
Logistics Section Chief
517-333-7767

DC hosts tasked MSP does not need acknowledge

4 DOC Trucks

DOC is proving 2 trucks & trailers for this

Officer in Charge	Tpr. Rick Jones	1	Cell	

6. Work Assignments:

Critical Task: Assemble, coordinate, and monitor neighborhood canvassing teams.

Tactics:
1. Continually monitor GIS software for Water Resource Teams use in the field, and determine any changes needed in the information to collect.
2. Provide training to new team members, as needed.
3 Develop a long term strategy to meet the needs of canvassing objective.
4. Deploy teams to pre-identified locations.
5 Determine the safety and security needs of the teams.
6. Develop and implement a logistical supply plan.
7. Daily pre-deployment bnefing to include deployment locations and safety briefing at identified staging location.
8. Identify additional teams to support ongoing operations.
9. Deliver nightly reports on team Water Resource Teams accomplishments to Planning Section by 6 pm.

7. Special Instructions:

Any safety information, report in requirements, information to share/not to share, etc.

A Water Resource Team consists of 5 volunteers (state department employees), 1 trooper, trooper vehicle, locally provided vehicle The teams will have stock of water, filters/replacement cartridges/pitchers, water sampling kits, and door hangers.

8. Communications (radio and/or phone contact numbers needed for this assignment):

Name/Function		Primary Contact: indicate cell, pager, or radio (frequency/system/channel)
Brian Wilson	/DHHS	Cell - 555-555-5555

Requests for volunteer workforce

GD Gutierrez, David M. Reply all |

To. Dintenfass, Linda; Spata, Paul; ☐ Dick Beauchamp (beaucab@.. Tue 1/12/2016 9:23 PM

| Action Items

Please answer these Questions when requesting ARC resources

Volunteer Workforce Requests:
REQUIRED INFORMATION:

1. Who is the Point Of Contact?
2. Who is the supervisor?
3. Where do volunteers report?
4. What Dates are volunteers needed?
5. What times are volunteers needed?
6. How many volunteers are needed?
7. Who is providing transportation for the volunteers?
8. Who is providing meals, snacks and beverages?
9. Are there any qualifications needed?

IMPORTANT NOTE:

- Brief job description is required
- The requestor of the volunteers must understand they assume responsibility for the volunteer's safety and the volunteer's actions.
- The requestor of the volunteers are responsible for managing and providing direction.
- 48 hour advance notification required for request.
- Reasonable expectations of the volunteer workforce

Disaster Logistics and Donations Management

Implementation

- MSP/EMSHD will determine if and when the disaster logistics and/or donations management functions will be activated. The decision is made by the SEOC Incident Commander, in concert with MDHS (if donations are involved), the Governors Office, the Various SEOC Chiefs, involved SEMCs, and FEMA.
- MSP/EMHSD is responsible for implementing and managing elements pertaining to disaster logistics management.
- MDHHS is responsible for implementing and managing elements pertaining to disaster donations management.

Mission:

Upon request of affected local jurisdictions, the MSP/EMHSD and the aforementioned state agencies and NGOs will provide direct management and/or technical / materiel assistance to local disaster logistics and donations management operations. This assistance may include, but is not limited to, any or all of the following activities:

- Assist in closing out operations once distribution and/or final disposition of commodities / donations has been accomplished.
- Contact and coordinate with FEMA and other federal agencies / officials.
- Contact and coordinate with other states in providing assistance under the national Emergency Management Assistance Compact (EMAC).
- Assist in identifying the life sustainment needs of affected populations. If appropriate, procure specific types of commodities (donated, purchased, or requested) to fill those identified needs.
- ***Activate the State Disaster Logistics and Donations Management Team / Center as part of the State Emergency Operations Center (SEOC) structure.***
- Assist in determining commodity distribution priorities.
- Assist in establishing required facilities and providing supplemental personnel, vehicles, equipment, materials, and technical expertise to support operations as required.
- Assist in establishing work schedules, a communications plan, and a health and safety plan for involved work crews.
- Ensure compliance with public health laws and regulations, as required.
- Coordinate logistics and donations management operations.
- Assist in determining applicant, work, and cost eligibility for Emergency Protective Measures (Category B) work under the PAGP.
- Assist in developing and disseminating public information releases about the logistics and donations management operation, with emphasis on stemming the flow of unneeded, unwanted, and unsolicited goods and volunteer services.
- Assist in implementing contracts with involved resource providers (e.g., under the EMAC, through NGOs, procured through the private sector, etc.) in a manner consistent with federal, state, and local guidelines and requirements.
- Assist in managing the flow of paperwork involved in the logistics and donations management operation.
- Assist in supervising, coordinating, and monitoring work activities
- Address issues that may arise related to possible hazardous / contaminated commodities and/or donations in the event of an incident that involves potential biological or WMD contamination.
- Ensure that all involved parties complete required work on time and in accordance with local, state, and federal regulations.

Closeout:

- MSP/EMHSD and MDHHS are jointly responsible for the closeout of the logistics and donations management operations, and the PAGP with FEMA, once all activities related to each have been completed.

Disaster Logistics Management:

- Michigan State Police (MSP) – (security at facilities; supplemental intrastate transportation resources)
- Michigan Department of Transportation (MDOT) – (facility, labor and transportation resources; overweight and/or oversize vehicle permitting)

Public Information

- Public information Plan
  - The MSP/EMHSD PIO (acting on behalf of the SPIO) will work with the DLDMT, affected local government(s), and other appropriate parties to develop an incident-specific public information plan for the logistics / donations management operation. At a minimum, this plan will address the following issues and considerations:
    - The method(s) that will be used to distribute commodities (and value-added donations) to those in need (direct distribution to targeted facilities / populations and/or general distribution via Points of Distribution);
    - Specifics regarding dates, hours, locations, routes, etc. for Point of Distribution operations;
    - Specifics regarding support facilities that will be in use in the jurisdiction (i.e., Control Check Points, Staging Areas, Warehouses, the Base / Camps, Volunteer Registration Center), their dates and hours of operation, what the public should expect regarding traffic, noise, after-dark operations and other potential issues of concern, etc.;
    - Multi-lingual (non-English) requirements for the affected population(s);
    - The methods that will be used to disseminate the information (e.g., electronic and print media, internet sites, public forums, direct mail / direct distribution, billboards, flyers within billings, door-to-door campaigns, functional needs advocacy organizations, etc.); and
    - Where public concerns, complaints, and questions can be directed (e.g., DLDMC, web / social media site(s), specific governmental office, etc.).
- Regarding Donations Preferences
  - As soon as possible after it becomes apparent that donations management may become an issue in a disaster, the State Public Information Officer (SPIO) and/or MSP/EMHSD and MDHS PIOs, members of the DLDMT, and FEMA (if involved) will cooperate to issue public information releases, requesting in most cases that potential donors make cash contributions in lieu of in-kind donations.

Finance and Accounting

- The MSP/EMHSD staffs the SEOC Finance and Administration Section. It will be responsible for collecting, compiling, analyzing, and reporting on all state disaster logistics / donations management costs. This includes all costs for possible reimbursement under the federal PAGP, Category B (Emergency Protective Measures). The SEOC Finance and Administration Section will determine the forms and formats that must be used by state agencies involved in the logistics / donations management operation to report cost data. This information will be communicated to state agencies early in the operation to ensure that cost data is captured in the manner required.

Overall State roles and responsibilities

MSP/EMHSD. The MSP/EMHSD coordinates state-level emergency management activities and provides overall direction and guidance to state disaster relief forces. In that role, the MSP/EMHSD is responsible for the following logistics / donations management-related tasks:

1. In accordance with the Information and Planning ESF in the MEMP, coordinate the collection, compilation, review, synthesis, analysis, and verification of state and local damage assessment data, to include an assessment of the anticipated needs of the communities and individuals affected by the disaster.

Incident management as described in the Genesee County Emergency Action Guidelines (September 2015)

MSP/EMHSD Publication 201a, Review Guide for Local Emergency Operations Plans and Emergency Action Guidelines, establishes 67 requirements for the development of Emergency Operations Plans by local emergency management programs in the State of Michigan. Pub 201a item #23 requires emergency management programs to establish a "method for coordination and control (e.g., Incident Command System (ICS)) of multijurisdictional emergency response organizations during an incident" in their plan.

The Genesee County Emergency Action Guidelines address this requirement on page 4 of the plan by stating that County EOC staff must be aware of ICS and NIMS. Also, page 43 of Appendix II to the plan describes a system of functional disciplines to provide a coordinated response and recovery system for the jurisdiction, using a "Functional structure to organize in accordance with the NIMS concepts."

In addition, Appendix I to the plan provides a brief overview of the ICS organization and concepts. Appendix II describes the NIMS, and ICS as a component of NIMS.

The functional annexes of the plan mirror the functional disciplines listed on page 43 in Appendix II. Each annex names a section holder and line of succession for the representation of the functional discipline at the EOC during emergency response. However, while the plan requires EOC staff to be familiar with ICS concepts (see above), the plan does not designate specific personnel to serve in Command and General Staff roles when ICS is used during incident response.

In summary:

1. Local emergency management programs are required to establish an incident management system (e.g., ICS) in their Emergency Operations Plan, per Pub 201a, item #23.
2. The Genesee County EAG does so by stating that EOC staff must be aware of ICS and NIMS principles, and that the functional disciplines represented in the EOC will organize in a functional structure "in accordance with NIMS concepts."
3. 11 functional annexes to the plan designate section holders that will represent their functional discipline in the EOC during incident response.
4. No specific personnel is designated in the plan to fill ICS Command and General Staff roles during incident response.

the Board of Commissioners) is unavailable or unable to exercise the powers and duties of the office, the next in the line of succession for this position is the Vice Chairperson of the Board of Commissioners. This line of succession provides for continuous leadership, authority, and responsibility.

IV. THE INCIDENT COMMAND SYSTEM (ICS) AND NATIONAL INCIDENT MANAGEMENT SYSTEM (NIMS)

County EOC Staff must be aware of the Incident Command System (ICS) and the National Incident Management System (NIMS) and how they are used to interface between the Incident Commander (IC) [on scene] and the Emergency Operations Center (EOC). Information on ICS and NIMS organizational chart with roles and responsibilities can be found in Appendix I and II of this document.

V. EVACUATION

P.A. 390 of 1976 as amended, Michigan's Emergency Management Act, authorizes the Governor to direct and compel the evacuation of all or part of the population from a stricken or threatened area within the state if necessary for the preservation of life or other mitigation, response, or recovery.

P.A. 368 of 1978, Michigan's Public Health Code, authorizes the Genesee County Health Officer to: 1) issue orders to a person to immediately act to avoid, correct, or remove an imminent danger; or, 2) to establish procedures to be followed by persons, including a governmental entity.

An Incident Commander, under certain circumstances, may decide it is in the best interest to evacuate an area. The Incident Commander would be responsible for making this evacuation decision, but it would be considered a voluntary evacuation. The EOC Staff will provide the IC with the necessary administrative and logistical support needed to make an informed decision. When necessary, the EOC Staff will assist the IC by plotting primary and alternate evacuation routes.

VI. THE EMERGENCY OPERATIONS CENTER (EOC)

PRIMARY EOC LOCATION	
GENESEE COUNTY ADMININSTRATION BUILDING	**1101 BEACH, ROOM G-25 FLINT, MICHIGAN**
ALTERNATE EOC LOCATION	
UNIVERSITY OF MICHIGAN - FLINT HUBBARD BUILDING	**602 MILL STREET FLINT, MICHIGAN**

c. Mutual aid agreements exist between several municipalities (Fire and Police departments included) the Red Cross, etc. and are used on a regular basis. In addition, effective mutual aid agreements are in place with other local jurisdictions through the Michigan Emergency Management Assistance Compact (MEMAC). Genesee County has signed the MEMAC agreement.

d. Memorandum of Agreements (MOA) or Memorandum of Understanding (MOU) exists throughout the county and Region 3 for multiple disciplines including Fire, Police, Red Cross, etc.

ORGANIZATION AND ASSIGNMENT OF RESPONSIBILITY

The Genesee County emergency management system consists of 14 disciplines to provide a coordinated response and recovery function for the jurisdiction using all resources owned and available to Genesee County. During an emergency, the jurisdiction uses a Functional structure to organize in accordance with the NIMS concepts, for the jurisdiction's incident management operations. The following is a list of the agencies involved who report to the EOC and their primary function(s) they have been assigned during an emergency.

Agency:	Function:
Genesee County 911/Flint 911/Fenton 911	Communications
Genesee County Equalization	Damage Assessment
Office of Genesee County Sheriff	Direction & Control
Medical Control	Emergency Medical Services
Genesee County Association of Fire Chiefs	Fire Services
Department of Human Services	Human Services
Office of Genesee County Sheriff	Law Enforcement
Genesee County Health Department	Public Health
Office of Genesee County Sheriff	Public Information
Genesee County Road Commission/Drain Commission	Public Works
Genesee County 911/ Office of Genesee County Sheriff	Warning

I. THE INCIDENT COMMAND SYSTEM (ICS)

A. Need for an Incident Command Management System

The complexity of incident management, coupled with the growing need for multi-agency and multi functional involvement on incidents, has increased the need for a single standard incident management system that can be used by all emergency response disciplines. ICS provides an important framework from which all state agencies can work together. In any major incident many local, state and federal agencies may become involved. The challenge is to get the various agencies to work together in the most efficient and effective manner. The principles of the Incident Command System will enable State and local emergency response agencies to utilize common terminology, span of control, organizational flexibility, personnel accountability, comprehensive resource management, unified command and incident action plans.

B. History of ICS Development

Although the basic theory behind ICS is derived from the military, ICS, as we know it today, resulted from the obvious need for a new approach to the problem of managing rapidly moving wildfires in the early 1970s. At that time, emergency managers faced a number of problems: Too many people reporting to one supervisor; Different emergency response organizational structures; Lack of reliable incident information; Inadequate and incompatible communications; Lack of a structure for coordinated planning between agencies; Unclear lines of authority; Terminology differences between agencies; and unclear or unspecified incident objectives. Designating a standardized emergency management system to remedy the problems listed above took several years and extensive field testing. The Incident Command System was developed by an interagency task force working in a cooperative local, state, and federal interagency effort called FIRESCOPE (Firefighting Resources of California Organized for Potential Emergencies).

C. Essential Elements of ICS

Early in the development process, four essential requirements became clear:

1. The system must be organizationally flexible to meet the needs of incidents of any kind and size.

2. Agencies must be able to use the system on a day-to-day basis for routine situations as well as for major emergencies.

3. The system must be sufficiently standard to allow personnel from a variety of agencies and diverse geographic locations to rapidly meld into a common management structure.

4. The system must be cost effective.

IV. ICS Applications

Initial ICS applications were designed for responding to disastrous wildland fires. It is interesting to note that the characteristics of these wildland fire incidents are similar to those seen in many law enforcement, hazardous materials, and other kinds of situations.

They occur with no advance notice. They develop rapidly. Unchecked, they may grow in size or complexity. Personal risk for response personnel can be high. There are often several agencies with some on-scene responsibility. They can very easily become multi-jurisdictional. They often have high public and media visibility. Risk of life and property loss can be high. Cost of response is always a major concern. ICS is now widely used throughout the United States by fire agencies, and is increasingly used for law enforcement, other public safety applications, and for emergency and event management.

V. Evolution of ICS

ICS applications and users have steadily increased since the system's original development. In 1980, the ICS that was originally developed in California under the FIRESCOPE program made the transition into a national program called the National Incident Management System (NIMS). At the time ICS became the backbone of a wider-based system for all federal agencies with wildland fire management responsibilities. The following agencies and entities, among others, have endorsed the use of ICS: Federal Emergency Management Agency (FEMA). National Curriculum Advisory Committee on Incident Command Systems/Emergency Operations Management System recommends adoption of ICS as a multi hazard/all-agency system. FEMA's National Fire Academy (NFA) has adopted ICS as a model system for fire services. FEMA's Urban Search and Rescue Response System, a component of the Federal Response Plan, uses ICS as its on site management structure.

NFPA Standard 1405 (Land-Based Firefighters who respond to marine vessel fires) was developed at the request of, and in cooperation with, the U.S. Coast Guard and calls for the use of ICS. The U.S. Coast Guard also is incorporating ICS basic structure and management principles into the National Response System used for oil and hazardous material pollution response. The Occupational Safety and Health Administration (OSHA) requires that all governmental and private organizations that handle hazardous materials use ICS. The National Fire Protection Association

(NFPA) Standard 1500 states that all departments should establish written procedures for use of ICS.

Environmental Protection Agency (EPA) rules require non-OSHA states to use ICS at hazardous materials incidents. The National Wildfire Coordinating Group (NWCG) has formally adopted ICS for use by all federal and state wildfire management organizations.

VI. Application of the Incident Command System

The Incident Command System has considerable flexibility. It can grow or shrink to meet different needs. This makes it a very cost-effective and efficient management system. The system can be applied to a wide variety of emergency and non-emergency situations. Listed below are some examples of these kinds of incidents and events that can use the Incident Command System: Fires, HAZMAT, and multi-casualty incidents, multi-jurisdictional and multi-agency disasters, wide-area search and rescue missions, pest eradication programs, oil spill response and recovery incidents, single and multi-agency law enforcement incidents, air, rail, water, or ground transportation accidents. Planned events; e.g., celebrations, parades, concerts, private sector emergency management programs, state or local major natural hazards management

VII. ICS Organization

Every incident or event has certain major management activities or actions that must be performed. Even if the event is small, and only one or two people are involved, these activities will still always apply to some degree.

The organization of the Incident Command System is built around five major management activities. They are:

COMMAND Sets objectives and priorities Has overall responsibility at the incident or event
OPERATIONS Conducts tactical operations to carry out the plan Develops the tactical objectives Directs all resources
PLANNING Develops the action plan to accomplish the objectives Collects and evaluates information Maintains resource status
LOGISTICS Provides support to meet incident needs Provides resources and all other services needed to support the incident
FINANCE/ADMINISTRATION Monitors costs related to incident Provides accounting Procurement Time recording Cost analyses

These five major management activities are the foundation upon which the ICS organization develops. They apply whether you are handling a routine emergency, organizing for a major event, or managing a major response to a disaster. On small incidents, these major activities may be managed by one person, the Incident Commander (IC). Large incidents usually require that they be set up as separate Sections within the organization as shown above.

Each of the primary ICS Sections may be sub-divided as needed. The ICS organization has the capability to expand or contract to meet the needs of the incident.

A basic ICS operating guideline is that the person at the top of the organization is responsible until the authority is delegated to another person. Thus, on smaller situations where additional persons are not required, the Incident Commander will directly manage all aspects of the incident organization.

January 4, 2016

TO: Commanding Officer - Emergency Management Division
Department of State Police; District #3
Emergency Management Division District Coordinator
Post #35 State Police Post Commander

On October 1, 2015 residents within the City of Flint, located within Genesee County, were exposed to toxic levels of lead resulting in an imminent danger to public health and safety caused by elevated lead levels in the public water distribution system due to utilizing the Flint River as a primary source of water without proper corrosion control treatment. As a result of this situation, the following conditions exist: lead toxicosis in City of Flint residents and accelerated deterioration of the City of Flint water distribution system.

Therefore, as Board of Commissioners Chairperson of Genesee County, in accordance with Section 10 of 1976 PA 390, as amended, I hereby declare that a "State of emergency" exists therein, that the response and recovery aspects of the emergency operations plan have been activated, and that local resources are being utilized to the fullest possible extent.

Subject: Flint Water Question

Importance: High

Bill, Drew, or Roy,

I got an out of office message from Amy, so I am following up with you three. Could you let me know if the Downtown Flint branch has City of Flint water as a source? If so, are we still doing bottled water for staff and shutting down the drinking fountain? I think I recall that the LL didn't install a filter, right?

I am emailing from the State Emergency Operations Center and need to report out our Department's status. I know from last fall that FASC is not on City of Flint water.

Thank you,
Bill

Subject: RE: Flint water

I just verified it, they (FASC) do not get their water from the City of Flint, it comes from Detroit.

Subject: Question about Flint Water

Rose,

This is Bill on the SEOC system... I have not volunteered this yet, but would MDOS want offer to place informational pamphlets for customers who may not have computers or cell phones? DHHS is discussing sending fliers out to daycares and having information centers set up.

I can see this being a good thing to offer, but may also lead to customers asking our staff specific questions they may not have the answers to...

Also, I did confirm that FASC is off City water, but Downtown is on it. Currently Flint Downtown has a water service (like Culligan) providing drinking water. We do not have a drinking fountain in the Flint Downtown branch.

Thanks,
Bill

Subject: RE: Flint Water Question

They have a water service set up with purchasing.

No drinking fountain at the location.

Subject: Flint Water Question
Importance: High

Bill, Drew, or Roy,

I got an out of office message from Amy, so I am following up with you three. Could you let me know if the Downtown Flint branch has City of Flint water as a source? If so, are we still doing bottled water for staff and shutting down the drinking fountain? I think I recall that the LL didn't install a filter, right?

I am emailing from the State Emergency Operations Center and need to report out our Department's status. I know from last fall that FASC is not on City of Flint water.

Thank you,
Bill

Update provided to the SEOC by us just now:

"SOS Downtown Branch on S. Saginaw is on City of Flint supply. MDOS is supplying water via a water supply service for staff to consume. There is no publicly available water source (i.e. drinking fountain) at this branch. The Flint Area Super Center on Fenton Rd. is not on City of Flint supply."

I will get with Bill Strong and Amy Winn on the website information so that they can inform the Flint Downtown staff.

Bill

FYI – FASC does not have City of Flint water. So we are only concerned with Flint Downtown (#195).
